Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 71-1806 that reads as follows:

71-1806. Short title. This act may be cited as "The Subsidized Adoption Act of 1977".

Section 2. There is a new R.C.M. section numbered 71-1807 that reads as follows:

71-1807. Purpose. The purpose of this act is to encourage and promote the adoption of children who are hard to place by providing information and assistance in completing the adoption process and financial assistance when necessary to ensure the health and welfare of the hard-to-place child.

Section 3. There is a new R.C.M. section numbered 71-1808 that reads as follows:

71-1808. Definitions. As used in this chapter, the following definitions apply:

(1) "Department" means the department of social and rehabilitation services.

(2) "Hard-to-place child" means a minor as defined by 64-101, who is a dependent of a public or voluntary licensed child-placing agency, legally free for adoption, and is not likely to be adopted because of:

(a) physical or mental disease or disability;

(b) recognized high risk of physical or mental disease or disability; or

(c) sibling relationship to another child who is eligible for adoption.

Section 4. There is a new R.C.M. section numbered 71-1809 that reads as follows:

71-1809. Power and duties of the department. (1) The department shall establish, administer, and regulate a continuing program of subsidized adoption.

71-1810. Certification and eligibility. (1) Whenever the conditions of 71-1808 are found to exist and the foster parents seek to adopt the child, the child shall be certified as hard to place.

(2) In all other cases in which the conditions of 71-1808 are found to exist and after reasonable efforts have been made and no appropriate adoptive family without the use of subsidy has been found for a child, the department shall certify the child as hard to place.

(3) If the child is the dependent of a voluntary licensed child-placing agency, that agency shall present to the department evidence of inability to place the child for adoption due to any of the conditions specified in 71-1808. The agency shall present evidence that reasonable efforts have been made to place the child without subsidy, such as recruitment of potential parents, use of adoption resource exchanges, and referral to appropriate specialized adoption agencies. Upon such a showing, the department shall certify the child as hard to place.

(4) Any family which applies for an adoption subsidy and which is approved by the department as a suitable adoptive family and which is or may be financially unable to meet the special needs of a hard-to-place child as determined by the department and which adopts a hard-to-place child is eligible for subsidy regardless of the domicile or residence of the family at the time of application for adoption, placement, legal decree of adoption, or thereafter.

The terms of the adoption subsidy agreement may commence with the adoption placement or at an appropriate time after the adoption decree.

(2) The amount and duration and scope of the subsidy may vary with the special needs of the child as well as the availability of other resources, including those of the adoptive parents, to meet these needs. The subsidy may be for services only or for the money payments, but in no case may the amount of the subsidy exceed: (a) in the case of a sibling relationship, that which would be allowable for such child under foster family care; or (b) in the case of a medical subsidy, the reasonable fee for the services rendered not to exceed the amount of $2,600 annually.

(3) The subsidy agreement shall continue in accordance with its terms until the child reaches majority or for as long as the adopted child is the legal dependent of the adoptive parents and the child's condition continues. Termination or modification of the subsidy agreement may be requested by the adoptive parents or the department at any time.

HeinOnline -- 1977 vol. II 1378 1977

(4) When subsidies are for more than 1 year, the adoptive parents shall present an annual sworn certificate that the adopted child remains under their care and the condition that caused the child to be certified continues to exist.

(5) All records regarding subsidized adoption shall be confidential and may be disclosed only in accordance with the provisions of 61-209.

Section 7. There is a new R.C.M. section numbered 71-1812 that reads as follows:

The rates, tolls, and charges shown on such schedules shall not exceed the rates, tolls, and charges in force at the time of passage of this act. Every public utility shall file with, and as a part of such schedule, all rules and regulations that in any manner affect the rates charged or to be charged for any service. the commission shall deem necessary for the use of the public shall be printed in plain type, and kept on file in every station or office of such public utility, where payments are made by the consumers or users, open to the public, in such form and place as to be readily accessible to the public, and as can be conveniently inspected.

When a schedule of joint rates or charges is or may be in force between two or more public utilities, such schedule shall in like manner be printed and filed with the commission, and so much thereof as the commission shall deem necessary for the use of the public shall be filed in every such station or office as prescribed in the first paragraph of this section.

No change shall thereafter be made in any schedule, including schedules of joint rates, except as approved by the commission *or upon the passage of 9 months.* Before it may approve any change increasing the rate or rates for utility service in a schedule generally affecting consumers in a utility's service area *or before any change may become effective due to the passage of 9 months,* the commission shall publish a notice of the proposed change, conforming to the requirements of section 82-4209(2) in one or more newspapers published and of general circulation within the area affected by the proposed change. This notice shall announce a hearing on the proposed change and shall inform interested persons how they may petition the commission to become parties to the hearing. The commission shall proceed to conduct the hearing under the *Montana* Administrative Procedure Act. *The final decision of the commission in any matter decided after a hearing conducted pursuant to this section shall conform to the requirements of a decision in a contested case under the Montana Administrative Procedure Act.* The consumer counsel may in his discretion petition to become a party to the hearing.

Notwithstanding any provision of this title to the contrary, *and notwithstanding the existence of and authorization for the office of consumer counsel, the rates, tolls, or charges set forth in any schedule hereafter filed with the commission pursuant to this section shall become effective and be lawful rates, tolls, or charges for the utility service rendered 9 months after the date upon which the schedule was filed under the rules of practice and procedure for filing as adopted by the commission or upon commission approval, whichever shall occur first; provided, however, that if the rates, tolls, or charges become effective because of the passage of 9 months' time, the revenues collected thereunder shall be subject to rebate, plus interest at the rate of 10% per year, to the extent that the rates, tolls, or charges ultimately approved by the commission in its final decision produce revenues which are less than those collected under the filed schedules.* The commission may temporarily approve an increase pending a hearing and final decision. If the final decision is to disapprove the increase the commission shall order a rebate to all consumers for the amount collected retroactive to the date of the temporary approval."

Section 2. **Effective date.** This act is effective upon its passage and approval.

Approved April 19, 1977.

CHAPTER NO. 443

AN ACT TO PROVIDE FOR AN INCREASE IN RETIREMENT ALLOWANCES RECEIVED UNDER THE TEACHERS' RETIREMENT SYSTEM BY BENEFICIARIES WHO WERE RECEIVING SUCH ALLOWANCES PRIOR TO JULY 1, 1971; PROVIDING FUNDING FOR THE INCREASE; AMENDING SECTION 75-6207 AND 75-6208, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-6208, R.C.M. 1947, is amended to read as follows:

"**75-6208. Benefits.** The retirement, disability and other benefits of the retirement system shall be granted on the basis of the following provisions:

(1) Superannuation member retirement:

(a) Any member with five (5) years of creditable service the last five (5) years of which shall have been in this state, and who has attained the age of sixty (60), or who has completed thirty (30) years of creditable service, may retire from service, if he files with the retirement board his written application setting forth the fact of his retirement.

HeinOnline -- 1977 vol. II 1394 1977

(b) Any member in service who has attained the age of seventy (70) years during any school year shall be retired on the first day of September following his seventieth birthday, except that this provision shall not apply to teachers in the Montana university system who may be employed beyond the age of seventy (70) upon the recommendation of the president of the employing unit to the board of regents. Members over seventy (70) years of age shall not: (1) be allowed creditable service for services rendered after the end of the school year in which the age of seventy (70) is attained, (2) contribute to the retirement system after the end of such school year, and (3) have the compensation received after the end of such school year used in computing average final salary. Initial employment of teachers in the Montana university system beyond the age of seventy (70) may be made upon the recommendation of the president of the employing unit and the approval of the board of regents but such employees shall be denied membership in the retirement system.

(c) Any retired member may be employed as a part-time or substitute teacher in Montana and may earn an amount not to exceed one-fourth (¼) of his average final compensation without loss of retirement benefits.

(2) Allowance for superannuation retirement. Upon superannuation retirement a member shall receive a retirement allowance which shall consist of:

(a) A pension which, together with an annuity, shall provide a retirement allowance equal to one-half (½) of his average final compensation provided his creditable service is at least thirty (30) years, otherwise a pension together with his annuity of one sixtieth (1/60) of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has completed thirty (30) or more years of service shall be twenty-four hundred dollars ($2,400) and the minimum retirement allowance for a member whose service is less than thirty (30) years shall be based on the proportionate amount of twenty-four hundred dollars ($2,400) that his service bears to thirty (30) years of service.

(c) *(i)* On July 1, 1975, and July 1, 1976, every beneficiary receiving a retirement allowance shall be entitled to an increase in his monthly retirement allowance of one-fourth of one percent (.25%) multiplied by the number of months he has been retired during the preceding fiscal year.

(ii) On July 1, 1977, every beneficiary receiving a retirement allowance who was receiving such allowance prior to July 1, 1971, will be entitled to an increase in his monthly retirement allowance of $1 per month for each year of creditable service plus $2 per month for each year he was retired prior to July 1, 1971. In the case of beneficiaries who are receiving an early retirement allowance, the latter figure of $2 per month shall be multiplied by a fraction, the numerator of which is the number of years of his creditable service and the denominator of which is 30.

(d) Any member who has completed five (5) years of creditable service,

HeinOnline -- 1977 vol. II 1395 1977

the last five years of which shall have been in this state, and who has attained the age of fifty-five (55) may retire from service and be eligible to an early retirement allowance if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (a) through (f) above, with the further provision that such allowance will be reduced by one half of one percent (.5%) multiplied by the number of months which the retirement date precedes the date on which he would have retired had he attained sixty (60) years of age or had he completed thirty (30) years of creditable service.

(e) In the event of death of a member after retirement, a death benefit of five hundred dollars ($500) will be payable to his designated beneficiary.

(f) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(3) Disability member retirement:

(a) Upon the application of an active member or of his employer, any active member who has five (5) or more years of creditable service may be retired by the retirement board the month immediately following the month in which his disability caused his retirement upon filing an application for a disability retirement allowance. Before any member shall be eligible for a disability retirement, the board of the retirement system shall certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent and that he should be retired.

(b) Re-examination of beneficiaries retired on account of disability. Once each year during the first five (5) years following the retirement of a member on disability retirement allowance, and once in every three (3) year period thereafter the retirement board may, and upon his application shall, require a disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should any disability beneficiary who has not yet attained the age of sixty (60) refuse to submit to at least one (1) medical examination in any year by the medical board or its representative, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his disability pension may be revoked by the retirement board.

(c) Should the medical board report and certify to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the retirement board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the

HeinOnline -- 1977 vol. II 1396 1977

amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be changed later, the amount of his pension may be further modified but the new pension shall not exceed the amount of the pension originally granted, nor an amount which when added to the amount earnable by the beneficiary, together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system while receiving a reduced benefit.

(d) Should a disability beneficiary under age sixty (60) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become an active member of the retirement system. Any prior service certificate on the basis of which his service was computed at the time of his disability retirement shall be restored to full force and effect an addition upon his subsequent retirement, and he shall be credited with all his subsequent service as a member. Should he be restored to active service on or after the attainment of the age of fifty-five (55) years, his pension upon subsequent retirement shall not exceed the pension that he would have received had he remained in service during the period of his previous retirement nor the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

(4) Allowance for disability retirement. Upon retirement for disability, a member shall receive a superannuation allowance prescribed under subsection (2) above if he is eligible; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) A pension which together with his annuity, shall provide a total retirement allowance equal to one sixtieth (1/60) of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-quarter (¼) of his average final compensation; otherwise, a pension which, together with his annuity, shall provide a total retirement allowance equal to one-quarter (¼) of his average final compensation, provided, however, that no such allowance shall exceed one sixtieth (1/60) of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

(c) In the event payments made to a person retired because of disability do not equal the amount of his accumulated contributions prior to his death, the difference between the total retirement allowance paid and the amount of the accumulated contributions of the member shall be paid to the beneficiary.

(5) Withdrawal of accumulated contributions. Any inactive member electing to do so or any person whose membership terminates may with-

HeinOnline -- 1977 vol. II 1397 1977

draw his accumulated contributions to his annuity account in the retirement system in accordance with the following provisions:

(a) An inactive member under the provisions of subsections (1) or (3) of section 75-6210 may elect, without right of revocation to withdraw his accumulated contributions, and if he does not withdraw his accumulated contributions he shall thereafter remain an inactive member of the retirement system with the right to qualify for the benefits of the retirement system;

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of subsection (2) of section 75-6210 may withdraw his accumulated contributions unless he returns to active membership.

(c) Any person whose membership terminates under the provisions of subsection (4) of section 75-6211 may withdraw his accumulated contributions.

(6) Allowances for death of member.

(a) Should a member die before retirement the amount of the member's accumulated contributions shall be paid to his estate or such person as he may have designated in the manner prescribed by the retirement board which shall be filed with the board prior to the member's death.

(b) In lieu of benefits provided in (a) above, if the deceased member had qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be determined as prescribed in subsections (2)(a) through (2)(h) assuming the member had elected option A as prescribed in subsection (7)(a) below. In addition, if the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, a lump sum death benefit of $500 will be payable to his designated beneficiary.

(c) If the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, the sum of one hundred dollars ($100) per month shall be paid to each minor child of the deceased member until such child reaches his eighteenth (18th) birthday.

(7) Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of his death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement or disability allowance payable throughout life as hereinabove provided. This benefit shall be referred to as the normal form of retirement allowance. In lieu of normal form of retirement allowance, the member may elect an optional allowance which would be the actuarial equivalent at the time of his retirement or disability allowance and would provide an allowance payable throughout his lifetime and upon his death

HeinOnline -- 1977 vol. II 1398 1977

continue to such person as he shall nominate by written designation duly acknowledged and filed with the retirement board at the time of his retirement with the provision that:

(a) Option A. The optional allowance will continue to the member during his lifetime and upon his death, continue throughout the lifetime of his designated beneficiary; or

(b) Option B. The optional allowance will continue throughout his lifetime and upon his death, one-half (½) of his optional allowance will be continued throughout the lifetime of his designated beneficiary; or

(c) Option C. The optional benefit will continue throughout his lifetime and upon his death, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of his designated beneficiary; or

(d) Option D. The optional allowance shall continue while both the member and his designated beneficiary are living and upon the death of either, one-half (½) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(e) Option E. The optional allowance will be payable while both the member and his designated beneficiary are living and upon the death of either, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(f) Option F. Some other benefit or benefits shall be paid either to the member or his surviving designated beneficiary. The provisions of this retirement allowance shall be approved by the retirement board."

Section 2. There is a new R.C.M. section numbered 75-6207.1 that reads as follows:

75-6207.1. Funding for increase in prior retirement allowances. The funds to pay for the increases in retirement allowances prescribed in 75-6208(2)(c)(ii) shall be provided as follows:

(1) one-half from an increase, sufficient for the purpose, in the payroll deduction provided for in 75-6207(1)(a); and

(2) one-half from an increase, sufficient for the purpose, in the employer's contribution provided for in 75-6207(3)(a).

Section 3. Section 75-6207, R.C.M. 1947, is amended to read as follows:

"**75-6207. Method of financing.** The retirement board shall establish and maintain the following funds in which all of the assets of the retirement system shall be credited according to the purpose for which the assets are held.

(1) Annuity savings fund. The annuity savings fund shall be a fund in which the contributions from the members to provide for their annuities shall be accumulated in individual accounts for each member. Contributions to and payments from the annuity savings fund shall be made in the following manner.

(a) Each employer shall deduct from the compensation of each active

HeinOnline -- 1977 vol. II 1399 1977

member on each and every payroll of such member for each and every payroll period subsequent to the date on which such member became a member an amount equal to *6.187%* of such member's earnable compensation, but no employer shall make any deductions for annuity purposes from the compensation of a member who has attained the age of sixty (60) and rendered thirty (30) years of creditable service if such member elects not to contribute.

(b) Such deductions shall be made notwithstanding that the minimum compensation provided by law for a member may be reduced thereby. Every member shall be deemed to consent and agree to the deductions prescribed by this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims whatsoever for the services rendered by such person during the period covered by such payment except as to the benefits provided by the retirement system.

(c) In addition to the contributions deducted from compensation and subject to the approval of the retirement board, any member may redeposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to the accumulated contributions plus interest in the amount the contributions would have earned had the contributions not been withdrawn, or any part thereof, which he had previously withdrawn. The accumulated contributions of a member withdrawn by him, or paid to his estate or to his designated beneficiary in event of his death shall be paid from the annuity savings fund, and an amount equivalent to the difference between the accumulated contributions calculated at regular interest and the amount paid shall be transferred to the pension accumulation fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(2) Annuity reserve fund. The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement, his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(3) Pension accumulation fund. The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each employer shall pay into the pension accumulation fund an amount equal to *6.312%* of the earnable compensation of each member employed during the whole or part of the preceding payroll period.

(b) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of section 75-7204.

HeinOnline -- 1977 vol. II 1400 1977

(c) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system or the Montana state deaf and blind school, the legislative assembly shall appropriate to each employer an adequate amount to allow the payment of the employer's contribution.

(d) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under such budget.

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation fund and the amounts required to allow regular interest on the annuity savings fund, and the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under section 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may in its discretion transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also such expenses as hereinafter provided.

(4) Expense fund. The expense fund shall be the fund to which shall be credited all moneys for the administrative expenses of the retirement system and from which the expenses of administration of the retirement system shall be paid exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year and shall credit such an amount to the expense fund from interest and other earnings realized on the moneys of the retirement system."

(18) "Effluent standard" means any restriction or prohibition on quantities, rates and concentrations of chemical, physical, biological and other constitutents which are discharged into state waters."

(c) Review from time to time, at intervals of not more than three (3) years, established classifications of waters and standards of water purity and classification *as follows*:

(i) In revising classifications or standards or in adopting new classifications or standards the board may not so formulate standards of water purity or classify any state water as to lower any water quality standard applicable to any state water below the level applicable under the classifications and standards adopted *except upon a finding that a particular* state water *has been classified under a standard or classification of water quality that is higher than the actual water quality that existed at the time of classification and only if the action is taken pursuant to 69-4814.*

(ii) The board shall require that any state waters, whose existing quality is higher than the established water quality standards, be maintained at that high quality unless it has been affirmatively demonstrated to the board that a change is justifiable as a result of necessary economic or social development and will not preclude present and anticipated use of these waters; and

(iii) The board shall require any industrial, public, or private project or development, which would constitute a new source of pollution or an increased source of pollution to high quality waters, referred to in subsection (1)(c)*(ii)*, to provide the degree of waste treatment necessary to maintain that existing high water quality.

(d) Adopt rules governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems.

(e) Adopt rules governing the issuance, denial, modification, or revocation of permits *as follows*:

(i) The rules shall allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that:

(ii) The rules may allow the issuance of a temporary permit under which pollution may result, if the department insures that such permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.

(iii) The rules shall provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental

HeinOnline -- 1977 vol. II 1404 1977

and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible; and

(f) Hold hearings necessary for the proper administration of this chapter or, in the case of permit issuance hearings, delegate this function to the department.

(g) Adopt rules for the administration of this chapter.

(h) Adopt pretreatment standards for waste-water discharged into a municipal disposal system, adopt effluent standards as defined in section 69-4802(18), adopt toxic effluent standards and prohibitions, and establish standards of performance for new point source discharges.

(2) The board may:

(a) accept loans and grants from the federal government and other sources to carry out the provisions of this chapter; and

(b) establish minimum requirements for the treatment of wastes."

Section 4. Section 69-4809.1, R.C.M. 1947, is amended to read as follows:

(g) Take such actions as are authorized or required under section 69-4820.1 to insure that the terms and conditions of issued permits are complied with and to insure that violations of this chapter are appropriately prosecuted; *and*

(h) Advise, consult, and cooperate with other states, other state and federal agencies, affected groups, political subdivisions, and industries in the formulation of a comprehensive plan to prevent and control pollution.

(2) The department may accept loans and grants from the federal government and other sources to carry out the provisions of this chapter."

Section 5. Section 69-4820.1, R.C.M. 1947, is amended to read as follows:

"**69-4820.1. Additional enforcement remedies.** (1) In addition to all other remedies created by this act, the department is authorized to take appropriate enforcement action on its own initiative to:

(a) prevent, abate, and control the pollution of state waters;

(b) prevent, abate, and control any violation of a condition or limitation imposed by a permit issued under section 69-4806, R.C.M. 1947; *or*

(c) prevent, abate, and control any violations of regulations relating to pretreatment standards.

(2) In furtherance of subsection (1) of this section, any person violating any condition, limitation, standard or other requirement established pursuant to this chapter may be served with a compliance order issued by the department. Such order must specify the condition, limitation, standard or other requirement violated and must set a time for compliance. However, in establishing a time for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that have been made to comply with the condition, limitation, standard or other requirement that has been violated. The compliance order issued under this section shall be *either* personally served by *a person qualified to perform service under the Montana rules of civil procedure or by certified mail.*

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for any violation which would be subject to a compliance order under subsection (2) of this section. Any action under this subsection may be commenced in the district court of any county in which the defendant is located or resides or is doing business, and the court shall have jurisdiction to restrain such violation and to require compliance.

(4) Any person found to be in violation of a condition, limitation, standard or other requirement established pursuant to this section shall be subject to the penalty provisions of section 69-4823, R.C.M. 1947.

(5) For the purpose of this subsection, the term "person" shall mean, in addition to the definition contained in section 69-4802, R.C.M. 1947, any responsible corporate officer."

Section 2. There is a new R.C.M. section numbered 17-1302 that reads as follows:

17-1302. Purpose. The purpose of this act is to prevent where possible the filing in court of actions against health care providers and their employees for professional liability in situations where the facts do not permit at least a reasonable inference of malpractice and to make possible the fair and equitable disposition of such claims against health care providers as are or reasonably may be well founded.

Section 3. There is a new R.C.M. section numbered 17-1303 that reads as follows:

17-1303. Definitions. As used in this act, the following definitions apply:

(1) "Health care provider" means a physician licensed to practice medicine in Montana or a hospital, hospital-related facility, or long-term care facility.

(2) "Malpractice claim" means any claim or potential claim against a health care provider for medical treatment, lack of medical treatment, or other alleged departure from accepted standards of health care which proximately results in damage to the patient, whether the patient's claim or potential claim sounds in tort or contract, and includes but is not limited to allegations of battery or wrongful death.

(3) "Panel" means the Montana medical malpractice panel provided for in 77-1304.

Section 4. There is a new R.C.M. section numbered 17-1304 that reads as follows:

17-1304. Montana medical malpractice panel. (1) The Montana medical malpractice panel is created. The panel is attached to the Montana supreme court for administrative purposes only, except that 82A-108(2) does not apply. The panel shall review all malpractice claims or potential claims against health care providers covered by this act, except those claims subject to a valid arbitration agreement allowed by law or upon which suit has been filed prior to the effective date of this act.

(2) Those eligible to sit on the panel are health care providers licensed pursuant to Montana law and residing in Montana and the members of the state bar of Montana.

(3) Claimants shall submit a case for the consideration of the panel prior to filing a complaint in any district court or other court sitting in Montana by addressing an application, in writing, signed by the patient or his attorney, to the director of the panel.

(4) The director of the panel shall be appointed by the executive director of the Montana medical association, subject to the approval of the chief

HeinOnline -- 1977 vol. II 1412 1977

justice of the Montana supreme court. The director shall serve at the pleasure of, and the director's salary shall be set by, the executive director of the Montana medical association, subject to the approval of the chief justice.

Section 5. There is a new R.C.M. section numbered 17-1305 that reads as follows:

17-1305. Compensation of the panel and staff — facilities for offices and hearings. (1) All members of the panel shall be paid a salary in the amount of $40 an hour, under guidelines promulgated by the Montana supreme court.

(2) All members of the panel, the director, and his staff are entitled to travel expenses incurred while on the business of the panel, as provided in 59-538, 59-539, and 59-801, but such expenses shall be approved by the director before payment is made.

(3) The panel may provide for the administration of oaths, the receipt of claims filed, the promulgation of forms required by this act, the issuance of subpoenas in connection with the administration of this act, and the performance of all other acts required to fairly and effectively administer this act.

(4) The director, subject to the approval of the chief justice, may employ and fix the compensation for clerical and other assistants as he considers necessary.

(5) The panel shall maintain adequate offices, in which its records shall be kept and its official business transacted.

(6) Panel hearings may be held in any county the panel considers necessary or advisable. The county commissioners or other governing authority shall provide, upon request of the director of the panel, suitable facilities for any such hearing.

Section 6. There is a new R.C.M. section numbered 17-1306 that reads as follows:

17-1306. Funding of act. (1) There is created a pretrial review fund to be administered by the director exclusively for the purposes stated in this act. The fund and any income from it shall be held in trust, deposited in an account, and invested and reinvested by the director with the prior approval of the director of the Montana medical association. The fund may not become a part of or revert to the general fund of this state but shall be open to auditing by the legislative auditor.

(2) To create the fund, an annual surcharge shall be levied on all health care providers. The amount of the assessment shall be set by the director, who shall allocate a projected cost among health care providers on a per capita basis. The director may provide a different allocation upon approval by the supreme court. Surplus funds, if any, over and above the amount required for the annual administration of the act shall be retained by the director and used to finance the administration of this act in succeeding years, in which event the director shall reduce the annual assessment in subsequent years, commensurate with the proper administration of this act.

HeinOnline -- 1977 vol. II 1413 1977

(3) The annual surcharge for 1977 shall be paid on or before September 1, 1977, and annually thereafter on or before the date physicians' annual registration fees are due under 66-1042. The director has the same powers and duties in connection with the collection of and failure to pay the annual surcharge as the department of professional and occupational licensing has under 66-1042 in connection with physicians' annual registration fees.

Section 7. There is a new R.C.M. section numbered 17-1307 that reads as follows:

17-1307. Panel decision required — application. (1) No malpractice claim may be filed in any court against a health care provider before an application is made to the panel and its decision is rendered.

(2) The application shall contain the following:

(a) a statement in reasonable detail of the elements of the health care provider's conduct which are believed to constitute a malpractice claim, the dates the conduct occurred, and the names and addresses of all physicians and hospitals having contact with the claimant and all witnesses. Any amendments to the application must be filed not less than 14 days prior to the hearing date.

(b) a statement authorizing the panel to obtain access to all medical and hospital records and information pertaining to the claim and, for the purposes of its consideration of this matter only, waiving any privilege as to the contents of those records. Nothing in that statement may in any way be construed as waiving that privilege for any other purpose or in any other context, in or out of court.

Section 8. There is a new R.C.M. section numbered 17-1308 that reads as follows:

17-1308. Application procedure. (1) Upon receipt of an application for review, the director or his delegate shall cause to be served a true copy of the application on the health care providers involved. Service shall be effected pursuant to the Montana rules of civil procedure. If a health care provider involved chooses to retain legal counsel, his attorney shall informally enter his appearance with the director.

(2) The health care provider shall answer the application for review and shall submit a statement authorizing the panel to inspect all medical and hospital records and information pertaining to the application and, for the purposes of such inspection only, waiving any privilege as to the contents of those records. Nothing in the statement waives that privilege for any other purpose.

(3) In instances where applications are received employing a theory of respondeat superior or some other derivative theory of recovery, the director shall forward the application to the state professional societies, associations, or licensing boards of both the individual health care provider whose alleged malpractice caused the application to be filed and the health care provider named a respondent as employer, master, or principal.

HeinOnline -- 1977 vol. II 1414 1977

(4) The panel director shall cooperate fully with the claimant in retaining a physician qualified in the field of medicine involved, who will consult with the claimant upon payment of a reasonable fee by the claimant.

Section 9. There is a new R.C.M. section numbered 17-1309 that reads as follows:

17-1309. Panel selection. (1) Application for review shall be promptly transmitted by the director to the directors of the health care provider's state professional society or association and the state bar, which shall each select three panelists within 30 days from the date of transmittal of the application.

(2) If no state professional society or association exists or if the health care provider does not belong to such a society or association, the director shall transmit the application to the health care provider's state licensing board, which shall in turn select three persons from the health care provider's profession, and where applicable, to persons specializing in the same field or discipline as the health care provider.

(3) Whenever there are multiple defendants, the case against each health care provider may be reviewed by a separate panel, or at the discretion of the panel initially appointed or by stipulation of the parties, a single combined panel may review all the claims against all parties defendant.

(4) Three panel members from the health care provider's profession and three panel members from the state bar shall sit in review of each case.

(5) In those cases where the theory of respondeat superior or some other derivative theory of recovery is employed, two of the panel members shall be chosen from the individual health care provider's profession and one panel member shall be chosen from the profession of the health care provider named a respondent as employer, master, or principal.

(6) Any member shall disqualify himself from consideration of any case in which, by virtue of his circumstances, he feels his presence on the panel would be inappropriate, considering the purpose of the panel. The director may excuse a proposed panelist from serving.

(7) Whenever a party makes and files an affidavit that a panel member selected pursuant to this section cannot, according to the belief of the party making the affidavit, sit in review of the application with impartiality, that panel member may proceed no further. Another panel member must be selected by the health care provider's professional association, state licensing board, or the state bar, as the case may be. A party may not disqualify more than three panel members in this manner in any single malpractice claim, and the affidavit must be filed at least 20 days prior to the date of hearing.

Section 10. There is a new R.C.M. section numbered 17-1310 that reads as follows:

17-1310. Time and place of hearing. A date, time, and place for

HeinOnline -- 1977 vol. II 1415 1977

hearing shall be fixed by the director subject to 17-1305(6), and prompt notice thereof shall be given to the parties involved, the attorneys, and the members of the panel. In no instance may the date set be more than 120 days after the transmittal by the director of the application for review unless the panel finds good cause exists for extending the period.

Section 11. There is a new R.C.M. section numbered 17-1311 that reads as follows:

17-1311. Hearing procedures. (1) At the time set for hearing, the claimant submitting the case for review shall be present and shall make a brief introduction of his case, including a resume of the facts constituting the alleged professional malpractice which he is prepared to prove. The health care provider against whom the claim is brought and his attorney may be present and may make an introductory statement of his case.

(2) Both parties may call witnesses to testify before the panel, which witnesses shall be sworn. Medical texts, journals, studies, and other documentary evidence relied upon by either party may be offered and admitted if relevant. Written statements of facts by treating health care providers may be reviewed.

(3) The hearing will be informal, and no official transcript may be made.

(4) At the conclusion of the hearing, the panel may take the case under advisement or may request that additional facts, records, witnesses, or other information be obtained and presented to it at a supplemental hearing, which shall be set for a date and time certain, not longer than 30 days from the date of the original hearing unless the attorney bringing the matter for review consents in writing to a longer period.

(5) Any supplemental hearing shall be held in the same manner as the original hearing, and the parties concerned and their attorneys may be present.

(6) No panel member may be called to testify in any proceeding concerning the deliberations, discussions, decisions, and internal proceedings of the panel.

(7) No statement made by any person during a hearing before the panel may be used as impeaching evidence in court.

(8) At least 10 days prior to the hearing, the director shall furnish to each panel member copies of all claims, briefs, medical records, and other documents the director considers necessary.

Section 12. There is a new R.C.M. section numbered 17-1312 that reads as follows:

17-1312. Panel deliberations and decisions. (1) At or prior to the time set for the hearing, the attorney members of the panel shall select a chairman who shall be an attorney and who shall preside over the panel deliberations. The deliberations of the panel are confidential. Upon consideration of all the relevant material, the panel shall decide:

(a) whether there is substantial evidence that the acts complained of occurred and that they constitute malpractice; and

HeinOnline -- 1977 vol. II 1416 1977

(b) whether there is a reasonable medical probability that the patient was injured thereby.

(2) All votes of the panel on the questions for discussion shall be by secret ballot. The decision shall be by a majority vote of those voting members of the panel who sat on the entire case. The decision shall be communicated in writing to the parties and attorneys concerned, and a copy thereof shall be retained in the permanent files of the panel.

(3) The decision shall in every case be signed for the panel by the chairman and shall contain only the conclusions reached by a majority of its members and shall list the number of members, if any, dissenting therefrom. The majority may briefly explain the reasoning and the basis for their decision, and the dissenters may likewise explain the reason for disagreement.

(4) The report of the medical review panel is not admissible as evidence in any action subsequently brought in any court of law. The copy of the report shall be sent to the health care provider's professional licensing board.

(5) Panelists and witnesses are absolutely immune from civil liability for all communications, findings, opinions, and conclusions made in the course and scope of the duties prescribed by this act.

(6) The panel's decision is without administrative or judicial authority and is not binding upon any party. The panel may recommend an award, approve settlement agreements, and discuss the same, all in a manner not inconsistent with this section, and all such approved settlement agreements are binding on the parties.

Section 13. There is a new R.C.M. section numbered 17-1313 that reads as follows:

17-1313. Director — rules of procedure. The director, in consultation with the state bar of Montana and subject to approval of the supreme court, is authorized to adopt and publish rules of procedure necessary to implement and carry out the duties of the medical review panel. No rules may be adopted, however, which require a party to make a monetary payment as a condition to bringing a malpractice claim before the medical review panel.

Section 14. There is a new R.C.M. section numbered 17-1314 that reads as follows:

17-1314. Tolling of the statute of limitations. The running of the applicable limitation period in a malpractice claim is tolled upon receipt by the director of the application for review and does not begin again until 30 days after the panel's final decision is entered in the permanent files of the panel and a copy is served upon the complainant and his attorney by certified mail.

Section 15. There is a new R.C.M. section numbered 17-1315 that reads as follows:

17-1315. Maintenance of records. The director shall maintain

HeinOnline -- 1977 vol. II 1417 1977

records of all proceedings before the panel which must include the nature of the act or omissions complained of, a brief summary of the evidence expressed, the decision of the panel, and any majority or dissenting opinions filed. Any records which may identify any party to the proceedings may not be made public and are not subject to subpoena, but are to be used solely for the purpose of compiling statistical data and facilitating ongoing studies of medical malpractice in Montana.

Section 16. **Saving clause.** This act does not apply to acts of malpractice occurring prior to its effective date.

Section 17. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 18. **Effective date.** This act is effective upon its passage and approval.

Approved April 19, 1977.

CHAPTER NO. 450

AN ACT RELATING TO THE PAYMENTS FOR CARE OF RESIDENTS OF INSTITUTIONS, DISTRICT YOUTH GUIDANCE HOMES, AND CUSTODIAL AGENCIES; AMENDING SECTIONS 10-1238, 10-1249, AND 80-1601 THROUGH 80-1606, R.C.M. 1947; REPEALING SECTION 38-210; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 80-1601, R.C.M. 1947, is amended to read as follows:

"**80-1601. Institutions subject to per diem and ancillary charges.** The department of institutions shall collect and process per diem *and ancillary* payments for the care of residents in the following institutions:

(1) Warm Springs state hospital;

(2) Boulder river school and hospital;

(3) Galen state hospital;

(4) Montana veterans' home;

(5) Montana center for the aged; *and*

(6) Eastmont training center."

Section 2. Section 80-1602, R.C.M. 1947, is amended to read as follows:

"**80-1602. Definition of terms.** As used in this chapter, unless the context requires otherwise *the following definitions apply*:

(1) "Ancillary charge" means identifiable, direct, *resident* service expenses, *as budgeted,* including, but not limited to, operating room, anesthesia, x-ray, laboratory, blood bank, oxygen therapy, physical therapy, medical supply, drug, and specialized medical equipment, expenses.

(2) "Full-time equivalent resident load" means the total daily resident count for the fiscal year divided by the number of days in the year.

(3) "Per diem" means the gross daily cost of operating an institution, *as budgeted,* excluding the cost of educational programs and ancillary charges, divided by the full-time equivalent resident load. *However, a schedule of differing per diem charges may be computed, including a schedule of charges for residents treated on an outpatient basis, for each program established or funded by the legislature and assigned to an institution listed in 80-1601.*

(4) "Resident" means any person who is receiving care from, or who is a resident of, an institution listed in 80-1601.

(5) "*Financially responsible* person" means a *spouse of a resident, the natural or adoptive parents of a resident under 18 years of age, or a guardian or conservator to the extent of the guardian's or conservator's responsibility for the financial affairs of the person who is a resident under applicable Montana law establishing the duties and limitations of guardianships or conservatorships.*

(6) "Long-term resident" means a resident in an institution listed in 80-1601 for a continuous period in excess of 120 days. No absence of a resident from the institution due to a temporary or trial visit may be counted as interrupting the accrual of the 120 days required to attain the status of a long-term resident.

(7) "Care" means the care, treatment, support, maintenance, and other services rendered by the department to a resident.

(8) "Department" means the department of institutions provided for in Title 82A, chapter 8."

Section 3. Section 80-1603, R.C.M. 1947, is amended to read as follows:

"80-1603. Monthly assessment of charges — annual computation of rate — investigation — ability to pay — review — liability. (1) The department shall assess monthly against each resident or *financially* responsible person, the full per diem charge, a proportionate share of the per diem charge, or no per diem charge, plus full ancillary charge, a proportionate share of the ancillary charge, or no ancillary charge, based upon financial information given to the department during its investigation *conducted according to the rules of the department.* The per diem shall be computed on July 1 of each year by the department.

(2) An assessment made by the department under this section shall be based on the resident's or *financially* responsible person's ability to pay. *The department shall prescribe rules which establish criteria and a procedure for determining ability to pay.* The department *may* not make

HeinOnline -- 1977 vol. II 1419 1977

an assessment which would place an undue financial burden on the resident or the *financially* responsible person.

(3) *(a) Each* agency of the state *shall give* all reasonable assistance to the department in obtaining all information necessary for the proper *financial* investigation *of residents or financially responsible persons.*

(b) Upon request of the department, the resident or financially responsible person shall make available to the department any financial information which the department considers essential for the purpose of determining ability to pay and which, under federal law, the department is not prohibited from seeking or obtaining from the resident or financially responsible person. Willful failure to provide the financial information requested by the department may result in a determination of ability to pay up to the full per diem and full ancillary charges until such time as the requested information is provided and the department makes a new determination of ability to pay.

(c) (i) A representative of the department authorized by the director may administer oaths, take testimony, and subpoena and compel the attendance of witnesses and the production of books, papers, records, and documents in connection with the duty of securing payments for care as provided by this chapter.

(ii) A person who fails to obey the subpoena, upon petition of the department to any judge of a district court of the state, may be ordered by the judge to appear and show cause for his disobedience of the subpoena. The judge, after a hearing, may order that the subpoena be obeyed or, if it appears that the subpoena was inappropriately issued, may dismiss the petition. A person who fails to obey the subpoena when so ordered by the judge may be punished for contempt of court on application of the department to the district court.

(4) *If a resident or financially responsible person disagrees with the determination of the department as to his ability to pay any part of the per diem or ancillary charge, an appeal may be filed within 30 days of the date of the department's determination with the board of institutions, according to the procedure established by rules of the department. If the resident or financially responsible person disagrees with the determination of the appeal by the board of institutions, an appeal may be filed in any court of record in Montana having jurisdiction of the resident or financially responsible person liable for payment.*

(5) *At appropriate intervals, the department shall review each determination of ability to pay and, if there has been a significant change in a resident's or financially responsible person's ability to pay, shall make a new determination. However, a new determination of ability to pay may not be applied retroactively unless the new determination results in a monthly assessment which is less than the previous monthly assessment or unless the resident or financially responsible person has materially misrepresented any financial information. The department shall make rules to implement the provisions of this subsection, including but not limited to rules for credit or refund of any overpayment resulting from an assessment retroactively reduced because of a new determination of ability to pay.*

HeinOnline -- 1977 vol. II 1420 1977

(6) *The resident or financially responsible person is liable only for the per diem and ancillary charges which the department has assessed and billed the resident or financially responsible person. If amounts assessed and billed are retroactively reduced because of a new determination of ability to pay, the resident or financially responsible person is liable only for the reduced amount for the period of time covered by the retroactive reduction.*

(7) *No resident or financially responsible person is financially liable for care provided to a resident under any provision of a criminal statute.*

(8) *A resident of an institution listed in 80-1601 may not be released by reason of the nonpayment of the per diem or the ancillary charge unless, by certification of a physician consulted by the superintendent of the institution, the release is medically advisable.*"

Section 4. Section 80-1604, R.C.M. 1947, is amended to read as follows:

"**80-1604. Collection of per diem and ancillary charges — claims against estates — deposit of receipts.** *(1)* If a resident or *financially* responsible person liable for *payment of per diem and ancillary charges* due under this *chapter* refuses or fails to make *the payment, it is* collectible *by the department of revenue in the manner set forth in Title 84, chapter 71, for the collection of debts owing to the state or* by a civil suit brought *by the department of revenue* in the name of the state of Montana.

(2) The state has a claim against the estate of a resident or against the estate of a financially responsible person for an amount due to the state at the death of the resident or financially responsible person. The attorney general shall collect any claim which the state may have against the estate. However, the claim may be enforced only to the extent that enforcement does not deprive a surviving spouse, child, or parent of the resident or financially responsible person of:

(a) an amount necessary for reasonable living expenses or educational expenses; or

(b) real estate while it is occupied as a home by the surviving spouse, child, or parent of the resident or financially responsible person.

(3) The department shall deposit payments of per diem and ancillary charges in the state treasury to the credit of the general fund."

Section 5. Section 80-1605, R.C.M. 1947, is amended to read as follows:

"**80-1605. Parental liability for costs incurred by resident of institutions.** (1) The natural or adoptive parents of long-term residents *are* liable *only for* the charges made by *the department* for care *in* an amount not to exceed the cost of caring for a normal child at home as determined from standard sources by the department.

(2) *Natural* or adoptive parents of a long-term resident *are* not liable for any charges made by *the department* for care of a *long-term* resident incurred or accrued subsequent to *the* resident attaining age 18."

HeinOnline -- 1977 vol. II 1421 1977

Section 6. Section 80-1606, R.C.M. 1947, is amended to read as follows:

"**80-1606. Rules of the department.** *In addition to the specific provisions of this chapter which require the department to make rules, the department may make rules for the administration of this chapter. All rules made by the department under the provisions of this chapter shall be made pursuant to the provisions of the Montana Administrative Procedure Act.*"

Section 7. There is a new R.C.M. section numbered 80-1607 that reads as follows:

80-1607. Responsibility under prior law. No determination of ability to pay or assessment made under prior law is affected by the provisions of this act until the department has reviewed the determination and assessment in accordance with the provisions of this act. The department shall make the review within 1 year from the effective date of rules made under this act for ability to pay determinations and assessments.

Section 8. Section 10-1238, R.C.M. 1947, is amended to read as follows:

"**10-1238. Support of youth committed to a custodial agency.** When a youth under this act is committed by the court to custody other than that of its parents, and no provision is otherwise made by law for the support of such youth, compensation for the care of such youth, when approved by order of the court, shall be a charge upon the county, or the appropriate division thereof. But the court may, after giving the parent a reasonable opportunity to be heard, adjudge and order that such parent shall pay in such manner as the court may direct, such sum as will cover, in whole or in part, the support of such youth. *In determining the amount the parents must pay, the court shall use the standards set out in Title 80, chapter 16, and the department of institution's rules governing payment for care of residents of institutions, as those provisions and rules apply to the youth and parents before the court. If* such parent shall willfully fail or refuse to pay such sum, he may be proceeded against as provided by law for cases of desertion or failure to provide subsistence, or said cost may be collected in a civil action against the parent or parents."

Section 9. Section 15, Chapter 100, Laws of 1977, is amended to read as follows:

"Section 15. Section 10-1249, R.C.M. 1947, is amended to read as follows:

"**10-1249. Per diem charge to financially able parents.** A youth court judge placing a delinquent youth or a youth in need of supervision in a district youth guidance home may require the parents or parent to pay to the district youth guidance home *a* per diem charge *under the standards set out in Title 80, chapter 16, and the department of institution's rules governing payments for care of residents of institutions, as those provisions and rules apply to the youth and parent or parents before the court.*"

HeinOnline -- 1977 vol. II 1422 1977

Section 10. **Saving clause.** This act does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before the effective date of this act.

Section 11. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Repealer.** Section 38-210, R.C.M. 1947, is repealed.

(1) A member of a municipal law enforcement agency of a first or second class municipality who is injured in the performance of his duties so as to necessitate medical or other remedial treatment and render him unable to perform his duties shall be paid by the municipality by which he is employed the full amount of his regular salary, less any amount he may receive from workers' compensation, until his disability has ceased or for a period not to exceed one year whichever shall first occur.

Section 2. There is a new R.C.M. section numbered 11-1822.2 that reads as follows:

11-1822.2. Determination of eligibility for continued salary. Section 4. There is a new R.C.M. section numbered 11-1863 that reads as follows:

11-1863. Active membership. (1) A police officer becomes an active member under the plan:

(a) on the date his employment by an employer commences;

(b) on July 1, 1977, if he is employed by an employer on that date; or

(c) in the case of an employer which elects to join the plan as provided in 11-1885, on the effective date of such election if he is employed by the employer on that date.

(2) Upon becoming eligible for membership, he shall complete such forms and furnish such proof as may be required by the board.

(3) No active member is eligible to be covered under any other mandatory retirement plan for police service to which an employer is required to contribute on his behalf, except the Social Security Act, while he is eligible to be covered by this plan.

(4) A member is entitled to benefits based upon the entire period of his credited service and final average salary without regard to the number of employers by whom he was employed or the number of periods of his employment so that no duplication of credited service occurs.

Section 5. There is a new R.C.M. section numbered 11-1864 that reads as follows:

11-1864. Inactive membership. (1) An active member becomes an inactive member upon the occurrence of the earlier of the following:

(b) the date of commencement of an approved absence from active duty with an employer of a substantial duration.

(2) An inactive member becomes an active member on the day he returns to active duty with an employer. Upon again becoming an active member, his retirement allowance, if any, shall cease being paid to him until he again becomes an inactive member.

Section 6. There is a new R.C.M. section numbered 11-1865 that reads as follows:

11-1865. Cessation of membership. A member shall cease to be a member upon the occurrence of the earlier of the following:

(2) the date of his death.

Section 7. There is a new R.C.M. section numbered 11-1866 that reads as follows:

11-1866. Employer and state contributions and funding sources. (1) Employer and state contributions shall be paid to the administrator who shall, as soon as practicable after their receipt, deposit them with the state treasurer.

(2) The state of Montana shall make its contributions through the state auditor out of the premium tax on motor vehicle property and casualty insurance policies. Such payments shall be made annually from the gross premium tax after deduction for cancellations and returned premiums. The administrator shall notify the auditor of the annual compensation paid to all active members during the preceding year and the state's contribution shall be 12% of such compensation.

(3) Each employer shall make its contribution on behalf of members through the city treasurer or other appropriate official out of moneys available to the city for such purpose. The employer's contribution shall be 12% of the total monthly compensation paid to all active members during the preceding month and shall be payable monthly to the administrator.

(4) (a) It is found and declared by the legislature that many cities operating under prior plans have excess and unfunded liabilities under such prior plans, which liabilities cannot be amortized by the percentage contributions set forth in subsections (2) and (3).

(b) The administrator shall, on or before October 1, 1977, determine the excess and unfunded liability of each city which participates in the plan created by this act. The determination of the administrator, in the absence of fraud, abuse of discretion, or arithmetic error, is final and binding on each city. Each city found by the administrator to have an excess and unfunded liability under a prior plan, which as of July 1, 1977, is not funded by sums on deposit or funds available for deposit with the administrator, shall pay an additional sum over a period of time to amortize its excess liability as determined by the administrator. If any city and the administrator are unable by January 1, 1978, to negotiate and reduce to writing the terms of an agreement satisfactory to both of them for the city to amortize its excess liability, the administrator shall require such city to pay an additional sum to amortize its excess liability on July 1, 1977, over a period of not more than 40 years.

(c) Each city found by the administrator to be paying an amount in excess of the amount necessary to amortize its liabilities under the prior plan and under this act shall receive a credit in the accounts of the administrator for any such excess payments.

Section 8. There is a new R.C.M. section numbered 11-1867 that reads as follows:

11-1867. Member contributions. (1) The treasurer or other appropriate official of each employer shall retain from the monthly compensation of each active member a sum equal to 6% of his monthly compensation,

HeinOnline -- 1977 vol. II 1450 1977

excluding overtime, holiday payments, shift differential payments, compensation time payments, and payments in lieu of sick leave and annual leave, for his services as a police officer. The monthly deduction from the salaries of police officers shall be paid to the administrator for the purpose of paying the retirement allowances of retired police officers.

(2) A member is at all times fully vested in the deductions made from his compensation as a member or as a member of a prior plan standing to his credit and may, at his discretion, withdraw the full amount of these deductions upon his termination of employment in accordance with 11-1873 and forfeit all rights and interest with respect to any benefits which would otherwise become payable under the plan.

Section 9. There is a new R.C.M. section numbered 11-1868 that reads as follows:

11-1868. Reinstatement after withdrawal of member contributions — redeposit of amounts withdrawn. (1) Upon reinstatement to active membership, a member may redeposit in the fund, in one lump sum or in installments not to exceed 12 monthly or 24 semimonthly installments, an amount equal to the member contributions which he withdrew plus an amount equal to the interest which would have been credited to his account had he not withdrawn his member contributions. If a member makes such a redeposit, his credited service shall be reinstated.

(2) If an active member does not elect to make the redeposit provided for in subsection (1), he forfeits his credited service for the period attributable to the withdrawn member contributions.

Section 10. There is a new R.C.M. section numbered 11-1869 that reads as follows:

11-1869. Other moneys credited as employer contributions. All gifts, bequests, or emoluments given to an employer or member for the benefit of the plan or because of any member's service as a police officer, except when specifically allowed to be retained by the member by his employer, and all moneys withheld from the monthly compensation of a member for violation of the rules of his employer shall be paid to the administrator. The administrator shall credit them to the fund and, as soon as practicable after their receipt, deposit them with the state treasurer. Such amounts are employer contributions but are in addition to the amounts required by 11-1866.

Section 11. There is a new R.C.M. section numbered 11-1870 that reads as follows:

11-1870. Application for service retirement. On or after a member's minimum retirement date and prior to his mandatory retirement date, he may retire on a service retirement allowance by making written application to the employer. The employer shall forward the application to the board not less than 30 days or more than 90 days before the elected retirement date. The application shall state the elected retirement date.

Section 12. There is a new R.C.M. section numbered 11-1871 that reads as follows:

HeinOnline -- 1977 vol. II 1451 1977

11-1871. Eligibility for disability retirement. If a member is determined by the board to be totally and permanently disabled, he is entitled to a disability retirement allowance, regardless of the length of his service, commencing as of the first day of the month coinciding with or immediately following, if none coincides, the date on which he became totally and permanently disabled.

Section 13. There is a new R.C.M. section numbered 11-1872 that reads as follows:

11-1872. Procedure upon recovery from total and permanent disability. (1) If an inactive member is determined by the board to be no longer totally and permanently disabled, his disability retirement allowance shall cease as of the date of such determination and he shall be notified of the determination by the board. The board may review the status of any inactive member at any time.

(2) Any inactive member whose disability retirement allowance is so cancelled shall be reinstated to the position held by him immediately before his retirement or to a position in the same classification with duties within his capacity. The board shall advise the employer that the disability retirement allowance has been cancelled and that the inactive member is eligible for reinstatement to duty. The fact that he was retired for disability may not prejudice any right to reinstatement to duty which the inactive member may have or claim to have.

(3) If the inactive member again becomes an active member by returning to active work for an employer within 30 days following his receipt of notice under subsection (1), he shall be considered to have been continuously employed during the term of his disability. If the inactive member fails to become an active member by returning to active work for an employer within 30 days following receipt of such notice, his termination of employment shall be considered to have occurred as of his disability retirement date and the retirement allowance, if any, to which he becomes entitled on his service retirement shall be determined accordingly.

Section 14. There is a new R.C.M. section numbered 11-1873 that reads as follows:

11-1873. Termination of employment prior to retirement. (1) Upon termination of the employment of an active member prior to his retirement date, he shall withdraw the amount of his member contributions in lieu of all other benefits under the plan. If he has 10 years or more of service, the amount paid shall include regular interest, at a rate to be determined by the board, on such amounts. If he has less than 10 years of service, he shall receive only the amount paid through salary deductions, without interest. If an active member's employment terminates by reason of his death, his beneficiaries are entitled to the benefits prescribed in 11-1875.

Section 15. There is a new R.C.M. section numbered 11-1874 that reads as follows:

11-1874. Retirement allowances to be monthly and fixed. The retirement allowances granted under the provisions of 11-1860 through

HeinOnline -- 1977 vol. II 1452 1977

11-1892 shall be paid in monthly installments. They may not be increased or decreased, except as specifically provided herein, or repealed or revoked except by an act of the Montana legislature.

Section 16. There is a new R.C.M. section numbered 11-1875 that reads as follows:

11-1875. Death benefits. (1) A member's retirement allowance shall be paid first to the member during his lifetime and, upon his death, in the manner and to the persons designated in subsection (2).

(2) Upon the death of a police officer before or after retirement, his surviving spouse, if there is one, shall, as long as such spouse remains the surviving spouse, be paid from the fund a sum equal to one-half of the officer's final average salary. If the officer leaves one or more dependent minor children, then, upon his death if he leaves no surviving spouse or upon the death or remarriage of the surviving spouse, his surviving dependent minor children, collectively if there is more than one, shall receive the same monthly payments a surviving spouse would receive, until they reach the age of 18 years or are married. The payments shall be made to their duly appointed, qualified, and acting guardian for their use. If there is more than one such child, upon each child reaching the age of 18 years or marrying, the pro rata payments to that child shall cease and shall be made to the remaining children until all the children have reached the age of 18 years or are married.

Section 17. There is a new R.C.M. section numbered 11-1876 that reads as follows:

11-1876. Retirement benefits exempt from state or municipal tax. Any money received as a retirement allowance in accordance with the provisions of 11-1860 through 11-1892 is exempt from any state or municipal tax.

Section 18. There is a new R.C.M. section numbered 11-1877 that reads as follows:

11-1877. Rights to benefits unassignable — protection from legal process. The benefits payable hereunder are not subject to the claims of any creditor of a member, beneficiary, or survivor or to attachment, garnishment, or other legal or equitable process. No member, beneficiary, or survivor may alienate, anticipate, commute, pledge, encumber, assign, or sell any of such benefits.

Section 19. There is a new R.C.M. section numbered 11-1878 that reads as follows:

11-1878. Retirement board — powers and duties. (1) The board is authorized to administer, interpret, and enforce the provisions of 11-1860 through 11-1892.

(2) The board shall establish such uniform rules as are necessary to administer the provisions of 11-1860 through 11-1892. The board is the sole authority under 11-1860 through 11-1892 as to the conditions under which persons may become members of and receive benefits under the retirement system. The board shall determine and may modify allowances for retirement and disability under 11-1860 through 11-1892.

HeinOnline -- 1977 vol. II 1453 1977

(3) The board shall determine whether a member has become totally and permanently disabled and whether the disability is duty-related. In the discharge of its duties regarding such determination, the board, any member thereof, or any duly authorized representative of the board may order medical examinations, conduct hearings, administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and documents considered necessary as evidence in connection with the claim for disability retirement. The board shall secure medical service and advice necessary to carry out the purposes of this section.

(4) Except as otherwise provided in 11-1860 through 11-1892, the department of administration, through the administrator and the board of investments, shall administer, invest, account for, and treat the funds deposited with it under 11-1860 through 11-1892 in accordance with the rules dealing with the public employees' retirement system, insofar as such rules are not inconsistent with those promulgated and adopted by the board. The contributions of the state, employers, and members paid to the administrator under 11-1860 through 11-1892 may be commingled for investment purposes.

Section 20. There is a new R.C.M. section numbered 11-1879 that reads as follows:

11-1879. Retirement account. On July 1, 1977, there will be an account in the agency fund to be maintained on behalf of the plan. The state treasurer is the custodian of the account subject to the exclusive administrative control of the board.

Section 21. There is a new R.C.M. section numbered 11-1880 that reads as follows:

11-1880. Transfer of assets and liabilities from prior plans. All funds and obligations constituting the assets and liabilities of prior plans, regardless of their form or who holds them, shall be transferred to the account provided for in 11-1879. The board shall ascertain the amounts to be apportioned to each account upon the passage of this act, and the state treasurer shall transfer such amounts to the appropriate accounts on July 1, 1977.

Section 22. There is a new R.C.M. section numbered 11-1881 that reads as follows:

11-1881. Benefits to members of prior plans. (1) All provisions of this plan are effective as to a member whose retirement date occurred prior to July 1, 1977, except the amount and mode of payment of such member's retirement allowance will remain unchanged.

(2) This act may not decrease the benefits of a member under a prior plan.

Section 23. There is a new R.C.M. section numbered 11-1882 that reads as follows:

HeinOnline -- 1977 vol. II 1454 1977

11-1882. Actuarial valuation. The board shall engage the services of a qualified actuary to conduct an actuarial valuation of the plan in each even-numbered year. It shall include the actuary's determination of the financial condition of the plan, the level of annual contributions required to maintain the plan on an actuarially sound basis, and, if applicable, the level of annual contributions required to amortize the excess and unfunded liabilities described in 11-1866(4). A qualified actuary is one who is a member of the American academy of actuaries or of any organization considered by the board to have similar standards.

Section 24. There is a new R.C.M. section numbered 11-1883 that reads as follows:

11-1883. Administrative expenses. The expense of administration of 11-1860 through 11-1892, exclusive of amounts required to be paid as benefits to or on behalf of a member, shall be borne by the state and shall be in addition to the amounts required of it as contributions.

Section 25. There is a new R.C.M. section numbered 11-1884 that reads as follows:

11-1884. Taxing authority of employers. (1) For the purpose of making contributions required of a city under 11-1860 through 11-1892, when the demand for deposits of such contributions cannot be met within the general taxing authority and other revenues available to the city for that purpose, the appropriate authority of the city may levy any additional tax authorized by law until the general taxing authority and other revenue available for that purpose is sufficient to meet the demand.

(2) "General taxing authority", as used in this section, means that levy which the city may make under the all-purpose levy or under multiple-purpose levies, if the city is using multiple-purpose levies.

(3) No provision of any statute relating to the all-purpose levy may be so construed as to limit the additional taxing authority created by this section.

Section 26. There is a new R.C.M. section numbered 11-1885 that reads as follows:

11-1885. Election to join plan — transfer of assets. (1) Cities other than those participating in the statewide police reserve fund administered by the department of administration in accordance with Chapter 335, Laws of 1974, as of June 30, 1977, may elect to join the plan by passing an ordinance stating the election and the consent of the city to be bound by the provisions of 11-1860 through 11-1892. Upon the enactment of such an ordinance, the provisions of 11-1860 through 11-1892 become applicable to the city. Any city enacting such an ordinance shall send a certified copy thereof to the board and shall, as soon as possible thereafter, deposit with the board all cash and securities held by it in its local police reserve or retirement fund. The value of the securities shall be determined by the board.

(2) The trustees or other administrative head of the local system as of the effective date of the election shall certify the proportion, if any, of the funds of the system that represents the accumulated contributions

HeinOnline -- 1977 vol. II 1455 1977

of the active members and the relative shares of the members as of that date. Such shares shall be charged to the employer and credited to the respective individual accounts of the members in the plan and administered as if the contributions had been made during membership in the plan. Any excess of employer credits over charges under this section will be offset, with interest, against future required employer contributions. Any excess of employer charges over credits under this section are payable by the employer, with interest, on a basis determined by the procedure described in subsections (4)(b) and (4)(c) of 11-1866.

Section 27. There is a new R.C.M. section numbered 11-1886 that reads as follows:

11-1886. Penalty for false statements or falsification of records. (1) No person may knowingly make any false statement or permit to be falsified any records of the plan in an attempt to defraud the plan.

(2) If any change in records fraudulently made or any mistake in records inadvertently made results in any member, survivor, or beneficiary receiving more or less than he was entitled to, then, on the discovery of the error, the board shall correct the error and adjust the payments to the member, survivor, or beneficiary in an equitable manner.

(3) A person who violates any of the provisions of subsection (1) is guilty of a misdemeanor and, upon conviction, shall be punished by a fine not exceeding $500 or imprisonment in the county jail for a term not exceeding 6 months, or both.

Section 28. There is a new R.C.M. section numbered 11-1887 that reads as follows:

11-1887. Board's authority to refuse to make payments. The board may revoke, refuse to grant, or suspend a member's annuity for disability or death caused by wrongful conduct. If the disability causing a member to retire or the death of a member is directly and proximately caused by the member's immoral or intemperate conduct or gross negligence, the board may refuse to grant, revoke, or suspend the employer annuity.

Section 29. There is a new R.C.M. section numbered 11-1888 that reads as follows:

11-1888. Transfer of dormant member contributions to employer's account. The board may, in its discretion, transfer member contributions to the employer's account if the member's contribution account has been dormant for a period of 10 years. No right of the member may be jeopardized by such a transfer, and the member contributions shall be transferred back to the member's name upon his subsequent reinstatement as a member.

Section 30. There is a new R.C.M. section numbered 11-1889 that reads as follows:

on July 1, 1975, is eligible to receive a service retirement allowance when he has completed 20 years or more in the aggregate as a probationary officer, a regular officer, or a special officer, in any capacity or rank. A police officer serving in the United States military in time of war or national emergency shall be given credit in his police record for such service in the same manner as though he were on active police duty.

(b) A member who was or is first employed by an employer as a police officer after July 1, 1975, is eligible to receive a service retirement allowance when he has reached the age of 50 and has completed 20 years or more in the aggregate as a probationary officer, a regular officer, or a special officer, in any capacity or rank. He shall receive credit for military service as prescribed in subsection (1)(a).

(c) Police officers, whether first employed before or after July 1, 1975, who reach the age of 65 while in active service shall retire.

(2) A police officer who is eligible for service retirement under subsection (1)(a) or (1)(b) may retire as of the time he becomes eligible or may elect to serve an additional 1 to 10 years as an active police officer, except that he may not elect to serve past his 65th birthday, the mandatory retirement date.

Section 31. There is a new R.C.M. section numbered 11-1890 that reads as follows:

11-1890. Determination of retirement allowance. Retirement allowances under 11-1860 through 11-1892 shall be paid out of the fund and shall be determined as follows:

(1) A police officer who is eligible under subsection (1)(a) or (1)(b) of 11-1889 and does not elect to serve any additional years as an active police officer or who is retired under 11-1889(1)(c) prior to reaching 20 years of service shall receive a service retirement allowance equal to one-half his final average salary.

(2) A police officer who is eligible for service retirement after 20 years of service and who elects to serve additional years shall receive the allowance provided for in subsection (1) plus an additional 1% of such allowance per year of additional service, up to a maximum of 60% of the final average salary. A police officer whose eligibility depends on 11-1889(1)(b) and who completes 20 years of service before reaching the age of 50 is considered to have elected to serve an additional year for each year between the completion of his 20th year of service and his 50th birthday and shall be paid the additional 1% for each such year.

(3) A police officer who is retired under 11-1889(1)(c) and who was theretofore eligible at his option to be retired under subsection (1)(a) or (1)(b) of 11-1889 but elected to serve additional years shall be paid for the additional years over his original eligibility at the rate prescribed in subsection (2).

(4) A police officer who is eligible under 11-1871 before completing 20 years of service shall receive a disability retirement allowance equal to one-half his average final salary.

HeinOnline -- 1977 vol. II 1457 1977

(5) A police officer who is retired under 11-1871 and who, at the time of his injury or disability, was eligible at his option to be retired under subsection (1)(a) or (1)(b) of 11-1889 but had elected to serve additional years and was then serving such additional years shall be paid for the additional years at the rate prescribed in subsection (2).

Section 32. There is a new R.C.M. section numbered 11-1891 that reads as follows:

11-1891. Department to provide forms — information from employers. The department of administration shall prepare such forms as it finds necessary for the employers to complete to provide all the information necessary to administer 11-1860 through 11-1892, and the cities shall give the department of administration all data necessary to carry out the purpose and intent hereof.

Section 33. There is a new R.C.M. section numbered 11-1892 that reads as follows:

11-1892. Application of reserve and retirement provisions of prior law. (1) As cities other than those participating in the statewide police reserve fund provided for in Chapter 335, Laws of 1974, currently have local police reserve funds, the legislature finds and declares that the law regarding such funds, although in conflict with 11-1860 through 11-1892, cannot be repealed. It is the express intention of the legislature to allow two separate and distinct retirement systems to exist. The first, which includes local police reserve funds, applies to such cities, other than those of the first and second class, which wish to adopt it. The second, created by this act, applies to first and second class cities, those other cities which wish to adopt it, and any city which has adopted the above-mentioned statewide police reserve fund.

(2) The following sections may not be applied in any way to a city operating under the plan created by this act: 11-1809, 11-1819, 11-1822, 11-1823, 11-1825, 11-1826, 11-1827, 11-1828, 11-1829, 11-1830, 11-1834, 11-1835, 11-1836, 11-1837, 11-1843, 11-1844, 11-1845, and 11-1847.

Section 34. There is a new R.C.M. section numbered 82A-225 that reads as follows:

82A-225. Board of trustees abolished — functions transferred. The board of trustees of the police reserve fund of a city which elects to participate in the municipal police officers' retirement system under 11-1885 is abolished as of the time that the transfer of the cash and securities and the certification required by that section is completed. The functions of the board are transferred as of the date of the election to the department of administration and the board, as provided in the Municipal Police Officers' Retirement Act.

Section 35. Section 11-1823, R.C.M. 1947, is amended to read as follows:

"11-1823. Fund for payment of officers on reserve lists — tax levy. Cities having *police reserve* funds, not cities of the first or second class, *which did not elect to join the statewide police reserve fund provided for in Chapter 335, Laws of 1974, and which have not elected to participate*

in the plan under 11-1855 shall deposit in the fund of that city monthly an amount equal to eleven percent (11%) of the total salaries, exclusive of overtime and payments in lieu of sick leave and annual leave, for the preceding month, paid to active police officers of that city. In case the demand against the city for its deposits in such fund shall be such that it cannot be met within the general taxing authority of that city, then and in such case an additional levy of not to exceed three (3) mills may be made until the general taxing authority be sufficient to meet the demand."

Section 36. Section 11-1825, R.C.M. 1947, is amended to read as follows:

"**11-1825. "**89-105. Construction of works by department.** (1) Subject to the approval of the board, the department may construct works, the cost of the construction to be paid wholly by means of or with the proceeds of revenue bonds hereinafter authorized or of a grant to aid in financing the construction from the United States or any instrumentality or agency thereof and other funds provided *for the construction.* Before constructing a project, the department shall estimate the cost of the project, the cost of maintaining, repairing, and operating it, and the revenues to be derived therefrom, and a project may not be constructed unless, according to the estimates, the revenues to be derived will be sufficient to pay the cost of maintaining, repairing, and operating it and to pay the principal and interest of revenue bonds which may be issued for the cost of the project; however, in connection with the issuance of revenue bonds, the failure of the department to make the estimates required by this section or to make them in proper form does not affect the validity or enforceability of those bonds or of the trust indenture, resolution, or other security therefor.

HeinOnline -- 1977 vol. II 1465 1977

(2) *Should* the bid of the lowest responsible bidder on any capital improvement associated with public works exceed the department estimates of the cost of the improvements by more than 5%, the department shall obtain approval from the water user association, *whenever an association is involved,* before the bid is accepted; however, capital improvements of an emergency nature necessary to protect life or property or to supply immediate needs for water do not require such approval.

(3) *A* purpose of this act is to meet, so far as possible, a *statewide* need for the conservation and use of water through the construction and operation of projects designed for those purposes. The projects to be finally constructed shall qualify as parts of the *statewide* program and shall be approved by the board upon the showing of their prospective ability to meet, through the sale of water or other services, the cost of operation, maintenance, and repair and the amortization of the cost of the construction. *The* failure of the board to determine the prospective ability of a project does not affect the validity or enforceability of the bonds or of the trust indenture, resolution, or other security therefor.

(4) The department may exercise any of its powers:

(a) *in* an adjoining state, unless the exercise of that power is not permitted under the laws of that state or of the United States;

(b) *in* a national forest or public domain of the United States adjoining or located in the state of Montana, unless the exercise of those powers is not permitted under the laws of the United States;

(c) *in* an adjoining country, unless the exercise of those powers is not permitted under the laws of that country or of the United States or under the treaties between that country and the United States."

Section 2. Section 89-115, R.C.M. 1947, is amended to read as follows:

"**89-115. Management of property — water contracts.** (1) Subject to this act and 89-103.2, the department may fix and establish the prices, rates, and charges at which the resources and facilities made available under this act may be sold and disposed of; enter into contracts and agreements, and do those things which in its judgment are necessary, convenient, or expedient for the accomplishment of the purposes and objects of this act, under such general *rules* and upon such terms, limitations, and conditions as it prescribes. *The* department shall enter into the contracts and fix and establish the prices, rates, and charges so as to provide at all times funds which will be sufficient to pay all costs of operation and maintenance of the works authorized by this act, together with necessary repairs thereto, and which will provide at all times sufficient funds to meet and pay the principal and interest of all bonds or loans as they severally become due and payable. *This* act does not authorize any change, alteration, or revision of those rates, prices, or charges as established by any contract entered into under this act except as provided by the contract.

(2) An incorporated water users' association that is sustaining and responsible for the operations of a works is solely liable for any court action which may be brought against it or the state of Montana for any injury or damages occurring on the works caused by a failure to maintain safe working and operating conditions.

HeinOnline -- 1977 vol. II 1466 1977

(3) A contract made by the department for the sale of water, use of water, water storage, or other service or for the sale of any property or facilities shall provide that, in the event of a failure or default in the payment of moneys specified in the contract to be paid to the department, the department may, upon notice as is prescribed in the contract, terminate the contract and all obligations thereunder. The act of the department in ceasing on default to furnish or deliver water, use of water, water storage, or other service under the contract does not deprive the department of or limit any remedy provided by the contract or by law for the recovery of moneys due or which may become due under the contract.

(4) (a) A person aggrieved by a decision of the department to terminate any contract under subsection (3) may appeal to the board and be heard thereon by filing written notice of the appeal with the department within 10 days after receiving notice of termination of the contract from the department. The termination of the contract shall be stayed if an appeal is taken.

(b) If a dispute arises between the department and another party regarding amounts owing or the terms and conditions under a water marketing or water purchase contract or under a contract for the construction or repair of works, that party may appeal to the board for a hearing thereon and a resolution of the dispute by filing written notice of the appeal with the department within 30 days after the final decision of the department regarding the dispute.

(5) Subject to the approval of the board under 89-103.2, the department may sell, transfer to water user associations, abandon, or otherwise dispose of any *rights-of-way*, easements, or property when it determines that they are no longer needed for the purposes of this act or lease or rent the same or otherwise take and receive the income or profit and revenue therefrom. A determination shall be made by the department as to the market value of *rights-of-way*, easements, or property to be sold, transferred, abandoned, or otherwise disposed of."

(2) For the purpose of regulating the diversion of those waters, the department may enter upon the means and place of use of all appropriators for making surveys of respective rights and seasonal needs.

(3) The department may take into consideration the decrees of the courts of this state having jurisdiction, which purport to adjudicate the waters of a stream or its tributaries, and a fair, reasonable, *and* equitable reconciliation shall be made between the claimants asserting rights under different decrees and between decreed rights and asserted rights of appropriation not adjudicated by any court.

(4) The department, at its discretion, may hold hearings relating to the rights of respective claimants after first giving such notice as it *considers* appropriate and make findings of the date and quantity of appropriation and use of all claimants which the department will recognize and observe in diverting the waters which it owns. The department may police and distribute to the owner of the recognized appropriation the waters due him upon request and under terms agreed upon.

(5) The department, when engaged in controlling and dividing the natural flow of a stream under the authority granted by this *chapter*, is exercising a police power of the state, and water commissioners appointed by any court may not deprive the department of any of the waters owned or administered under agreement with respective owners, but the owner

(6) When the department impounds or acquires the right of appropriation of the waters of a stream it may divert or authorize the diversion at any point on the stream or any portion thereof when it is done without injury to a prior appropriator.

(7) The department may acquire water by purchase option or agreement with the federal government from the Fort Peck Reservoir for the purpose of sale, rent, or distribution for industrial use. In such cases, the department is not required to construct any diversion or appropriation facilities or works, and it may sell, rent, or distribute such water at such rates and under such terms and conditions as it considers appropriate."

(f) *the* means of diversion;

(g) *whether* or not a weir or other device for measuring the water intended to be diverted has been installed in his ditch or other means of diversion;

(h) *if* a notice of appropriation was filed with the county clerk and recorder, the name of the county where it was filed;

(i) *whether* the appropriation was made from an adjudicated or nonadjudicated stream, river, or other source of water.

Section 12. Section 89-911, R.C.M. 1947, is amended to read as follows:

"**89-911. Domestic and stock uses exempted.** Any appropriation of water from any interstate tributary of the Yellowstone River made for domestic or stock water uses *will* not come within the provisions of this *chapter whenever* the capacity of *a* reservoir for stock water *does* not exceed *20* acre-feet."

Section 13. Section 89-1015, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1472 1977

"**89-1015. Complaint by dissatisfied user.** *A* person owning or using any of the waters of *the* stream or ditch or extension of *the* ditch who is dissatisfied with the method of distribution of the waters of *the* stream or ditch by *the* water commissioner or water commissioners and who claims to be entitled to more water than he is receiving or to a right prior to that allowed him by *the* water commissioner or water commissioners may file his written complaint, duly verified, setting forth the facts of *the* claim. Thereupon the judge shall fix a time for the hearing of such petition and shall direct that such notice be given to the parties interested in *the* hearing as the judge *considers* necessary. At the time fixed for *the* hearing, the judge must hear and examine the complainant and other parties as may appear to support or resist such claim and examine *the* water commissioner or water commissioners and witnesses as to the charges contained in *the* complaint. Upon the determination of the hearing, the judge shall make such findings and order as he *considers* just and proper. If it *appears* to the judge that the water commissioner or water commissioners have not properly distributed the water according to the provisions of the decree, the judge shall give the proper instructions for such distribution. The judge may remove *any* water commissioner and appoint some other person in his stead if he *considers* that the interests of the parties in the waters mentioned in *the* decree will be best subserved thereby, and if it *appears* to the judge that the water commissioner *has* willfully failed to perform *his* duties, *he* may be proceeded against for contempt of court, as provided in contempt cases. The judge shall make such order as to the payment of costs of *the* hearing as *appears* to him to be just and proper."

The* petition shall set forth:

(a) the name suggested for the proposed district;

(b) a general description of the lands to be included in the proposed district;

(c) the names of the holders of title or evidence of title to the lands in the proposed district, ascertained in the manner mentioned in the preceding section, and if *a* holder is a nonresident of the county or counties in which the proposed district lies, the post-office address of *the* nonresident owner, if known;

(d) generally, the source from which the lands in the proposed district are to be irrigated *and* the character of the works, water rights, canals, and other property proposed to be acquired or constructed for irrigation purposes in the proposed district;

(e) a prayer that the lands embraced within the proposed district be

HeinOnline -- 1977 vol. II 1473 1977

organized as an irrigation district according to the *applicable* provisions of *chapters 12 through 21 of Title 89.*

(2) The petition shall be accompanied by·

(a) a map or plat of the proposed district; and

(b) a good and sufficient bond or undertaking, to be approved by the district court or judge thereof of the county in which the petition is required to be filed under the provisions of *subsection (1),* to pay all costs in and about the proceedings preliminary to the organization of the district in the event that *the* organization *is* not effected.

(3) Mere error or omission in the description of any lands or in the names of any of the holders of title or evidence of title to lands *does not* render invalid any proceedings hereunder or deprive the district court of jurisdiction of the subject matter. *Such* misdescribed lands or misnamed persons *may* not be included in *the* district."

Section 15. Section 89-1204, R.C.M. 1947, is amended to read as follows:

"**89-1204. Hearing on petition and appointment of commissioners.** (1) At the time specified in the notice mentioned in the preceding section, the district court in which the petition is filed shall hear the petition but may adjourn such hearing from time to time, not exceeding *3* weeks in all, and may continue the hearing for want of sufficient notice or other good cause. The court, upon application of the petitioners or any *interested* person or persons, shall permit the petition to be amended and may order further or additional notice to be given. Upon such hearing all *interested* persons whose lands or rights may be damaged or benefited by the organization of the district or *by* the irrigation works or improvements therein or to be acquired or constructed may appear and contest the necessity or utility of the proposed district or any part thereof, and the contestants and petitioners may offer any competent evidence in regard thereto.

(2) *The* court *shall* hear and determine whether the requirements of 89-1201, 89-1202, and 89-1203 have been complied with and for that purpose shall hear all competent and relevant testimony that may be offered.

(3) *(a)* The court may make such changes in the proposed district as may be *considered* advisable or as fact, right, and justice may require. *Land* which is susceptible of irrigation from the same general source and by the same general system of works applicable to the other lands of *the* proposed district *may not be excluded from the proposed district* if the owner or owners of *the* lands file in *the* district court a written request that *the* lands be included.

(b) Lands which will not, in the judgment of the court, be benefited by irrigation from the works of the proposed district; which are already under irrigation; which have appurtenant water rights; or which can be irrigated from sources more feasible than the proposed district may not be included in the district unless the owner of such lands consents in writing to the inclusion.

HeinOnline -- 1977 vol. II 1474 1977

(c) Notwithstanding the provisions of subsection (3)(b), whenever a district is formed to cooperate with the United States, lands previously irrigated and having appurtenant water rights may be included within the district boundaries if it appears to the court that the lands will be benefited by inclusion.

(d) All lands having appurtenant water rights, served by an irrigation works system supplying more than 10,000 acres, may, in the discretion of the court, be included in the proposed district upon petition by at least a majority, both in number and acreage, of the holders of title or evidence of title to the lands served by the irrigation system and having appurtenant water rights.

(e) Lands of the district need not be contiguous. The location of a particular tract in the proposed district is not a bar to exclusion.

(4) For purposes of including or excluding land from a proposed district, the court may subdivide any tract into 40-acre or smaller parcels.

(5) If, on final hearing, it is found by the court that the petition does not substantially comply with the requirements of this act or that the facts stated are not sustained by the evidence, the court shall dismiss the petition at the cost of the petitioners and make and enter an order to that effect. *If* it is found that *the* petition substantially complies with *the* requirements and that the facts stated are sustained by the evidence, the court shall make and enter an order:

(a) setting forth findings and allowing *the* petition;

(b) establishing the proposed district;

(c) giving accurate descriptions of the lands included within the proposed district;

(d) dividing the proposed district into three, five, or seven divisions, as may be advisable in view of the size of the district;

(e) appointing as commissioner one competent person for each division of the district, having the qualifications as provided by 89-1205.

(6) The finding and order *are* conclusive upon all the owners of lands within the district that they have assented to and accepted the *applicable* provisions of *chapters 12 through 21 of Title 89* and *are* final unless appealed from to the supreme court within *60* days from the day of entry of *the* order. A copy of *the* order, duly certified to by the clerk of *the district* court, shall be filed for record within *30* days after *the* order is made and entered with the county clerk and recorder of the county *where* the lands included within *the* district are situated. *Lands* not situated in the county in which *the* copy is filed *shall be omitted from the copy.*

(7) Every irrigation district so established is a public corporation for the promotion of the public welfare, and the lands included therein shall constitute all the taxable and assessable property of such district for the purposes of *chapters 12 through 21 of Title 89.*"

Section 16. Section 89-1205, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1475 1977

"**89-1205. Qualifications of commissioners and term of office.** *(1)* No person *may be a* commissioner unless he *is* an owner of land within the district and *is* a resident of the county in which the division of the district or some portion thereof, for which *the commissioner is* elected, is situated.

(2) The commissioners appointed shall hold their respective offices until the second Saturday in April following their appointment and until their respective successors are elected and qualified. Each of *the* commissioners shall qualify in the same manner as justices of the peace. *The* bond *for a commissioner* shall be approved by the district court or judge thereof and filed in the office of the clerk of *the* court. *In* case any district *established* under this *chapter* is appointed fiscal agent of the United States or *is authorized* by the United States to make collections of moneys for and on behalf of the United States in connection with any federal reclamation project, each commissioner shall execute a further and additional official bond in such sum as the secretary of the interior may require, conditioned for the faithful discharge of the duties of his office and the faithful discharge by the district of its duties as fiscal or other agent of the United States under any such appointment or authorization, and any such bond may be sued upon by the United States or *by* any person injured by the failure of *the* commissioner or the district to fully, promptly, and completely perform their respective duties."

Section 17. Section 89-1208, R.C.M. 1947, is amended to read as follows:

"**89-1208. Compensation and expenses of commissioners.** *(1)* The commissioners, when sitting as a board or when engaged in the business of the district, shall each receive *an amount* not to exceed $20 *a* day for services and, in addition thereto, their necessary expenses in attending meetings or when otherwise engaged on district business, including premiums on qualifying bonds and any other bonds required of them in connection with their office, provided such expenses and per diem *are* approved by a unanimous vote of *the* board, and a mileage allowance of *12* cents *a* mile in attending board meetings or when engaged in the business of the irrigation district.

(2) No commissioner or any other officer named in this act *may* in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board or in the profits derived therefrom. *For* any violation of this provision, such officer *is* guilty of a misdemeanor and his conviction thereof shall work forfeiture of his office and he shall be punished *as provided in 94-7-401.*

(3) The commissioners of *an* irrigation district shall each furnish a bond in the penal sum of $2,500, with corporate surety conditioned for the faithful performance of their duties under this act. *The* secretary shall furnish bond, with corporate surety, in the sum of $1,000, conditioned for the faithful performance of his duties pursuant to this act and for the proper safekeeping of the records and documents of *the* district, in all cases where the obligations of *the* district, either existing or proposed, total $250,000 or over. In all other cases the bond for *the* commissioners shall be in the sum of $1,000."

HeinOnline -- 1977 vol. II 1476 1977

Section 18. Section 89-1220, R.C.M. 1947, is amended to read as follows:

"**89-1220. Purpose.** This act is not intended to conflict in any way with statutes governing irrigation districts but is for the sole purpose of making it possible for one or more irrigation districts to function jointly through a central control agency for the purpose of efficiency, simplicity, and economy."

Section 19. Section 89-1311, R.C.M. 1947, is amended to read as follows:

"**89-1311. Qualification of electors and nature of voting rights, how determined.** *(1)* At all elections held under the provisions of this act, except as otherwise expressly provided, the following holders of title or evidence of title to lands within the district, herein designated electors, *are* entitled to vote:

(a) all persons having the qualifications of electors under the constitution and general and school laws of the state;

(b) guardians, executors, administrators, and trustees residing in the state;

(c) domestic corporations, by their duly *authorized* agents.

(2) In all elections held under this act, each elector *is* permitted to cast one vote for each *40* acres of irrigable land or major fraction thereof owned by *the* elector within the district, irrespective of the location of *the* irrigable lands within the tracts designated by the commissioners for assessment and taxation purposes or within congressional subdivisions, platted lots or blocks (except as hereinafter provided for), election precincts, or district divisions, but any elector owning any less than *40* acres of irrigable land *is* entitled to one vote. Until the irrigable area under the *proposed* plan of reclamation is *determined*, all land included within the boundaries of the district shall be *considered* irrigable land for election purposes.

(3) Whenever land is owned by co-owners, *the* owners may designate one of their number or an agent to cast the vote for *the* owners, and one vote only for each *40* acres of irrigable land or major fraction thereof *may* be cast by *the voting* co-owner or agent. *Whenever* land is under contract of sale to a purchaser residing within the state, *the* purchaser may vote on behalf of the owner of *the* land. When voting, the agent of a corporation or co-owners, the co-owner designated for purpose of voting, or the purchaser of land under contract of sale, as the case may be, shall file with the secretary of the district or with the election officials a written instrument of his authority, executed and acknowledged by the proper officers of *the* corporation, by *the* co-owners, or by the owner of land under contract of sale, as the case may be, and thereupon *the* agent or co-owner or purchaser, as the case may be, *is* an elector within the meaning of this act. *Whenever* the total irrigable acreage within any one district has been platted or subdivided into lots or blocks to the extent of 5% or more of the total acreage of the district, each elector *is* permitted to cast one vote for each acre of irrigable land or major fraction thereof owned by *the* elec-

tor within the district, irrespective of the location of such irrigable lands within the tracts designated by the commissioners for assessment and taxation purposes or within the congressional subdivisions, but any elector owning any less than *1* acre of irrigable land within *the* district *is* entitled to one vote. The balloting shall take place in the following manner: 10 votes or less, separate ballots will be used; more than 10 votes, the elector shall vote in blocks of *10* using one ballot for each *10* votes and separate ballots for odd votes over multiples of *10.* The election shall otherwise conform with the provisions *of* 89-1308. *The* chairman of the commissioners or such commissioner as he may delegate *shall* determine before each election whether the provisions of this *subsection* are in force or whether the provisions heretofore set out shall apply."

Section 20. Section 89-1319, R.C.M. 1947, is amended to read as follows:

"**89-1319. Application of act.** This act shall apply only when *20* or more owners of land with water rights appurtenant thereto *are* being served by one stream and its branches or from one source of water supply and in which the rights to the use of water shall have been determined by decree of a court of competent jurisdiction *and at least 2,000 acres of land, contiguous in location or of reasonably compact area, are being served by the single stream or source.*"

Section 21. Section 89-1320, R.C.M. 1947, is amended to read as follows:

"**89-1320. Petition, hearing, and order.** Whenever the owners of land and water rights, as described in 89-1319, desire to organize for the purposes mentioned in this act, a petition to that effect, signed by not less than *60%* of the individual landowners who represent not less than *51%* of the irrigable acres to be affected by *the proposed* district and *51%* of the *cubic feet* of water *per second* decreed or adjudicated in the stream *from* which *the* irrigation district is to operate, shall be filed with the clerk of the district court of the county or counties in which *the* district is to be created. *For* the *purpose* of determining whether the *requirements* of acreage and *cubic feet of* water *per second have* been met by the petition, water diverted from the adjudicated stream and distributed under irrigation districts *other* than the one to be created under this act *may* not be considered; however, such water and acreage shall be required to pay all assessments the same as other water and acreage affected by irrigation districts created under this act. Upon filing of *the* petition, the court shall set a date for a hearing on the petition and a written notice not less than *5* days prior to *the* hearing shall be mailed to each landowner or water right owner affected by the proposed district. If the court finds from such hearing that an irrigation district, as prayed for in the petition, is feasible and practical, the court shall issue an order creating *the* irrigation district, which shall constitute the authority for the district to function for the purposes and intent as outlined in this act. The court shall appoint five commissioners, who *are* landowners or water right owners, affected by such district to act until the first annual meeting."

Section 22. Section 89-1322, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1478 1977

"**89-1322. Duty of trustees, levy, and indebtedness.** The board of trustees *may* develop the source of supply; clean, improve, and develop the channel of the stream; and do and perform other work on the main distributing system as will be beneficial to the better distribution of the waters of *the* decreed water right stream, but in no case *may* the board, to cover the expenses of such work, levy to exceed *25* cents per acre in any one year. *Whenever* waters of the stream under the irrigation district created by this act are commingled with other waters or it is difficult to determine how many acres are irrigable by the water rights held in *the* stream, the acre basis of levy shall be determined by the number of *cubic feet of water per second* owned by such party or parties at the rate of *.025 cubic feet of water per second* to the acre. *The* board *may not* issue bonds or incur any indebtedness other than warrant indebtedness under the limitations *imposed* by law."

Section 23. Section 89-1411, R.C.M. 1947, is amended to read as follows:

"**89-1411. Notice of hearing.** On such petition being filed, the district court or judge thereof shall make an order fixing the time and place *for a* hearing and directing that notice be given. Thereupon the clerk of *the* court shall cause to be published at least once a week for *2* successive calendar weeks in *a* newspaper of *general circulation in* the county where *the* petition is filed, *with preference given to a newspaper published in the county,* a notice stating the time and place *fixed* by the district court when and where the hearing on *the* petition will be had and containing a brief statement of the matters set forth in *the* petition and the object thereof. *If* any portion of the lands sought to be excluded from the district *lies* within any other county or counties, *the* notice shall also be published as *provided* above in *a* newspaper of *general circulation in the* other county or counties, *with preference given to a newspaper published in the other county or counties.* The first publication of *the* notice *may* not *be* less than *30* days prior to the time mentioned in *the* notice for *the* hearing."

Section 24. Section 89-1616, R.C.M. 1947, is amended to read as follows:

Interference with commissioners or distribution system — penalty.** Any person who in any manner *interferes* with the commissioners of an irrigation district or their lawful agent or employee in the carrying out of the powers conferred by this act or who *changes* or *tampers* with any lock box, head gate, or other device for the apportionment or distribution of water installed by or under the authority of *the* commissioners or who in any manner *obstructs* or *changes* the flow of water in the distribution system of any irrigation district without authority of the commissioners of the district shall, in the discretion of the commissioners, be subject to a forfeiture of his right to the delivery of water through the distribution system of the district so long as such acts continue and *is* guilty of *obstructing a public officer or criminal mischief, as appropriate, and is punishable as provided by 94-7-302 or 94-6-102, as applicable.*"

HeinOnline -- 1977 vol. II 1479 1977

Section 25. Section 89-1701, R.C.M. 1947, is amended to read as follows:

"**89-1701. Limitations on debt-incurring power.** *(1)* The board of commissioners or other officers of the district *may not* incur any debt or liability, either by issuing bonds or otherwise, except as provided in this act. *No irrigation district may become indebted, in any manner or for any purpose in any one year, in an amount exceeding 15% of the assessed valuation of the district, except as provided in subsection (2).*

(2) (a) For the purpose of organization; for any of the immediate purposes of this chapter; to make or purchase surveys, plans, and specifications; for stream gauging and gathering data; or to make any repairs occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur the indebtedness of as many dollars as there are acres in the district and may cause warrants of the district to issue therefor.

(b) For the purpose of organization, for any of the immediate purposes of this chapter, or to meet the expenses occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur (in addition to the 15% limitation of subsection (1)) an additional indebtedness not exceeding 10% of the assessed valuation of the district and may cause warrants of the district to issue therefor.

(c) The limitation of subsection (1) does not apply to warrants issued for unpaid interest on the valid bonds of any irrigation district.

(d) The limitation of subsection (1) does not apply to any bonds issued under this chapter pursuant to a provision which expressly supersedes the limitation.

(3) Any debt or liability incurred in excess of the limitations provided by the irrigation district laws is void."

Section 26. Section 89-1703, R.C.M. 1947, is amended to read as follows:

"**89-1703. Petition for bonds and issuance of bonds.** (1) *The board of commissioners of a district established under the provisions of chapter 12 of Title 89 may authorize and issue negotiable coupon bonds for the district for the purpose of providing the necessary funds:*

(d) for assuming, as principal or guarantor, indebtedness to the United States on account of district lands;

(e) for providing a sufficient amount of money to pay the interest on all negotiable coupon bonds of the district for a period not exceeding 5 years;

(f) for redeeming or paying all or any portion of the existing indebtedness of the district, evidenced by outstanding bonds; delinquent interest coupons and accrued interest; or warrants, together with all delinquent and accrued interest, whether such indebtedness has or may hereafter become payable at the option of the district, by consent of the bondholders or by any lawful means; or

(g) for otherwise carrying out the provisions of the irrigation district laws.

(2) No bonds provided for in this section *may* be authorized or issued by or on behalf of any irrigation district organized hereunder and no contract *may* be made with the United States as *provided* in 89-1301 except upon a petition signed by at least 60%, in number and acreage, of the holders of title or evidence of title to lands included within *the* district or by *at least* 75%, in number and acreage, of the holders of title or evidence of title to such lands who are residents of the county or counties in which lands of the district are situated. *The* petition shall be addressed to the board of commissioners, set forth the aggregate amount of bonds to be issued and the purpose or purposes thereof, have attached thereto an affidavit verifying the signatures to *the* petition, and be filed with the secretary of the board of commissioners. Section 27. Section 89-1704, R.C.M. 1947, is amended to read as follows:

"**89-1704. Confirmation by district court.** (1) Within 10 days after the adoption of the order or resolution mentioned in the preceding section, the board of commissioners shall file a petition in the district court of the judicial district *where* the office of *the* board *is located* to determine the validity of the proceedings relative to the issuance of *the* bonds and the levy of *the* special tax or assessment.

(2) Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested shall be had by *giving* notice. *The* petition shall set forth*:*

(a) generally, the establishment and organization of the district;

(b) a certified copy of the petition mentioned in the preceding section;

(c) a certified copy of the order or resolution mentioned in the preceding section;

(d) a prayer for the confirmation of the proceedings of the board stated in the petition and for the confirmation of the bond issue and the special tax or assessment levied to pay the bonds and interest thereon.

(3) Upon the filing of *this* petition in the district court, the court shall fix the time for the hearing of *the* petition, which *may* not be less than 15 days from the date of filing the petition in *the* court, and shall order the clerk of the court to give notice of the filing of *the* petition and the date of the hearing thereon by publication at least once a week for *2* calendar weeks in a newspaper published or of general circulation in the county where the office of the board of commissioners of the district is situated and also by posting a written or printed copy of such notice in at least three public places in each division of the district, the first of such publications and such posting to be not less than 15 days prior to the date fixed for *the* hearing.

(4) The notice shall state the substance of the petition and the time and place fixed for the hearing thereon and that any person interested in or whose rights may be affected by the issuance or sale of *the* bonds, the levy of *the* special tax or assessment, or the proceedings had or to be had by the board of commissioners with respect to *such* matters may, on or before the day fixed for the hearing of *the* petition, answer *the* petition and may appear at *the* hearing and contest the granting of the prayer of *the* petition and the entry of any order of confirmation.

(5) Any person interested in or whose rights may be affected by the issuance or sale of *the* bonds, the levy of *the* special tax or assessment, or the proceedings had or to be had by the board of commissioners of the district in connection with *such* matters and the entry of any order of confirmation may enter his appearance in such proceedings and answer *the* petition and contest the granting of the prayer of *the* petition.

HeinOnline -- 1977 vol. II 1482 1977

(6) The provisions of Title 93 respecting the answer to a verified complaint *are* applicable to *an* answer to *the* petition. The persons so answering *the* petition *are* the defendants in the proceeding, and the board of commissioners *is* the plaintiff. Every material statement of the petition not specifically controverted by the answer shall be taken as true, and every holder of title or evidence of title to lands included in the district failing to answer the petition shall be *considered* to admit as true all the material statements *thereof.* The procedure in such action shall be determined by Title 93.

(7) Upon the hearing, the district court shall find and determine whether the provisions and requirements of the preceding section have been complied with and *whether* notice of the filing of the petition in the district court and of the time and place of the hearing has been given for the time and in the manner prescribed and *may* examine and determine the regularity, legality, and validity of the proceedings preliminary and relative to the issuance of the bonds and the levy of the special tax or assessment in the petition mentioned and the legality and validity of *the* bonds and special tax or assessment and all actions taken by the board of commissioners in connection with *such* matters and shall hear all objections filed to *the* proceedings or any part thereof or to the issuance of *the* bonds or the levy of the special tax or assessment or any portion thereof. The court, in inquiring into the regularity, legality, and validity of *the* proceedings, shall disregard any error, omission, or other irregularity which does not affect the substantial rights of the parties to *the* proceedings. The court may ratify, approve, and confirm *the* proceedings in whole or in part and may ratify, approve, and confirm *the* bonds and special tax or assessment and enter its judgment accordingly.

(8) From any such judgment an appeal may be taken to the supreme court at any time within 10 days from the entry of *the* judgment. *The* appeal shall be taken, perfected, and heard in the manner prescribed by Title 93 covering appeals from district courts to the supreme court. If no appeal *is* taken *in* time or if taken and the judgment of the district court *is* affirmed by the supreme court, *the* judgment *is final.* The costs of *the* proceedings shall be allowed or apportioned between the parties in the discretion of the court."

Section 28. Section 89-1705, R.C.M. 1947, is amended to read as follows:

"**89-1705. Details relating to bonds.** (1) All bonds issued under the provisions of this act shall run for a period not longer than 40 years from their date but may contain a clause providing for their prior redemption and payment, at the option of the board of commissioners of the district, on any interest payment date after 5 years from their date. Instead of straight maturity bonds, bonds may be issued to mature serially at such times and in such amounts as the board of commissioners shall determine, but no bonds so issued *may* run for a longer period than 40 years from the date of issue. *The* bonds shall bear interest from their date until paid, payable annually or semiannually *with* the installments of interest to date of maturity of principal to be evidenced by appropriate coupons attached to each bond. *The* bonds and interest coupons shall be payable at such

HeinOnline -- 1977 vol. II 1483 1977

place or places within or without the state of Montana as the board of commissioners shall prescribe.

(2) *The* bonds shall be of such denomination or denominations and in such form as the board of commissioners shall prescribe. An issue of bonds is defined to be all the bonds issued in accordance with a resolution or order of the board of commissioners. Each issue of the bonds of a district shall be numbered consecutively as authorized, and the bonds of each issue shall be numbered consecutively. The board of commissioners shall fix the date of *the* bonds, or *they* may divide any issue into two or more divisions and fix different dates for the bonds of each division. The date of any bond must be subsequent to the order or resolution authorizing it and prior to its delivery to a purchaser from the district.

(3) All bonds issued hereunder shall be signed by the president and attested by the secretary of the board under the corporate seal of the district, and each of the interest coupons to be attached to *the* bonds shall be executed by the signatures of *the* president and secretary. Each bond shall be signed and each interest coupon shall be executed by the president and secretary of the board of commissioners who may be in office at the date of *the* bond and coupons or at any time thereafter prior to the delivery of *the* bond to the purchaser from the district.

(4) The board of commissioners may provide for the registration of bonds in their discretion. The secretary of the board of commissioners and county treasurer shall *each* keep a record of the bonds sold or otherwise disposed of; their date, number, amount, maturity, or maturities; to whom sold; rate of interest; and the place or places of payment."

Section 29. Section 89-1713, R.C.M. 1947, is amended to read as follows:

"**89-1713. Purpose of bonds — petition, requirements, and contents of.** *(1) An* irrigation district may issue refunding bonds for the purpose of redeeming or paying the indebtedness or any portion thereof of the district, whether represented by existing and outstanding bonds, interest coupons thereof, or warrants, including accrued and unpaid interest on *the* bonds, coupons, and warrants, and whether such indebtedness *is* due or not due or has or may become payable at the option of the district, by consent of *the* bondholders or warrant holders, or by any legal means and whether such indebtedness *is* now existing or may be created, and funds in the treasury of *the* district *are not* available for the payment of the same. *The* refunding bonds may be issued in one or more series. The petition for *the* refunding bonds, signed as required by law by at least 60% in number and acreage of the holders of title or evidence of title to the lands included within *the* district *and* addressed to the board of directors or commissioners of the district, may contain the following specifications, in addition to the matters now required by law:

(a) *how* many series of bonds shall be issued; and

(b) *the* terms, conditions, and liens of the bonds and the terms and conditions upon which each of *the* series of bonds shall be exchanged for outstanding bonds of *the* district if the same are to be exchanged and not sold.

HeinOnline -- 1977 vol. II 1484 1977

(2) The specifications provided for in subsection (1), when set forth in the petition, are controlling upon the board of directors or commissioners. The petitioners shall in the specifications set forth the contract of exchange to be made, with particularity. The contract may include any term, requirement, grant, transfer of property or rights, covenant, or condition considered by the petitioners to be in the best interest of the district. The petition shall state that the board of directors or commissioners of the district may authorize and direct the issuance of bonds according to the specifications of the petition, make any such contract, and bind the irrigation district under the contract."

Section 30. Section 89-1801, R.C.M. 1947, is amended to read as follows:

"**89-1801. Tax or assessment to pay bonds and interest.** (1) All bonds and the interest thereon issued hereunder and all payments due or to become due to the United States under any contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as *provided* in 89-1301, shall be paid by revenue derived from a special tax or assessment levied upon all the lands included in the district, except upon *those* lands *that* have been included in *the* district on account of the exchange or substitution of water under the provisions of 89-1611, if there *are any. All* lands in the district at the time *the* bonds are issued and all lands subsequently included which are so chargeable under the provisions of this act shall be and remain liable to be taxed and assessed for the payment of *the* bonds and interest and all payments due or to become due to the United States under any contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as *provided* in 89-1301.

(2) *The* board of commissioners of the district, in the order or resolution authorizing and directing the issuance of bonds of the district mentioned in 89-1703, *shall* provide for the annual levy and collection of a special tax or assessment upon all the lands included in the district and subject to taxation and assessment, sufficient in amount to meet the interest on *the* bonds promptly when and as the same accrues and to discharge the principal thereof at their maturity or respective maturities and to meet all payments due or to become due to the United States under any contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as *provided* in 89-1301, at the times such payments by such contract become due and payable. *When* straight maturity bonds are issued, the board of commissioners of the district *shall* create and maintain a sinking fund sufficient to pay and discharge *the* bonds at maturity. If *the* bonds *are* issued for 20 years or less, there shall be annually levied for *the* sinking fund a special tax or assessment sufficient to produce a net amount represented by the quotient found by dividing the aggregate amount of the principal of the bonds by the number of years the bonds have to run; but if *the* bonds are issued for more than 20 years, it *is* not necessary to levy a special tax or assessment for sinking fund until the *20th* year prior to the maturity of the bonds, at which time and each year thereafter there shall be levied and collected a special tax or assessment sufficient

HeinOnline -- 1977 vol. II 1485 1977

to produce a net sum equal to one-twentieth part of the aggregate amount of the principal of the bonds.

(3) A certified copy of such resolution shall be filed with the clerk of the board of county commissioners of each county in which the lands of the irrigation district lie, and the special tax or assessment therein provided for shall be levied and collected as prescribed and when so collected shall, by the county treasurer having custody of the funds of the district, be placed in a special fund and used solely for the payment of all *bonds issued under the provisions of this chapter and interest thereon, so long as any of the bonds or interest coupons remain outstanding and unpaid. Whenever the payments are made for amounts due or to become due to the United States, under a contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as provided in 89-1301, the special fund shall be known as the United States contract fund.*

(4) In the event that for any reason *a* special tax or assessment provided for cannot or *may* not be levied and collected in time to meet any interest falling due on any bonds issued, the board of commissioners shall provide for and pay such interest when due, either out of any of the funds in hand in the treasury of the district not otherwise appropriated or by warrants drawn against the next district tax or assessment levied or to be levied. *These* warrants shall be in addition to those mentioned in 89-1701.

(5) The board of commissioners shall direct the investment of the funds in any bond sinking fund in interest-bearing securities whenever in their judgment the *investment* may be to the best interest of the district. *All* such securities shall be converted into cash in time to meet the principal on the bonds payable from such sinking fund promptly at their maturity."

Section 31. Section 89-1803, R.C.M. 1947, is amended to read as follows:

"**89-1803. All irrigable lands chargeable alike.** *(1)* All irrigable lands in each irrigation district, except such lands *that are* included within *the* district *because* of the exchange or substitution of water under the provisions of 89-1611, shall pay at the same rate for all purposes for which *the* lands are charged, *except as otherwise provided by law. There* may be a minimum charge of $5 against each separately owned tract of land regardless of its size, as provided in 89-1804. *Whenever* water used for the irrigation of any lands within an irrigation district *is* obtained by pumping to different elevations, the cost of maintenance, operation, and pumping to each separate elevation shall be apportioned and levied upon the lands lying under the ditch or ditches running from that particular elevation, in such manner as may be determined fair and equitable by the board of commissioners after considering the facts in each case. *This* apportionment shall be made by the board of commissioners and included each year in the assessment provided for by 89-1804.

(2) The amount of *the* assessment for maintenance, operation, and pumping of water to each separate elevation, whenever there are different

HeinOnline -- 1977 vol. II 1486 1977

elevations, shall be determined by the board of commissioners in such manner and upon such notice to the persons interested in *the* district as *the* board in its rules may provide. *Whenever a* contract *has* been made with the United States, the lands within the district, whether originally included or later annexed to the district, shall pay in accordance with the federal reclamation laws and the public notices, orders, and regulations issued thereunder and in compliance with any contracts made by the United States with the owners of *the* lands and in compliance with the contract between the districts and the United States. *Whenever* the works necessary for the completed project *are* constructed progressively over a period of years and *whenever* a portion of the lands within the district are or can be irrigated *1* year or more before the completion of the entire project, *those* lands, so irrigated or that can be so irrigated through the built portion of the project, shall pay for the cost of operating that portion of the project serving them with irrigation water and also shall pay such portion of the interest charges as its irrigable area bears to the irrigable area of the entire project. *Whenever* lands *have* appurtenant thereto a partial water right or partial rights in a system of irrigation other than that of the districts, the amounts payable shall be equitably apportioned."

Section 32. Section 89-1805, R.C.M. 1947, is amended to read as follows:

"**89-1805. Procedure for the determination of irrigable area.** (1) For the purpose of determining the number of acres of irrigable lands in each *40-acre* tract or fractional lot as designated by the United States public survey or platted lot, if land is subdivided in lots and blocks (or *whenever* land *is* owned in less than *40-acre* tracts or in less than the platted lot, then *in* each such tract) of land in the district, the board of commissioners of any irrigation district *established under the provisions of chapter 12 of Title 89,* whenever *considered* advisable and at any time except as otherwise provided, may cause a careful topographical survey and map of *the* lands to be made, as well as a specific examination of the character of the soil of each tract. Upon completion of *the* survey and maps and examination, the board shall give notice that at a meeting of *the* board, to be held at the office of the board on a day to be fixed in *the* notice, *the* board will determine the irrigable area of each tract of land in the district and that it will hear and consider any objection on the part of any landowner in the district to *the* determination and to adjustment of the irrigable area of *the* district or of any lands within any tract or subdivision thereof. It *is not* necessary to describe *the* tracts in *the* notice. *The* notice shall be given by publication once a week for *2* successive calendar weeks in a newspaper of general circulation in the county where the office of the board is located, and *whenever* lands of any irrigation district lie in more than one county, *the* notice shall also be published in a newspaper or newspapers of general circulation in each county. The last publication of *the* notice shall be at least *5* days prior to the date fixed for *the* meeting.

(2) At *the* meeting, the board shall proceed to determine and fix the number of acres in each tract or subdivision irrigable from the works or proposed works of the district and shall hear all persons interested who may appear and shall continue in session from day to day (exclusive of

HeinOnline -- 1977 vol. II 1487 1977

Sundays and legal holidays) as long as may be necessary and until *the* determination of irrigable area *is* completed. The board shall hear *and receive* all evidence offered, including maps and surveys caused to be prepared by it as well as maps and surveys prepared by any owner of lands. Upon such determination, the irrigable area so fixed shall become and thereafter be the acreage upon which any special tax or assessment shall be levied, and each irrigable acre shall pay at the same rate as every other acre of irrigable land in *the* district, *except as otherwise provided by law. Any* special tax or assessment levied for any purpose *is* a lien upon the entire *40-acre* tract or fractional lot as designated by the United States public survey or platted lot, if land is subdivided in lots and blocks (or *whenever* land *is* owned in less than *40-acre* tracts or in less than the platted lot, then against each such tract) of land in the district of which *the* irrigable area forms a part, and *the* lien shall attach to *the* entire tract as of January *1* in the year in which *the* special tax or assessment is levied.

(3) Upon completing *the* determination, the board shall fix, by appropriate resolution or order, the total acreage and the irrigable acreage of each tract or subdivision and shall cause to be prepared a list of all lands in *the* district, which list shall contain an accurate description of each *40-acre* tract or fractional lot as designated by the United States public survey or platted lot, if land is subdivided in lots and blocks (or *whenever* land *is* owned in less than *40-acre* tracts or in less than the platted lot, then *of* each such tract) of land in *the* district, the total acreage and the number of irrigable acres therein as so fixed and determined, and the name of the owner or holder of title or evidence of title thereof, ascertained as provided in 89-1201. *This* list, when completed and adopted, shall be filed in the office of the board of commissioners and shall remain there for public inspection. A certified copy of *the* resolution and list shall be filed with the county clerk and recorder of each county in which any portion of the lands in *the* district are situated. *The* lands not situated in the county in which such copy is filed *shall be omitted from the copy.*

(4) No special tax or assessment *may* be levied against any *40-acre* tract or fractional lot as designated by the United States public survey or platted lot, if land is subdivided in lots and blocks (or *whenever* lands *are* owned in less than *40-acre* tracts or in less than the platted lot, then against each such tract) found by *the* board to contain no irrigable land; nor *may* any lien created after the order of determination attach to any such tract, nor *may* the owner or owners of any tract or tracts have any vote or votes in any proceeding or election under the provisions of Chapter 146 of the Laws of 1909 or any amendment thereof or act supplementary thereto, after the making of such order, unless *their* land or a portion thereof *is* found by *the* board to contain an area irrigable from the works or proposed works of *the* district.

(5) Upon the determination provided for in this section, the board of commissioners *may* refund any taxes paid or cancel any unpaid taxes or assessments levied upon an acreage in excess of that so fixed by *the* order of determination and *whenever* necessary, may issue warrants therefor.

(6) Within *60* days after *the* resolution adopting *the* list, the board of commissioners may petition the district court for confirmation of their

HeinOnline -- 1977 vol. II 1488 1977

acts in determining the irrigable area and in refunding or canceling any taxes or assessments. The majority in number and acreage of the holders of title or evidence of title to lands in *the* district, ascertained as *provided* in this act, may likewise within such *60-day* period petition the district court for review of the actions of the board of commissioners. *However,* one of *these* proceedings, if prosecuted to determination, *is* exclusive of the other. Upon such proceeding, the court may order any assessment of taxes upon any land or lands to be reduced or raised according to the irrigable area as found by the court or taxes previously levied upon any area shown to be excessive to be refunded or canceled.

(7) The provisions of 89-1402 regarding the procedure as well as the right and time to appeal apply to any proceeding instituted *pursuant to* this section; provided nothing in this section *affects or impairs* the lien of any bonds issued by the district. *If* confirmation proceedings are held and a certified copy of the order of confirmation *is* filed with the county clerk and recorder of the county in which any portion of *the* lands is situated, it *is not* necessary to file in *the* office the certified copy of the resolution and order of the board or of the list provided for *in this section.*

(8) *Whenever* districts have been established in order to *cooperate* with the United States under the federal reclamation laws or under any act of *congress* which *permits* the performance by the United States of work in this state, for the purposes of construction of irrigation works, including drainage works, or for purchase, extension, operation, or maintenance of construction works or for the assumption as principal or guarantor of indebtedness to the United States on account of district *lands,* the determination of the irrigable area of the lands in *the* district may be made by the board of commissioners in the manner *provided* in this section or by the United States at the option of the latter, and, if the United States determines the irrigable area, the proceeding for the apportionment and distribution of the costs of the proposed works or improvements provided for in 89-1806 *may* not be had."

Section 33. Section 89-1806, R.C.M. 1947, is amended to read as follows:

"**89-1806. Apportionment of costs when bonds issued.** (1) Whenever a petition for the issuance of bonds of any irrigation district *established under the provisions of chapter 12 of Title 89 has* been filed as *provided* in 89-1703, the board of commissioners of *the* district shall examine or cause to be examined each *40-acre* tract or fractional lot as designated by the United States public survey or platted lot, if land is subdivided in lots and blocks (or *whenever* land *is* owned in less than *40-acre* tracts or in less than the platted lot, then each such tract) of land in *the* district and cause a careful topographical survey and map to be made in the manner provided for in 89-1805. Upon such examination, the board shall determine the number of irrigable acres in each such tract and shall apportion and distribute the cost of the works or improvements for which *the* bonds are to be issued over the tracts within *the* district according to the irrigable area in each of *the* tracts or subdivisions, so that each such irrigable acre *is* required to bear the same burden of such costs as each other irrigable acre in *the* district, *except as otherwise provided by law. The* special tax or assessment levied to meet the principal of and

HeinOnline -- 1977 vol. II 1489 1977

interest on *the* bonds so authorized *is* a lien upon the entire tract of which such irrigable area forms a part or portion as of January *1* of the year in which *the* special tax or assessment is levied, and the number of irrigable acres in each such tract as so determined *may* not be diminished but may be increased during the term for which any such bonds *are* issued or until the bonds *are* liquidated in full.

(2) *Whenever* a proceeding for the determination, in whole or in part, of the irrigable area of the lands in *the* district has already been had or a topographical survey or maps thereof prepared or a court confirmation of prior proceedings had, in part or in full, the board may, in its discretion, adopt all or such portions of *the* prior proceedings and *need not* cause an additional survey or maps or examination of any of such tracts to be made or redetermine the irrigable area of any such tract.

(3) The board shall make such determination after *the* hearing and shall fix the total acreage and the irrigable acreage and shall cause a list of such irrigable area to be made and filed, and the proceedings of the board in connection with such determination, including *the* hearing and notice of *the* hearing and order or resolution fixing the irrigable area and the preparation and filing of *the* list, shall conform to the requirements set forth in 89-1805. At *the* hearing, the board shall also determine the amount and rate per acre necessary to be levied against each irrigable acre in the district to meet the interest on and principal of *the* authorized bond issue, and any tax levied for such purposes *is* a lien upon the entire tract of which *the* irrigable area forms a part. If any landowner in the district *appears* before the board at *that* time and *pays* in cash the amount fixed against his land as its proportion of the amount found necessary for the purposes for which *the* bonds were authorized and are to be issued, his land shall be excluded from the lien of the bond issue and the amount of bonds intended to be issued shall be reduced by the amount of such payment. Any person interested who *fails* to appear before the board at *the* meeting *may* not thereafter be permitted to contest the proceedings of *the* board or any part thereof, except upon special application to the court in the proceedings for the confirmation of *the* bonds and a showing of reasonable excuse for failure to appear before *the* board of commissioners.

(4) In case any such landowner makes objection to the proceedings of *the* board in determining the irrigable area in his own or any other tract of land or the amount or rate per acre of the special tax and assessment to be levied against each irrigable acre in the district for the purposes of the proposed bond issue and *the* objection is overruled by the board, *the* objection without further proceedings shall be regarded as appealed to the district court and shall, with the other proceedings of *the* board at *the* meeting, be heard at the proceedings to confirm *the* bonds, as provided in 89-1704, and when so confirmed, *the* order overruling such objection and confirming the order of the board determining the irrigable area of each tract of land and apportioning the cost of the improvement thereto shall become final, binding, and conclusive upon *the* landowner and upon the district, unless appealed from as *provided* in 89-1704.

(5) *Whenever* the irrigable area of the lands in any irrigation district *has* been determined and confirmed, no owner or holder of title or evi-

dence of title to lands in *the* district, during the period *when* any bonds thereafter authorized *are* issued and outstanding, *may* have the taxable acreage of his lands fixed or adjudicated in the manner provided by 89-1404 *through* 89-1408 in such manner or to such extent as to reduce the acreage subject to the payment of *the* bonds or interest thereon or in such manner as to affect the security of *the* bonds or interest thereon."

Section 34. Section 89-1811, R.C.M. 1947, is amended to read as follows:

"**89-1811. County treasurer as custodian of district funds.** The county treasurer of the county *where* the office of an irrigation district is located *is* the custodian of all funds belonging to the district, and he shall pay out such funds upon the order of the board of commissioners, except payments on bonds and interest for which no order *is* necessary. *If* any portion of the funds belonging to a district *has* been collected for the purpose of establishing a reserve fund, the county treasurer shall pay such portion to the district on order of the district's board of commissioners who *may* invest the same in state or federal bonds or in savings certificates of institutions insured by the federal deposit insurance corporation. Where moneys of a district in the United States contract fund established pursuant to *89-1801(3)* are in excess of those needed to pay a district's next succeeding annual contract obligation or obligations to the United States, such excess or any part thereof may, upon order of the district's board of commissioners and with the consent of the United States officer administering the contract for which the contract fund has been established, be paid to the district for use in meeting other obligations of the district. Such orders of the board of commissioners shall be signed by the president and secretary of the board and shall bear the official seal of the district."

Section 35. Section 89-1816, R.C.M. 1947, is amended to read as follows:

"**89-1816. Proceeds of sale.** Whenever any lot, tract, piece, or parcel of land included within and forming a part of any irrigation district created under the provisions of this chapter or included within any extension of such district *is* sold by the treasurer of the county *where* such land is situated in the manner provided by law for the sale of lands for delinquent taxes for state and county purposes and taxes or assessments of *the* irrigation district form all or a part of the taxes for which such lands are sold, the county treasurer making such sale or sales *shall* place to the credit of the proper funds of such irrigation district, out of the proceeds of *the* sale or sales, the total tax or assessment of *the* irrigation district, inclusive of the interest and penalty thereon as provided for by the general laws relating to delinquent taxes for state and county purposes, and whenever any such lands are struck off at such sale to the county *where they* are *situated* pursuant to the provisions of 84-4124, the county treasurer of *the* county must, upon the issuance of the certificate of tax sale to *the* county, issue to *the* irrigation district, in its corporate name, a debenture certificate for the amount of taxes and assessments due to *the* irrigation district from *the* lands and premises so sold, inclusive of the interest and penalty thereon, which certificate *is* evidence of and conclusive of the interest and claim of *the* irrigation district in, to, against,

HeinOnline -- 1977 vol. II 1491 1977

and upon the lands and premises so struck off to *the* county at *the* tax sale, and after the issuance of *the* certificate, the sum named therein and the taxes and assessments of *the* district evidenced thereby shall bear interest at the rate of *1% a* month from the date of *the* certificate until redeemed in the manner provided for by law for the redemption of the lands sold for delinquent state and county taxes or until paid from the proceeds of the sale of the lands and premises described therein in *the* manner provided for by *law*, and duplicates of such certificates so issued to *the* irrigation district shall be filed in the office of the county clerk and county treasurer of *the* county with the certificate of tax sale of *the* lands and premises."

Section 36. Section 89-1819, R.C.M. 1947, is amended to read as follows:

"**89-1819. The registration shall be renewed annually by the manufacturer, formulator, *or distributor* of the pesticide. The department of agriculture shall register all approved pesticides and those registered are subject to registration fees and all other provisions of this act. All registrations of pesticides expire on December 31 following the date of issuance, unless otherwise terminated.

(2) The applicant for registration shall file with the department of agriculture a statement including:

(a) *the* name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the registrant;

(b) *a* complete copy of the label of the pesticide, the United States environmental protection agency registration number if the pesticide is so registered, and a statement of all claims to be made for it, including directions for use;

(c) *the* trade and chemical name of the pesticide;

(d) *if* requested by the department of agriculture, a full description of tests made and the results upon which the claims are based. In the case of renewal of registration, a statement shall be required only with

respect to information which is different from that furnished when the pesticide was registered or last reregistered.

(3) Any pesticide imported into this state which is subject to the provisions of any federal act providing for the registration of pesticides and has been registered under the provisions of a federal act shall be registered in the state. However, the state may restrict the use and application of the pesticide by type of applicator, time, and place and may establish special registrations of pesticides as outlined in subsection *(8)* of this section and 27-234(3). The annual registration fee must also be paid, and registration information required by the department of agriculture must be provided.

(4) The applicant shall pay an annual fee of $10 for each pesticide registered. *A registration fee is not required to register an experimental use permit.* Fees collected shall be deposited in the state treasury to the credit of the general fund.

(5) The department of agriculture may require the submission of the complete formula and certified analytical standards of any pesticide. If it appears to the department of agriculture that the composition of the article warrants the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of 27-218, it shall register the article.

(6) If it does not appear to the department of agriculture that the article warrants the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with this chapter, it shall notify the applicant of the manner in which the articles, labeling, or other material required to be submitted fails to comply with the act so as to afford the applicant an opportunity to make the necessary corrections. If the applicant does not make the corrections *upon receipt of the notice,* the department of agriculture may refuse to register the article. The department of agriculture may suspend or cancel the registration of a pesticide whenever it does not appear that the article or its labeling comply with this act. The maintenance of such records in the office of a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this section for any insurer maintaining membership or subscribership in such organization, to the extent that the insurer uses the rates, rating plans, rating systems or underwriting rules of such organization. CHAPTER NO. 470

AN ACT TO AMEND SECTION 89-880, R.C.M. 1947, TO PERMIT THE CONSTRUCTION OF STOCK WATER IMPOUNDMENTS OR PITS OF LESS THAN 15 ACRE-FEET WITHOUT FIRST SECURING A WATER USE PERMIT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 89-880, R.C.M. 1947, is amended to read as follows:

"**89-880. Right to appropriate — application for permit.** (1) After July 1, 1973, a person may not appropriate water except as provided in this act. A person may only appropriate water for a beneficial use. A right to appropriate water may not be acquired by any other method, including by adverse use, adverse possession, prescription or estoppel; the method prescribed by this act is exclusive.

(2) Except as otherwise provided in subsection (5) of this section, a person may not appropriate water or commence construction of diversion, impoundment, withdrawal, or distribution works therefor except by applying for and receiving a permit from the department. The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The department shall return a defective application for correction or completion together with the reasons for returning it. An application does not lose priority of filing because of defects, if the application is corrected, completed and refiled with the department within thirty (30) days after its return to the applicant, or within a further time as the department may allow.

(3) The department may cease action upon an application for a permit and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for any of these reasons shall be accompanied by a statement of the reasons for which it was returned, and there shall be no right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection shall be deemed a final decision of the department.

(4) A permit issued prior to a final determination of existing rights is provisional and is subject to that final determination. The amount of the appropriation granted in a provisional permit shall be reduced or

HeinOnline -- 1977 vol. II 1522 1977

modified where necessary to protect and guarantee existing rights determined in the final decree. A person may not obtain any vested right, to an appropriation obtained under a provisional permit, by virtue of construction of diversion works, purchase of equipment to apply water, planting of crops, or other action, where the permit would have been denied or modified if the final decree had been available to the department.

(5) *(a)* Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater by means of a well with a maximum yield of less than one hundred (100) gallons a minute. Within sixty (60) days of completion of the well the appropriator shall file notice of completion on a form provided by the department at its offices and at the offices of the county clerks and recorders. Upon receipt of the notice, the department shall automatically issue a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder, in the county where the point of diversion or place of use is located, for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the appropriator. The date of filing of the notice of completion is the date of priority of the right.

(b) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is from a source other than a perennial flowing stream. As used in this subsection, a perennial flowing stream means a stream which historically has flowed continuously at all seasons of the year, during dry as well as wet years. However, before constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this act. If the department determines after processing the application that the rights of other appropriators have been or will be adversely affected, it may require the applicant to modify the construction of the impoundment or pit, and issue the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(6) A person who desires to convert a nonproductive oil or gas well to a water well may do so immediately, but shall file a notice of completion or apply for a permit, depending on the maximum yield of the well, as otherwise provided in this act. The date of appropriation shall be the date of filing the notice of completion or the application for a permit.

(7) A person may also appropriate water, without applying for or prior to receiving a permit, under rules adopted by the board under section 89-869 of this act."

Approved April 26, 1977.

CHAPTER NO. 475

AN ACT TO AMEND SECTION 70-128, R.C.M. 1947, TO SHORTEN THE TIME ALLOWED FOR AN APPEAL FROM A DECISION OF THE PUBLIC SERVICE COMMISSION AND TO SHORTEN THE TIME FOR ANSWERING THAT APPEAL; REPEALING SECTION 70-123, R.C.M. 1947, RELATING TO RECORDS KEPT BY THE COMMISSION FOR APPEALS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 70-128, R.C.M. 1947, is amended to read as follows:

"**70-128. Action to set aside rates or charges fixed by commission.** (1) Any party in interest being dissatisfied with an order of the commission fixing any rate or rates, fares, charges, classifications, joint rate or rates, or any order fixing any regulations, practices, or services, may within *30* days commence an action in the district court of the proper county against the commission and other interested parties as defendants, to vacate and set aside any such order on the ground that the rate or rates, fares, charges, classifications, joint rate or rates, fixed in such order is unlawful or unreasonable, or that any such regulation, practice, or service, fixed in such order, is unlawful or unreasonable. The commission and other parties defendant shall file their answer to said complaint within *20* days after the service thereof, whereupon such action shall be at issue and stand ready for trial upon twenty days' notice to either party.

(2) All actions brought under this section shall have precedence over any civil cause of a different nature pending in such court, and the court shall always be deemed open for the trial thereof, and the same shall be

HeinOnline -- 1977 vol. II 1526 1977

tried and determined as other civil actions; any party to such action may introduce evidence in addition to the transcript of the evidence offered to such commission. Any party in interest being dissatisfied with the order of the commission fixing any rate or rates, fares, charges, classifications, joint rate or rates, or any order fixing or prescribing any rule, regulation, practice, or service, may apply to the district court having jurisdiction, for, and upon proper showing there shall be issued by such court, an injunction, staying and suspending the operation of the order of the commission pending the final determination of the reasonableness and lawfulness of said order in the courts. All orders of the commission shall become operative within twenty days after the filing of the order by the commission subject to the right of stay and injunction as hereinbefore provided. As a condition to the granting of such injunction, the court shall require of the party seeking such injunction an undertaking entered into on the part of the plaintiff, supported by responsible corporate surety, in such reasonable sum as the court shall direct, to the effect that the plaintiff will pay all damages which the opposite party may sustain by reason of the delay or prevention of the order of the commission becoming effective if said order is sustained in the final determination, or in proceedings involving rates the court may in the alternative require the difference between the existing rate and the commission ordered rate to be impounded under the direction of the court, pending the final determination of the action.

(3) If, upon the trial of such action, evidence shall be introduced by the plaintiff which is found by the court to be different from that offered upon the hearing before the commission, or additional thereto, the court, before proceeding to render judgment, unless the parties to such action stipulate in writing to the contrary, shall transmit a copy of such evidence to the commission, and shall stay further proceedings in said action for fifteen days from the date of such transmission. Upon receipt of such evidence, the commission shall consider the same, and may modify, amend, or rescind its order relating to such rate or rates, fares, charges, classifications, joint rate or rates, regulation, practice, or service complained of in said action, and shall report its action thereon to said court within ten days from the receipt of such evidence.

(4) If the commission shall rescind its order complained of, the action shall be dismissed; if it shall alter, modify, or amend the same, such altered, modified, or amended order shall take the place of the original order complained of, and judgment shall be rendered thereon, as though made by the commission in the first instance. If the original order shall not be rescinded or changed by the commission, judgment shall be rendered upon such original order.

(5) Either party to said action, within sixty days after service of a copy of the order or judgment of the court, may appeal or take the case up on error as in other civil actions. Where an appeal is taken to the supreme court of Montana, the cause shall, on the return of the papers to the higher court, be immediately placed on the calendar of the then pending term, and shall be assigned and brought to a hearing in the same manner as other causes on the calendar.

(6) In all actions under this act, the burden of proof shall 'e upon the

Section 2. There is a new R.C.M. section numbered 47A-3-302 that reads as follows:

47A-3-302. Nonpartisan primary ballot and election. (1) Except as otherwise provided in this section, a nonpartisan primary election shall be conducted, canvassed, and its results returned in the same manner as a partisan primary election.

(2) Ballots in a nonpartisan primary election shall contain only the name of the candidate and the office to which the candidate seeks election.

(3) Electors voting at a nonpartisan primary election may vote for the number of candidates to be elected to each office.

HeinOnline -- 1977 vol. II 1532 1977

(4) If the number of candidates to be entered on the nonpartisan primary ballot for each office does not exceed twice the number of candidates to be elected for the respective offices, a nonpartisan primary election shall not be held in that year and all candidates entered on the nonpartisan primary ballot shall be considered nominated for their respective offices and shall have their names placed on the nonpartisan general election ballot. If the number of candidates to be entered on the nonpartisan primary ballot for any particular office does exceed twice the number of persons to be elected to that office, a primary election shall be held for all offices to be voted on at the general election.

(5) Candidates for nomination, equal to twice the number to be elected at the nonpartisan general election for that office, who receive the highest number of votes cast at the nonpartisan primary or nominees determined under subsection (4) of this section are nominees for office and shall have their names entered on the nonpartisan general election ballot.

(6) In municipalities with a population of 3,500 or less, a primary election is not required and candidates shall have their names entered on the general election ballot by filing a declaration of nomination not later than 5 p.m. 40 days before the date of the election.

Section 3. There is a new R.C.M. section numbered 47A-3-303 that reads as follows:

47A-3-209. Amendment of self-government charters or adopted alternative forms of government. (1) An amendment to a self-government charter or an adopted alternative form of government may only be made by submitting the question of amendment to the electors of the local government. To be effective, a proposed amendment must receive an affirmative vote of a majority of the electors voting on the question. An amendment approved by the electors becomes effective on the first day of the local government fiscal year following the fiscal year of approval unless the question submitted to the electors provides otherwise.

(2) An amendment to a self-government charter or an adopted alternative form of government may be proposed by initiative by petition of 15% of the electors of the local government or by ordinance enacted by the governing body. The question on amendment of a charter or an adopted alternative form of government shall be submitted to the electors as soon as possible after the submission of a petition or enactment of a resolution, either at a regularly scheduled election or at a special election.

(3) The local government, by ordinance, may provide procedures for the submission and verification of initiative petitions.

Section 5. There is a new R.C.M. section numbered 47A-3-102 that reads as follows:

HeinOnline -- 1977 vol. II 1533 1977

47A-3-102. Ordinance requirements. (1) All ordinances shall be submitted in writing in the form prescribed by resolution of the governing body.

(2) No ordinance passed shall contain more than one comprehensive subject which shall be clearly expressed in its title, except ordinances for codification and revision of ordinances.

(3) An ordinance must be read and adopted by a majority vote of members present at two meetings of the governing body not less than 12 days apart. After the first adoption and reading, it must be posted and copies made available to the public.

(4) In the event of an emergency, the governing body may waive the second reading. An ordinance passed in response to an emergency shall recite the facts giving rise to the emergency and requires a two-thirds vote of the whole governing body for passage. An emergency ordinance shall be effective on passage and approval and shall remain effective for no more than 90 days.

(5) After passage and approval, all ordinances shall be signed by the chairman of the governing body and filed with the official or employee designated by ordinance to keep the register of ordinances.

(6) No ordinance other than an emergency ordinance shall be effective until 30 days after second and final adoption. The ordinance may provide for a delayed effective date or may provide for the ordinance to become effective upon the fulfillment of an indicated contingency.

(7) If the plan of government allows the chief executive to veto an ordinance, this power must be exercised in writing prior to its next regularly scheduled meeting of the governing body. Whenever the chief executive vetoes an ordinance, the governing body must act at the next regularly scheduled meeting to either override or confirm the veto. Whenever the veto is overridden or the executive fails to act, the ordinance shall take effect.

(8) There shall be maintained a register of ordinances in which all ordinances are entered in full after passage and approval, except when a code is adopted by reference. When a code is adopted by reference, the date and source of the code shall be entered.

(9) (a) No later than 1980 and at 5-year intervals thereafter appropriate ordinances shall be compiled into a uniform code and published.

(b) The recodification is not effective until approved by the governing body.

(10) This section merely provides a procedure for the adoption of ordinances, and shall not be construed as granting authority to adopt ordinances.

Section 6. There is a new R.C.M. section numbered 47A-3-103 that reads as follows:

47A-3-103. Adoption and amendment of codes by reference. (1)

Any local government may adopt or repeal an ordinance which incorporates by reference the provisions of any code or portions of any code, or any amendment thereof, properly identified as to date and source, without setting forth the provisions of the code in full. Notice of the intent to adopt a code by reference shall be published after first reading and prior to final adoption of the code. At least one copy of the code, portion, or amendment which is incorporated or adopted by reference shall be filed in the office of the clerk of the governing body and there kept available for public use, inspection, and examination. The filing requirements herein prescribed shall not be considered to be complied with unless the required copies of the codes, portion, amendment, or public record are filed with the clerk of the governing body for a period of 30 days prior to final adoption of the ordinance which incorporates the code, portion, or amendment by reference.

(2) The governing body may adopt or amend a code by reference by an emergency ordinance and without notice. The emergency ordinance is automatically repealed 90 days following its adoption and cannot be reenacted as an emergency ordinance.

(3) The process for repealing an ordinance which adopted or amended a code by reference shall be the same as for repealing any other ordinance.

(4) The filing requirement of subsection (1) of this section shall be complied with in adopting amendments to codes.

(5) Any ordinance adopting a code, portion, or amendment by reference shall state the penalty for violating the code, portion, or amendment, or any provision thereof separately, and no part of any penalty shall be incorporated by reference.

(6) For purposes of this section, "code" means any published compilation of rules which has been prepared by various technical trade associations, model code organizations, federal agencies, or this state or any agency thereof; and shall include specifically but shall not be limited to: traffic codes, building codes, plumbing codes, electrical wiring codes, health or sanitation codes, fire prevention codes, inflammable liquids codes, together with any other code which embraces rules pertinent to a subject which is a proper local government legislative matter.

Section 7. There is a new R.C.M. section numbered 47A-3-104 that reads as follows:

47A-3-104. Penalty for violation of ordinance. A local government may fix penalties for the violation of an ordinance which do not exceed a fine of $500 or 6 months' imprisonment or both the fine and imprisonment.

Section 8. There is a new R.C.M. section numbered 47A-3-105 that reads as follows:

47A-3-105. Resolution requirements. (1) All resolutions shall be submitted in the form prescribed by resolution of the governing body.

(2) Resolutions may be submitted and adopted at a single meeting of the governing body.

HeinOnline -- 1977 vol. II 1535 1977

(3) If the plan of government allows the executive to veto resolutions, this power must be exercised in writing at the next regular meeting. If the executive fails to act, the resolution shall be approved. If the executive vetoes a resolution, the governing body must act at the same meeting or its next regularly scheduled meeting to either override or confirm the veto.

(4) After passage and approval, all resolutions shall be entered into the minutes and signed by the chairperson of the governing body.

(5) All resolutions shall be immediately effective unless a delayed effective date is specified.

Section 9. There is a new R.C.M. section numbered 47A-3-106 that reads as follows:

47A-3-106. Initiative and referendum. (1) The powers of initiative and referendum are reserved to the electors of each local government. Resolutions and ordinances within the legislative jurisdiction and power of the governing body of the local government, except those set out in subsection (2) of this section, may be proposed or amended and prior resolutions and ordinances may be repealed in the manner provided in this section.

(2) The powers of initiative shall not extend to the following:

(a) the annual budget;

(b) bond proceedings, except for ordinances authorizing bonds;

(c) the establishment and collection of charges pledged for the payment of principal and interest on bonds; or

(d) the levy of special assessments pledged for the payment of principal and interest on bonds.

(3) The electors may initiate and amend ordinances and require submission of existing ordinances to a vote of the people by petition. If submitted prior to the ordinance's effective date, a petition requesting a referendum on the ordinance shall delay the ordinance's effective date until the ordinance is ratified by the electors. A petition requesting a referendum on an emergency ordinance filed within 30 days of its effective date shall suspend the ordinance until ratified by the electors.

(4) The governing body may refer existing or proposed ordinances to a vote of the people by resolution.

(5) A petition or resolution for initiative or referendum shall:

(a) embrace only a single comprehensive subject;

(b) set out fully the ordinance sought by petitioners, or in the case of an amendment, set out fully the ordinance sought to be amended and the proposed amendment, or in the case of referendum, set out the ordinance sought to be repealed; and

(c) contain the signatures of 15% of the electors of the local government.

HeinOnline -- 1977 vol. II 1536 1977

(6) (a) The governing body may, within 60 days of receiving the petition, take the action called for in the petition. If the action is taken, the question need not be submitted to the electors.

(b) If the governing body does not, within 60 days, take the proposed action, then the question shall be submitted to the electors at the next school, primary, or general election or a special election called for that purpose. Before submitting the question to the electors, the governing body may direct that a suit be brought in district court by the local government to determine whether the petition is regular in form, has sufficient signatures, and whether the proposed action would be valid and constitutional.

(c) The complaint shall name as defendants not less than 10 or more than 20 of the petitioners. In addition to the names of the defendants, to the caption of the complaint there shall be added the words: "And all petitioners whose names appear on the petition for an ordinance filed on the ..... day of ....., in the year .....", stating the date of filing. The summons shall be similarly directed and shall be served on the defendants named therein, and in addition shall be published.

(d) If an ordinance is repealed or enacted pursuant to a proposal initiated by the electors of a local government, the governing body may not for 2 years reenact or repeal the ordinance. If during the 2-year period the governing body enacts an ordinance similar to the one repealed pursuant to a referendum of the electors, a suit may be brought to determine whether the new ordinance is a reenactment without material change of the repealed ordinance. This section shall not prevent exercise of the initiative, at any time, to procure a reenactment of an ordinance repealed pursuant to referendum of the electors.

(7) (a) Any ordinance proposed by petition or any amended ordinance proposed by petition or any referendum on an ordinance which is entitled to be submitted to the electors shall be voted on at the next regular election to be held in the local government unless:

(i) the petition asks that the question be submitted at a special election and is signed by at least 25% of the electors of the local government, in which case the governing body shall call a special election; or

(ii) the governing body calls for a special election on the question.

(b) If the adequacy of the petition is determined by the elections administrator less than 45 days prior to the next regular election, the election shall be delayed until the following regular election, unless a special election is called.

(c) Whenever a measure is ready for submission to the electors, the appropriate election official shall, in writing, notify the governing body and shall publish notice of the election and the ordinance which is to be proposed or amended. In the case of a referendum, the ordinance sought to be repealed shall be published.

(d) The question shall be placed on the ballot giving the electors a choice between accepting or rejecting the proposal.

HeinOnline -- 1977 vol. II 1537 1977

(e) If a majority of those voting favor the proposal, it becomes effective when the election results are officially declared, unless otherwise stated in the proposal.

Section 10. There is a new R.C.M. section numbered 47A-3-107 that reads as follows:

47A-3-107. Determination of the number of signatures required for a petition. In order to determine the number of signatures needed on a petition to meet the percentage requirements of this act, the number of electors shall be the number of individuals registered to vote at the last preceding general election for the local government.

Section 11. There is a new R.C.M. section numbered 47A-3-108 that reads as follows:

47A-3-108. Operation of self-government consolidated units of local government. (1) Whenever existing law contains different provisions and procedures for the functioning of counties and municipalities, including but not limited to such areas as election procedures, issuance of bonds, adoption of budgets, creation of special districts, levying of taxes, and provision of services, the governing body of a self-government consolidated unit of local government which contains at least one county and one municipality shall, by ordinance, adopt either the county or municipality provisions. The ordinance may provide for necessary changes in the statutes to accommodate the structure of the consolidated unit. This subsection applies to self-government consolidated units only in those areas where such units are subject to state law under 47A-7-201 through 47A-7-204.

(2) A combination of county and municipal offices in a self-government consolidated unit may be accomplished by ordinance whenever such a combination is necessary for carrying out a duty assigned by state law to the local government. Whenever state law imposes a duty upon a specific official or employee of a self-government consolidated unit of local government and the local government under its adopted alternative form of government does not have such an official or employee, the governing body may by ordinance assign that duty to the appropriate official or employee of the local government. The governing body of any self-government consolidated unit of local government may by ordinance assign responsibility to carry out any function or provide any service required by state law to one or more departments, officers, or employees of the local government notwithstanding the fact that the state law may assign the function or service to a specific office.

Section 12. Section 23 of Chapter 513 of Laws, 1975, is amended to read as follows:

"Section 23. **Automatic repealer.** This act, *except for sections 4, 6, 14, 15, 16, and 17,* terminates on June 30, 1977."

Section 13. There is a new R.C.M. section numbered 47A-3-101 that reads as follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 59-1001, R.C.M. 1947, is amended to read as follows:

"**59-1001. Annual vacation leave.** (1) Each full-time employee of the state, or any county or city thereof is entitled to and shall earn annual vacation leave credits from the first full pay period of employment. For calculating vacation leave credits two thousand eighty (2,080) hours (52 weeks x 40 hours) shall equal one (1) year. Proportionate vacation leave credits shall be earned and credited at the end of each pay period. However, employees are not entitled to any vacation leave with pay until they have been continuously employed for a period of six (6) calendar months. Persons regularly employed nine (9) or more months each year, but whose continuous employment is interrupted by the seasonal nature of the position, shall earn vacation credits. However, such persons must be employed six (6) qualifying months before they can use the vacation credits. In order

HeinOnline -- 1977 vol. II 1541 1977

to qualify, such employees must immediately report back for work when operations resume in order to avoid a break in service.

(2) A period of absence from employment with the state, county, or city occurring either during a war involving the United States or in any other national emergency and for 90 days thereafter for one of the following reasons is considered as service for the purpose of determining the number of years of employment used in calculating vacation leave credits under this section:

(a) having been ordered on active duty with the armed forces of the United States;

(b) voluntary service on active duty in the armed forces or on ships operated by or for the United States government; or

(c) direct assignment to the United States department of defense for duties related to national defense efforts if a leave of absence has been granted by the employer.

(3) Vacation leave credits shall be earned *at a yearly rate calculated* in accordance with the following schedule:

Years of employment	*Working days credit*
1 full pay period through 10 years	*15*
10 years through 15 years	*18*
15 years through 20 years	*21*
20 years on	*24*

(4) Permanent part-time employees are entitled to prorated annual vacation benefits if they have regularly scheduled work assignments and normally work at least twenty (20) hours each week of the pay period and have worked the qualifying period.

(5) It shall be unlawful for an employer to terminate or separate an employee from his employment in an attempt to circumvent the provisions of this law. Should a question arise under this paragraph, it shall be submitted to arbitration as provided in chapter 201, Title 93, R.C.M., 1947 unless there is a collective bargaining agreement applicable."

Approved April 26, 1977.

Section 2. Section 1, Chapter 95, Laws of 1977, is amended to read as follows:

"Section 1. Section 11-2022, R.C.M. 1947, is amended to read as follows:

11-2022. Disability, death, insurance and pension benefits. 1. Every member of a fire company organized in an unincorporated area, town or village under the laws of this state, shall be entitled to receive compensation for disability incurred while in the performance of his duties as such fireman, when such disability necessitates the services of a physician or surgeon, while confined or nonconfined, in the amount of his necessary and reasonable medical expenses resulting directly from such disability, and incurred within a period of not more than thirty-six (36) months from the date of the injury which caused such disability, not to exceed a total of twenty-five thousand dollars ($25,000).

2. Where an injury incurred in line of such duty results in the loss by amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any of the natural teeth, the board shall order them an artificial member or members be furnished to supply the loss thereof. The expense of furnishing such members shall not exceed the sum of one thousand five hundred dollars ($1,500). The replacement of an artificial member so furnished shall be required every five (5) years, if necessary.

3. To aid in defraying funeral expenses of a fireman covered under this act whose death occurs in line of duty, an amount not to exceed the actual necessary and reasonable expenses, or the sum of one thousand five hundred dollars ($1,500), whichever is less, shall be allowed.

4. To encourage and aid volunteer fire departments to maintain group insurance for benefits on account of death or injury incurred by members while in the performance of duties as volunteer firemen, the sum of seventy-five dollars ($75) per year for each mobile unit of fire-fighting equipment, not exceeding two (2) such units in number for any such department, shall be paid to each volunteer fire department maintaining such insurance, or to the organization or agency maintaining such insurance for any such volunteer fire department.

In the case of every volunteer fireman who shall meet the qualification requirements set forth in subparagraph two (2) of section 11-2023, and then if the claim provided for under subparagraph two (2) of section 11-2024 shall be completed and filed, the claimant shall be entitled thereafter to participate in the volunteer firemen's pension plan as provided in this act, and to receive payments thereunder computed each year in the following manner. Whenever at the close of business on the last day of any fiscal year there shall be a balance in the volunteer *firemen's* fund in excess of one million dollars ($1,000,000) then the industrial accident board shall set aside and pay over to the public employees' retirement system, the smaller of such amount in excess of one million dollars ($1,000,000), or an amount equal to ninety-five percent (95%) of the increase of said account balance over the account balance at the end of the preceding fiscal year, for the payment by said public employees' retirement system of pensions to qualified claimants during the immediately succeeding fiscal year. The amount to be paid to each qualifying claimant shall be determined by dividing said amount set aside by the number of claimants qualifying to participate in such pension plan at the beginning of such succeeding fiscal year. If such amount set aside shall be sufficient to pay each such qualified claimant at least twenty dollars ($20) per month throughout such succeeding fiscal year, then such pension shall be paid monthly, on or before the last day of each month of such succeeding fiscal year; but if said amount set aside shall not be sufficient to pay each qualified claimant at least twenty dollars ($20) per month, then each qualified claimant's full pension for that year shall be paid to him in one lump payment on or before the fifteenth day of December of such year; provided, however, that in any event the total pension payable hereunder to any qualified claimant shall not exceed the sum of fifty dollars ($50) per month, and the amount to be set aside hereunder from the volunteer *firemen's* fund at the beginning of any fiscal year for the funding of such pensions shall not in any event exceed the amount necessary to pay such maximum of fifty dollars ($50) per month to each claimant qualified as of the beginning of such fiscal year. For the purpose of computation and payment of benefits under this act, if children of any volunteer fireman shall become eligible for benefits hereunder, then all children of such volunteer fireman shall be treated collectively as one (1) claimant. The fiscal year for the purpose of this act shall begin on the first day of July of each year and end on the last day of June of each year."

CHAPTER NO. 482

AN ACT TO AMEND SECTIONS 46-801.2, 46-801.4, 46-803, 46-804, AND 46-806, R.C.M. 1947, TO REMOVE THE REQUIREMENT THAT LIVESTOCK BE INDIVIDUALLY INSPECTED PRIOR TO REMOVAL FROM A LIVESTOCK MARKET, TO ESTABLISH A REQUIREMENT THAT LIVESTOCK CANNOT BE REMOVED FROM A LIVESTOCK MARKET UNTIL RELEASED BY THE DEPARTMENT OF LIVESTOCK, AND RAISING THE REMOVAL FROM MARKET FEE TO 20 CENTS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-801.2, R.C.M. 1947, is amended to read as follows:

"**46-801.2. Inspection of livestock before change of ownership or removal from county — transportation permits.** (1) Except as otherwise provided in this act, it is unlawful to remove or cause to be removed from a county in this state any livestock or to transfer ownership by sale or otherwise or for an intended purchaser or his agent to take possession of any such animal subject to title passing upon meeting or satisfaction of any conditions unless the livestock has been inspected for brands by a state stock inspector or deputy state stock inspector and a certificate of the inspection has been issued in connection with and for the purpose of the transportation or removal or of such change of ownership as provided in this act. The inspection must be made in daylight, provided, however, that the change of ownership inspection requirements of this subsection shall not apply when such sale or change of ownership transaction involves five or less such animals.

(2) It is unlawful to sell or offer for sale at a livestock market any livestock originating within any county in this state in which a livestock market is maintained, or transported under a market consignment permit until the livestock has been inspected for marks and brands by a state stock inspector, as provided in this act.

(3) It is unlawful to remove or cause to be removed any livestock from the premises of a livestock market in this state unless the livestock has been *released* by a state stock inspector and *a* certificate *of release* for the livestock has been issued in connection with and for the purpose of the removal from the premises of the livestock market, as provided in this act. *The release obtained pursuant to this subsection will permit the movement of the livestock so released directly to the destination shown on the certificate.*

(4) The person in charge of livestock being removed from a county in this state, where inspection thereof is required by this act or where change of ownership has occurred or when moved under a market consignment permit *or a market release certificate* shall have in his possession the certificate of inspection, market consignment permit, *or market release certificate* issued in connection therewith and shall exhibit the certificate to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector, or deputy state stock inspector *upon* request. Section 46-803 shall be extended to livestock transported or sold under the above-mentioned permits.

(5) The following transportation permits may be issued:

(a) If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business, or where a purebred cow is being transported from county to county in this state by its owner for show purposes, and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for a period not to exceed 1 year for the horse or cow described thereon. The permit becomes void upon any transfer of ownership or if the horse or cow are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

HeinOnline -- 1977 vol. II 1546 1977

(b) The owner of a saddle, work, or show horse may apply for a permanent transportation permit valid for both interstate and intrastate transportation of the horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared, or a lip tattoo, or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a $5 permit fee for each horse. The application shall contain a thorough physical description of the horse and list all brands and tattoos carried by the horse.

Upon approval of the application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. If there is a change of ownership in a horse the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while the horse is in transit. This permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of a saddle, work, or show horse subsequently entering the state. Such a permit shall be automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer are being transported from county to county in this state by the owner for rodeo purposes, and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described thereon. The certificate is effective only between April 1 and October 31 of the year for which it is issued. The certificate shall be issued by a state stock inspector."

Section 2. Section 46-801.4, R.C.M. 1947, is amended to read as follows:

"**46-801.4. Inspection for livestock removed from this state.** Except as provided for in subsections (1) and (2) of section 46-801.3 and *subsections (3) and* (5)(b) of section 46-801.2, nothing contained in this chapter authorizes or permits a person to remove or cause to be removed livestock from this state to a location outside of this state, unless the livestock has been inspected for brands by a state stock inspector or deputy state stock inspector and a certificate for the inspection has been issued in connection with and for the purpose of the transportation or removal as provided in this chapter."

Section 3. Section 46-803, R.C.M. 1947, is amended to read as follows:

"**46-803. Seizure of livestock, retention of livestock, sale, disposal of proceeds.** (1) All state stock inspectors inspecting any livestock, either before or after shipment or removal from any county in this state or upon a change of ownership, may inspect and seize either at the point of sale, shipment, or destination or en route any livestock or proceeds thereof which the inspector believes is stolen or upon which brands have been

HeinOnline -- 1977 vol. II 1547 1977

altered or obliterated or which does not conform to the description contained on the tally sheet furnished by the shipper thereof or to the description contained in any certificate of inspection *or release* issued before shipment or removal of the livestock.

(2) Upon taking possession of livestock under this act, a state stock inspector may retain the livestock in his possession for 15 days to make further investigation relative to its ownership. A state stock inspector may either at once or at any time within 15 days sell the livestock at a licensed livestock market or in the open market for the best available price and remit the proceeds, less the cost of keeping and sale, to the department together with a full description of the livestock sold, giving marks and brand, if any, and a statement of the reason for the seizure and sale. The proceeds shall be deposited by the department with the state treasurer and credited to the department fund, where it is subject to claim by the owner of the livestock in the same manner and for the same length of time as is provided by law for the making of claims for moneys arising from the sale of stray stock."

Section 4. Section 46-804, R.C.M. 1947, is amended to read as follows:

"**46-804. Fees for inspection and livestock transportation permits.** (1) For the service of inspection before removal from a county or before change of ownership, the inspector making the inspections shall receive *25* cents per head for 12 head or less, or $3 for 12 head to 20 head and shall receive *20* cents per head for each head over 20 head. For the issuance of a market consignment permit or transportation permit (other than a permanent permit) before removal from a county, the inspector, sheriff, or deputy sheriff issuing the permits shall receive *25* cents for each permit issued for 12 head or less; *50* cents for each permit for 12 to 30 head and $1 for each permit issued for over 30 head and shall receive in addition his necessary actual expenses, to be paid by the owner or the person for whom the inspection is made or permit issued. For the issuance of a permanent horse transportation permit, the state stock inspector taking the application for permit shall receive $5 per head for each permit issued. All inspection and permit fees and expenses shall be collected by the inspector, sheriff, or deputy sheriff at the time of inspection or issuance of permit, and all the fees and expenses collected by a deputy state stock inspector, sheriff, or deputy sheriff shall be retained by him, and all such fees and expenses collected by a state stock inspector shall be sent by him to the department for deposit in the state treasury to the credit of the earmarked revenue fund for the use of the department.

(2) For the service of inspection before livestock is sold or offered for sale at a licensed *livestock* market, a state stock inspector making the inspection shall receive *20* cents per head for an animal originating within the county in the state in which the market is maintained or transported under a market consignment permit and *10* cents per head for an animal previously inspected before removal from a county as herein provided. All fees shall be paid by the owner or by the person for whom the inspection is made. For *releasing* an animal *so that it may be* removed from the premises of a licensed *livestock* market, the state stock inspector making the *release* shall receive *20* cents per head from the owner or the person for whom the *release* is made. All fees for inspection *and release* at the

(3) All inspection *and release* fees and expenses shall be paid to the department for deposit in the state treasury to the credit of the earmarked revenue fund for the use of the department. State stock inspectors shall be paid for their services and receive their expenses as fixed by the department."

the regular monthly salary paid, excluding overtime and payments in lieu of sick leave and annual leave, to a confirmed active fireman of that city as provided each and every year in the annual budget of that city. In no event shall the monthly compensation paid to a member retiring prior to July 1, 1974 be less than two hundred dollars ($200). Section 4. **Interpretation.** This act is not intended to increase or decrease benefits earned by present members under prior acts. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 26-301, R.C.M. 1947, is amended to read as follows:

"26-301. Restrictions of manner of taking and possessing fish and game and powers of commission relating thereto. (1) It shall be

unlawful for anyone to take, capture, shoot, kill, or attempt to take, capture, shoot or kill, any game animal, or game bird from any self propelled or drawn vehicle, or on, or from any public highway in the state of Montana, or by the aid or with the use of any set gun, jack-light or other artificial light, trap, snare, salt lick, nor shall any such set gun, jack-light or other artificial light, trap, snare, salt lick or other device to entrap or entice game animals or game birds be used, made or set, nor may rifles be used to hunt or shoot upland game birds unless the use of rifles is permitted by the commission; provided, however, that this does not prohibit the shooting of wild waterfowl from blinds over decoys with a shotgun only, not larger than a number ten (10) gauge fired from the shoulder, nor shall any game fish be caught, captured, or taken, or attempted to be caught, captured or taken by the aid or with the use of any gun, or trap, nor shall any such set gun, or trap or other device to entrap game fish be used, made, or set.

(2) (a) No game birds or game or fur-bearing animals shall be killed, taken or shot at from any aircraft *including helicopters*, nor shall any aircraft *or helicopter* be used for the purpose of concentrating, pursuing, driving, rallying or stirring up any game or migratory birds, game or fur-bearing animals, nor shall any powerboat, sailboat, or any boat under sail or any floating device towed by a powerboat, sailboat, or any boat under sail be used for the purpose of killing, capturing, taking, pursuing, concentrating, driving or stirring up any upland game birds, or game or fur-bearing animals.

(b) *It is unlawful for any person airborne in any aircraft, including a helicopter, to spot or locate any game or fur-bearing animals and communicate the location thereof to any person on the ground by means of any air-to-ground communication signal or device whatsoever as an aid to hunting or pursuing wildlife.*

(c) Within the boundaries of a national forest, except as permitted by the department, it is unlawful to use aircraft, including helicopters, for hunting purposes, except when persons or cargo are loaded and unloaded at federal aviation agency approved airports, aircraft landing fields, or heliports which have been established on private property or which have been established by any federal, state, county, or municipal governmental body. Hunting purposes include the transportation of hunters or wildlife, and hunting equipment and supplies. The provisions of this subsection do not apply during emergency situations or when search and rescue operations are being conducted or for predator control as permitted by the department of livestock.

(3) No person shall take into a field or forest, or have in his possession while out hunting, any device or mechanism devised to silence, or muffle or minimize the report of any firearms, whether such device or mechanism be operated from or attached to any firearm.

(4) No person may use a shotgun to hunt, kill or shoot deer except with loads as specified by the commission.

(5) No person shall chase with dogs any of the game or fur-bearing animals as defined by the fish and game laws of this state; provided,

HeinOnline -- 1977 vol. II 1555 1977

however, that livestock owners, employees of the state fish and game commission and of the federal fish and wildlife service may use dogs in pursuit of stock-killing bears, and stock-killing mountain lions, or other means of taking stock-killing bears and stock-killing mountain lions except the use of the dead fall; providing, however, that traps used in capturing bear shall be inspected twice each day, which inspection shall be twelve (12) hours apart; and provided further, that a person may take game birds during the open season thereon with the aid of a dog or dogs and any person or association organized for the protection of game, may run field trials at any time upon obtaining written permission from the state fish and game director.

(6) The state fish and game commission shall have the power to designate certain waters where set lines may be used to fish for certain species of game or nongame fish, and the commission may designate the number of hooks and lines and the length of line or lines which may be used as set lines.

(7) Game fish shall be taken only by angling, that is by hook and single line in hand or single rod in hand, or within immediate control; this does not prevent, however, the snagging of paddlefish, coho (silver salmon), and kokanee (sockeye salmon) when the commission shall declare an open season when paddlefish, coho (silver salmon), and kokanee (sockeye salmon) may be taken by snagging, the taking of paddlefish with long bow and arrow when the commission shall declare an open season when paddlefish may be taken by long bow and arrow, the taking of walleyed pike, sauger, northern pike and nongame fish with spear or gig when the commission shall declare an open season for taking walleyed pike, sauger, northern pike and nongame fish with spear or gig, nor the use of landing net or gaff to land a game fish after the same has been hooked by angling as above specified, nor does it prevent the taking of minnows other than game fish variety by the use or aid of a net not to exceed twelve (12) feet in length and four (4) feet in width, in such waters as may be designated by the commission.

(8) No person, while hunting game animals or game birds shall use a motor-driven vehicle on any other than an established road or trail, unless he has reduced a big game animal to possession and cannot easily retrieve said big game animal, in which case a motor-driven vehicle may be used to retrieve the big game animal, except in areas where more restrictive regulations apply or where the landowner has not granted such permission, provided that after such retrieval, such motor-driven vehicle is again returned to an established road or trail by the shortest possible route. For purposes of safety and allowing normal travel, a motor-driven vehicle may be parked on the roadside or directly adjacent to said road or trail. No person, while hunting game animals or game birds, shall drive or attempt to drive, run or attempt to run, molest or attempt to molest, flush or attempt to flush, or harass or attempt to harass any game animal or game bird with the use or aid of any motor-driven vehicle. No person, while hunting game animals or game birds shall drive through any retired cropland, brush area, slough area, timber area, open prairie, or unharvested or harvested cropland, except upon an established road or trail unless written permission has been given by the landowner and in

HeinOnline -- 1977 vol. II 1556 1977

possession of the hunter. The restrictions in this subsection on motor-driven vehicle use off an established road or trail apply only to hunting on state or private land, not to hunting on federal land unless the federal agency specifically requests or approves state enforcement.

(9) It is unlawful for a person to use a self-propelled vehicle to intentionally concentrate, drive, rally, stir up, or harass wildlife except predators of this state, providing that this subsection does not apply to landowners and their authorized agents engaged in the immediate protection of that landowner's property.

(10) Whenever said fish and game commission shall have made any orders, rules or regulations for the carrying out of the powers granted to it under this act, the same shall take effect and be in force from and after the publication and posting of notice of said orders, rules and regulations as required by the fish and game laws.

(11) The provisions of this section relating to methods of herding, driving, capturing, taking, locating or concentrating of fish, game animals, game birds or fur-bearing animals do not apply to the department of fish and game, or any employee thereof, while acting within the scope and course of the powers and duties of the department.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and shall be punishable as provided by law."

Approved April 26, 1977.

(4) The prohibition contained in subsection (3) of this section does not prohibit the division from receiving samples of liquor for the purpose of chemical testing, subject to the following limitations:

(a) Each manufacturer, distiller, compounder, rectifier, importer, or wholesale distributor or any other person, firm, or corporation proposing to sell any *liquor* to the Montana liquor division shall submit, without cost to the division prior to the original purchase, an analysis of each brand and may submit a representative sample not exceeding 25 fluid ounces of such merchandise to the division.

(b) *When* a brand of liquor has been accepted for testing by the division, *the division shall* forward the sample, unopened and in its entirety, to a qualified chemical laboratory for analysis.

(b) The application of any such association or corporation shall be presented 10 days in advance and shall describe the location of such enclosure *where* such event is *to be* held, the nature of *the* event, *and* the period when it is contemplated that the *event* will be held. *The* application shall be accompanied by the amount of the permit fee.

(c) The permit issued to such association or corporation *is* a special permit but shall not authorize the sale of beer except starting 1 day in advance of the regular period when events are being held upon such grounds and during the period described in *the* application and for 1 day thereafter.

(2) *(a) A* post of a nationally chartered veterans' organization or *a*

HeinOnline -- 1977 vol. II 1578 1977

lodge of a recognized national fraternal organization not otherwise licensed under this code shall, in the discretion of the department, without notice or hearing as provided in 4-4-302, be entitled to a special permit to sell beer *or a special permit to sell all alcoholic beverages* at such post or lodge, to members and their guests only, to be consumed within the hall or building of such post or lodge.

(b) The application of such nationally chartered veterans' organization or lodge of a recognized national fraternal organization shall describe the location of the hall or building where the special permit *will* be used and the date it will be used.

(c) The special permit issued shall be for a *24-hour* period *only* ending at 2 a.m., and the department *may* not issue more than 12 such permits to any such post or lodge during a calendar year."

Section 5. Section 4-4-201, R.C.M. 1947, is amended to read as follows:

"**4-4-201. Issuance of retail beer licenses — limit on number of retail licenses — wine license amendments — off-premises consumption.** (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this *code* and the *rules* of the department, may be issued to any person, firm, or corporation who *is* approved by the department as a fit and proper person, firm, or corporation to sell beer, *except* that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by *congress, as follows*:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license which *may* not be used in conjunction with a retail *all-beverages* license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one beer license for each 500 inhabitants which *may* not be used in conjunction with retail *all-beverages* licenses;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, two additional retail beer licenses for the first 2,000 inhabitants or major fraction thereof and one additional retail beer license for each additional 2,000 inhabitants which *may* not be used in conjunction with retail *all-beverages* licenses;

(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. *If* two or more incorporated municipalities are situated within a distance of 5 miles

from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and *may* not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

(c) retail beer licenses of issue on *March 7, 1947,* and which are in excess of the foregoing limitations shall be renewable, but no new licenses *may* be issued in violation of such limitations;

(d) such limitations *do* not prevent the issuance of a nontransferable and nonassignable retail beer license to *a* post of a nationally chartered veterans' organization or *a* lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof or for use at premises situated within any unincorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

(2) The cities and incorporated towns may enact ordinances defining certain areas in the cities and towns where alcoholic beverages may or may not be sold. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the department may issue. *However,* no retail license may be issued by the department for any premises situated within any zone of such city or town *where* the sale of beer *or liquor* is prohibited by ordinance, a certified copy of which has been filed with the department. The department *may* deny the issuance of a retail beer *or all-beverages* license if it *determines* that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

(3) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or *prepared-food* business. A person holding a beer-and-wine license may sell wine for consumption on the premises. He may buy wine only at retail from the department. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

(4) A retail license to sell beer in the original packages for *off-premises* consumption only may be issued to any person, firm, or corporation who

HeinOnline -- 1977 vol. II 1580 1977

is approved by the department as a fit and proper person, firm, or corporation to sell beer and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue *is* not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Section 6. Section 4-4-202, R.C.M. 1947, is amended to read as follows:

"**4-4-202. All-beverages license quota.** Except as otherwise provided by law, a license to sell liquor, beer, and wine at retail, an all-beverages license, in accordance with the provisions of this code and the *rules* of the department, may be issued to any person who *is* approved by the department as a fit and proper person to sell such beverages, *except* that:

(1) the number of all-beverages licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by *congress, as follows*:

(a) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than two retail licenses;

(b) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 3,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities and towns, three retail licenses for the first 1,000 inhabitants and one retail license for each additional 1,000 inhabitants;

(c) in incorporated cities of over 3,000 inhabitants and within a distance of 5 miles from the corporate limits thereof, five retail licenses for the first 3,000 inhabitants and one retail license for each additional 1,500 inhabitants.

(2) The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. *If* two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined population of both of such municipalities and *may* not exceed the foregoing limitations. Notwithstanding the preceding sentence, the total population for determining the quota of a city may include with the city's population the population residing outside but within 5 miles of the city limits in a case where the number of persons residing outside but within 5 miles of the city exceeds the number of persons residing within the city. Such a determination may be made only upon a special census taken by

HeinOnline -- 1977 vol. II 1581 1977

the department or its agent at the expense of the applicant for a license under this section. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of *the* city or town.

(3) Retail all-beverages licenses of issue on *March 7, 1947,* and which are in excess of the foregoing limitations shall be renewable, but no new licenses *may* be issued in violation of such limitations.

(4) Such limitations *do* not prevent the issuance of a nontransferable and nonassignable (as to ownership only) retail license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949.

(5) The number of retail all-beverages licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof *may* not *be* more than one license for each 750 population of the county after excluding the population of incorporated cities and incorporated towns in such county."

Section 7. Section 4-4-301, R.C.M. 1947, is amended to read as follows:

"**4-4-301. Application for all-beverages license — penalty for false statements.** *(1)* Prior to the issuance of *an all-beverages* license as provided *in 4-4-202,* the applicant shall file with the department an application in writing, signed by the applicant and containing such information and statements relative to the applicant and the premises where the alcoholic beverage is to be sold as may be required by the department.

(2) The application shall be verified by the affidavit of the person making the same before a person authorized to administer oaths. If any false statement is made in any part of *the* application, the applicant or applicants *are* guilty of a misdemeanor, and upon conviction thereof the license, if issued, shall be revoked and the applicant or applicants subjected to the penalties provided by law."

Section 8. Section 4-4-302, R.C.M. 1947, is amended to read as follows:

"**4-4-302. Notice of application — publication — protest.** *(1)* When an application has been filed with the department for a license to sell alcoholic beverages at retail or to transfer such license, the department shall promptly publish in a newspaper of general circulation in the city, town, or county from *which the* application *comes* a notice that such applicant has made application for such license and that protests against the issuance of a license to the applicant will be heard at a time and place stated in the notice, which shall be in the city of Helena, Montana. (2) No license *may* be issued until on or after the date set in the notice for hearing protests. Nor *may* a license under this code be issued if the department *finds* from the evidence at *the* hearing that the welfare of the people residing in the vicinity of the place for which such license is desired will be adversely and seriously affected or that the purposes of this code will not be carried out by the issuance of such license. Each applicant shall, at the time of filing his application, pay to the department an amount sufficient to cover the costs of publishing *the* notice."

Section 9. Section 4-4-303, R.C.M. 1947, is amended to read as follows:

"**4-4-303. Class Three. *Furniture* and fixtures used in commercial activities; the annual gross proceeds of underground coal mines; and all office or hotel furniture and fixtures, except improvements included in Class Nine.

Class Four. (c) The dwelling house and the lot on which it is erected owned and occupied by any resident of the state who has been honorably discharged from active service in any branch of the armed forces *and* who is rated 100% disabled due to a service-connected disability by the United States veterans administration or its successors. In the event of the veteran's death, the dwelling house and the lot on which it is erected, so long as the surviving spouse remains unmarried and the owner and occupant of the property, shall remain within this classification.

Class Six. Property formerly included in this class is now classified by 84-308.

Class Seven. (a) *(i)* All new industrial property. "New industrial property" *means* any new industrial plant, including land, buildings, machinery, and fixtures, which, in the determination of the state department of revenue, is used by a new industry during the first 3 years of operation not having been assessed prior to July 1, 1961, within the state of Montana. "New industry" *means* any person, corporation, firm, partnership, association, or other group which establishes a new plant or plants in this state for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry or industries. *New* industrial property *is* limited to industries that manufacture, mill, mine, produce, process, or fabricate materials, or do similar work in which capital and labor are employed and in which materials unserviceable in their natural state are extracted, processed, or made fit for use or are substantially altered or treated so as to create commercial products or materials; industries that engage in the mechanical or chemical transformation of materials or substances into new products in the manner defined as manufacturing in the 1972 Standard Industrial Classification Manual prepared by the United States office of management and budget; and in no event shall the term new industrial property be included to mean property used by retail or wholesale merchants, commercial services of any type, agriculture, trades, or professions. New industrial property does not include a plant which will create an adverse impact on existing state, county, or municipal services. The department shall promulgate regulations for the determination of what constitutes an adverse impact taking into consideration the number of people to be employed and the size of the community in which the location is contemplated. Once the department has made an initial determination that the industrial facility qualifies as new industrial property, the department shall then upon proper notice hold a hearing to determine if the new industrial classification should be retained by the property. The local taxing authority may appear at the hearing and it also may waive its objection to retention of this classification if the industry agrees to the prepayment of taxes sufficient to satisfy tax requirements created by the location and construction of the facility during *the* construction period.

(ii) In the event of a prepayment of taxes, the maximum amount *of* prepayment shall be the amount without the application of Class 7(a) to such property.

(iii) If a major new industrial facility qualifies under Class 7(a), the reduction of its yearly payment of property taxes for reimbursement of

HeinOnline -- 1977 vol. II 1588 1977

its prepaid taxes, as provided for in 84-41-105, shall not begin until the Class 7(a) qualification expires. *New* industrial property shall not be *construed* to mean property which is used or employed in any industrial plant which has been in operation in this state for 3 years or longer. Any person, corporation, firm, partnership, association, or other group seeking to qualify its property for inclusion in this class shall make application to the state department of revenue in such manner and form as may be required by said department.

(b) Business inventories. Business inventories include goods intended for sale or lease in the ordinary course of business, and include raw materials and work in progress with respect to such goods, but *do* not include goods actually leased or rented on the lien date, or mobile homes held by a dealer or distributor as a part of his stock in trade.

(c) Air pollution control equipment as defined in 69-3923.

(d) A capital investment in a recognized nonfossil form of energy generation, to the extent provided under 84-7403.

Class Eight. (a) *(i)* Any improvement on real property, trailers affixed to land, or mobile home belonging to any person who qualifies under any one or more of the hereinafter set forth categories, with appurtenant land not exceeding 5 acres, which together have a market value of not more than $27,500, which dwelling is owned or under a contract for deed and which is actually occupied for at least 10 months *a* year as the primary residential dwelling of:

(A) a widow 62 years of age or older, whether with or without minor dependent children, who qualifies under the income limitations of *(D);*

(B) a widower 62 years of age or older, whether with or without minor dependent children, who qualifies under the income limitations of *(D);*

(C) a widow or widower with minor or dependent children regardless of age who qualifies under the income limitations of *(D);* or

(D) a recipient or recipients of retirement or disability benefits whose income from all sources is not more than $6,000 for a single person and $6,800 for a married couple total per annum, whether said dwelling is occupied by a single person or a married couple.

(ii) One who applies for classification of property under this class must make an affidavit to the state department of revenue, on a form as may be provided by the department *and* supplied without cost to the applicant, as to his income, if applicable, as to his retirement benefits, if applicable, *and* as to his marital status, if applicable, and to the fact that he actually occupies or maintains as his primary residential dwelling such land and improvements, with right of the county welfare board to investigate the applicant on the completion of the form as to answers given on *it. The* assessed value of said property shall not be increased during the life of the recipient of retirement benefits or widow or widower covered under this class unless the owner-resident makes a substantial improvement in the dwelling. For the purposes of the affidavit required for classification of property under this class, it *is* sufficient if the applicant signs a statement swearing to or affirming the correctness of the information supplied,

HeinOnline -- 1977 vol. II 1589 1977

whether or not the statement is signed before a person authorized to administer oaths, and mails the application and statement to the department of revenue. This signed statement shall be treated as a statement under oath or equivalent affirmation for purposes of 94-7-203, relating to the criminal offense of false swearing.

First—The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things real, personal, and mixed, capable of private ownership; but this must not be construed so as to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by such stocks is within the state and has been taxed.

Second—The term "real estate" includes:

1. The possession of, claim to, ownership of, or right to the possession of land.

If the mobile home or house trailer is an improvement located on land not owned by the owner of such improvement, the improvement shall be assessed as a leasehold improvement to real property and delinquent taxes can be a lien only on the leasehold improvement.

Fourth—The term "personal property" includes everything which is the subject of ownership, not included within the meaning of the term "real estate" and "improvements."

Fifth—The terms "value" and "full cash value" mean the amount at which the property would be taken in payment of a just debt due from a solvent debtor.

PROPERTY TAX CLASSIFICATION; AMENDING SECTION 84-301, R.C.M. 1947; COORDINATING THIS AMENDMENT WITH OTHER PENDING LEGISLATION; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-301, R.C.M. 1947, is amended to read as follows:

"**84-301. Classification of property for taxation.** For the purpose of taxation the taxable property in the state shall be classified as follows:

Class One. Class Four. (a) All land, town and city lots, with improvements, except improvements included in Class Nine, and all trailers affixed to land owned, leased, or under contract or purchase by the trailer owner, manufacturing and mining machinery, fixtures and supplies, except as otherwise provided by the constitution of Montana, and except as such property may be included in Class Five, Class Seven or Class Eight.

In the event of the veteran's death, the dwelling house, and the lot on which it is erected, so long as the surviving spouse remains unmarried and the owner and occupant of the property, shall remain within this classification.

Class Six. Property formerly included in this class is now classified by section 84-308, R.C.M. 1947.

Class Seven. (a) All new industrial property. New industrial property shall mean any new industrial plant, including land, buildings, machinery and fixtures which, in the determination of the state department of revenue, is used by a new industry during the first three (3) years of operation not having been assessed prior to July 1, 1961, within the state of Montana. New industry shall mean any person, corporation, firm, partnership, association, or other group which establishes a new plant or plants in this state for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry or industries. Provided, however, that new industrial property shall be limited to industries that manufacture, mill, mine, produce, process or fabricate materials, or do similar work in which capital and labor are employed and in which materials unserviceable in their natural state are extracted, processed or made fit for use or are substantially altered or treated so as to create commercial products or materials; industries that engage in the mechanical or chemical transformation of materials or substances into new products in the manner defined as manufacturing in the 1972 Standard Industrial Classification Manual, prepared by the United States office of management and budget; and in no event shall the term new industrial property be included to mean property used by retail or wholesale merchants, commercial services of any type, agriculture, trades or professions. The department shall promulgate regulations for the determination of what constitutes an adverse impact taking into consideration the number of people to be employed and the size of the community in which the location is contemplated. Once the department has made an initial determination that the industrial facility qualifies as new industrial property, the department shall then upon proper notice hold a hearing to determine if the new industrial classification should be retained by the property. The local taxing authority may appear at the hearing, and it also may waive its objection to retention of this classification if the industry agrees to the prepayment of taxes sufficient to satisfy tax requirements created by the location and construction of the facility during construction period.

In the event of a prepayment of taxes, the maximum amount or prepayment shall be the amount without the application of the Class 7(a) to such property.

If a major new industrial facility qualifies under Class 7(a) the reduction of its yearly payment of property taxes for reimbursement of its prepaid taxes as provided for in section 84-41-105, R.C.M. 1947, shall not begin until the Class 7 qualification expires. And provided further, that new industrial property shall not be included to mean property which is used or employed in any industrial plant which has been in operation in this state for three (3) years or longer. Any person, corporation, firm, partnership, association or other group seeking to qualify its property for inclusion in this class shall make application to the state department of revenue in such manner and form as may be required by said department.

(b) Business inventories. Business inventories shall include goods intended for sale or lease in the ordinary course of business, and shall include raw materials and work in progress with respect to such goods, but shall not include goods actually leased or rented on the lien date, or mobile homes held by a dealer or distributor as a part of his stock in trade.

total annual income from all sources is not more than *$7,000* for a single person and *$8,000* for a married couple. *A person* who applies for classification of property under this class must make an affidavit to the department of revenue, on a form provided by the department without cost to the applicant, as to his income, marital status, the fact that *the applicant* actually occupies or maintains *such land and improvements* as his or her primary residential dwelling, *and such other information as is relevant to the applicant's eligibility. This application must be made before March 1 of the year after the applicant becomes eligible under this classification.* For the purposes of the affidavit required for classification of property under this class, it shall be sufficient if the applicant signs a statement swearing to or affirming the correctness of the information supplied, whether or not the statement is signed before a person authorized to administer oaths, and mails the application and statement to the department of revenue. This signed statement shall be treated as a statement under oath or equivalent affirmation for purposes of 94-7-203, R.C.M. 1947, relating to the criminal offense of false swearing.

Section 2. In the event House Bill 70 is enacted into law and repeals section 84-301, R.C.M. 1947, then in lieu of section 1 of this act, section 84-301.16, R.C.M. 1947, as enacted by House Bill 70, shall be further amended by this act to read as follows:

"**84-301.16. Class fifteen property — description — taxable percentage.** (1) Class fifteen property includes:

(a) a capital investment in a building for an energy conservation purpose, to the extent provided under 84-7403; and

(b) so much of the market value of any improvement on real property, a trailer affixed to land, or mobile home and appurtenant land not exceeding 5 acres, as does not exceed $35,000, when such dwelling and land are owned or under contract for deed and are actually occupied for at least 10 months per year as the primary residential dwelling of:

(i) a widow or widower 62 years of age or older who qualifies under the income limitations of (iii) of this subsection;

(ii) a widow or widower of any age with dependent children who qualifies under the income limitations of (iii) of this subsection; or

HeinOnline -- 1977 vol. II 1603 1977

(iii) a recipient or recipients of retirement or disability benefits whose total income from all sources is not more than *$7,000* for a single person or *$8,000* for a married couple.

(2) (a) A person applying for classification of property under this class must make an affidavit to the department of revenue on a form provided by the department without cost as to:

(i) his income, if applicable;

(ii) his retirement benefits, if applicable;

(iii) his marital status, if applicable;

(iv) the fact that he maintains the land and improvements as his primary residential dwellings; and

(v) such other information as is relevant to the applicant's eligibility.

(b) This application must be made before March 1 of the year after the applicant becomes eligible under this classification.

(c) For the purpose of the affidavit required for classification of property under this class, it shall be sufficient if the applicant signs a statement swearing to or affirming the correctness of the information supplied, whether or not the statement is signed before a person authorized to administer oaths, and mails the application and statement to the department of revenue. This signed statement shall be treated as a statement under oath or equivalent affirmation for the purposes of 94-7-203, relating to the criminal offense of false swearing.

(3) Class fifteen property is taxed at 6% of its market value, or in the case of property classified under (1)(b) of this section, so much of 6% as is determined under 84-309, whichever is less.

Section 3. **Statement of intent.** It is intended, by section 2 of this act, to conform the substantive policies which House Bill 215 enacts into the format which House Bill 70 will create. Section 2 further reflects House Bill 70, as amended, in that it deletes the prohibition against reappraising class fifteen property during the occupancy of the dwelling by a qualified taxpayer or taxpayers. Reappraisal of class fifteen property would be permitted, and the taxable percentage of that reappraised value would then fall to a figure below 6%, as set forth in the Senate amendments to House Bill 70. If reappraisal brings the value above $35,000 the first $35,000 would be taxed in this class and the excess taxed on other real property. The publisher of the 1977 Supplements to the Revised Codes of Montana 1947, is directed to publish section 2 of this act as the official version of section 84-301.16 in the event House Bill 70 is enacted.

Section 4. **Effective date.** This act is effective on its passage and approval.

Approved April 26, 1977.

CHAPTER NO. 503

AN ACT AUTHORIZING THE USE OF ELECTRONIC BANKING FACILITIES AND ELECTRONIC TRANSFERS OF FUNDS BY BANKS, SAVINGS AND LOAN ASSOCIATIONS, AND CREDIT UNIONS; AMENDING SECTION 5-1028, R.C.M. 1947; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 5-1701 that reads as follows:

5-1701. Short title. This act shall be known and may be cited as the "Montana Electronic Funds Transfer Act".

Section 2. There is a new R.C.M. section numbered 5-1702 that reads as follows:

5-1702. Findings and purpose. (1) The legislature has determined that development of electronic funds transfer systems is a technology which promises convenience and efficiency for all types of financial

HeinOnline -- 1977 vol. II 1611 1977

depository institutions and their customers. The legislature further finds that this technology threatens to proliferate rapidly; that there presently exists no adequate governmental regulation, federal or state, to control orderly development of this technology to prevent market domination and monopolies, to provide parity for all financial depository institutions, to provide mandatory sharing of such systems, and to assure nondiscriminatory access to such systems at nondiscriminatory rates on the part of all who are involved in the use of this technology. This act shall apply to financial institutions chartered under the United States Code, to the extent permitted by such code.

(2) The legislature finds need to control location and structural placement of electronic terminals in order to:

(a) assure access, protection, and convenience to the public using them;

(b) assure that structural placement of automated teller machines are designed to provide maximum protection to the terminal and its contents from vandalism, tampering, and theft and, since such machines shall be unmanned, to locate them in a manner designed to permit maximum protection of the public using them;

(c) prevent traffic congestion at vehicle parking lots and pedestrian concourses and sidewalks;

(d) prevent vehicle backup onto public highways;

(e) prevent undue interference with nearby businesses;

(f) locate automated teller machines in places permitting maximum sharing of their use to all operators desiring to use them under conditions herein stated.

(3) The legislature further finds that in the present state of the technology there is substantial potential for error and misuse and that these systems, including various types of terminals, telecommunications between them and computer and switching equipment, or transport of electronically recorded materials from the terminals to such equipment, and the computers and switches themselves are subject to malfunction, vandalism, fraud, theft, and other abuses and accidents, all indicating the obvious need for the exercise of the police power of this state to protect its citizens and their property in the use of this technology. Location of terminals is an important factor in such protection.

(4) The legislature further finds that commercial banks, savings and loan associations, and credit unions, chartered by both federal and state governments, are in competition for deposits, share accounts, and loans and other financial business of the state's citizens; that each has the capability of utilizing electronic funds transfer systems; and that unless there is controlled use of these systems there will be strong potentials for destructive competition and market domination by some financial institutions over others, increasing the likelihood for misuse and error, duplication and waste, and resulting increased costs.

(5) To meet these needs, the legislature finds that state authority must provide for authorizing such systems; for speedy and fair remedies for

HeinOnline -- 1977 vol. II 1612 1977

losses resulting from malfunction, misuse, or error; and for penalties for violation of this act.

Section 3. There is a new R.C.M. section numbered 5-1703 that reads as follows:

5-1703. Definitions. As used in this act, the following definitions shall apply unless the context otherwise requires:

(1) "Electronic funds transfer" means debiting or crediting a depositor's account or otherwise transacting any business in a financial institution by electronic impulse messages, authorized under this act, transmitted directly by wire or otherwise or stored on magnetic tape or equivalent technologies, or otherwise, and processing the adjustments without regular and customary direct human intervention. Nothing in this subsection prevents a financial institution from processing its bookkeeping entries through normal human intervention.

(2) "Financial institution" means a bank chartered under Title 5 of this code, a bank chartered under the National Banking Acts in Title 12 of the United States Code, a building and loan association chartered under Title 7 of this code, a savings and loan association chartered under the Home Owners' Loan Act in Title 12 of the United States Code, a credit union chartered under Title 14, chapter 6, of this code, or a credit union chartered under the Federal Credit Union Act in Title 12 of the United States Code. For purposes of this act only, a consumer loan company licensed under Title 47, chapter 2, shall be considered a financial institution.

(3) (a) "Satellite terminal" means any machine or device located off the premises of a financial institution which a financial institution or its customers may use to carry out electronic funds transfers.

(b) "Satellite terminal" includes:

(i) automated teller machine, which means a satellite terminal to make electronic funds transfers, located off the premises of financial institutions, operated by customers of financial institutions without assistance, activated by a unique identification device and personal identification number;

(ii) point-of-sale terminal, which means a satellite terminal located on the premises of a merchant, operated by a merchant or his employees solely to debit a customer's deposit or share account in a financial institution and solely to credit the merchant's account commensurately for transactions in goods or services. A point-of-sale terminal need not be activated by a unique personal identification device. A merchant has the option, provided that the necessary computer capability exists at a reasonable cost, of selling goods or services by point-of-sale terminals with the electronic fund transfer taking effect at the time of the transaction or at a stated time after the transaction.

(c) The definition of "satellite terminal" does not include, and nothing in this act may be construed to apply to:

(i) an automated teller machine located on the premises of a financial institution;

HeinOnline -- 1977 vol. II 1613 1977

(ii) an automated clearinghouse or any equivalent system designed to transfer funds between financial institutions; or

(iii) a point-of-sale terminal which is utilized by a merchant in the merchant's business only and does not provide access to a financial institution.

(4) "Premises" means those locations where by applicable law financial institutions are authorized to maintain a principal place of business and other offices for the conduct of their respective businesses; the term includes a detached drive-in or walk-up facility approved under 5-1028.

(5) "Personal identification number" means a combination of numerals or letters selected for a customer of a financial institution and used, in conjunction with a unique identification device, to initiate a request for an electronic funds transfer.

(6) "Customer", in relation to a financial institution, means a holder of a demand or time account or a membership share in the institution or a person who is a borrower or a mortgagor; in relation to a merchant, it means a purchaser of goods or services.

(7) "Merchant" means a natural person, corporation, partnership, or association engaged in buying and selling goods or services, except that a financial institution is not a merchant.

(8) "Department" means the department of business regulation.

(9) "Person" means an individual, partnership, corporation, association, or any other business organization.

(10) "Unique identification device" means a magnetic encoded plastic card or equivalent device containing a number unique to a customer with relation to a financial institution.

Section 4. There is a new R.C.M. section numbered 5-1704 that reads as follows:

5-1704. Satellite terminals — permitted uses. Satellite terminals may be employed in the state only in the following capacities:

(1) as an automated teller machine to make electronic funds transfers as defined in this act, off the premises of a financial institution, operated by the customers of financial institutions without assistance;

(2) as a point-of-sale terminal, operated by a merchant or his employees solely to debit a customer's deposit or share account in a financial institution and solely to credit the merchant's account commensurately for transactions in goods or services.

Section 5. There is a new R.C.M. section numbered 5-1705 that reads as follows:

5-1705. Authorization for certain satellite terminals required. (1) Subject to the limitation expressed in 5-1708 and to the other requirements of this act, a business entity owned by a financial institution or financial institutions may install and maintain satellite terminals located

HeinOnline -- 1977 vol. II 1614 1977

within or not more than 3 miles beyond the incorporated municipality where each participating institution maintains its office or, if the financial institution is located outside an incorporated municipality, then not more than 3 miles from its principal place of business, after first obtaining authorization from the department of business regulation pursuant to rules adopted by the department. Business organizations other than financial institutions may own satellite terminals, provided, however, that such organizations shall not engage in the business of a financial institution and that ownership and possession of such satellite terminals shall be regulated by the department of business regulation and they shall not be used for any purpose other than is authorized in this act.

(2) A merchant may install and operate a point-of-sale terminal. A merchant may utilize a machine as a point-of-sale terminal, which machine performs functions in addition to electronic funds transfer if such other functions do not violate the provisions of this act.

Section 6. There is a new R.C.M. section numbered 5-1706 that reads as follows:

5-1706. Consumer information. A financial institution or its affiliate engaging in electronic funds transfers with its customers shall, prior to authorizing a customer to make electronic funds transfers, provide the customer an itemized statement clearly setting forth, without limitation:

(1) the specific transactions which may be performed through satellite terminals;

(2) the charges, if any, for individual transactions engaged in through a satellite terminal;

(3) minimum balance requirements, if any;

(4) the liability of the various parties for unauthorized transactions made by electronic funds transfer, with special emphasis upon the liability when the customer makes his personal identification number readily available for discovery in connection with theft or loss of the unique identification device and upon the importance of immediate notification to the institution of such theft or loss;

(5) the legal status of receipts issued from a satellite terminal;

(6) the right of the customer to a description of transactions performed by satellite terminal on any periodic statement of account furnished the customer;

(7) the right of the customer to seek correction of any errors he believes have been made in his account by electronic funds transfer;

(8) instructions in maintaining customer records and reconciling balances and in the importance of retaining receipts of electronic funds transfers; and

(9) the economic significance of having no "float" time and no stop-payment authority.

(a) The customer shall then sign a statement acknowledging his accep-

HeinOnline -- 1977 vol. II 1615 1977

tance of these terms and conditions and give the statement to the financial institution. A copy of the statement, countersigned by an officer of the financial institution, shall be provided the customer. In addition, the information set forth in subsection (4) of this section shall be specifically acknowledged by the customer. The customer shall verify his acknowledgement by signing his initials immediately adjacent to the information provided.

Section 7. There is a new R.C.M. section numbered 5-1707 that reads as follows:

5-1707. Institutional access requirements. (1) A satellite terminal used by a financial institution must be made available, on a nondiscriminatory basis, to all financial institutions or branches thereof located within the geographic area that may use each type of satellite terminal, as defined and outlined in 5-1708, and that may want to participate in using this satellite terminal. In addition, each customer authorized by any financial institution may use the satellite terminal, with the limitations on the transactions imposed and outlined in 5-1708. The charges required to be paid by any financial institution which utilizes the satellite terminal may not exceed a pro rata portion of the cost, determined in accordance with generally accepted accounting principles, and a reasonable return on the owner's equity. The costs for the use of an automated teller machine chargeable to a financial institution for a financial transaction may not exceed 125% of the average transaction cost for the use of automated teller machines in Montana. A financial institution may contract with a merchant for the operation of point-of-sale terminals. The contract shall specify the conditions upon which the merchant will make the point-of-sale terminal(s) available to customers of the financial institution and shall include terms covering connection charge, fees, format code and security provisions. A point-of-sale terminal shall be available for use by all financial institutions upon such contractual terms as may be commercially reasonable.

(2) A financial institution may invest in, acquire, or hold shares in a corporation engaged solely in operating and owning satellite terminals. A financial institution may utilize, establish, or own, either alone or with one or more financial institutions, satellite terminals and related communication equipment associated with electronic funds transfers. Other business organizations may also own satellite terminals and lease or otherwise permit financial institutions to use the satellite terminals, provided these other businesses comply with the provisions of this act and agree to come under the supervision of the department. Such other business organizations may not engage in the business of a financial institution.

Section 8. There is a new R.C.M. section numbered 5-1708 that reads as follows:

5-1708. Geographical restrictions on certain satellite terminals. (1) If a financial institution is a bank, savings and loan association, or a credit union, it may engage in electronic funds transfers by means of an automated teller machine located within or not more than 3 miles beyond the municipality where its office is located or, if the financial institution is located outside any incorporated municipality, not more than 3 miles from its principal place of business.

HeinOnline -- 1977 vol. II 1616 1977

(2) The department may authorize the operation of an automatic teller machine which a financial institution uses only if such institution complies with this act and regulations adopted by the department.

(3) No out-of-state financial institution may establish a satellite terminal within the state or lease through other businesses satellite terminals within Montana. An out-of-state financial institution may not engage in electronic funds transfers within the state, except that a customer of an out-of-state financial institution may debit his account in an out-of-state financial institution at an in-state satellite terminal to pay for merchandise and services, provided the merchant credits an account in a financial institution whose principal place of business is located within the state.

(4) Point-of-sale terminals may be available to all customers authorized by in-state financial institutions for debiting accounts to pay for merchandise and services.

Section 9. There is a new R.C.M. section numbered 5-1709 that reads as follows:

5-1709. Protection of privacy. (1) No information relating to any transaction by electronic funds transfer, or application therefor, between a financial institution and its customer or prospective customer may be disclosed by the financial institution to any person or government entity without consent of the customer or, if the customer refuses to so consent, under subpoena issued by a court of record.

(2) This section does not prevent:

(a) the examination of financial institutions by duly authorized regulatory authority or the transfer of information by a financial institution to a clearinghouse which administers transactions between financial institutions; or

(b) the access by a party to a transaction to information relating to a specific transaction.

Section 10. There is a new R.C.M. section numbered 5-1710 that reads as follows:

5-1710. Unauthorized disclosure of electronic funds transfer records. (1) A person commits the offense of unauthorized disclosure of electronic funds transfer records if he has lawful access to such records by virtue of office or employment and:

(a) permits another, who lacks lawful access to such records, to inspect, copy, or read such records; or

(b) transfers such records to another who lacks lawful access thereto.

(2) A person convicted of the offense of unauthorized disclosure of electronic funds transfer records shall be imprisoned in the state prison for any term not to exceed 1 year, be fined not more than $5,000, or be punished by both such imprisonment and fine.

Section 11. There is a new R.C.M. section numbered 5-1711 that reads as follows:

HeinOnline -- 1977 vol. II 1617 1977

5-1711. Records of electronic funds transfers. (1) A satellite terminal shall be operated so as to produce a humanly readable record of any transaction and to provide a copy of this record to the person initiating the transaction as soon as the transaction is complete.

(2) The receipt provided to the person initiating an electronic funds transfer shall be admissible as evidence in any legal proceeding and constitutes prima facie proof of the transaction which it records.

(3) (a) A financial institution shall provide each of its customers utilizing electronic funds transfer services with a periodic account statement containing a brief description of all electronic funds transfers sufficient to enable the customer to identify any transaction and relate the transaction to the receipt provided under subsection (1) of this section.

(b) When a periodic account statement includes both electronic funds transfers and other transactions, all electronic funds transfers shall be identified as such and be furnished in compliance with this subsection.

Section 12. There is a new R.C.M. section numbered 5-1712 that reads as follows:

5-1712. Verification of statement — procedure for discrepancies. (1) If, upon receipt of a periodic statement of account, a customer of a financial institution believes the statement contains an error with respect to an electronic funds transfer, the customer shall notify the institution within 60 days after the day the institution delivered the statement. In this notification, the customer shall identify himself and the foundation of his belief regarding the error.

(2) Within 10 days after a customer has notified a financial institution of a possible error under subsection (1), the institution shall either:

(a) correct the account in question, giving the customer a description of the correction (if the correction is not in the exact amount of the alleged error, the description shall explain the difference); or

(b) after investigating the matter, give the customer an explanation of the reasons the institution believes the statement to be correct. If requested in writing by the customer, a written explanation, documented by the institution's record of the transaction in question, shall be furnished the customer.

(3) A financial institution receiving notice under subsection (1) may not close the account concerning which the dispute exists or restrict transactions in such account affecting the portion not in dispute, until it complies with subsection (2). A financial institution which has once complied with subsection (2) with respect to an alleged error is not required to respond under subsection (2) to repeated allegations of the same error.

Section 13. There is a new R.C.M. section numbered 5-1713 that reads as follows:

5-1713. Unauthorized transactions — liability. (1) A customer whose account is debited by an electronic funds transfer without his authorization is not liable for the amount of such transaction, and the

HeinOnline -- 1977 vol. II 1618 1977

amount shall be recredited to his account as provided under 5-1712, unless:

(a) the financial institution has provided the customer a unique identification device for initiating electronic funds transfer requests and transactions are made as a result of the theft or loss of that device, in which case the customer is liable for the first $50 of any consequent transactions made prior to the time the financial institution is notified of such loss or theft; or

(b) the financial institution has provided the customer a unique identification device for initiating, in conjunction with a personal identification number separate from the device, electronic funds transfer requests, and the customer attaches the personal identification number to the device by writing or otherwise or in any way makes the number readily available for discovery in connection with the theft or loss of the device, and transactions are made as a result of the theft or loss of the device, in which case the customer is liable for one-half the value of all consequent transactions made until the financial institution is notified of such theft or loss.

(2) A customer who willingly gives his unique identification device and personal identification number to another is presumed to have authorized any electronic funds transfers requested by such other person.

(3) A merchant who makes electronic funds transfer services available on his premises is liable for the amount of an unauthorized electronic funds transfer requested from his premises only if:

(a) he or his agent is negligent in requiring a user of electronic funds transfer services to furnish adequate self-identification;

(b) he fails to retain a physical record of the transaction for 1 year following the transaction; or

(c) he breaches the warranty required by subsection (4) of this section.

(4) A merchant operating a point-of-sale terminal shall warrant to the financial institution that an order for an electronic funds transfer emanating from the terminal is part of a commercial transaction in which the customer receives goods or services of commensurate value.

(5) The liability for any unauthorized or erroneous electronic funds transfer which does not fall upon a customer or a merchant under this section falls upon the financial institution which carries out the transfer.

Section 14. There is a new R.C.M. section numbered 5-1714 that reads as follows:

5-1714. Automatic teller machines — additional standards. Before the department authorizes an automatic teller machine, the owner must certify to the department that the machine complies with the provisions of this chapter and is:

(1) equipped with adequate security provisions;

(2) activated by a unique identification device;

HeinOnline -- 1977 vol. II 1619 1977

(3) designed so as to produce the transaction record required by 5-1711(1).

Section 15. There is a new R.C.M. section numbered 5-1715 that reads as follows:

5-1715. Point-of-sale terminals — additional standards. (1) Before the department approves a point-of-sale terminal, it must find that the merchant demonstrates on his application that:

(a) he will use acceptable procedures for customer self-identification;

(b) he will use a draft and receipt system, on which the customer's signature acknowledges receipt of the goods or services paid for by electronic funds transfer;

(c) he will institute a procedure whereby he keeps one copy of each such draft and receipt for 1 year following the date of transaction, he gives one copy to the customer in satisfaction of 5-1711(1), and he forwards one copy to the customer's financial institution. The requirement of a copy to the financial institution may be waived by the department by rule if the point-of-sale terminal is activated by a customer's unique identification device.

(2) A financial institution involved in an electronic funds transfer initiated from a point-of-sale terminal may inspect the merchant's copy of the transaction record for any purpose consistent with the privacy provisions of 5-1709.

Section 16. There is a new R.C.M. section numbered 5-1716 that reads as follows:

5-1716. Personal identification number — restrictions. (1) A financial institution may not assign a personal identification number to a customer which is identical to that customer's social security account number, driver's license number, or any other number assigned for other purposes to that customer.

(2) A satellite terminal may not be operated so as to print a customer's personal identification number on the humanly readable receipt furnished at the time of a transaction.

Section 17. There is a new R.C.M. section numbered 5-1717 that reads as follows:

5-1717. Advertising — restrictions. Advertising on satellite terminals shall be restricted to a common symbol or to identification of each participating financial institution in characters of equal size and prominence. This section does not restrict the right of financial institutions to advertise electronic funds transfer services in other media.

Section 18. There is a new R.C.M. section numbered 5-1718 that reads as follows:

5-1718. Standard format code. All satellite terminals in the state shall be operated by a standard format code compatible with that used in other states. If cards are used as unique identification devices, the department may, by rule, prescribe a standard size.

HeinOnline -- 1977 vol. II 1620 1977

Section 19. There is a new R.C.M. section numbered 5-1719 that reads as follows:

5-1719. Conventional checking option preserved. A financial institution may not require any customer to deal with or through it by means of electronic funds transfer in lieu of writing checks in the usual manner upon a conventional checking account and may not impose any extraordinary charge upon customers who choose to write checks in the usual manner upon a conventional checking account maintained at that financial institution. Nothing in this section prohibits a financial institution from charging a reasonable fee to cover the expenses of providing a checking account to a customer or from realizing a reasonable profit for providing that service.

Section 20. There is a new R.C.M. section numbered 5-1720 that reads as follows:

5-1720. Rule-making authority delegated. The department may adopt, amend, or repeal rules reasonably necessary to implement this act and effectuate its purposes.

Section 21. There is a new R.C.M. section numbered 5-1721 that reads as follows:

5-1721. Enforcement. (1) Upon petition of the department and opportunity for a hearing under the Montana Administrative Procedure Act, the department may revoke or suspend authorization to operate a satellite terminal or to participate in its operation on the grounds that the person holding such authority has violated a provision of this act or a rule validly adopted.

(2) The department may bring an action in district court to enjoin a person from operating or participating in the operation of a satellite terminal without authority.

Section 22. Section 5-1028, R.C.M. 1947, is amended to read as follows:

"**5-1028. Branch bank prohibited — exceptions.** *(1)* No bank *may* maintain any branch bank, receive deposits, or pay checks except over the counter of and in its own banking house. Provided, that nothing in this section *prohibits* ordinary clearinghouse transactions between banks.

(2) With the prior approval of the *department*, any bank doing business in this state may establish and maintain not more than one detached drive-in and walk-up facility consisting of one or more *teller* windows. The distance of the facility from the main banking house *may* not exceed 1,000 feet measured in a straight line from the closest point of the main banking house to the farthest point of the detached facility. The facility *may* not be closer than 200 feet to a facility operated by any other bank *or* closer than 300 feet to the main banking house of any other bank, the measurement to be made in a straight line from the closest points of the closest structures involved. The distances herein specified in relation to a facility operated by any other bank and in relation to the main banking house of any other bank may be decreased by mutual written agreement of the

HeinOnline -- 1977 vol. II 1621 1977

banks involved to not closer than 150 feet to a facility operated by any other bank *or* closer than 200 feet to the main banking house of any other bank, the measurement to be made in a straight line from the closest points of the closest structures involved. The service of the facility shall be limited to receiving deposits of every kind, cashing checks or orders to pay, receiving payments payable at the bank, and such other transactions as are normally and usually conducted or handled at *teller* windows in the main banking house.

(3) (a) Any bank authorized to do banking business in this state may utilize a satellite terminal as defined in the Montana Electronic Funds Transfer Act and at any location permitted by the Montana Electronic Funds Transfer Act. The use of satellite terminals hereby authorized shall not be subject to the restrictions on location, transaction, or number applicable to detached drive-in, walk-up, or teller facilities.

(b) A satellite terminal other than a point of sales terminal may not be closer than 200 feet to a facility operated by any other bank or closer than 300 feet to the main banking house of any other bank, the measurement to be made in a straight line between the closest points of the closest structures involved. The distances herein specified in relation to a facility operated by any other bank and in relation to the main banking house of any other bank may be decreased by mutual written agreement of the banks involved to not closer than 150 feet to a facility operated by any other bank or closer than 200 feet to the main banking house of any other bank, the measurement to be made in a straight line between the closest points of the closest structures involved."

Section 23. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 24. **Effective date.** This act is effective on January 1, 1978.

Approved April 28, 1977.

(1) "Municipality" means any incorporated city or town and its jurisdictional area as defined by subsection (12) of this section.

(2) "Building regulations" means any law, rule, resolution, regulation, ordinance, or code, general or special, or compilation thereof enacted or adopted by the state or any municipality, including departments, boards, bureaus, commissions, or other agencies of the state or a municipality relating to the design, construction, reconstruction, alteration, conversion, repair inspection, or use of buildings and installation of equipment in buildings. The term does not include zoning ordinances.

"**66-2427. Permit fee — payment — penalties.** (1) It is unlawful for any person to engage in the business, trade, or work having to do with the installation, removal, alteration, or repair of plumbing and drainage systems or parts thereof without first obtaining a permit from the *department of administration.*

A separate permit shall be obtained for each building or structure.

No person may allow any other person to do or cause to be done any work under a permit secured by the permittee except persons in his employ.

(2) No permit is required for any minor replacement or repair work, the performance of which does not have a significant potential for creating a condition hazardous to public health and safety. No permit is required where the installation is exempt under the provisions of 66-2426 or 66-2401. Nothing contained in this act shall prohibit the owner of residential property from making an installation for all sanitary plumbing and potable water supply piping without a permit providing he does the work

HeinOnline -- 1977 vol. II 1625 1977

himself. The provisions of this act do not apply to regularly employed maintenance personnel doing maintenance work on the business premises of their employer unless work is subject to the permit provisions of this act.

(3) Persons required by this section to apply for a permit shall make application on forms provided by the *department of administration* or authorized representative. He shall give a description of the character of the work proposed to be done, and the location, ownership, occupancy and use of the premises in connection therewith. The *department of administration* or its authorized representative may require sketches, specifications or drawings and such other information it deems necessary in order to determine the scope of the work contemplated.

If the *department of administration* determines that the sketches, specifications, drawings, descriptions and information furnished by the applicant are in compliance with the state plumbing code, it shall issue the permit applied for upon payment of the required fee as established by the *department of administration.*

(4) Any person who commences any work for which a permit is required without first obtaining a permit shall, if subsequently permitted to obtain a permit, pay double the permit fee for the work, except that this provision does not apply to emergency work when it is proved to the satisfaction of the *department of administration* or its authorized representative that the work was urgently necessary and that it was not practical to obtain a permit before the commencement of the work. In all such cases, a permit shall be obtained as soon as it is practical to do so, and if there is unreasonable delay in applying for the permit, a double fee shall be charged.

For the purpose of this section, a sanitary plumbing outlet on or to which a plumbing fixture or appliance may be set or attached shall be construed to be a fixture. Fees for reconnection and retest of plumbing systems in relocated buildings shall be based on the number of plumbing fixtures, gas systems, water heaters, and the like involved.

When a permit has been obtained to connect an existing building or existing work to the public sewer or to connect to a new private disposal facility, backfilling of private sewage disposal facilities abandoned consequent to the connection is included in the permit.

The *department of administration* shall establish permit fees in accordance with the Montana Administrative Procedure Act and the fees shall be deposited to the earmarked revenue fund of the *department of administration* for use in the administration and enforcement of this act and the Montana state plumbing code.

(5) All plumbing and drainage systems may be inspected by the *department of administration* or their authorized representative to insure compliance with the requirements of the state plumbing code.

(6) It is the duty of the person doing work authorized by the permit to notify the *department of administration* orally or in writing, that the work is ready for inspection. The notification shall be given not less than 24 hours before the work is to be inspected.

HeinOnline -- 1977 vol. II 1626 1977

It is the duty of the person doing the work authorized by the permit to ensure that the work performed before notification and after notification pending inspection complies with the state plumbing code.

(7) Whenever any work is being done contrary to the provisions of the state plumbing code; the *department of administration* or its authorized representative may, after a hearing conducted under the provisions of the Montana Administrative Procedure Act, order work stopped by notice in writing served on any person engaged in the work.

(8) The *department of administration* may suspend or revoke a permit, whenever it is issued in error or on the basis of incorrect information supplied, or work performed thereunder is in violation of any of the provisions of Title 66, chapter 24."

Section 8. Section 66-2802, R.C.M. 1947, is amended to read as follows:

"**66-2802. Purpose.** (1) The purpose of this act is to protect the health and safety of the people of this state from the danger of electrically caused shocks, fires, and explosions; to protect property from the hazard of electrically caused fires and explosions; to establish a procedure for determining where and by whom electrical installations are to be made; to assure the public that persons making electrical installations are qualified; and to insure that the electrical installations and electrical products made and sold in this state meet minimum safety standards. All installations in this state of wires and equipment to convey electric current and installations of apparatus to be operated by current, except as provided in 66-2812, shall be made substantially in accord with *building codes adopted by the department of administration.*

(2) Rules and standards relating to buildings and equipment *shall be promulgated by the department of administration.*"

"**66-2805.1. Department — inspections — tags.** (1) The department *of administration* shall make inspections of electrical installations, issue inspection tags for these installations, and establish and charge a reasonable and uniform fee for the inspections, which may not exceed the expense of providing the inspection.

(2) Individuals, firms, cooperatives, corporations, or municipalities selling electricity are power suppliers. Power suppliers may not connect with or energize an electrical installation, under this act, unless the owner or a licensed electrical contractor has delivered to the power supplier an inspection tag covering the installation, issued by the department *of administration.*

(3) Immediately after an installation has been energized, the power supplier shall deliver to the department *of administration* the inspection tag covering the installation.

(4) It is unlawful for a person, partnership, company, firm, association,

HeinOnline -- 1977 vol. II 1627 1977

or corporation, other than a power supplier, to energize an electrical installation under this act, unless an application for an inspection tag covering the installation, together with the inspection fee, has been forwarded to the department *of administration.*"

Section 10. Section 82A-1607, R.C.M. 1947, is amended to read as follows:

"**82A-1607. Electrical inspections and code making.** The functions of the department of law enforcement and public safety of making inspections of electrical installations and issuing tags and charging fees therefor as set forth in 66-2805(c)(i) and of establishing an electrical code as set forth in 66-2802(i), which were transferred to the department in 82A-1203, are transferred to the department of *administration.*"

Section 11. Section 75-8206, R.C.M. 1947, is amended to read as follows:

"**75-8206. Review and approval of school building plans and specifications.** *(1)* No school building in the state, either publicly or privately owned or operated, shall be built, enlarged, remodeled, or repaired until the plans and specifications for such construction have been submitted to *and approved by the department of administration.*

(2) The plans and specifications shall show in detail the proposed construction of the building and shall illustrate and indicate conformity with the *rules promulgated by the department of administration.*

(3) As a service to districts, the superintendent of public instruction *may* review the plans and specifications submitted to the *department of administration* to assist the districts in designing facilities for optimum utilization."

Section 12. Section 75-8207, R.C.M. 1947, is amended to read as follows:

"**75-8207. (2) The state board of health shall furnish to the districts copies of such regulations."

Section 13. There is a new R.C.M. section numbered 69-2125 that reads as follows:

69-2125. Department of administration — authority to promulgate building regulations. No state agency except the department of administration may promulgate building regulations as defined in 69-2105, except the state fire marshal may promulgate regulations relating to use of buildings and installation of equipment. (a) the estimated allowable costs associated with operating the program where allowable costs are as defined in section 75-7813.1;

HeinOnline -- 1977 vol. II 1632 1977

be added to the maximum-budget-without-a-vote amount for special education for the subsequent school year. Such costs must be recorded as "previous year special education expenses" in the school district budget for the subsequent school year.

(22) The sum of the previous year special education expenses as defined in subsection (21) above, and the maximum-budget-without-a-vote for current year special education as defined in subsection (20) shall be the special education budget for accounting purposes.

The maximum-budget-without-a-vote for special education will be added to the maximum-budget-without-a-vote of the regular program ANB defined in sections 75-6902 and 75-6903 to obtain the total maximum-budget-without-a-vote for the district."

CHAPTER NO. 506

AN ACT ESTABLISHING PILOT SERVICE PROGRAMS FOR DISPLACED HOMEMAKERS; PROVIDING AN APPROPRIATION OF $30,000 FOR THE BIENNIUM; PROVIDING A 2-YEAR PERIOD OF EFFECTIVENESS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative policy.** (1) The legislature finds that there is an ever-increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, or other loss of family income. As a consequence, displaced homemakers are very often without any source of income; they are ineligible for categorical welfare assistance; they are subject to the highest unemployment rate of any sector of the work force; they face continuing discrimination in employment because they are older and have no recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security because they are too young, and many will never qualify for social security because they have been divorced from the family wage earner; they have often lost their rights as beneficiaries under employers' pension and health plans through divorce or death of spouse, despite many years of contribution to the family well-being; and they are often ineligible for medicaid and are generally unacceptable to private health insurance plans because of their age.

(2) The legislature further finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the welfare of the society as a whole.

(3) It is the intention of the legislature to provide the necessary counseling, training, jobs, services, and health care for displaced homemakers so that they may enjoy the independence and economic security vital to

HeinOnline -- 1977 vol. II 1633 1977

a productive life and to improve the health and welfare of this ever-growing group of citizens.

Section 2. **Definitions.** As used in this act, the following definitions apply:

(1) "Displaced homemaker" means a person who:

(a) worked in a home for at least 7 years providing unpaid household services for a family member or family members;

(b) is not gainfully employed;

(c) has had or would have difficulty finding paid employment; and

(d) was dependent on the income of another family member but is no longer supported by that income or was dependent on federal assistance but is no longer eligible for that assistance.

(2) "Director" means the director of the department of labor and industry.

(3) "Grantee" means a nonprofit agency or organization designated to administer a multipurpose service center.

Section 3. **Pilot service programs.** In order to enable the displaced homemaker to contribute to society and maintain independence and economic security, the director shall establish two pilot multipurpose service centers for displaced homemakers, one in the Missoula County area and one in the Yellowstone County area. To the greatest extent possible, the director shall make the grants funding these centers to nonprofit agencies or organizations whose major emphasis of service has been to serve women.

Section 4. **Responsibilities of director to establish centers.** The director shall:

(1) within 1 month of the passage of this act, begin a search for grantees to carry out the programs described in [section 5 of this act];

(2) within 4 months of the passage of this act, designate the grantees who will establish the multipurpose service centers;

(3) within 6 months of the passage of this act, draw up a contract with the grantees and begin to provide the necessary funds to the grantees to set up and begin the operation of the multipurpose service centers; and

(4) when the centers are operational, provide the remaining funds to the grantees to continue the operation of the centers.

Section 5. **Programs to aid displaced homemakers.** (1) The centers shall develop job counseling and placement services by cooperating with federal, state, and local governmental agencies and private employers in order to avoid unnecessary duplication of services. The services shall:

(a) counsel displaced homemakers with respect to appropriate job opportunities;

(b) identify community needs and seek funding for new public and private sector jobs;

HeinOnline -- 1977 vol. II 1634 1977

(c) provide displaced homemakers with the necessary counseling, training, skills, and referral services to become gainfully employed, healthy, and independent;

(d) develop plans to include more displaced homemakers in existing training and placement programs;

(e) refer displaced homemakers to agencies which may provide information and assistance with respect to health care, financial matters, education, nutrition, and legal problems; and

(f) take into account and build upon the skills and experiences of the displaced homemaker.

(2) The Montana state employment service shall specifically work with the centers to secure employment for displaced homemakers.

Section 6. **Service to surrounding rural areas.** To the greatest extent possible, the centers shall serve the surrounding rural areas through a rural outreach effort.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1045, R.C.M. 1947, is amended to read as follows:

"**16-1045. Bonds and other obligations.** (1) Notwithstanding any limitation imposed by law upon the bonded indebtedness of a county, a county constructing a hospital or nursing home under section 16-1008A may borrow money and issue its bonds therefor, including refunding bonds, in such form and upon such terms as it may determine, payable out of any revenues of the facility, including revenues derived from:

(a) fees and payments for hospital or nursing home services,

(b) taxes levied under section 16-1046,

(c) grants or contributions from the federal government, or

(d) any other sources.

(2) The bonds may be issued by resolution or resolutions of the county governing body without any limitation of amount except as follows:

(a) no such bonds may be issued at any time if the total amount of principal and interest to become due in any year on such bonds, and on any then outstanding bonds for which revenues from the same source or sources are pledged, exceeds the amount of such revenues to be received in that year as estimated in the resolution authorizing the issuance of the bonds; and

(b) the county shall be obligated to take all action necessary and possible to impose, maintain and collect rates, charges, rentals and taxes, if any are pledged, sufficient to make the revenues from the pledged source or sources in such year at least equal to the amount of such principal and interest due in that year.

They may be sold at public or private sale and shall bear interest at a rate or rates not exceeding 10% a year. Except as otherwise provided herein, any bonds issued pursuant to this act by a county shall be payable as to principal and interest solely from revenues of the county, and shall state on their face the applicable limitations or restrictions regarding the source or sources from which such principal and interest are payable.

(c) No such bonds may be issued by any county until the question of

approval of the issuance of such bonds has been submitted to the qualified electors of the county at a general election or a special election called for that purpose by the governing body of the county and the majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election shall be governed to the extent applicable by sections 16-2024 and 16-2026. If a majority of the electors voting thereon vote against the issuance of such bonds the county shall have no authority to issue such bonds under this act.

(3) Bonds issued by a county pursuant to the provisions of this act are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of section 84-4905(2)(a). The bonds may be for a 40 year period.

For the security of any such bonds, the county may by resolution make and enter into any covenant, agreement, or indenture and exercise any additional powers authorized to be made, entered into or exercised by a county. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be made payable from any and all revenues referred to in this act, prior to the payment of current costs of operation and maintenance of the facilities.

(4) The governing body of any county may, with respect to bonds issued pursuant to this act by the county, by resolution covenant that, in the event that at any time all revenues, including taxes, appropriated and theretofore collected for such bonds are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the county for the payment of such deficiency and may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the county for the payment of such deficiency, and such taxes shall not be subject to any limitation of rate or amount applicable to other county taxes but shall be limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event more than one county is included in an authority issuing bonds pursuant to this act, the counties may apportion the obligation to levy taxes for the payment of or in anticipation of a deficiency in the revenues appropriated for such bonds in such manner as the counties shall determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies."

Section 2. Section 16-1047, R.C.M. 1947, is amended to read as follows:

"**16-1047. Limitation.** The authority granted under this act is available only to counties in which no hospital exists or in which the only existing hospital has been ordered closed or cannot be reasonably brought into compliance with the standards established by the department of health and environmental sciences under chapter 52, Title 69, R.C.M. 1947."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 66-512, R.C.M. 1947, is amended to read as follows:

"**66-512. Renewal of license.** *(1)* A license expires on September 1 of each year, and shall be renewed by the department, on payment of a renewal fee of not more than *$50*, as set by the board, and the presentation of evidence satisfactory to the board that the licensee, in the year preceding the application for renewal, attended *and successfully completed a postgraduate* educational program for chiropractors *consisting of monitored classroom time conducted by instructors from accredited colleges of chiropractic in subjects designated and* approved by the board. However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees during the six (6) months preceding September 1, by examination, shall be granted renewal licenses without attending the educational programs.

(2) No license fee or license tax may be imposed upon doctors of chiropractic as a condition to the practice of their profession by a municipality or any other political subdivision of the state."

fied copy of the judgment of conviction is conclusive evidence of the conviction. This subsection is subject to Title 66, chapter 40.

(6) habitual intemperance or excessive use of narcotic drugs, alcohol, or any other substance to the extent that such use impairs the user's physical or mental professional capability;

(7) administering, dispensing, or prescribing a narcotic or hallucinatory drug, as defined by the federal food and drug administration or successors;

(12) practicing chiropractic as the partner, agent, or employee of or in joint venture with a person not licensed to practice chiropractic in this state. However, this does not prohibit incorporation as a professional service corporation under Title 15, chapter 21, or prevent a single consultation with or a single treatment by a person licensed to practice chiropractic in another state or territory of the United States or a foreign country.

(13) violating, attempting or conspiring to violate, or aiding or abetting in the violation of this chapter or the rules adopted under it; or

(c) has procured his license through mistake;

(d) has been guilty of unprofessional conduct;

(e) has practiced chiropractic while his license was suspended or revoked;

(f) has, while under probation, violated its terms.

HeinOnline -- 1977 vol. II 1653 1977

(2) The investigation shall be for the purpose of determining the probability of the existence of these conditions or the commission of these offenses and may include requiring the person to submit to a physical or mental examination, or both, by a physician or physicians selected by the board, if it appears to be in the best interests of the public that this evaluation be secured. The board may examine the hospital records and reports of the licensee as part of the examination and copies of these shall be released to the board on written request. If the board has reasonable cause to believe that this probability exists, the department shall mail to the person, at his last address of record with the department, a specification of the charges against him, together with a written notice of the time and place of the hearing on such charges, advising him that he may be present in person and with counsel if he so desires to offer evidence and be heard in his defense. The time fixed for hearing may not be less than 30 days from the date of mailing the notice.

(3) Any person, including a member of the board, may file a sworn complaint with the department against a licensed chiropractor charging him with any of the offenses or conditions set forth in 66-510.1 or subsection (1) of this section, which complaint shall set forth a specification of the charges. When the complaint has been filed, the board may make an investigation as provided by this section or may proceed to hearing. The department shall mail a copy of the complaint to the person charged, together with notice of hearing as provided in subsection (2) of this section.

(4) After the hearing the board shall adopt a resolution finding that the offenses charged have or have not been committed or that the conditions charged do or do not exist. If the finding is in the negative, the board shall dismiss the charges. If the finding is in the affirmative, the board shall:

(a) revoke the license;

(b) suspend the licensee's right to practice for a period not to exceed 1 year;

(c) suspend its judgment of revocation on terms and conditions determined by the board;

(d) place the licensee on probation; or

(e) take any other disciplinary action which the board in its discretion considers proper.

(5) In cases of revocation, suspension, or probation, the department shall record the facts of the case and all actions of the board in relation thereto.

(6) On the expiration of a term of suspension, the licensee shall be reinstated by the board if he furnishes evidence, satisfactory to the board, that he is then of good moral character and conduct or restored to good health and that he has not practiced chiropractic during the term of suspension. If the evidence fails to establish such facts to the satisfaction of the board, the board shall proceed to hearing on revocation with notice as provided in subsection (2) of this section.

HeinOnline -- 1977 vol. II 1654 1977

Section 4. There is a new R.C.M. section numbered 66-510.3 that reads as follows:

(2) This section does not prohibit the meeting in good faith of a competitive rate or prevent a reasonable classification of service by public utilities for the purpose of establishing rates.

(4) Willfully and knowingly advertising, offering for sale, or selling any commodity at less than the price stipulated in a contract entered into under this section, whether or not the person so advertising, offering for sale, or selling is a party to such contract, is unfair competition, and a person damaged thereby may bring an action.

Section 8. There is a new R.C.M. section numbered 51-508 that reads as follows:

51-508. Unfair competition in purchasing. (1) Any business which, for the purpose of creating a monopoly or destroying the business of a regularly established dealer or preventing the competition of any person who in good faith intends or attempts to become such dealer discriminates between different persons or localities of this state by purchasing any article of commerce at a higher rate or price in one locality than in another, after making due allowance for the difference in the actual cost of transportation from the point of purchase to the point of manufacture, sale, storage, or distribution and for the difference in the grade and quality of such article, is guilty of unfair discrimination, which is prohibited and unlawful.

(2) Proof that any person has paid a higher rate or price for any article of commerce in one locality than in another, after making due allowance for the difference in the actual cost of transportation and for the difference in the grade and quality of such article, shall be prima facie evidence of a violation of this section.

(3) The payment of a higher rate or price in one locality than in another, after making such allowance provided above, is not unfair dis-

HeinOnline -- 1977 vol. II 1659 1977

crimination provided such higher rate or price is paid for the purpose of meeting the rate or price set by a competitor in such locality. The burden of proof of such fact is upon the person charged with unfair discrimination.

Section 9. There is a new R.C.M. section numbered 51-509 that reads as follows:

51-509. Sales at less than cost forbidden. It is unlawful for a vendor to sell, offer for sale, or advertise for sale any article of commerce at less than the cost thereof to the vendor, or to give, offer to give, or advertise the intent to give away any article of commerce for the purpose of injuring competitors and destroying competition.

Section 10. There is a new R.C.M. section numbered 51-510 that reads as follows:

51-510. Cost survey as evidence of cost. Whenever a particular trade or industry, of which the person complained against is a member, has an established cost survey for the locality in which the offense is committed, such cost survey is competent evidence to be used in proving the costs of the person complained against.

Section 11. Section 51-114, R.C.M. 1947, is renumbered 51-511, and is amended to read as follows:

"**51-511. Establishing cost survey.** (1) The department shall, whenever application has been made by 10 or more persons within a particular trade or business, establish the cost survey provided for in *51-510*. When petition for a cost survey has been so presented to the department, the department shall, as soon as possible, fix a time for a public hearing upon the question of whether the cost survey should be established, *and if so, upon the matter of establishing such cost survey*. The hearing shall be held at the office of the department and upon that notice which the department may require *by rule*. However, notice of the hearing shall be published for at least 2 successive weeks in the daily newspaper or newspapers as the department may designate as most commonly circulated in the counties to be affected by the cost survey. The notice shall further state the locality or area in respect to which the cost survey is proposed to be established and the particular trade or business to be affected by it.

(2) At the time fixed in the notice any person may appear and be heard by the department upon all questions to be determined by it as provided in this section. If the department determines that a cost survey *should* be established, it shall at the same hearing proceed to classify and define the particular trade or business, or parts thereof, to be affected, determine and delimit the particular area within which the trade or business *will* be affected, and find and determine the probable "cost of doing business" or "overhead expense", stated in percentage of invoice or replacement cost which would probably be incurred by the most efficient person in the trade or business within the area.

(3) *If* the department determines that the probable "cost of doing business" or "overhead expense" stated in percentage of invoice or replacement cost which would probably be incurred by the most efficient person in the

HeinOnline -- 1977 vol. II 1660 1977

trade or business is the same for the entire state, then the department may, upon proper notice given as provided in this section, create one trade area embracing the entire state.

(4) The percentage so determined shall be presumed to be the actual "cost of doing business" and "overhead expense" of any person in the trade or business and within the area affected by the cost survey."

Section 12. Section 51-104, R.C.M. 1947, is renumbered 51-512, and is amended to read as follows:

"**51-512. Forced sales not basis of cost price.** In establishing the cost of a given article or product to the distributor and vendor, the invoice cost of *the* article or product purchased at a forced, bankrupt, closeout, or other sale outside of the ordinary channels of trade may not be used as a basis for justifying a price lower than one based upon the replacement cost as of *the* date of sale of *the* article or product replaced through the ordinary channels of trade, unless:

(1) the article or product is kept separate from goods purchased in the ordinary channels of trade;

(2) the article or product is advertised and sold as merchandise purchased at a forced, bankrupt, *or* closeout sale or by means other than through the ordinary channels of trade, and *such* advertising *states* the conditions under which *the* goods were purchased and the quantity of merchandise to be sold or offered for sale."

Section 13. Section 51-107, R.C.M. 1947, is renumbered 51-513, and is amended to read as follows:

"**51-513. Sales excepted.** *Sections 51-509, 51-510, and 51-512 do* not apply to any sale made:

(1) in closing out in good faith the owner's stock or any part thereof for the purpose of discontinuing his trade in any *article of commerce;*

(2) of seasonal goods;

(3) in good faith of perishable goods to prevent loss to the vendor by spoilage or depreciation, provided notice is given to the public thereof;

(4) when the goods are damaged or deteriorated in quality and notice is given to the public thereof;

(5) by an officer acting under the orders of any court;

(6) in a good faith endeavor to meet the legal prices of a competitor selling the same article *of commerce* in the same locality or trade area; *or*

sold on local markets in a trade area, district, or city in which the major portion of an agricultural commodity or product is produced within or adjacent to the trade area, city, or district:

(a) When 75% of *the* producers of an agricultural product or commodity marketing those products or commodities within a trade area, district, or city determine what is a fair price based upon competitive and other factors for their product or commodity, it shall be the fair price for that product or commodity under the terms of this *chapter.*

(b) Those producers through their agents shall file with the department the fair price and request a hearing for the establishment of fair prices to jobbers, wholesalers, retailers, and consumers of the agricultural products or commodities. *An* organization representing consumers may not be denied representation at the *hearing.*

(2) After the establishment of a schedule of fair prices for the agricultural products or commodities, it is a violation of this *chapter* for a producer, jobber, wholesaler, or retailer to sell or buy an agricultural commodity or product below the price established by the department. *Such* action is punishable under the terms provided in this *chapter.*"

Rebates forbidden.** *(1)* The secret payment or allowance of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and *when* such payment or allowance tends to destroy competition, is an unfair trade practice and any person resorting to such trade practice *is* guilty of a misdemeanor and on conviction *is* subject to the penalties set out in *51-524.*

(2) However, nothing in this *section prevents* a *cooperative* association, organized and operating on a true *cooperative* basis, from returning to the members, producers, or consumers the whole or any part of the net earnings or surplus resulting from its trading operations, in proportion to their purchases or sales from, to, or through the association."

Section 16. Section 51-411, R.C.M. 1947, is renumbered 51-516, and is amended to read as follows:

(a) make its own investigation;

(b) within 60 days of the finding of probable cause make a written report of its investigation; and

(c) mail a copy of its findings to the person initially giving notice of a violation.

(3) *(a)* If the department, *after an investigation,* has reason to believe that the person has been or is engaging in any course of conduct or doing any act in violation of this chapter and if it appears to the department that a proceeding by it would be *in* the interest of the public, it shall issue and serve upon the person a complaint stating *the* charges and containing a notice of a hearing at a place *and upon a day* not less than 5 days after the service of the complaint.

(b) A complaint may be amended by the department in its discretion at any time 5 days prior to the issuance of an order based on it.

(c) The person so complained *against* may appear at the place and time

so fixed and show cause why an order should not be entered by the department requiring *such* person to stop the violation of the law charged in the complaint.

(d) Any person may make application and upon good cause shown may be allowed by the department to intervene and appear in the proceeding by counsel or in person.

(e) The testimony in the proceeding shall be reduced to writing and filed *with* the department.

(f) If upon the hearing the department believes that the act or conduct in question is prohibited by this chapter, it shall make *findings of fact* in writing and issue and cause to be served on *the* person *charged* an order requiring *such* person to stop the acts or conduct.

(g) Until a transcript of the record in the hearing has been filed in a district court, the department may at any time, upon the notice and in the manner it considers proper, modify or set aside, in whole or in part, *a* report or *an* order made or issued by it under this section.

(4) A court reviewing an order of the department may issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public or to competitors pending *the outcome of* the suit.

(5) To the extent that the order of the department is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of the order of the department.

(6) Proceedings *under this section* shall be given precedence over other civil cases pending *in the district court* and shall be in every way expedited.

(7) A person who violates an order of the department after it has become final and while the order is in effect shall forfeit and pay to *the* state a penalty of not more than $1,000 for each violation.

The* department may issue subpoenas requiring the attendance and testimony of witnesses and the production of any evidence that relates to any matter under investigation or in question before the department or before its duly authorized agent conducting the investigation. An agent, duly authorized by the department for those purposes, may administer oaths and affirmations, examine witnesses, and receive

(2) *Upon application by the department in a* case of contumacy or refusal to obey a subpoena issued to a person, *a* district court of this state, within *the* district where the inquiry is carried on or where a person guilty of contumacy or refusal to obey is found, resides, or transacts business, has jurisdiction to issue to that person an order requiring him to appear before the department or its duly authorized agent and to produce evidence if so ordered or to give testimony regarding the matter under investigation. Failure to obey the order of the court may be punished by the court as a contempt.

(3) A person may not be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in obedience to the subpoena of the department on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture. An individual may not be prosecuted or subjected to a penalty or forfeiture for or on account of a transaction, matter, or thing concerning which he is compelled *to testify or produce evidence,* after having claimed his privilege against *self-incrimination. (2) In addition to such injunctive relief, the plaintiff *is* entitled to recover from the defendant three times the amount of actual damages sustained.

(3) A defendant in an action brought under this section may be required to testify under the *Montana Rules* of Civil Procedure. *In* addition the books and records of any such defendant may be brought into court and introduced *into evidence by reference. If in such action the court *finds* that *the* corporation is violating or has violated any of the provisions of *51-505 through 51-518,* it *shall* enjoin *the* corporation from doing business in this state permanently or for such time as the court *orders,* or *shall* annul the charter or revoke the franchise of such corporation."

After such investigation, the commission may by order terminate or modify its approval of such agreement if it finds such action necessary to insure conformity with this section, and may modify the terms and conditions upon which such approval was granted to the extent it finds necessary to insure conformity with this section or to the extent it finds its terms and conditions unnecessary to insure such conformity. The effective date of any order terminating or modifying approval, or modifying terms and conditions, may be postponed for such period as the commission determines is reasonably necessary to avoid undue hardship.

CHAPTER NO. 526

AN ACT PROVIDING FOR A DRIVER REHABILITATION PROGRAM IN THE DEPARTMENT OF JUSTICE; AND PROVIDING FOR PROCEDURES TO CONTRIBUTE TOWARD IMPROVING DRIVERS' DRIVING ATTITUDES, HABITS, AND TECHNIQUES.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 31-191 that reads as follows:

31-191. Purpose. The toll of accidents, personal injuries, and deaths

HeinOnline -- 1977 vol. II 1683 1977

resulting from the operation of motor vehicles remains a matter of great concern to the legislature. The failure to apply proper driving techniques in the operation of vehicles and improper driving attitudes and habits on the part of operators constitute major factors in a substantial portion of both fatal and nonfatal automobile accidents. Current efforts to improve driver skills, responsibilities, attitudes, and habits have not proved adequate to stem the accident, injury, and death toll. The public interest in the cause of highway safety will be well served by additional methods of driver rehabilitation and improvement and the establishment of programs of rehabilitative instruction, driver improvement, and direction for drivers with poor driving records.

Section 2. There is a new R.C.M. section numbered 31-192 that reads as follows:

31-192. Establishment of driver improvement program — participation by offending drivers. (1) The department of justice may establish by administrative rules a driver rehabilitation and improvement program or programs which may consist of classroom instruction in rules of the road, driving techniques, defensive driving, driver attitudes and habits, actual on-the-road driver's training, and other such subjects or tasks designed to contribute to proper driving attitudes, habits, and techniques.

(2) Official participation in such driver rehabilitation and improvement program is limited to those persons whose operator's license to operate or privilege of operating a motor vehicle in the state of Montana is subject to suspension or revocation as a result of a violation of the traffic laws of this state.

(3) Notwithstanding any provision of this act inconsistent with any other law of the state of Montana, the enforcement of any suspension or revocation order which constitutes the basis for any person's participation in the driver rehabilitation and improvement program provided for herein may be stayed if that person complies with the requirements established for the driver improvement program.

(4) In the event a person's driver's license has been surrendered prior to his selection for participation in the driver rehabilitation and improvement program, the license may be returned upon receipt of his agreement to participate in the program.

(5) The stay of enforcement of any suspension or revocation order shall be terminated and the order of suspension or revocation enforced if a person declines to participate in the driver rehabilitation and improvement program or fails to meet the attendance or other requirements established for participation in the program.

(6) Nothing in this act creates a right to be included in any program established under this act.

(7) The department of justice may establish a schedule of fees which may be charged those persons participating in the driver improvement and rehabilitation program, which fees shall be used to help defray costs of maintaining the program.

HeinOnline -- 1977 vol. II 1684 1977

(8) A person may be referred to this program by a driver improvement analyst, city judge, justice of the peace, judge of a district court of the state of Montana, or a hearing examiner of the department of justice.

Approved April 29, 1977.

CHAPTER NO. 527

AN ACT TO ESTABLISH A STATE-FINANCED PROGRAM OF COMPENSATION TO PERSONS WHO SUFFER BODILY INJURY AND TO DEPENDENTS OF THOSE WHO ARE KILLED BY CRIMINALLY INJURIOUS CONDUCT OR IN ATTEMPTS TO PREVENT CRIMINAL CONDUCT OR APPREHEND CRIMINALS; AND TO APPROPRIATE MONEY THEREFOR.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 71-2601 that reads as follows:

71-2601. Short title. This act may be cited as "The Crime Victims Compensation Act of Montana".

Section 2. There is a new R.C.M. section numbered 71-2602 that reads as follows:

71-2602. Legislative purpose and intent. It is the intent of the legislature of this state to provide a method of compensating and assisting those persons within the state who are innocent victims of criminal acts and who suffer bodily injury or death. To this end, it is the legislature's intention to provide compensation for injuries suffered as a direct result of the criminal acts of other persons.

Section 3. There is a new R.C.M. section numbered 71-2603 that reads as follows:

71-2603. Definitions. As used in this act, the following definitions apply:

(1) "Claimant" means any of the following claiming compensation under this act:

(a) a victim;

(b) a dependent of a deceased victim; or

(c) an authorized person acting on behalf of any of them.

(2) "Collateral source" means a source of benefits or advantages for economic loss otherwise compensable under this act which the victim or claimant has received or which is readily available to him from:

(a) the offender;

(b) the government of the United States or any agency thereof, a state

HeinOnline -- 1977 vol. II 1685 1977

or any of its political subdivisions, or an instrumentality of two or more states, unless the law providing for the benefits or advantages makes them excess or secondary to benefits under this act;

(c) social security, medicare, medicaid, and welfare;

(d) workers' compensation;

(e) wage continuation programs of any employer;

(f) proceeds of a contract of insurance payable to the victim for loss which he sustained because of the criminally injurious conduct; or

(g) a contract, including an insurance contract, providing hospital and other health care services or benefits for disability. Any such contract in this state may not provide that benefits under this act shall be a substitute for benefits under the contract or that the contract is a secondary source of benefits and benefits under this act are a primary source.

(3) "Criminally injurious conduct" means conduct that:

(a) occurs or is attempted in this state;

(b) results in bodily injury or death; and

(c) is punishable by fine, imprisonment, or death or would be so punishable but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state. Criminally injurious conduct does not include conduct arising out of the ownership, maintenance, or use of a motor vehicle.

(4) "Dependent" means a natural person who is recognized under the law of this state to be wholly or partially dependent upon the victim for care or support and includes a child of the victim conceived before the victim's death but born after the victim's death, including a child that is conceived as a result of the criminally injurious conduct.

(5) "Division" means the division of workers' compensation provided for in 82A-1004.

(6) "Victim" means a person who suffers bodily injury or death as a result of:

(a) criminally injurious conduct;

(b) his good faith effort to prevent criminally injurious conduct; or

(c) his good faith effort to apprehend a person reasonably suspected of engaging in criminally injurious conduct.

Section 4. There is a new R.C.M. section numbered 71-2604 that reads as follows:

71-2604. Award of compensation. The division shall award compensation benefits under this act if satisfied by a preponderance of the evidence that the requirements for compensation have been met.

Section 5. There is a new R.C.M. section numbered 71-2605 that reads as follows:

HeinOnline -- 1977 vol. II 1686 1977

71-2605. Powers and duties of the division. (1) The division shall:

(a) adopt rules to implement this act;

(b) prescribe forms for applications for compensation; and

(c) determine all matter relating to claims for compensation.

(2) The division may:

(a) request and obtain from prosecuting attorneys and law enforcement officers investigations and data to enable the division to determine whether and the extent to which a claimant qualifies for compensation. A statute providing confidentiality for a claimant's or victim's juvenile court records does not apply to proceedings under this act.

(b) subpoena witnesses and other prospective evidence, administer oaths or affirmations, conduct hearings, and receive relevant, nonprivileged evidence; and

(c) take notice of judicially cognizable facts and general, technical, and scientific facts within its specialized knowledge.

Section 6. There is a new R.C.M. section numbered 71-2606 that reads as follows:

71-2606. Application for compensation — awards — limitations on awards. (1) An applicant for an award of compensation may apply in writing in a form that conforms substantially to that prescribed by the division.

(2) Compensation may not be awarded unless the claim is filed with the division within 1 year after the day the criminally injurious conduct occurred causing the injury or death upon which the claim is based. The time for filing a claim may be extended by the division for good cause shown.

(3) Compensation may not be awarded to a claimant who is the offender or an accomplice of the offender or to any claimant if the award would unjustly benefit the offender or accomplice. Unless the division determines that the interests of justice otherwise require in a particular case, compensation may not be awarded to the spouse of or a person living in the same household with the offender or his accomplice or to the parent, child, brother, or sister of the offender or his accomplice.

(4) Compensation may not be awarded unless the criminally injurious conduct resulting in injury or death was reported to a law enforcement officer within 72 hours after its occurrence or the division finds there was good cause for the failure to report within that time.

(5) In order to be entitled to benefits under this act, a claimant must fully cooperate with all law enforcement agencies and prosecuting attorneys in the apprehension and prosecution of the offender causing the criminally injurious conduct. The division, upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies or prosecuting attorneys, may deny or reconsider and reduce an award of compensation.

HeinOnline -- 1977 vol. II 1687 1977

(6) Compensation otherwise payable to a claimant shall be reduced or denied to the extent the compensation benefits payable are or can be recouped from collateral sources.

(7) Persons serving a sentence of imprisonment or residing in any other public institution which provides for the maintenance of such person are not entitled to the benefits of this act.

Section 7. There is a new R.C.M. section numbered 71-2607 that reads as follows:

71-2607. Hearings and informal disposition before the division. The division may hold informal hearings in order to make determinations regarding the compensability of a claim. At such hearings, the division may subpoena witnesses and documents as set forth in 82-4220. Hearings held under this subsection are not considered contested case hearings under the Montana Administrative Procedure Act. However, the division shall adopt rules regarding its informal hearing procedures.

Section 8. There is a new R.C.M. section numbered 71-2608 that reads as follows:

71-2608. Evidence of condition. (1) There is no privilege, except privileges arising from the attorney-client relationship, as to communications or records relevant to an issue of the physical condition of the claimant or victim in a proceeding under this act in which that condition is an element.

(2) If the physical condition of a victim or claimant is material to a claim, the division may order the victim or claimant to submit from time to time to a physical examination by a physician or may order an autopsy of a deceased victim. The division shall pay for such examination or autopsy. The order shall specify the time, place, manner, conditions, and scope of the examination or autopsy and the person by whom it is to be made and shall require the person to file with the division a detailed written report of the examination or autopsy. The report shall set out his findings, including results of all tests made, diagnoses, prognoses, and other conclusions and reports of earlier examinations of the same conditions. On request of the person examined, the division shall furnish him a copy of the report. If the victim is deceased, the division, on request, shall furnish the claimant a copy of the report.

(3) The division may require the claimant to supplement the application with any reasonably available medical reports relating to the injury for which compensation is claimed.

Section 9. There is a new R.C.M. section numbered 71-2609 that reads as follows:

71-2609. Enforcement of division's orders. If a person refuses to comply with an order of the division or asserts a privilege, except privileges arising from the attorney-client relationship, to withhold or suppress evidence relevant to a claim, the division may make any just order, including denial of the claim.

HeinOnline -- 1977 vol. II 1688 1977

Section 10. There is a new R.C.M. section numbered 71-2610 that reads as follows:

71-2610. Award and payment of compensation. (1) An award may be made whether or not any person is prosecuted or convicted. Proof of conviction of a person whose acts give rise to a claim is conclusive evidence that the crime was committed unless an application for rehearing, an appeal of the conviction, or certiorari is pending or a rehearing or new trial has been ordered.

(2) The division may suspend the proceedings pending disposition of a criminal prosecution that has been commenced or is imminent and may make a tentative award under 71-2614.

Section 11. There is a new R.C.M. section numbered 71-2611 that reads as follows:

71-2611. Subrogation. (1) If a claimant seeks compensation under this act and compensation is awarded, the division is entitled to full subrogation against a judgment or recovery received by the claimant against the offender for all compensation paid under this act. The division's right of subrogation shall be a first lien on the judgment or recovery. If the claimant does not institute the action against the offender within 1 year from the date the criminally injurious conduct occurred, the division may institute the action in the name of the claimant or the claimant's personal representative.

(2) If the claimant institutes the action, the division shall pay a proportional share of costs and attorneys' fees if it recovers under its subrogation interest.

(3) If the division institutes the action in the name of the claimant or the claimant's personal representative and the recovery is in excess of the amount of compensation paid to the claimant and costs incurred by the division in pursuit of the action, the excess shall be paid to the claimant.

(4) If a judgment or recovery includes both damages for bodily injury or death for which the division has paid compensation under this act and damages for which the division has not paid compensation, then the division's subrogation interest shall apply only to that proportion of the judgment or recovery for which it has paid compensation. In a civil action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict indicating separately the amounts of the various items of damages awarded. A claimant may not make recoveries against the offender in such a way as to avoid and preclude the division from receiving its proper subrogation share as provided in this section. The division shall release its lien provided for in subsection (1) above upon receipt of its subrogation share.

Section 12. There is a new R.C.M. section numbered 71-2612 that reads as follows:

71-2612. Compensation benefits. (1) A claimant is entitled to weekly compensation benefits when the claimant has a total actual loss of wages

HeinOnline -- 1977 vol. II 1689 1977

due to injury as a result of criminally injurious conduct. During the time the claimant seeks such weekly benefits, the claimant, as a result of such injury, must have no reasonable prospect of being regularly employed in the normal labor market. The weekly benefit amount is 66 ⅔% of the wages received at the time of the criminally injurious conduct, subject to a maximum of $125. Weekly compensation payments shall be made at the end of each 2-week period. No weekly compensation payments may be paid for the first week after the criminally injurious conduct occurred, but if total actual loss of wages continues for 1 week, weekly compensation payments shall be paid from the date the wage loss began. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market.

(2) The claimant is entitled to be reimbursed for reasonable services by a physician or surgeon, reasonable hospital services and medicines, and such other treatment as may be approved by the division for the injuries suffered due to criminally injurious conduct.

(3) (a) The dependents of a victim who is killed as a result of criminally injurious conduct are entitled to receive, in a gross single amount payable to all dependents, weekly benefits amounting to 66 ⅔% of the wages received at the time of the criminally injurious conduct causing the death, subject to a maximum of $125 per week. Weekly compensation payments shall be made at the end of each 2-week period.

(b) Benefits under subsection (3)(a) of this section shall be paid to the spouse for the benefit of the spouse and other dependents, unless the division determines that other payment arrangements should be made. If a spouse dies or remarries, benefits under subsection (3)(a) shall cease to be paid to the spouse but shall continue to be paid to the other dependents so long as their dependent status continues.

(4) Reasonable funeral and burial expenses of the victim, not exceeding $1,100, shall be paid if all other collateral sources have properly paid such expenses but have not covered all such expenses.

(5) Compensation payable to a victim, and all of the victim's dependents in cases of the victim's death, because of injuries suffered due to an act of criminally injurious conduct may not exceed $25,000 in the aggregate.

(6) Compensation benefits are not payable for pain and suffering, inconvenience, physical impairment, or nonbodily damage.

(7) (a) A person who has suffered injury as a result of criminally injurious conduct and as a result of such injury has no reasonable prospect of being regularly employed in the normal labor market, who was employable but was not employed at the time of such injury, may in the discretion of the division be awarded weekly compensation benefits in an amount determined by the division not to exceed $100 per week. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market or for a shorter period as determined by the division. The claimant shall be awarded benefits as provided in subsection (2) of this section.

HeinOnline -- 1977 vol. II 1690 1977

(b) The dependents of a victim who is killed as a result of criminally injurious conduct and who was employable but not employed at the time of death may in the discretion of the division be awarded, in a gross single amount payable to all dependents, a sum not to exceed $100 per week which shall be payable in the manner and for the period provided by subsection (3)(b) of this section or for such shorter period as determined by the division. The claimant shall be awarded benefits as provided in subsection (4) of this section.

(c) Compensation payable to a victim or a victim's dependents under this subsection may not exceed $20,000, and the limitations of subsection (6) apply to compensation under this subsection (7).

Section 13. There is a new R.C.M. section numbered 71-2613 that reads as follows:

71-2613. Manner of payment — nonassignability and exemptions. (1) Amounts payable as weekly compensation may not be commuted to a lump sum and may not be paid less frequently than every 2 weeks.

(2) An award is not subject to execution, attachment, garnishment, or other process.

(3) An assignment or agreement to assign a right to compensation in the future is unenforceable except:

(a) an assignment of a right to compensation for work loss to secure payment of maintenance or child support; or

(b) an assignment of a right to compensation to the extent that the benefits are for the cost of products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee.

Section 14. There is a new R.C.M. section numbered 71-2614 that reads as follows:

71-2614. Tentative awards. If the division determines that the claimant will suffer financial hardship unless a tentative award is made and it appears likely that a final award will be made, an amount may be paid to the claimant, to be deducted from the final award or repaid by and recoverable from the claimant to the extent that it exceeds the final award.

Section 15. There is a new R.C.M. section numbered 71-2615 that reads as follows:

71-2615. Reconsideration and review of division decisions. (1) The division on its own motion or on request of the claimant may reconsider a decision making or denying an award or determining its amount. The division shall reconsider at least annually every award being paid in installments. An order on reconsideration of an award may not require refund of amounts previously paid unless the award was obtained by fraud.

(2) The right of reconsideration does not affect the finality of a division decision for the purpose of appeal.

HeinOnline -- 1977 vol. II 1691 1977

Section 16. There is a new R.C.M. section numbered 71-2616 that reads as follows:

71-2616. Rehabilitation. The division shall refer to the department of social and rehabilitation services victims who have been permanently disabled through criminally injurious conduct, who are receiving benefits under this act and who, in the opinion of the division, may be vocationally rehabilitated. The department of social and rehabilitation services shall provide for the vocational rehabilitation of the victims under its rehabilitation programs to the extent funds are available under such programs.

Section 17. There is a new R.C.M. section numbered 71-2617 that reads as follows:

71-2617. Appeal. (1) After the division has made final determination concerning any matter relating to a claim, if the claimant disputes the division's determination, he may appeal to the workers' compensation judge for review. The judge, after a hearing, shall make a final determination concerning the dispute and issue an appropriate order affirming or modifying the division's determination.

(2) All proceedings and hearings before the workers' compensation judge shall be in accordance with the appropriate provisions of the Montana Administrative Procedure Act. However, the workers' compensation judge is not bound by common law and statutory rules of evidence.

(3) Notwithstanding 82-4216, an appeal from a final decision of the workers' compensation judge shall be filed directly with the supreme court of Montana in the manner provided by law for appeals from the district court in civil cases.

Section 18. There is a new R.C.M. section numbered 71-2618 that reads as follows:

71-2618. Attorneys' fees. (1) The division may grant attorneys' fees to attorneys for representing claimants before the division. Any attorney's fee granted by the division shall be in addition to compensation awarded the claimant under this act.

(2) The division may regulate the amount of the attorney's fee in any claim under this act when an attorney is representing a claimant.

(3) In cases under this act that go before the workers' compensation judge, the judge may grant, in addition to compensation benefits granted, attorneys' fees to attorneys for representing claimants before the judge.

(4) In no claim or case may attorney fees in excess of 5% of the amount paid to a claimant, or on his behalf, be paid directly or indirectly to a claimant's attorney.

Section 19. There is a new R.C.M. section numbered 71-2619 that reads as follows:

71-2619. Public records — right to inspect. The records the division maintains in its possession in the administration of this act are open to public inspection and disclosure in accordance with the provisions of 92-844 through 92-847.

HeinOnline -- 1977 vol. II 1692 1977

Section 20. There is a new R.C.M. section numbered 71-2620 that reads as follows:

71-2620. Limitation to benefit entitlements. Claimants receiving benefits under this act are not granted an absolute entitlement to benefits. Benefits must be paid in accordance with the amount of the legislative appropriation. If the division determines at any time that the appropriated funds for a fiscal year will not be an amount that will fully pay all claims, the division may make appropriate proportionate reductions in benefits to all claimants. Such reductions do not entitle claimants to future retroactive reimbursements in future fiscal years unless the legislature makes appropriations for such retroactive benefits.

Section 21. There is a new R.C.M. section numbered 71-2621 that reads as follows:

71-2621. Effect on probation and parole. (1) The court when placing any convicted person on probation may set as a condition of probation the payment to the state of an amount equal to any benefits paid by the division to a victim or a victim's dependents. The court may set a repayment schedule and modify it as circumstances change.

(2) Payment of the debt may be made a condition of parole subject to modification based on a change in circumstances.

Section 22. There is a new R.C.M. section numbered 71-2622 that reads as follows:

71-2622. Federal funding. The division may adopt appropriate rules in order to receive federal funds under federal criminal reparation and compensation acts.

Section 23. There is a new R.C.M. section numbered 71-2623 that reads as follows:

71-2623. Penalty. Any person who knowingly makes a false claim or a false statement or uses any other fraudulent device in connection with any claim is guilty of theft as provided in 94-6-302 and upon conviction shall, in addition to being punished as provided by that section, forfeit and repay any compensation paid under this act.

Section 24. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 25. There is a new R.C.M. section numbered 71-2624 that reads as follows:

71-2624. Crime victims compensation account established. There is created a crime victims compensation account in the earmarked revenue fund. There shall be paid into this account 6% of the fines assessed and bails forfeited on all offenses involving a violation of a state statute or a city ordinance relating to the operation or use of motor vehicles, except offenses relating to parking of vehicles.

HeinOnline -- 1977 vol. II 1693 1977

Section 26. **Appropriation.** There is appropriated to the department of labor and industry, division of workers' compensation, from the crime victims compensation earmarked revenue account the sum of $390,000 for the biennium ending June 30, 1979, for the purpose of administering this act.

However, the division may, after July 1, 1977, employ personnel and pay for expenses in order to establish the administration of the act, adopt rules of procedure, and initiate publicity regarding the benefits under the act.

(2) Section 26 of this act is effective July 1, 1977.

Approved April 29, 1977.

CHAPTER NO. 528

AN ACT TO AMEND SECTIONS 87-103 AND 87-104, R.C.M. 1947, TO PROVIDE FOR NONCHARGING FOR BENEFITS PAID TO NEWLY COVERED WORKERS DURING THE TRANSITION AND PROVIDE FOR FEDERAL REIMBURSEMENT TO STATES FOR THE COST OF REGULAR BENEFITS AND THE 50% OF EXTENDED BENEFITS PAID TO THESE NEWLY COVERED WORKERS AS PROVIDED FOR IN PUBLIC LAW 94-566, AS WELL AS TO CHANGE THE DURATION OF BENEFITS, THE METHOD OF DETERMINING ON AND OFF INDICATORS FOR EXTENDED BENEFITS, AND THE BENEFIT SCHEDULE AND TO REVISE THE ORDER IN WHICH THE LAW IS WRITTEN.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-103, R.C.M. 1947, is amended to read as follows:

"87-103. Benefits. (a) Payment of benefits. Benefits are payable from the fund to any individual who is or becomes unemployed and eligible for benefits as is herein prescribed; provided, however, that wages earned for services performed as an employee representative as defined in the Railroad Unemployment Insurance Act (52 Stat. 1094), or for services performed for an employer, as defined in said act, shall not be included for the purposes of determining eligibility or weekly benefit amount under this act. All benefits shall be paid through public employment offices in the state of Montana, or other agencies designated by the division, in accordance with such rules and regulations as the division may prescribe.

(b) Weekly benefit amount. Any individual whose benefit year begins on or after July 1, 1971, shall receive as his weekly benefit amount, an amount equal to one twenty-sixth of his total wages for insured work paid during the calendar quarter of his base period in which his wages were

HeinOnline -- 1977 vol. II 1694 1977

highest. Such weekly benefit amount, if not a multiple of $1, shall be rounded to the nearest multiple of $1.

On or before May 31 of each year, the total wages paid by all employers as reported on contribution reports submitted on or before such date for the preceding calendar year shall be divided by the average monthly number of individuals employed during the same preceding calendar year as reported on such contribution reports. The amount thus obtained shall be divided by 52 and the average weekly wage, rounded to the nearest cent, thus determined. Fifty percent of the average weekly wage shall constitute the maximum weekly benefit amount and shall apply to all maximum weekly benefit amount claims for benefits filed to establish a benefit year commencing on or after July 1 of the same year. Such maximum weekly benefit amount if not a multiple of $1, shall be computed to the nearest multiple of $1.

Beginning on July 1, 1975, the *maximum* weekly *benefit amount shall be raised to 55% of the average* weekly wage and beginning July 1, 1976, be raised to 60% of the average weekly wage.

The minimum weekly benefit amount shall be $12.

The division shall prepare and publish annually a benefit schedule in accordance with the provisions of this subsection.

(c) Qualifying wages. To qualify as an insured worker an individual must have been paid wages for insured work in the quarters of his base period, an amount totaling not less than *1 ½ times his base period high quarter wages.*

(d) Duration of benefits. Any otherwise eligible individual shall be entitled during his benefit year to benefits for the total number of weeks appearing in the following table on the line which includes his ratio of total base period earnings to highest quarter base period earnings:

Ratio of Total Base Period Earnings to High Quarter	*Weeks Duration of Benefits*
0 to 1.75	*12*
1.76 to 1.95	*14*
1.96 to 2.15	*16*
2.16 to 2.35	*18*
2.36 to 2.55	*20*
2.56 to 2.75	*22*
2.76 to 2.95	*24*
2.96 or more	*26*

(e) Qualifying wages for regular benefits of newly covered workers during transition period on the basis of previously uncovered services—

(1) With respect to weeks of unemployment beginning on or after January 1, 1978, wages for insured work shall include wages paid for previously uncovered services. For the purposes of this subsection, the term "previously uncovered services" means services—

(A) Which were not employment as defined in 87-148(j)(9)(A) and (B) at any time during the 1-year period ending December 31, 1975; and

HeinOnline -- 1977 vol. II 1695 1977

(B) Which—

(I) are agricultural labor (as defined in 87-148(i)(1)(A)) or domestic service (as defined in 87-148(i)(1)(B)); or

(II) are services performed by an employee of this state or a political subdivision thereof, as provided in 87-148(j)(6), or by an employee of a nonprofit educational institution which is not an institution of higher education, as provided in 87-148(j)(7), except to the extent that assistance under Title II of the Emergency Jobs and Unemployment Assistance Act of 1974 was paid on the basis of such services.

(f) Wage record. The division shall maintain a record of the wages paid to an individual in accordance with wages earned by him for employment by employers during each quarter.

(g) Benefits. All accrued benefits due and payable at the time of death to any deceased claimant shall be paid to the surviving spouse, or if there be no surviving spouse, then to the surviving children, or if there be no surviving children, then to the next of kin, without the necessity of any recipient obtaining letters testamentary or of administration."

Section 2. Section 87-104, R.C.M. 1947, is amended to read as follows:

"87-104. Duration of benefits. (a) Definitions. As used in this section, unless the context clearly requires otherwise—

(1) "Extended benefit period" means a period which

(A) begins with the third week after whichever of the following weeks occurs first:

(i) a week for which there is a national "on" indicator, or

(ii) a week for which there is a state "on" indicator; and

(B) ends with either of the following weeks, whichever occurs later:

(i) the third week after the first week for which there is both a national "off" indicator and a state "off" indicator, or

(ii) the thirteenth consecutive week of such period;

Provided, that no extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) There is a "national 'on' indicator" for a week if the U.S. Secretary of Labor determines that for *such week and for* each of the *immediately preceding 12 weeks*, the rate of insured unemployment (seasonally adjusted) for all states equaled or exceeded four and one-half per cent (4 ½%).

(3) There is a "national 'off' indicator" for a week if the U.S. Secretary of Labor determines that for *such week and for* each of the *immediately preceding 12 weeks*, the rate of insured unemployment (seasonally adjusted) for all states was less than four and one-half per cent (4 ½%).

HeinOnline -- 1977 vol. II 1696 1977

(4) There is a "state 'on' indicator" for this state for a week if the division determines, in accordance with the regulations of the U.S. Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this act—

(A) equaled or exceeded one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, and

(B) equaled or exceeded four per cent (4%).

(5) There is a "state 'off' indicator" for this state for a week if the division determines, in accordance with the regulations of the U.S. Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this act—

(A) was less than one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, or

(B) was less than four per cent (4%).

(6) "Rate of insured unemployment," for purposes of paragraphs (4) and (5) of this subsection, means the percentage derived by dividing

(i) the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent thirteen (13) consecutive-week period, as determined by the division on the basis of his reports to the U.S. Secretary of Labor, by

(ii) the average monthly employment covered under this act for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such thirteen (13) week period.

(d) Such bonds may be sold at not less than ninety-eight per cent (98%) of par at public or private sale, or may be exchanged for other bonds on the basis of par: Provided, that such bonds may be sold to the federal government at private sale at not less than par and, in the event less than all of the authorized principal amount of such bonds is sold to the federal government, the balance may be sold at public or private sale at not less than ninety-eight per cent (98%) of par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this act shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this act shall be fully negotiable.

(f) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this act or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this act.

(g) Bonds issued hereunder for which a tax increment is pledged pursuant to 11-3921 shall be designed to mature not later than 25 years from their date of issue and shall mature in such years and amounts that the principal and interest due on the bonds in each year shall not exceed the estimated tax increment and other estimated revenues, including proceeds of the bonds available for payment of interest thereon, pledged to their payment to be received in such year. The governing body in the resolution or ordinance authorizing the bonds shall determine the estimated tax increment and other revenues, if any, for each year the bonds are to be outstanding. In calculating the cost under 11-3921(5) for which the bonds are issued, the municipality may include an amount sufficient to pay interest on the bonds prior to receipt of tax increment pledged and sufficient

for the payment thereof, and to fund any reserve fund in respect of the bonds."

Section 2. Section 11-3921, R.C.M. 1947, is amended to read as follows:

"11-3921. Tax increment financing. (1) Any urban renewal plan, as defined in section 11-3901, may contain a provision or be amended to contain a provision *for the segregation and application of tax increment, as provided in this section. Property taxes for the payment of all bonds of each taxing body other than tax increment bonds authorized in this chapter must be levied against all taxable property within the taxing body without limitation by the provisions of this section. No property taxes, except the tax increment derived from property within the urban renewal area, may be applied to the payment of bonds issued pursuant to section 11-3910 for which a tax increment has been pledged.*

(2) For purposes of this section the following definitions apply unless otherwise provided or indicated by the context:

(a) "Original taxable value" means the taxable value of all taxable property within an urban renewal area as calculated from the assessment roll last equalized prior to the effective date of a tax increment financing provision.

(b) "Actual taxable value" means the taxable value of all taxable property within an urban renewal area as calculated from the assessment roll last equalized.

(c) "Incremental taxable value" means the amount, if any, by which the actual taxable value exceeds the original taxable value of all taxable property within an urban renewal area.

(d) "Tax increment" means the collections realized from extending the tax levies, expressed in mills, of all taxing bodies in which the urban renewal area or a part thereof is located against the incremental taxable value.

(e) "Tax increment provision" means a provision for the segregation and application of tax increment as authorized by this section.

(f) "Taxes" mean all taxes levied by a taxing body against property on an ad valorem basis.

(g) "Taxing body" means any city, town, county, school district, or other political subdivision or governmental unit of the state, including the state, which levies taxes against property within the urban renewal area.

(3) The clerk of the municipality shall file a certified copy of each urban renewal plan or amendment thereto containing a tax increment provision with the state, county or city officers responsible for assessing and determining the taxable value of taxable property within the urban renewal area or any part thereof. A certified copy of the plan or amendment shall also be filed with the clerk or other appropriate officer of each of the affected taxing bodies. The officer or officers responsible for assessing and determining the taxable value of the taxable property located

HeinOnline -- 1977 vol. II 1711 1977

within the urban renewal area shall, immediately upon receipt of the tax increment provision and each year thereafter, calculate and report to the municipality and to any other affected taxing body the original, actual, and incremental taxable value of such property.

(4) Mill rates of taxing bodies for taxes levied after the effective date of the tax increment provision shall be calculated on the basis of the sum of the taxable value, as shown by the last equalized assessment roll, of all taxable property located outside the urban renewal area and the original taxable value of all taxable property located within the urban renewal area. The mill rate so determined shall be levied against the sum of the actual taxable value of all taxable property located within as well as outside the urban renewal area. The tax increment, if any, received in each year from the levy of the combined mill rates of all the affected taxing bodies against the incremental taxable value within the urban renewal area shall be paid into a special fund held by the treasurer of the municipality and used as provided in this section. The balance of the taxes collected in each year shall be paid to each of the taxing bodies as otherwise provided by law.

(5) The tax increments may be used by the municipality to pay the following costs of or incurred in connection with an urban renewal project: land acquisition; demolition and removal of structures; relocation of occupants; and the acquisition, construction, and improvement of streets, curbs, gutters, sidewalks, pedestrian malls, alleys, parking lots and off-street parking facilities, sewers, waterlines, waterways, public buildings, and other public improvements authorized by Title 11, chapter 22, and items of personal property to be used in connection with improvements for which the foregoing costs may be incurred; or the tax increment may be pledged to the payment of the principal of premiums, if any, and interest on bonds which the municipality may issue for such purposes pursuant to 11-3910 for the purpose of providing funds to pay such costs. The municipality may also enter into agreements with the other affected taxing bodies to remit to such taxing bodies any portion of the annual tax increment not currently required for the payment of such costs or pledged to the payment of the principal of premiums, if any, and interest on such bonds.

(6) At the time of adoption of a tax increment provision or at any time subsequent thereto, the governing body of the municipality may provide that only a portion of the tax increment from the incremental taxable value shall be segregated as provided in subsections (3) and (4) of this section. The portion so determined shall be reported by the clerk to the officers and taxing bodies to which the increment provision is reported. Thereafter, in determining the mill rates of affected taxing bodies, the taxable values against which the mill rates are levied, and the tax increment to be paid to the municipality, the original taxable value shall be increased and the incremental taxable value shall be decreased.

(7) The tax increment provision shall terminate upon the 10th year following its adoption or upon the payment or provision for payment in full or discharge of all bonds for which the tax increment has been pledged and the interest thereon, whichever last occurs. Any amounts remaining in the special fund or any reserve fund after termination of the tax increment provision shall be distributed among the various taxing bodies in

HeinOnline -- 1977 vol. II 1712 1977

proportion to their property tax revenues from the district. After termination of the tax increment provision, all taxes shall be levied upon the actual taxable value of the taxable property in the urban renewal area, and shall be paid into the funds of the respective taxing bodies. No bonds with tax increment provisions for the repayment thereof may be issued subsequent to 10 years after the effective date of this act."

Section 3. **Effective date and transition.** This act is effective on its passage and approval. Any municipality which adopted a provision for the allocation of taxes under 11-3921 prior to the effective date of this act may implement and carry out such provision under this act.

Section 4. **Repealer.** Sections 11-3922, 11-3923, 11-3924, and 11-3925, R.C.M. 1947, are repealed.

Approved April 29, 1977.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 62-505, R.C.M. 1947, is amended to read as follows:

"**62-505. Duties of board, department, and licensees — license fee.** The board shall adopt rules to govern race meets and the parimutuel system. These rules shall include the following: definitions, auditing, and supervision of the parimutuel system, corrupt practices, supervision, duties and responsibilities of the presiding steward, racing secretary and other racing officials, licensing of all personnel who have anything to do with the substantive operation of racing, the establishment of dates for race meets and meetings in the best interest of breeding and racing in this state, and the veterinary practices and standards which must be

observed in connection with race meets. A person who participates in a race meet shall be licensed and charged an annual fee not to exceed *$15*, which shall be paid to the department and used for expenses of the board, subject to section 82A-1603(6). Each person holding a license under this chapter, and every owner, trainer, jockey, and attendant at a race course in this state, shall comply with this chapter and with the rules adopted and orders issued by the board."

Section 2. Section 66-411, R.C.M. 1947, is amended to read as follows:

"66-411. Fees to be paid by apprentices, students, barbers, barbershops and training programs. (1) The fee to be paid by an apprentice for an apprentice examination and an apprentice card is $25. The fee to be paid by an applicant for an examination to determine his fitness to receive a certificate of registration to practice barbering is $20, and for the issuance of the certificate an additional $10.

(2) A person registered as a barber or barber apprentice shall, before July 1 of each year, pay a license fee *set by the board in an amount not to exceed $15 and based on clerical and administrative costs* for the renewal of his certificate of registration. If a barber fails to have the certificate renewed before July 1 of each year the barber shall on renewal of the certificate of registration pay a penalty of $10, in addition to the regular *renewal* fee. If a certificate of registration is not renewed within 1 year after the date of expiration, the barber is not entitled to have the certificate of registration renewed, or a new certificate of registration issued, without first applying for and taking the examination and paying the fees provided for in this section. However, physically handicapped persons, trained for the barber profession by the department of social and rehabilitation services and certified by that department as having successfully completed a *9-month* course in a reputable barber college are not required to pay fees, and are for a period of 1 year immediately following their training exempt from all except the sanitary provisions of this chapter. No other or additional license or fee may be imposed on barbers or barber apprentices by a municipality or other subdivision of this state.

(3) In addition to the fees and charges now provided by law, barbershops heretofore established, and which have been under the inspection of the board shall pay an annual license fee *set by the board in an amount not to exceed $15 and based on clerical and administrative costs.* Barbershops hereafter established shall pay an initial inspection fee of *$25* for the first year or portion thereof, and shall pay an annual license fee *set by the board in an amount not to exceed $15.*

(4) Barbershop, school, or college licenses expire on July 1 of each year, following the issuance of the license, and an owner or manager of a barbershop, school, or college which continues in active operation shall annually, before July 1, renew his barbershop, school, or college license and pay the required fee. A barbershop which fails to have the license renewed before July 1 of each year shall, on renewal, pay a penalty of $10, and a barber school or college which fails to have the license renewed before July 1 of each year shall, on renewal, pay a penalty of $55.

Any person conducting in this state any advanced barber training pro-

gram, clinic, or seminar for barbers as defined in this chapter, shall pay an annual license fee of $50 to the department, or a 10 day license fee of $15, and display the license while operating. Any such advanced barber training program, clinic, or seminar may be inspected by the department at reasonable times during operation."

Section 3. Section 66-605, R.C.M. 1947, is amended to read as follows:

"**66-605. Designation of licensees — renewals — reissuance of license — display of license required — recording necessary.** A license issued under this act shall be designated as a "registered podiatrist's license" and may not contain any abbreviations thereof, nor any other designation or title except that a statement of limitation shall be contained in the license referring to the licensee as a "registered podiatrist—practice limited to the foot," so as not to mislead the public with respect to their right to treat other portions of the body. Licenses shall be recorded by the department the same as other medical licenses. The person receiving the license shall have it recorded in the office of the county clerk in the county in which he resides, and the record shall be endorsed on it. If the person licensed moves to another county to practice, he shall record the license in the same manner in the county into which he moves, and the county clerk is entitled to charge and receive the usual fee for making this record. A renewal license fee *set by the board in an amount not to exceed $25* shall be paid annually on July 1 of each year, and if not paid within 3 months, the license shall be revoked and may be reissued only on original application and payment of a fee of $35. Licenses shall be conspicuously displayed by podiatrists at their offices or other places of practice."

Section 4. Section 66-815, R.C.M. 1947, is amended to read as follows:

"**66-815. Fees.** Fees for licenses and certificates of registration shall be paid to the department not to exceed the following respective amounts prescribed by the board. (1) A student enrolling in a registered cosmetology school shall pay a registration fee of *$7* to the department.

(2) An applicant for examination to practice shall pay at the time of the application a fee of *$40.*

(3) An applicant for examination who is a graduate from a cosmetology school of this state may pay a fee of *$8* for a temporary license to practice as an operator.

(4) An applicant for examination to teach shall pay at the time of the application a fee of *$60.*

(5) A person practicing cosmetology as an operator shall pay a fee of *$12* for the issuance of a license.

(6) An applicant for a manager-operator license shall pay a fee of *$20* for the issuance of a license.

(7) An applicant for an itinerant license as a cosmetologist shall pay a fee of *$100.*

(8) A person, firm, copartnership, or corporation owning, operating, or

HeinOnline -- 1977 vol. II 1715 1977

conducting a cosmetological salon shall pay the sum of *$20* for the issuance of the certificate of registration.

(9) A person teaching or instructing cosmetology shall pay a fee of *$20* for the issuance of a license.

(10) A person, firm, copartnership, or corporation owning, operating, or conducting a school of cosmetology shall pay the sum of *$100* for a certificate of registration.

(11) A person, firm, copartnership, or corporation owning, operating, or conducting an advanced school of cosmetology shall pay the sum of *$100* for a certificate of registration.

(12) A person, firm, copartnership, or corporation owning, operating, or conducting a teacher-training unit in a school of cosmetology shall pay the sum of *$100* for a certificate of registration.

(13) An applicant for reciprocity licensure shall pay a fee of $100.

(14) Duplicate licenses or certificates of registration shall be issued on payment of *$4* and proof of necessity. The license and registration fees shall be paid annually, *unless otherwise provided by board rule,* in advance to the department. No other or additional license or registration fee may be imposed by a municipal corporation or other political subdivision of this state for the practice or teaching of cosmetology."

Section 5. There is a new R.C.M. section numbered 66-808.1 that reads as follows:

66-808.1. Reciprocity. A person who is licensed to practice cosmetology in another state may be eligible for reciprocity licensing in this state if he fulfills the requirements of this chapter and the rules adopted under it, other than those relating to examination. However, he may be licensed without examination only if the state in which he is licensed grants the same privilege to persons licensed in this state who seek licensure as a cosmetologist in that state.

Section 6. Section 66-1042, R.C.M. 1947, is amended to read as follows:

"66-1042. Annual registration fees — limiting authority to impose registration fees. (1) In addition to the license fees required of applicants, a licensed physician actively practicing medicine in this state shall pay each year to the department, an annual registration fee, not to exceed the sum of *$100,* as prescribed by the board. If a person licensed to practice medicine absents himself from the state for a period of 1 or more years, or does not engage in active practice in this state, he may continue his license in good standing by payment *each year* of *a fee prescribed by the board in an amount not to exceed $50,* or at the discretion of the board, he may be reinstated on the payment of a fee *not to exceed $50* for each year of absence or inactive practice.

(2) The annual payments for registration shall be made prior to April 1, and a receipt acknowledging payment of the annual registration fee shall be issued by the department. The department shall mail registration

HeinOnline -- 1977 vol. II 1716 1977

notices, at least 60 days before the registration is due. In case of default in the payment of the annual registration fee by a person licensed to practice medicine who is actively practicing medicine in this state, his underlying certificate to practice medicine may be revoked by the board on 30 days' notice given to the delinquent of the time and place of considering the revocation. A registered or certified letter addressed to the last known address of the person failing to comply with the requirements of annual registration, as the address appears on the records of the department, constitutes sufficient notice of intention to revoke his underlying certificate. No certificate may be revoked for nonpayment if the person authorized to practice medicine, and notified, pays the annual registration fee before or at the time fixed for consideration of revocation together with a delinquency penalty of $10. The department may collect the dues by an action at law.

(3) No registration or license fee may be imposed on a licensee under this act by a municipality or any other subdivision of the state."

Section 7. Section 66-1506, R.C.M. 1947, is amended to read as follows:

"66-1506. Examination of applicants for registration — fees — certificates. (1) The board shall meet at least once a year to transact its business. The department shall give reasonable notice of examinations by mail to known applicants. The department shall record the names of persons examined together with the grounds on which the right of each to examination was claimed and also the names of persons registered by examination or otherwise. The fee for an examination *shall be set by the board at a figure commensurate with costs,* which fee may, in the discretion of the board, be returned to applicants not taking the examination.

(2) On again making payment of the fee an applicant who fails is entitled to take the next succeeding examination free of charge.

(3) The fee for registration by reciprocity is *$200.*

(4) To be entitled to examination as a pharmacist, the applicant shall be a citizen of the United States, of good moral character, and a graduate of the school of pharmacy of the university of Montana or of a college or school of pharmacy recognized and approved by, or a member of, the American association of colleges of pharmacy, but the applicant may not receive a registered pharmacist's license until he has complied with the internship requirements established by the board. During this period, if the applicant has passed the examination, he shall be licensed as an intern only.

(5) The board may, in its discretion, authorize the department to grant registration without examination, to a pharmacist licensed by a board of pharmacy or a similar board of another state which accords similar recognition to licensees of this state, if the requirements for registration in the other state are, in the opinion of the board, equivalent to the requirements of this act. Every person licensed and registered under this act shall receive from the department an appropriate certificate attesting the fact, which shall be conspicuously displayed at all times in his place of business. If the holder is entitled to manage or conduct a pharmacy

HeinOnline -- 1977 vol. II 1717 1977

in this state for himself or another, the fact shall be set forth in the certificate."

Section 8. Section 66-1508, R.C.M. 1947, is amended to read as follows:

"**66-1508. Store license — certified pharmacy license — suspension or revocation.** (1) The department shall on application on forms prescribed by the board and on the payment of an annual fee of *$10*, license stores other than a pharmacy in which are sold ordinary household or medicinal drugs prepared in sealed packages or bottles by a manufacturer, qualified under the laws of the state in which the manufacturer resides. The name and address of the manufacturer shall appear conspicuously on each package sold by the licensee. It is unlawful for a store to sell, deliver, or give away household medicinal drugs, without first having secured a license and thereafter keeping it in force by proper renewal. This subsection does not prevent a vendor from selling a patent or proprietary medicine in the original package when plainly labeled, nor nonmedical articles usually sold by vendors.

(2) The board shall provide for the *original certification* and *annual renewal* by the department of every pharmacy doing business in this state. On presentation of evidence satisfactory to the board and on application on a form prescribed by the board and on the payment of an *original certification* fee of *$100*, the department shall issue a license to a pharmacy as a "CERTIFIED PHARMACY", however, the license may be granted only to pharmacies operated by registered pharmacists or registered interns qualified under this act. *The annual renewal fee for a pharmacy shall be set by the board in an amount not to exceed $50.* Any default in the payment of such renewal fee for a period of 30 days after the date the same is due shall increase the renewal fee to the sum of *$100*. The license must be displayed in a conspicuous place in the pharmacy for which it is issued, and expires on June 30 following the date of issue. It is unlawful for a person to conduct a pharmacy, use the word pharmacy to identify his business, or use the word pharmacy in advertising unless a license has been issued and is in effect.

(3) The board may suspend, revoke, or refuse to renew a store or pharmacy license obtained by false representation or fraud; when the pharmacy for which the license is issued is kept open for the transaction of business without a pharmacist in charge; when the person to whom the license is granted has been convicted of a violation of this act, a felony, or a violation of the Federal Food, Drug and Cosmetic Act of June 25, 1938, (52 Stats. 1040 through 1059) if a natural person, whose pharmacist or intern license has been revoked; or when the store or pharmacy is conducted in violation of this act. Before a license can be revoked the holder is entitled to a hearing by the board."

Section 9. Section 66-1826, R.C.M. 1947, is amended to read as follows:

"**66-1826. Powers of board.** The board shall have power to prescribe, by uniform rule, for the following:

(a) The terms and conditions under which a candidate who passes one

HeinOnline -- 1977 vol. II 1718 1977

or more subjects of examination may be re-examined in only the remaining subjects, with credit for the subjects previously passed;

(b) A reasonable waiting period for a candidate's re-examination in a subject he has failed;

(c) The maximum number of re-examinations for which a candidate may apply;

(d) The fees to be charged each candidate for initial examinations and special examinations *shall be commensurate with costs. With respect to* re-examinations, *a fee commensurate with costs may be charged* for each subject in which the candidate is re-examined."

Section 10. Section 66-2909, R.C.M. 1947, is amended to read as follows:

"**66-2909. Renewal of license.** A license expires on December 31 of each year and shall be renewed then or thereafter, by the department, on payment of a renewal fee of not less than $10 or more than $25, as set by the board.

Any licensee who fails to renew on or before December 31 of each year shall be required to pay, in addition to the renewal fee, a late renewal fee, in an amount not to exceed $10. Failure to so renew within 30 days following December 31 shall be cause for suspension or revocation of the license."

Section 11. Section 66-3608, R.C.M. 1947, is amended to read as follows:

"**66-3608. Fees — earmarked revenue fund — late renewal fee.** (1) The fee for an original electrologist license shall not exceed $50 as set by the board. The renewal shall be automatic, unless revoked or suspended for cause, and the renewal fee shall be set by the board.

(2) The fee for an original electrologist salon license shall be the same as that for cosmetology salons. The renewal fee shall be the same as that for cosmetology salons.

(3) All licenses issued under this act expire on December 31 and shall be renewed annually. *Failure to renew on or before December 31 shall cause a late renewal fee of $10 to be added to the regular renewal fee. The right to renew by payment of the late renewal fee expires after 3 years of nonpayment.*

(4) All fees or moneys collected by the department under this act shall be deposited in the earmarked revenue fund for the use of the board in administration of the act."

Section 12. Section 69-3416, R.C.M. 1947, is amended to read as follows:

"**69-3416. License fees.** (1) An applicant for a license shall pay a fee *set by the board in an amount commensurate with examination and administrative costs.*

(2) A registered sanitarian may renew his license by paying an annual fee set by the board, not to exceed $10.

HeinOnline -- 1977 vol. II 1719 1977

(3) Renewal fees are due July 1 of the renewal year. If the renewal fee is not payed the license expires. Licenses which have lapsed for failure to pay renewal fees may be reissued under rules adopted by the board."

Section 13. Section 66-1934, R.C.M. 1947, is amended to read as follows:

"**66-1934. Fees — when due.** (1) The following fees shall be charged by the department and paid into the earmarked revenue fund for the use of the board, subject to section 82A-1603(6):

(a) For each examination, a fee not to exceed *$25.*

(b) For each original resident broker's license issued, a fee not to exceed fifty dollars ($50).

(c) For each annual renewal of a resident broker's license, a fee not to exceed *$30.*

(d) For each original nonresident broker's license issued, a fee not to exceed fifty dollars ($50).

(e) For each annual renewal of a nonresident broker's license, a fee not to exceed *$30.*

(f) For each original salesman's license issued, a fee not to exceed twenty-five dollars ($25).

(g) For each annual renewal of a salesman's license, a fee not to exceed *$15.*

(h) For each additional office or place of business, an annual fee not to exceed twenty-five dollars ($25).

(i) For each change of place of business or change of employer or contractual associate, a fee not to exceed *$15.*

(j) For each duplicate license, where the original license is lost or destroyed and affidavit is made, a fee not to exceed ten dollars ($10).

(k) For each duplicate pocket card, where the original pocket card is lost or destroyed and affidavit is made, a fee not to exceed ten dollars ($10).

(2) The board shall adopt a schedule of fees within the limits set by this section. However, a fee once set for one of the items for which a fee is charged cannot be increased or decreased until at least one (1) year has passed since the fee for that particular item was last increased or decreased.

(3) Annual fees are due and payable for the ensuing year during the month of December of each year. Failure to remit annual fees before January 1 automatically cancels the license, but otherwise the license remains in effect continuously from the date of issuance, unless suspended or revoked by the board for just cause.

(4) No license fee or tax may be imposed on a real estate broker or salesman by a municipality or any other political subdivision of the state.

HeinOnline -- 1977 vol. II 1720 1977

(5) No member of the board may be reimbursed from the board's earmarked revenue fund for travel outside the state on business of the board."

Section 14. Section 82A-1604, R.C.M. 1947, is amended to read as follows:

"**82A-1604. Director — duties.** In addition to his powers and duties under sections 82A-107 and 82A-108 of this act, the director shall:

(1) Appoint impartial legal counsel to conduct hearings before each board within the department whenever any board holds a hearing. The legal counsel appointed shall see that hearings are conducted in a proper and legal manner.

The member so appointed may not be a member of the board having jurisdiction over the particular profession or occupation.

(3) Hire all personnel to perform the administrative and clerical functions of the department for the boards. Boards within the department have no authority to hire personnel.

(4) Approve all contracts and expenditures by boards within the department. No board within the department may enter into a contract or expend funds without the approval of the director."

Section 15. **Effective date.** This act is effective on its passage and approval.

Approved April 29, 1977.

transportation for the ensuing school fiscal year. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school, or to schools located within three (3) miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by two (2), subtracting six (6) miles from the product so obtained, and multiplying the difference by twelve cents ($.12) provided that:

(a) if two (2) or more eligible transportees are transported by a parent or guardian to two (2) or more schools located within three (3) miles of one another, and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts.

(b) if two or more eligible transportees are transported by a parent or guardian to two (2) or more schools located more than three (3) miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school.

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within three (3) miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus.

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section shall be limited to one round trip per day for each scheduled arrival or departure time.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by two (2), subtracting three (3) miles from the product so obtained and multiplying the difference by twelve cents ($.12) provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally, and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads or other special circumstances of isolation, the rates prescribed in subsections (1) or (2) would be an inadequate reimbursement for the transportation costs or

HeinOnline -- 1977 vol. II 1722 1977

would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. The increased rate shall be one and one-half (1 ½) times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be three dollars ($3) for one eligible transportee and one dollar and fifty cents ($1.50) for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study; provided that the course of instruction is approved by the trustees and supervised by the district.

(6) The schedules provided in this section shall not be altered by any authority other than the legislature of the state of Montana."

No person, firm, corporation or association shall, for commission or profit, engage in the business of buying, selling, exchanging or acting as a broker of new motor vehicles, trailers or semitrailers unless duly licensed in compliance with this section (except trailers having an unladen weight of less than five hundred (500) pounds).

Section 2. There is a new R.C.M. section numbered 61-402 that reads as follows:

61-402. Purposes of act — construction of provisions. (1) The general purposes of this act are to:

(a) avoid jurisdictional competition and conflict with courts of other states in matters of child custody which have in the past resulted in the shifting of children from state to state with harmful effects on their well-being;

(b) promote cooperation with the courts of other states to the end that a custody decree is rendered in that state which can best decide the case in the interest of the child;

(c) assure that litigation concerning the custody of a child takes place ordinarily in the state with which the child and his family have the closest connection and where significant evidence concerning his care, protection, training, and personal relationships is most readily available and that courts of this state decline the exercise of jurisdiction when the child and his family have a closer connection with another state;

(d) discourage continuing controversies over child custody in the interest of greater stability of home environment and of secure family relationships for the child;

(e) deter abductions and other unilateral removals of children undertaken to obtain custody awards;

(f) avoid relitigation of custody decisions of other states in this state insofar as feasible;

(g) facilitate the enforcement of custody decrees of other states;

(h) promote and expand the exchange of information and other forms of mutual assistance between the courts of this state and those of other states concerned with the same child; and

(i) make uniform the law of those states which enact it.

(2) This act shall be construed to promote the general purposes stated in this section.

Section 3. There is a new R.C.M. section numbered 61-403 that reads as follows:

A "custody proceeding" is not a proceeding pursuant to Title 10, chapter 12, or Title 10, chapter 13.

(4) "Decree" or "custody decree" means a custody determination contained in a judicial decree or order made in a custody proceeding and includes an initial decree and a modification decree.

(5) "Home state" means the state in which the child, immediately preceding the time involved, lived with his parents, a parent, or a person acting as parent, for at least 6 consecutive months and in the case of a child less than 6 months old the state in which the child lived from birth with any of the persons mentioned. Periods of temporary absence of any of the named persons are counted as part of the 6-month or other period.

Before making a decree under this act, reasonable notice and opportunity to be heard shall be given to the contestants, any parent whose parental rights have not been previously terminated, and any person who has physical custody of the child. If any of these persons are outside this state, notice and opportunity to be heard shall be given pursuant to 61-406.

Section 6. There is a new R.C.M. section numbered 61-406 that reads as follows:

HeinOnline -- 1977 vol. II 1729 1977

61-406. Notice to persons outside this state — submission to jurisdiction. (1) Notice required for the exercise of jurisdiction over a person outside this state shall be given in a manner reasonably calculated to give actual notice and may be:

(a) by personal delivery outside this state in the manner prescribed for service of process within this state;

(b) in the manner prescribed by the law of the place in which the service is made for service of process in that place in an action in any of its courts of general jurisdiction;

(c) by any form of mail addressed to the person to be served and requesting a receipt; or

(d) as directed by the court including publication, if other means of notification are ineffective.

(2) Notice under this section shall be served, mailed, or delivered or last published at least 10 days before any hearing in this state.

(3) Proof of service outside this state may be made by affidavit of the individual who made the service or in the manner prescribed by the law of this state, the order pursuant to which the service is made, or the law of the place in which the service is made. If service is made by mail, proof may be a receipt signed by the addressee or other evidence of delivery to the addressee.

(4) Notice is not required if a person submits to the jurisdiction of the court.

Section 7. There is a new R.C.M. seciton numbered 61-407 that reads as follows:

61-407. Simultaneous proceedings in other states. (1) A court of this state may not exercise its jurisdiction under this act if at the time of filing the petition a proceeding concerning the custody of the child was pending in a court of another state exercising jurisdiction substantially in conformity with this act unless the proceeding is stayed by the court of the other state because this state is a more appropriate forum or for other reasons.

(2) Before hearing the petition in a custody proceeding, the court shall examine the pleadings and other information supplied by the parties under 61-410 and shall consult the child custody registry established under 61-417 concerning the pendency of proceedings with respect to the child in other states. If the court has reason to believe that proceedings may be pending in another state, it shall direct an inquiry to the state court administrator or other appropriate official of the other state.

(3) If the court is informed during the course of the proceeding that a proceeding concerning the custody of the child was pending in another state before the court assumed jurisdiction, it shall stay the proceeding and communicate with the court in which the other proceeding is pending to the end that the issue may be litigated in the more appropriate forum and that information be exchanged in accordance with 61-420 through

HeinOnline -- 1977 vol. II 1730 1977

61-423. If a court of this state has made a custody decree before being informed of a pending proceeding in a court of another state, it shall immediately inform that court of the fact. If the court is informed that a proceeding was commenced in another state after it assumed jurisdiction, it shall likewise inform the other court to the end that the issues may be litigated in the more appropriate forum.

Section 8. There is a new R.C.M. section numbered 61-408 that reads as follows:

61-408. Inconvenient forum. (1) A court which has jurisdiction under this act to make an initial or modification decree may decline to exercise its jurisdiction any time before making a decree if it finds that it is an inconvenient forum to make a custody determination under the circumstances of the case and that a court of another state is a more appropriate forum.

(2) A finding of inconvenient forum may be made upon the court's own motion or upon motion of a party or a guardian ad litem or other representative of the child.

(3) In determining if it is an inconvenient forum, the court shall consider if it is in the interest of the child that another state assume jurisdiction. For this purpose it may take into account the following factors, among others:

(a) if another state is or recently was the child's home state;

(b) if another state has a closer connection with the child and his family or with the child and one or more of the contestants;

(c) if substantial evidence concerning the child's present or future care, protection, training, and personal relationships is more readily available in another state;

(d) if the parties have agreed on another forum which is no less appropriate; and

(e) if the exercise of jurisdiction by a court of this state would contravene any of the purposes stated in 61-402.

(4) Before determining whether to decline or retain jurisdiction, the court may communicate with a court of another state and exchange information pertinent to the assumption of jurisdiction by either court with a view to assuring that jurisdiction will be exercised by the more appropriate court and that a forum will be available to the parties.

(5) If the court finds that it is an inconvenient forum and that a court of another state is a more appropriate forum, it may dismiss the proceedings or it may stay the proceedings upon condition that a custody proceeding be promptly commenced in another named state or upon any other conditions which may be just and proper, including the condition that a moving party stipulate his consent and submission to the jurisdiction of the other forum.

(6) The court may decline to exercise its jurisdiction under this act if a custody determination is incidental to an action for divorce or another

HeinOnline -- 1977 vol. II 1731 1977

proceeding while retaining jurisdiction over the divorce or other proceeding.

(7) If it appears to the court that it is clearly an inappropriate forum, it may require the party who commenced the proceedings to pay, in addition to the costs of the proceedings in this state, necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses. Payment is to be made to the clerk of the court for remittance to the proper party.

(8) Upon dismissal or stay of proceedings under this section the court shall inform the court found to be the more appropriate forum of this fact or, if the court which would have jurisdiction in the other state is not certainly known, transmit the information to the court administrator or other appropriate official for forwarding to the appropriate court.

(9) Any communication received from another state informing this state of a finding of inconvenient forum because a court of this state is the more appropriate forum shall be filed in the custody registry of the appropriate court. Upon assuming jurisdiction, the court of this state shall inform the original court of this fact.

Section 9. There is a new R.C.M. section numbered 61-409 that reads as follows:

61-409. Jurisdiction declined by reason of conduct. (1) If the petitioner for an initial decree has wrongfully taken the child from another state or has engaged in similar reprehensible conduct, the court may decline to exercise jurisdiction if this is just and proper under the circumstances.

(2) Unless required in the interest of the child, the court may not exercise its jurisdiction to modify a custody decree of another state if the petitioner, without consent of the person entitled to custody, has improperly removed the child from the physical custody of the person entitled to custody or has improperly retained the child after a visit or other temporary relinquishment of physical custody. If the petitioner has violated any other provision of a custody decree of another state, the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(3) In appropriate cases a court dismissing a petition under this section may charge the petitioner with necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses.

Section 10. There is a new R.C.M. section numbered 61-410 that reads as follows:

61-410. Information under oath to be submitted to the court. (1) Each party in a custody proceeding in his first pleading or in an affidavit attached to that pleading shall give information under oath as to the child's present address, the places where the child has lived within the last 5 years, and the names and present addresses of the persons with whom the child has lived during that period. In this pleading or affidavit each party shall further declare under oath whether:

HeinOnline -- 1977 vol. II 1732 1977

(a) he has participated (as a party, witness, or in any other capacity) in any other litigation concerning the custody of the same child in this or any other state;

(b) he has information of any custody proceeding concerning the child pending in a court of this or any other state; and

(c) he knows of any person not a party to the proceedings who has physical custody of the child or claims to have custody or visitation rights with respect to the child.

(2) If the declaration as to any of the above items is in the affirmative, the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and as to other matters pertinent to the court's jurisdiction and the disposition of the case.

(3) Each party has a continuing duty to inform the court of any custody proceeding concerning the child in this or any other state of which he obtained information during this proceeding.

Section 11. There is a new R.C.M. section numbered 61-411 that reads as follows:

61-411. Additional parties. If the court learns from information furnished by the parties pursuant to 61-410 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party and to be duly notified of the pendency of the proceeding and of his joinder as a party. If the person joined as a party is outside this state, he shall be served with process or otherwise notified in accordance with 61-406.

Section 12. There is a new R.C.M. section numbered 61-412 that reads as follows:

61-412. Appearance of parties and the child. (1) The court may order any party to the proceeding who is in this state to appear personally before the court. If that party has physical custody of the child, the court may order that he appear personally with the child.

(2) If a party to the proceeding whose presence is desired by the court is outside this state with or without the child, the court may order that the notice given under 61-406 include a statement directing that party to appear personally with or without the child and declaring that failure to appear may result in a decision adverse to that party.

(3) If a party to the proceeding who is outside this state is directed to appear under subsection (2) or desires to appear personally before the court with or without the child, the court may require another party to pay to the clerk of the court travel and other necessary expenses of the party so appearing and of the child, if this is just and proper under the circumstances.

Section 13. There is a new R.C.M. section numbered 61-413 that reads as follows:

HeinOnline -- 1977 vol. II 1733 1977

61-413. Binding force and res judicata effect of custody decree. A custody decree rendered by a court of this state which had jurisdiction under 61-404 binds all parties who have been served in this state or notified in accordance with 61-406 or who have submitted to the jurisdiction of the court and who have been given an opportunity to be heard. As to these parties the custody decree is conclusive as to all issues of law and fact decided and as to the custody determination made unless and until that determination is modified pursuant to law, including the provisions of this act.

Section 14. There is a new R.C.M. section numbered 61-414 that reads as follows:

61-414. Recognition of out-of-state custody decrees. The courts of this state shall recognize and enforce an initial or modification decree of a court of another state which had assumed jurisdiction under statutory provisions substantially in accordance with this act or which was made under factual circumstances meeting the jurisdictional standards of the act, so long as this decree has not been modified in accordance with jurisdictional standards substantially similar to those of this act.

(ii) had been the child's home state within six (6) months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reason, and a parent or person acting as parent continues to live in this state; or

(i) has been abandoned or

(ii) it is necessary in an emergency to protect him because he has been subjected to or threatened with mistreatment or abuse or is neglected or dependent; or

(ii) it is in his best interest that the court assume jurisdiction.

(2) Except under paragraphs (c) and (d) of subsection (1), physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

(4) A child custody proceeding is commenced in the district court:

(a) by a parent, by filing a petition

(i) for dissolution or legal separation; or

(ii) for custody of the child in the county in which he is permanently resident or found; or

(b) by a person other than a parent, by filing a petition for custody of the child in the county in which he is permanently resident or found, but only if he is not in the physical custody of one of his parents.

(5) Notice of a child custody proceeding shall be given to the child's parent, guardian, custodian, *those persons having physical custody of the child, and all other contestants,* who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties."

Section 28. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-7801, R.C.M. 1947, is amended to read as follows:

"**75-7801. Definitions.** *In* this Title, unless the context clearly indicates otherwise, *the following definitions apply*:

The term includes but is not limited to speech pathology, audiology, occupational therapy, and physical therapy.*

(2) "Handicapped child" means a child evaluated as being mentally retarded, hard-of-hearing, deaf, speech-impaired, visually handicapped, emotionally disturbed, orthopedically impaired, other health-impaired, or as having specific learning disabilities, who because of those impairments needs special education and related services.

(3) "Deaf" means a hearing impairment which is so severe that the child's hearing is nonfunctional for the purpose of educational performance.

(4) "Hard-of-hearing" means a hearing impairment, whether permanent or fluctuating, which adversely affects a child's educational performance but which is not included within the definition of "deaf".

(5) "Mentally retarded" means significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period, which adversely affects a child's educational performance.

(6) "Orthopedically impaired" means a severe orthopedic impairment which adversely affects a child's educational performance. The term includes but is not limited to impairment caused by congenital anomaly (e.g., clubfoot or absence of some member), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., fractures or burns which cause contractures, amputation, cerebral palsy).

The term does not include children who are socially maladjusted. The emotionally distrubed category may include students who also may have been diagnosed by appropriate specialists as autistic, psychotic, sociopathic, or schizophrenic. An emotionally disturbed child's disorders are not primarily the result of problems with visual acuity, hearing impairment, physical handicaps, cultural or instructional factors, or mental retardation. "Emotionally disturbed" refers to a person who has been identified, based on a comprehensive evaluation, as having observable behavioral patterns which seriously inhibit the academic and social or emotional growth of the individual or the educational rights of others to the point that supportive services are required. These behavioral patterns may include:

The term includes but is not limited to such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include children who have learning problems which are primarily the result of visual, hearing, or motor handicaps, mental retardation, or environmental, cultural, or economic disadvantages.

(10) "Speech/language impaired" means a communication disorder such as stuttering, impaired articulation, or a language or voice impairment which adversely affects a child's interpersonal relationships or educational performance.

(11) "Visually handicapped" means a visual impairment which, after correction, adversely affects a child's educational performance. The term includes both partially seeing and blind children."

(3) After the reserve provided for in subsection (2) above is in the sinking fund, money at any time received in the sinking fund in excess of that amount shall be transferred by the treasurer to the clearance fund account. If the balance at any time on hand in the sinking fund is not sufficient for compliance with subsection (2), and is not restored to the required amount within 3 months thereafter, from funds specifically pledged and appropriated to the sinking fund account, the treasurer shall transfer thereto from the general fund an amount sufficient to restore the required balance.

(4) The state pledges and appropriates and directs to be credited to the sinking fund account as received 2 ½% of all money from time to time received from the collection of the severance tax, *and remaining after allocation of such tax to the trust fund established under section 5, Article IX, of the Montana constitution* and such additional amount thereof, if any, as may be required from time to time to provide sufficient funds for the purposes stated in subsection (2) above; provided that no more than 2 ½% of such tax collections shall be deemed to be pledged for the purpose of section 89-3606, subsection (3)."

CHAPTER NO. 544

AN ACT TO DESCRIBE THE PURPOSE OF ARCHITECTURE LICENSING LAWS, DEFINE PUBLIC BUILDING, PROVIDE FOR INJUNCTION OF VIOLATIONS OF SUCH LAWS, REVISE THE EXEMPTION PROVISIONS, PROHIBIT OTHER STATE AGENCIES OR POLITICAL SUBDIVISIONS FROM CHARGING ARCHITECT LICENSE FEES, MAKE CLEAR THAT ANY PERSON RENDERING PROFESSIONAL SERVICES ON A PUBLIC BUILDING MUST BE LICENSED TO PRACTICE ARCHITECTURE, AND REVISE THE REQUIREMENT FOR ERRORS AND OMISSIONS INSURANCE; AMENDING SECTIONS 66-103, 66-106, 66-107, 66-110, 66-113, AND 66-114, R.C.M. 1947; AND REPEALING SECTION 66-115, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 66-101.1 that reads as follows:

HeinOnline -- 1977 vol. II 1762 1977

66-101.1. Purpose. It is hereby declared, as a matter of legislative policy in the state of Montana, that the practice of architecture is a privilege granted by legislative authority and is not a natural right of individuals and that it is necessary, as a matter of such policy and in the interests of the health, safety, and welfare of the people of Montana, to provide laws covering the granting of that privilege and its subsequent use, control, and regulation for the purpose of protecting the public from the unprofessional, improper, unauthorized, and unqualified practice of architecture.

Section 2. Section 66-103, R.C.M. 1947, is amended to read as follows:

"66-103. Definitions — examinations for certificates to practice — granting of certificates — registration without examination under certain circumstances. (1) Except as provided in this act, no person may practice architecture in this state or use the title "architect" or "registered architect," or any words, letters, figures, or other device indicating or intending to imply that he is an architect, without having qualified under this act.

(2) Unless the context requires otherwise, in this act:

(a) "Practice of architecture" means rendering or offering to render services by consultations, preliminary studies, drawings, specifications, or other service in connection with the design of a building or addition or alteration thereto, whether one or all of these services are performed either in person or as the directing head of an organization.

(b) "Architect" means an individual technically and legally qualified to practice architecture and who is authorized under this act to practice architecture.

(c) "Building" means a structure intended primarily for human occupancy or use.

(d) "Public building" means any building which the state or any political subdivision thereof maintains for the use of the public.

(e) "Board" means the board of architects, provided for in section 82A-1602.3.

(f) "Department" means the department of professional and occupational licensing, provided for in Title 82A, chapter 16.

(3) A person wishing to practice architecture in this state shall apply to the department for a certificate to do so. A person applying shall have successfully completed the requirement of prerequisites in education, practical experience and a written examination as prescribed by the board in conformance with the standard national council of architectural registration boards examination and grading procedure. After examination the department shall, if the candidate has been found qualified, grant a certificate to the candidate to practice architecture in this state, which may only be granted on the consent of not less than two (2) members of the board, and attested by the secretary, and have the seal of the board attached. However, an architect holding a valid and current license to

HeinOnline -- 1977 vol. II 1763 1977

practice in another state, territory or country will be granted a certificate to practice in Montana following presentation of a certificate issued by *the* national council of architectural registration boards and approved by the board. But no arrangement may be made under this section which may lower the standard of practice of architecture in this state. The board may, if considered necessary, require an examination of applicants for a license from other states, after careful consideration of the credentials from those states. The board shall by rule establish methods and procedures for investigation of applicants for a license by reciprocity."

Section 3. Section 66-106, R.C.M. 1947, is amended to read as follows:

"**66-106. Penalty for illegal practice or misuse of title.** *(1)* Any person who shall use the title "architect" or "registered architect" or any other words, letters, figures, or other device indicating or intending to imply that the person using the same is an architect, or who shall engage in the practice of architecture within the meaning of this act, or shall accept compensation for rendering architectural service, without first having complied with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00), or by imprisonment in the county jail for not less than thirty (30) days nor more than six (6) months, or by both such fine and imprisonment. Any person convicted a second time for any violation of this act shall be punished by both such fine and imprisonment. The district court shall have jurisdiction of all prosecutions brought hereunder.

(2) Whenever the board of architects has reasonable cause to believe that a person is violating any provision of this act or rule of the board, it may, in addition to the remedies provided in subsection (1) and without prejudice thereto, bring an action in the district court for the county in which the violation is occurring to enjoin such person from continuing to engage in such violation or from doing any act in furtherance thereof."

Section 4. Section 66-107, R.C.M. 1947, is amended to read as follows:

"**66-107. Registration limited to individuals — employees of architects entitled to practice under supervision — exceptions — exemptions.** (a) No firm, company, partnership, association, corporation or other similar organization shall be registered as an architect. Only individuals shall be registered as architects but a number of architects constituting a firm may use the collective title "architects" or "registered architects."

(b) Nothing contained in this act shall prevent draftsmen, students, clerks of work, superintendents, and other employees of those lawfully practicing as architects under the provisions of this act from acting under the instruction, control, or supervision of their employers, or to prevent the employment of superintendents of the construction, enlargement, or structural alteration of buildings or any appurtenance thereto. Nor shall anything contained in this act be construed to apply to alterations to any building which do not involve changes affecting the structural safety thereof or the public health; nor to prevent the preparation of details and shop drawings by persons, other than architects, for use in connection with

HeinOnline -- 1977 vol. II 1764 1977

the execution of their work; nor to prevent the preparation of drawings or details for fixtures, cabinet work, furniture, or other interior appliances or equipment, or for any work necessary to provide for their installation unless the same involves public health or safety. None of the acts enumerated in this paragraph shall be interpreted or construed as the practice of architecture.

(c) Nothing in this act shall be construed to affect or prevent the following, provided that no words, letters, figures, or other device shall be used in such manner as to tend to convey the impression that the person rendering such service is an architect duly registered under this act:

1. Consultants, officers, and employees of the United States while engaged solely in the practice of architecture for said government.

2. Professional engineers from performing architectural services which are purely incidental to their engineering practice.

3. Any person from planning, designing, altering, repairing, supervising, *or engaging in* residential *construction consisting of less than eight living units regardless of size or cost* or farm buildings *which are not intended for use or used as a public building.*

4. The planning, *design,* alteration, *construction,* repair, or supervision *of construction* of a building by its owner *if the building is not intended for use or used as a public building.*"

Section 5. Section 66-110, R.C.M. 1947, is amended to read as follows:

"**66-110. Annual fee of licensed architects.** *(1)* A licensed architect in this state who desires to continue the practice of his profession shall annually, during the time he continues in this practice, pay to the department, during the month of July, a fee of $20.

(2) The board of architects is vested with exclusive jurisdiction to issue licenses for the privilege of practicing architecture. No other state agency or political subdivision of the state, including counties and municipalities, may levy any fee or tax for such privilege."

Section 6. Section 66-113, R.C.M. 1947, is amended to read as follows:

"**66-113. Architects on public buildings must hold certificate from board.** A contract for the employment of or the rendering of professional services by *any person* relating to the planning or construction of public buildings or other public works or improvements may not be entered into by this state or its agencies, or a county, city, or school district in this state unless the *person* is the holder in good standing of a certificate granted by the board entitling him to practice architecture in this state."

Section 7. Section 66-114, R.C.M. 1947, is amended to read as follows:

"**66-114. Plans for public buildings to have seal and signature of architect — insurance coverage.** All architectural plans and specifications for public buildings of the state of Montana, or any agency thereof, or of any county, city, or school district of the state, shall bear the seal and signature of the architect responsible therefor.

HeinOnline -- 1977 vol. II 1765 1977

Each contract for architectural services for public buildings of the state of Montana, any agency thereof, any county, city, school district, or other subdivision of the state shall require errors and omissions insurance furnished by the architect. The amount and duration of the coverage shall be determined on each contract for service by an authorized agent of the contracting authority and the cost included in the contract."

Section 8. **Repealer.** Section 66-115, R.C.M. 1947, is repealed.

Approved May 10, 1977.

CHAPTER NO. 545

AN ACT TO PROHIBIT ANY AGENCY OF STATE GOVERNMENT FROM INTERFERING, RESTRAINING, COERCING, OR RETALIATING AGAINST A STATE EMPLOYEE WHO EXERCISES THE RIGHT OF APPEAL UNDER THE CLASSIFICATION AND WAGE ACT; AMENDING SECTION 82A-1014, R.C.M. 1947; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82A-1014, R.C.M. 1947, is amended to read as follows:

"**82A-1014. Board of personnel appeals created.** (1) There is created a board of personnel appeals.

(2) The board is allocated to the department of labor and industry for administrative purposes only as prescribed in section 82A-108.

(3) The board consists of five members appointed by the governor. Two members shall represent management, two members shall represent employees or employee organizations of the state, and one member shall represent a neutral position.

(4) (a) *An* employee or his representative affected by the operation of Title 59, chapter 9, is entitled to file a complaint with the board and to be heard, under the provisions of a grievance procedure to be prescribed by the board.

(b) Direct or indirect interference, restraint, coercion, or retaliation by an employee's supervisor or the agency for which the employee works *or by any other agency of state government* against an employee because the employee has filed or attempted to file a complaint with the board shall also be basis for a complaint and shall entitle the employee to file a complaint with the board and to be heard, under the provisions of the grievance procedure prescribed by the board.

(c) If upon the preponderance of the evidence taken at the hearing the board is of the opinion that the employee is aggrieved, it may issue an order to the *appropriate agency or agencies of state government* requiring such action as will resolve the employee's grievance. In any hearing the

HeinOnline -- 1977 vol. II 1766 1977

board is not bound by statutory or common law rules of evidence. *An action attempting to revise the class specifications of or series of class specifications involving an employee exercising a right conferred by this section in a way which would adversely affect the employee prior to final resolution or entry of a final order with respect thereto is presumed to be an interference, restraint, coercion, or retaliation prohibited by this section unless such review was commenced or scheduled prior to filing of the appeal and was not prompted by the grievance appealed from. The presumption is rebuttable.*

(d) The board or the employee may petition for the enforcement of the board's order and for appropriate temporary relief, and shall file in the district court the record of the proceedings. Upon the filing of the petition, the district court shall have jurisdiction of the proceeding. Thereafter, the district court shall set the matter for hearing. After the hearing, the district court shall issue its order granting such temporary or permanent relief as it considers just and proper. No objection that has not been raised before the board shall be considered by the court unless the failure or neglect to raise the objection is excused because of extraordinary circumstances. The findings of the board with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive.

(5) The board is designated a quasi-judicial board for purposes of section 82A-112."

Section 2. **Effective date.** This act is effective on its passage and approval.

Section 2. Section 38-1302, R.C.M. 1947, is amended to read as follows:

Section 3. Section 38-1303, R.C.M. 1947, is amended to read as follows:

"**38-1303. It *is* not valid unless it is approved by a professional person and a copy is given to the person voluntarily admitting himself. (8) *Except as provided by this subsection, voluntary admission* of a minor to a mental health facility for an in-patient course of treatment shall be for *the same period of time as that for an adult. A minor voluntarily admitted shall have the right to be released within 5 days of his request as provided in 38-1303(3). The minor himself may make such request. Unless there has been a periodic review and a voluntary readmission consented to by the minor patient and his counsel, voluntary admission terminates at the expiration of 1 year.* Counsel shall be appointed for the minor.

(9) If, in any voluntary *admission* for any period of time to a mental health facility, a minor fails to join in the consent of his parents or guardian to the voluntary *admission*, then the *admission* shall be treated as an involuntary commitment. Notice of the substance of this subsection and of the right to counsel shall be set forth in conspicuous type in a conspicuous location on any form or application used for the voluntary *admission* of a minor to a mental health facility. The notice shall be explained to the minor by the professional person approving the application."

The right to treatment provided for in this *chapter* may not be waived.

(2) The right of the respondent to be physically present at a hearing may also be waived by his attorney and the responsible person with the concurrence of the professional person and the judge upon a finding supported by facts that:

(a) the presence of the respondent at the hearing would be likely to seriously adversely affect his mental condition; and

(b) an alternative location for the hearing in surroundings familiar to the respondent would not prevent such adverse effects on his mental condition.

(3) *(a)* In the case of a minor, *provided that a record is made of the reasons for* the waiver, *his* rights *may be waived by the mutual consent of his counsel and parents or guardian or guardian ad litem if there are no parents or guardian.*

HeinOnline -- 1977 vol. II 1770 1977

(b) If there is an apparent conflict of interest between a minor and his parents or guardian, the court *shall* appoint a guardian ad litem for *him.*

(4) In addition to any other rights which may be guaranteed by the constitution of the United States and of this state, by the laws of this state or by this *chapter*, any person who is involuntarily detained or against whom a petition is filed pursuant to this *chapter* has the following rights:

(a) the right to notice reasonably in advance of any hearing or other court proceeding concerning him;

(b) the right in any hearing to be present, to offer evidence, and to present witnesses in any proceeding concerning him;

(c) the right in any hearing to cross-examine witnesses;

(d) the right to be represented by counsel;

(e) the right to remain silent;

(f) the right in any hearing to be proceeded against according to the rules of evidence applicable to civil matters generally;

(g) the right to view and copy all petitions on file with the court concerning him;

(h) the right to be examined by a professional person of his choice when such professional person is reasonably available;

(i) the right to be dressed in his own clothes at any hearing held pursuant to this *chapter; and*

(j) the right to refuse any but lifesaving medication for up to 24 hours prior to any hearing held pursuant to this *chapter.*

(5) A person detained pursuant to this chapter shall be detained in the least restrictive environment required to protect the life and physical safety of the person detained or members of the public. Whenever possible, a person detained pursuant to this chapter shall be detained in a mental health facility and in the county of residence. No person may be detained in any hospital or other medical facility which is not a mental health facility unless such hospital or facility has agreed in writing to admit the person. A person may be detained in a jail or other correctional facility only if no mental health facility is available or if the available mental health facilities are inadequate to protect the person detained and the public. As soon as a mental health facility becomes available or the situation has changed sufficiently that an available mental health facility is adequate for the protection of the person detained and the public, then the detained person shall be transferred from the jail or correctional facility to the mental health facility. A person detained prior to involuntary commitment may apply to the court for immediate relief with respect to the need for detention or the adequacy of the facility being utilized to detain."

Section 5. Section 38-1305, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1771 1977

"**38-1305. Petition alleging person as seriously mentally ill — contents and procedure.** (1) *The* county attorney, upon the *written* request of any person, may file a petition with the court alleging that there is a person within the county who is seriously mentally ill and requesting that *the person be committed to a mental health facility for a period of no more than 3 months.*

(2) The petition shall contain:

(a) the name and address of the person requesting the petition and his interest in the case;

(b) the name of the respondent, and, if known, the address, age, sex, marital status, and occupation of the respondent;

(c) the purported facts supporting the allegation of mental illness;

(d) the name and address of every person known or believed to be legally responsible for the care, support, and maintenance of the person for whom evaluation is sought;

(e) the name and address of the person's next of kin, to the extent known to the county attorney and the person requesting the petition;

(f) the name and address of any person whom the county attorney believes might be willing and able to be appointed as responsible person;

(g) the name, address, and telephone number of the attorney, if any, who has most recently represented the person for whom evaluation is sought. If there is no attorney, there shall be a statement as to whether, to the best knowledge of the person requesting the petition, the person for whom evaluation is sought is indigent and therefore unable to afford the services of an attorney; and

(h) a statement of the rights of the respondent which shall be in conspicuous print and identified by a suitable heading.

(3) *(a) The petition shall be filed with the clerk of court who shall immediately notify the judge.*

(b) If a judge is available, he shall consider the petition and if he finds no probable cause it shall be dismissed. If the judge finds probable cause, counsel shall be immediately appointed for the respondent and the respondent shall be brought forthwith before the court with his counsel. The respondent shall be advised of his constitutional rights, his rights under this chapter, and the substantive effect of the petition. The respondent may, at this appearance, object to the finding of probable cause for filing the petition. The judge shall appoint a professional person and a responsible person and set a date and time for the hearing on the petition, which may not exceed 5 days, including weekends and holidays unless the fifth day falls upon a weekend or holiday and unless additional time is requested on behalf of the respondent. The desires of the respondent shall be taken into consideration in the appointment of the responsible person and in the confirmation of the appointment of the attorney.

(c) If a judge is not available in the county, the clerk shall notify a

HeinOnline -- 1977 vol. II 1772 1977

resident judge by telephone and read the petition to him. If the judge finds no probable cause, the petition shall be dismissed. If the judge finds probable cause, he shall cause the clerk to issue an order appointing counsel and a professional person and setting a date and time for the hearing on the petition, which may not exceed 5 days, including weekends and holidays unless the fifth day falls upon a weekend or holiday and unless additional time is requested on behalf of the respondent. The order shall also direct that the respondent be brought forthwith before a justice of the peace with his counsel to be advised of his constitutional rights, his rights under this chapter, and the contents of the clerk's order as well as to furnish him with a copy. The justice of the peace shall ascertain the desires of the respondent with respect to the appointment of his counsel, and this shall be immediately communicated to the resident judge. The resident judge may appoint other counsel, may confer with respondent's counsel and the county attorney in order to appoint a responsible person, and may do all things necessary through the clerk of court by telephone as if the resident judge were personally present.

(4) *Following the initial hearing, whether before a judge or justice of the peace, the respondent shall be examined by the professional person without unreasonable delay. The examination may not exceed a period of 4 hours. The professional person shall immediately notify the county attorney of his findings in person or by phone and shall make a written report of his examination to the court, with copies to the respondent's attorney and the county attorney. The following action shall be taken based on the professional person's findings:*

(a) If he recommends dismissal, he shall additionally notify counsel and the respondent shall be released and the petition dismissed. However, the county attorney may, upon good cause shown, request the court to order an additional, but no more than one, examination by a different professional person for a period of no more than 4 hours.

(b) If he finds that commitment proceedings should continue, the hearing shall be held as scheduled. The court may not order further evaluation pending the hearing unless sound medical reasons require additional time for a complete evaluation; such reasons shall be set forth in the order along with the amount of additional time needed.

(5) *The court may not order detention of respondent pending the hearing unless requested by the county attorney and upon the existence of probable cause for detention. Counsel shall be orally notified immediately. Counsel for the respondent may then request a detention hearing, which shall be held forthwith. In the event of detention, the respondent shall be detained in the least restrictive setting necessary to assure his presence and assure his safety and the safety of others as provided in 38-1304(5). He shall have the right to be examined additionally by a professional person of his choice. Unless objection is made by counsel for the respondent, he shall continue to be evaluated and treated by the professional person pending the hearing.*

(6) *Notice of the petition shall be hand delivered to the respondent and to his counsel on or before the initial appearance of the respondent before the judge or justice of the peace. Notice of the petition and the order setting*

HeinOnline -- 1977 vol. II 1773 1977

the date and time of the hearing and the names of the respondent's counsel, professional person, and responsible person shall be hand delivered or mailed to the person or persons legally responsible for care, support, and maintenance of the respondent, the next of kin identified in the petition, and any other person identified by the county attorney as a possible responsible person other than the one named as the responsible person. The notice may provide, other than as to the respondent and his counsel, that no further notice will be given unless written request is filed with the clerk of court. At any time prior to the date set for hearing, the respondent, through his counsel, may request a jury trial, whereupon the time set for hearing shall be vacated and the matter set on the court's jury calendar at the earliest date possible, the matter taking precedence over all other matters. If there is not a jury in attendance, a jury shall be selected in the manner provided in 93-1512 and a date set for trial by jury not later than 7 days, exclusive of Saturdays, Sundays, and holidays.

(7) *The respondent shall be present unless his presence has been waived as provided in 38-1304(2), and he shall be represented by counsel at all stages of the trial. The trial shall be limited to the determination of whether or not the respondent is seriously mentally ill within the meaning set forth in this chapter. The standard of proof in any hearing held pursuant to this section is proof beyond a reasonable doubt with respect to any physical facts or evidence and clear and convincing evidence as to all other matters, except that mental disorders shall be evidenced to a reasonable medical certainty; imminent threat of self-inflicted injury or injury to others shall be evidenced by overt acts, sufficiently recent in time as to be material and relevant as to the respondent's present condition. The professional person appointed by the court shall be present for the trial and subject to cross-examination. The trial shall be governed by the Montana rules of civil procedure except that, if tried by a jury, at least two-thirds of the jurors must concur on a finding that the patient is seriously mentally ill. The court may order the trial closed to the public for the protection of the respondent. If, upon trial, it is determined that the patient is not seriously mentally ill within the meaning of this chapter, he shall be discharged and the petition dismissed.*

(8) *The court, upon the showing of good cause and when it is in the best interests of the respondent, may order a change of venue."*

Section 6. Section 38-1306, R.C.M. 1947, is amended to read as follows:

"**38-1306. Posttrial disposition — petition for extension.** *(1) (a)* If it is determined that the *respondent* is seriously mentally ill within the meaning of this *chapter* the court shall *hold a posttrial disposition hearing. The disposition hearing shall be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent. At the conclusion of the disposition hearing, the court shall:*

(i) commit the *respondent* to a facility for a period of not more than 3 months;

HeinOnline -- 1977 vol. II 1774 1977

(ii) order the *respondent* to be placed in the care and custody of his relative or guardian or some other appropriate place other than an institution;

(iii) order outpatient therapy; or

(iv) make some other appropriate order for treatment.

(b) No treatment ordered pursuant to this subsection *may* affect the *respondent's* custody for a period of more than 3 months.

(c) In determining which of the above alternatives to order, the court shall choose the least restrictive alternatives necessary to protect the *respondent* and the public and to permit effective treatment. The court shall consider and shall describe in its order what alternatives for treatment of the *respondent* are available, what alternatives were investigated, and why the investigated alternatives were not deemed suitable. The court shall enter into the record a detailed statement of the facts upon which it found the respondent to be seriously mentally ill.

(2) At any time within the *3-month* period the patient may be discharged on the written order of the professional person in charge of *him.* In the event the patient is not discharged within the *3-month* period and if the term is not extended as provided herein, *he* shall be discharged by the facility at the end of 3 months without further order of the court. Notice of *the* discharge *shall* be filed with the court *and the county attorney at least* 5 days *prior to* the discharge.

(3) Not less than 2 calendar weeks prior to the end of the *3-month* period of detention, the professional person in charge of the patient *at the place of detention* may petition the court for extension of the detention period. The petition shall be accompanied by a written report and evaluation of the patient's mental and physical condition. The report shall describe any tests and evaluation devices which have been employed in evaluating the patient, the course of treatment which has been undertaken for the patient, and the future course of treatment anticipated by the professional person. Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, his next of kin, if reasonably available, the responsible person appointed by the court, and to the patient's counsel. If any person so notified requests a hearing prior to the termination of the previous detention authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days from the receipt of the request and notify the same people including the professional person in charge of the patient. *If a hearing is not requested, the court shall enter an order of commitment for a period not to exceed 6 months.* Procedure on the petition for extension, *when a hearing has been requested,* shall be the same in all respects as the procedure on the petition for the original *3-month* commitment except the patient *is* not entitled to trial by jury. The hearing shall be held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. If upon the hearing the court finds the patient not seriously mentally ill within the meaning of this *chapter, he* shall be discharged and the petition dismissed. If the court finds that the patient continues to suffer from serious mental illness, the court shall order commitment, custody in relatives, outpatient

HeinOnline -- 1977 vol. II 1775 1977

therapy, or other order as set forth in subsection *(1)* of this section except that no order *may* affect his custody for more than 6 months. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not deemed suitable. The court shall not order continuation of an alternative which does not include a comprehensive, individualized plan of treatment for the patient. *A* court order for the continuation of an alternative shall include a specific finding that a comprehensive, individualized plan of treatment exists.

(4) Further extensions may be obtained under the same procedure described in subsection *(3)* of this section except that the patient's custody *may* not be affected for more than 1 year without a renewal of the commitment under the procedures set forth in subsection *(3)* of this section, including a statement of the findings required by subsection *(3)*.

(5) At any time during the patient's commitment the court may on its own initiative or upon application of the professional person in charge of the patient, the patient, his next of kin, his attorney, or the responsible person appointed by the court, order the patient to be placed in the care and custody of relatives or guardians or to be provided outpatient therapy or other appropriate placement or treatment."

Section 7. Section 38-1307, R.C.M. 1947, is amended to read as follows:

"**38-1307. Emergency situation — petition — detention.** (1) When an emergency situation exists, a peace officer may take any person who appears to be seriously mentally ill and, as a result of serious mental illness, to be a danger to others or to himself into custody only for sufficient time to contact a professional person for emergency evaluation. If possible, a professional person should be called prior to taking the person into custody.

(2) If the professional person agrees that the person detained appears to be seriously mentally ill and that an emergency situation exists, then the person may be detained *and treated* until the next regular business day. At that time, the professional person shall release the detained person *or file his findings with the county attorney who, if he determines probable cause to exist, shall file the petition provided for in 38-1305 in the county of the respondent's residence.* In either case, the professional person shall file a report with the court explaining his actions.

(3) The county attorney of any county may make arrangements with any federal, state, regional, or private mental facility or with a mental health facility in any county for the detention of persons held pursuant to this section."

Section 8. Section 38-1308, R.C.M. 1947, is amended to read as follows:

"**38-1308. Outpatient care — conditional release.** (1) When, in the opinion of the professional person in charge of a mental health facility providing involuntary treatment, the committed person can be appropriately served by outpatient care prior to the expiration of the period of

HeinOnline -- 1977 vol. II 1776 1977

commitment, then outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, *may* not exceed the period of commitment. If the mental health facility designated to provide outpatient care is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility.

(2) The mental health facility designated to provide outpatient care or the professional person in charge of the patient's case may modify the conditions for continued release when *the* modification is in the best interest of the patient. *This includes the authorization to transfer the patient to another mental health facility designated to provide outpatient care provided the transfer is in the best interest of the patient and the outpatient facility so designated agrees in writing to assume responsibility. Notice of an intended transfer shall be given to the professional person in charge of the mental health facility that provided the involuntary treatment.*

(3) If the mental health facility designated to provide outpatient care determines that a conditionally released person is failing to adhere to the terms and conditions of his release, and because of that failure has become a substantial danger to himself or other persons, then, upon notification by the mental health facility designated to provide outpatient care, or on his own motion, the professional person in charge of the patient's case may order that the conditionally released person be apprehended and returned to the facility from which he was conditionally released. The professional person in charge of the patient's case may modify or rescind *the* order at any time. The professional person shall mail or deliver notice to the person detained, his attorney, if any, his guardian or conservator, if any, his next of kin, if known, and the responsible person appointed by the court. *The sheriff of the county where the mental health facility is located and from which the patient is being transferred has the duty of transporting a patient under the provisions of this section.*

(4) The proceedings set forth in subsection (3) of this section may be initiated by the professional person in charge of the patient's case on the same basis set forth therein without the professional person requiring or ordering the apprehension and detention of the conditionally released person.

(5) Notice in writing to the court which committed the patient for treatment and the county attorney who initiated the action shall be provided by the professional person in charge of him at least 5 days prior to his release from commitment or outpatient care."

Section 9. Section 38-1309, R.C.M. 1947, is amended to read as follows:

"38-1309. Right to counsel and appeal — examination of respondent — records. (1) The person alleged to be seriously mentally ill *has* the right to be present at any hearing or trial. If he has no attorney, the judge shall appoint *one* to represent him at either the hearing or the trial, or both, *who shall be compensated from the public funds of the county where the respondent resides.* The county of residence shall also pay all precommitment expenses including transportation to a mental

health facility incurred in connection with the detention, examination, and precommitment custody of the respondent. *The fact that a person is examined, hospitalized, or receives medical, psychological, or other mental health treatment pursuant to this chapter does not relieve a third party from a contractual obligation to pay for the cost of the examination, hospitalization, or treatment.*

(2) *The respondent or the responsible person appointed by the court may secure an attorney of his own choice and at his own expense to represent the respondent.* The respondent, his attorney, or the responsible person appointed by the court may secure a professional person of his own choice to examine the respondent and to testify at the hearing before the court or jury as to the results of his examination.

(3) If the person wishing to secure the testimony of a professional person is unable to do so because of financial reasons and if the respondent joins in the request for *the* examination, the court shall appoint a professional person other than the professional person requesting the commitment to perform the examination. Whenever possible, the court shall allow the respondent a reasonable choice of an available professional person qualified to perform the requested examination who will be compensated from the public funds of the county where the respondent resides.

(4) Every respondent subject to an order for short-term treatment or long-term care and treatment shall be advised of his right to appeal *the* order by the court at the conclusion of any hearing *the* result of which such an order may be entered.

(5) Records and papers in proceedings under this *chapter* shall be maintained separately by the clerks of the several courts. *Five days prior to the release of a respondent or patient,* the facility shall notify the clerk of the court and the clerk shall immediately seal the record in the case and omit the name of the respondent or patient from the index or indices of cases in *the* court unless the court orders the record opened for good cause shown."

Section 10. Section 38-1310, R.C.M. 1947, is amended to read as follows:

"**38-1310. Transfer or commitment to facility — procedure.** No person who is in the custody of the department of institutions for any purpose other than treatment of severe mental illness *may* be transferred or committed to a mental health facility *for more than 10 days* unless *the* transfer or commitment is effected according to the procedures set out in this *chapter. However, proceedings for involuntary commitment may be commenced in the county of the mental health facility where the person is, in the county of the institution from which the person was transferred to the mental health facility, or in the county of the person's residence. Notice of a transfer shall be given immediately to any assigned counsel at the mental health facility and to the parents of minors, guardians, responsible persons, or conservators, as the case may be.*"

Section 11. Section 38-1313, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1778 1977

"**38-1313. Civil and legal rights of person committed.** (1) Unless specifically stated in an order by the court, a person involuntarily committed to a facility for a period of evaluation or treatment *does* not forfeit any legal right or suffer any legal disability by reason of the provisions of this act except insofar as it may be necessary to detain the person for treatment, evaluation, or care.

(2) Whenever *a* person is committed to a mental health facility for a period of 3 months or longer, the court ordering the commitment may make an order stating specifically any legal rights which are denied the respondent and any legal disabilities which are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section *terminates* upon the conclusion of the involuntary commitment if not sooner terminated by the court. A conservatorship or guardianship extending beyond the period of involuntary commitment may not be created except according to the procedures set forth under Montana law for the appointment of conservators and guardians generally.

(3) *A* person who has been committed to a mental health facility pursuant to this *chapter is* automatically restored upon the termination of the commitment to all of his civil and legal rights which may have been lost when he was committed. This subsection *does* not affect, however, *a* guardianship or conservatorship created independently of the commitment proceedings according to the provisions of Montana law relating to the appointment of conservators and guardians generally. *A* person who leaves a mental health facility following a period of evaluation and treatment shall be given a written statement setting forth the substance of this subsection.

(4) *A* person committed to a mental health facility prior to *July 1, 1975, enjoys* all the rights and privileges of a person committed after *that* date.

(5) No person who has received evaluation or treatment under any *of the* provisions of this *chapter may* be discriminated against because of *that* status. For purposes of this section, "discrimination" means giving any unfavorable weight to the fact of hospitalization or outpatient care and treatment unrelated to a person's present capacity to meet standards applicable to all persons. The fact that a person has received evaluation and treatment, whether voluntarily or involuntarily, at *a* mental health facility *may* not be admitted into evidence in *a* subsequent proceeding for involuntary commitment or for the appointment of a guardian or conservator *unless it is necessary to a determination of the present condition of the respondent or the prognosis for treatment in the present case and the judge determines that the need for the evidence outweighs the prejudicial effect of its admission.*"

Section 12. Section 38-1322, R.C.M. 1947, is amended to read as follows:

"**38-1322. Treatment procedures — restrictions.** Patients have a right not to be subjected to treatment procedures such as lobotomy, adversive reinforcement conditioning, or other unusual or hazardous

HeinOnline -- 1977 vol. II 1779 1977

treatment procedures without their express and informed consent after consultation with counsel, the legal guardian, if any, the responsible person appointed by the court, and any other interested party of the patient's choice. At least one of those consulted must consent to the treatment *along with the patient's counsel.* If there is no responsible person or if the responsible person appointed by the court is no longer available, then a responsible person who is in no way connected with the facility or with the department of institutions shall be appointed before any such treatment procedure can be employed. The facility shall send notice of intent to employ extraordinary treatment procedures to the patient, his next of kin, if known, the legal guardian, if any, the attorney who most recently represented him, and the responsible person appointed by the court at least 10 days prior to the commencement of *the* extraordinary treatment program."

Section 13. Section 38-1324, R.C.M. 1947, is amended to read as follows:

"**38-1324. Treatment plan for patient established.** (1) Each patient admitted as an inpatient to a mental health facility shall have a comprehensive physical and mental examination and review of behavioral status within 48 hours after admission to the mental health facility.

(2) Each patient shall have an individualized treatment plan. This plan shall be developed by appropriate professional persons including a psychiatrist and *shall be* implemented no later than *10* days after the patient's admission. Each individualized treatment plan shall contain:

(a) a statement of the nature of the specific problems and specific needs of the patient;

(b) a statement of the least restrictive treatment conditions necessary to achieve the purposes of commitment;

(c) a description of intermediate and long-range treatment goals, with a projected timetable for their attainment;

(d) a statement and rationale for the plan of treatment for achieving these intermediate and long-range goals;

(e) a specification of staff responsibility and a description of proposed staff involvement with the patient in order to attain these treatment goals;

(f) criteria for release to less restrictive treatment conditions, and criteria for discharge; *and*

(g) a notation of any therapeutic tasks and labor to be performed by the patient.

(3) As part of his treatment plan, each patient shall have an individualized after care plan. This plan shall be developed by a professional persón as soon as practicable after the patient's admission to the facility.

(4) In the interests of continuity of care, whenever possible one professional person (who need not have been involved with the development of

HeinOnline -- 1977 vol. II 1780 1977

the treatment plan) shall be responsible for supervising the implementation of the treatment plan, integrating the various aspects of the treatment program, and recording the patient's progress. This professional person shall also be responsible for ensuring that the patient is released, where appropriate, into a less restrictive form of treatment.

(5) The treatment plan shall be continuously reviewed by the professional person responsible for supervising the implementation of the plan and shall be modified if necessary. Moreover, at least every 90 days, each patient shall receive a mental examination from and his treatment plan shall be reviewed by a professional person other than the professional person responsible for supervising the implementation of the plan."

Section 14. Section 38-1325, R.C.M. 1947, is amended to read as follows:

"**38-1325. Examination following commitment.** No later than *30* days after a patient is committed to a mental health facility, the professional person in charge of the facility or his appointed, professionally qualified agent shall *reexamine* the committed patient and shall determine whether *he* continues to require commitment to the facility and whether a treatment plan complying with this *chapter* has been implemented. If the patient no longer requires commitment to the facility in accordance with the standards for commitment, he must be released immediately unless he agrees to continue with treatment on a voluntary basis. *If for sound professional reasons a treatment plan has not been implemented, this fact shall be reported immediately to the professional person in charge of the facility, the director of the department of institutions, the mental disabilities board of visitors, and the patient's counsel.*"

Section 15. Section 38-1328, R.C.M. 1947, is amended to read as follows:

"**38-1328. Records to be maintained.** Complete patient records shall be kept by the mental health facility and shall be available to any person authorized in writing by the patient and the board. *The records shall also be made available to any attorney charged with representing the patient or any professional person charged with evaluating or treating the patient.* These records shall include:

(1) identification data, including the patient's legal status;

(2) a patient history, including, but not limited to:

(a) family data, educational background, and employment record;

(b) prior medical history, both physical and mental, including prior hospitalization;

(3) the chief complaints of the patient and the chief complaints of others regarding the patient;

(4) an evaluation which notes the onset of illness, the circumstances leading to admission, attitudes, behavior, estimate of intellectual functioning, memory functioning, orientation, and an inventory of the patient's assets in descriptive *rather than* interpretative fashion;

HeinOnline -- 1977 vol. II 1781 1977

(5) a summary of each physical examination which describes the results of the examination;

(6) a copy of the individual treatment plan and any modifications thereto;

(7) a detailed summary of the findings made by the reviewing professional person after each periodic review of the treatment plan which analyzes the successes and failures of the treatment program and directs whatever modifications are necessary;

(8) a copy of the individualized after care plan and any modifications thereto, and a summary of the steps that have been taken to implement that plan;

(9) a medication history and status, which includes the signed orders of the prescribing physician. The staff person administering the medication shall indicate by signature that orders have been carried out.

(10) a detailed summary of each significant contact by a professional person with the patient;

(11) a detailed summary on at least a weekly basis by a professional person involved in the patient's treatment of the patient's progress along the treatment plan;

(12) a weekly summary of the extent and nature of the patient's work activities and the effect of such activity upon the patient's progress along the treatment plan;

(13) a signed order by a professional person for any restrictions on visitations and communications;

(14) a signed order by a professional person for any physical restraints and isolation;

(15) a detailed summary of any extraordinary incident in the facility involving the patient to be entered by a staff member noting that he has personal knowledge of the incident or specifying his other source of information and initialed within 24 hours by a professional person; *and*

(16) a summary by the professional person in charge of the facility or his appointed agent of his findings after the *30-day* review provided for in 38-1325."

Section 16. Section 38-1330, R.C.M. 1947, is amended to read as follows:

"**38-1330. Mental disabilities board of visitors — creation and responsibilities.** (1) The governor shall appoint a mental disabilities board of visitors. The board shall consist of five persons *representing but not limited to consumers, doctors of medicine, and the behavioral sciences,* at least three of whom *may* not be professional persons and at least one of whom shall be a representative of an organization concerned with the care and welfare of the mentally ill. No one may be a member of the board who is *a full-time* agent or employee of the department of institutions or *a* mental health facility affected by this *chapter, except this*

HeinOnline -- 1977 vol. II 1782 1977

prohibition does not affect any employee of a state college or university. If a board of similar title and structure is created in any act concerning the treatment of the mentally retarded or developmentally disabled, then *only* one board shall be created to perform the functions *of* both and the board so created shall include at least one representative of an organization concerned with the care and welfare of the mentally ill and one representative of an organization concerned with the care and welfare of the mentally retarded or developmentally disabled.

CHAPTER NO. 550

AN ACT AMENDING SECTIONS 92-202.1, 92-204.1, 92-435, AND 92-614, R.C.M. 1947; CREATING AN UNINSURED EMPLOYERS' FUND TO GRANT TO ALL EMPLOYEES IN THIS STATE WORKERS' COMPENSATION BENEFITS EVEN IF THEIR EMPLOYERS ARE NOT PROPERLY INSURED; PROVIDING FOR FUNDING OF THE FUND; DEFINING INSURER; AND REPEALING SECTIONS 92-201, 92-203, 92-205, 92-207.1, 92-209, 92-210, 92-211, AND 92-1102, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 92-202.1, R.C.M. 1947, is amended to read as follows:

"92-202.1. Employments covered and employments exempted from coverage. *(1) Except as provided in subsection (2) of this section, the Workers' Compensation Act applies to all employers as defined in 92-410.1 and to all employees as defined in 92-411. An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3. Every employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.*

(2) Unless the employer elects coverage for these employments under the act and an insurer allows such an election, the Workers' Compensation Act does not apply to any of the following employments:

(a) Household *and domestic* employment.

(b) Casual employment *as defined in 92-436.*

(c) Employment of members of an employer's family dwelling in *the employer's* household.

(d) Employment of sole proprietors or working members of a partnership.

(e) Employment for which a rule of liability for injury, occupational disease, or death is provided under the laws of the United States.

HeinOnline -- 1977 vol. II 1790 1977

(f) Any person performing services in return for aid or sustenance only."

Section 2. Section 92-204.1, R.C.M. 1947, is amended to read as follows:

"**92-204.1. Election of employer and employee to come under act — action against third party causing injury.** *For all employments covered* under *the Workers' Compensation Act or for which an election has been made for coverage under the act,* the provisions of *the* act *are* exclusive. *Except as provided in 92-212, 92-213, and 92-214 for uninsured employers and except as otherwise provided in the Workers' Compensation Act, an employer is not subject to any liability whatever for the death or personal injury to any employees covered by the Workers' Compensation Act. The Workers' Compensation Act binds* the employee himself, and in case of death *binds* his personal representative, and all persons having any right or claim to compensation for his injury or death, as well as the employer, and the servants and employees of such employer, and those conducting his business during liquidation, bankruptcy or insolvency. The right to compensation and medical benefits as provided by this act *is* not affected by the fact that the injury, occupational disease, or death is caused by the negligence of a third party other than the employer, or the servants or employees of the employer. Whenever such event *occurs* to an employee while performing the duties of his employment and such event *is* caused by the act or omission of some persons or corporations other than his employer, or the servants or employees of his employer, *the* employee, or in case of his death his heirs or personal representative shall, in addition to the right to receive compensation under this act, have a right to prosecute any cause of action he may have for damages against such persons or corporations. *However, if an* employee *receives* an injury while performing the duties of his employment and *the* injury or injuries, so received by *the* employee, are caused by the intentional and malicious act or omission of a servant or employee of his employer, then *the* employee, or in case of his death, his heirs or personal representatives, shall, in addition to the right to receive compensation under the *Workers'* Compensation Act, have a right to prosecute any cause of action he may have for damages against *the* servants or employees of his employer, causing *the* injury."

Section 3. There is a new R.C.M. section numbered 92-204.2 that reads as follows:

92-204.2. Subrogation. (1) If an action is prosecuted as provided for in 92-204.1 and except as otherwise provided in this section, the insurer is entitled to subrogation for all compensation and benefits paid or to be paid under the Workers' Compensation Act. The insurer's right of subrogation is a first lien on the claim, judgment, or recovery.

(2) (a) If the injured employee intends to institute the third party action, he shall give the insurer reasonable notice of his intention to institute the action.

(b) The injured employee may request that the insurer pay a proportionate share of the reasonable cost of the action, including attorneys' fees.

HeinOnline -- 1977 vol. II 1791 1977

(c) The insurer may elect not to participate in the cost of the action. If this election is made, the insurer waives 50% of its subrogation rights granted by this section.

(d) If the injured employee or the employee's personal representative institutes the action, the employee is entitled to at least one-third of the amount recovered by judgment or settlement less a proportionate share of reasonable costs, including attorneys' fees, if the amount of recovery is insufficient to provide the employee with that amount after payment of subrogation.

(3) If an injured employee refuses or fails to institute the third party action within 1 year from the date of injury, the insurer may institute the action in the name of the employee and for the employee's benefit or that of the employee's personal representative. If the insurer institutes the action, it shall pay to the employee any amount received by judgment or settlement which is in excess of the amounts paid or to be paid under the Workers' Compensation Act after the insurer's reasonable costs, including attorneys' fees for prosecuting the action, have been deducted from the recovery.

(4) An insurer may enter into compromise agreements in settlement of subrogation rights.

(5) If the amount of compensation and other benefits payable under the Workers' Compensation Act have not been fully determined at the time the employee, the employee's heirs or personal representatives, or the insurer have settled in any manner the action as provided for in this section, the division shall determine what proportion of the settlement shall be allocated under subrogation. The division's determination may be appealed to the workers' compensation judge.

Section 4. There is a new R.C.M. section numbered 92-212 that reads as follows:

92-212. Uninsured employers fund. (1) There is created an uninsured employers fund. The purpose of the fund is to pay to an injured employee of an uninsured employer the same benefits the employee would have received if the employer had been properly enrolled under compensation plan No. 1, 2, or 3. For the purposes of this section, the words "uninsured employer" mean an employer who has not properly complied with the provisions of 92-202.1. The division shall administer the fund and shall pay all proper benefits to injured employees of uninsured employers.

(2) The fund shall be funded in the following manner:

(a) The division shall require that the uninsured employer pay to the fund a penalty of either double the premium amount the employer would have paid on the payroll of the employer's workers in this state if the employer had been enrolled with compensation plan No. 3 or $500, whichever is greater. In determining the premium amount for the calculation of the penalty under this subsection, the division shall make an assessment on how much premium would have been paid on the employer's past 3-year payroll for periods within the 3 years when the

HeinOnline -- 1977 vol. II 1792 1977

employer was uninsured. An assessment prior to July 1, 1977, may not be made.

(b) The fund shall receive from an uninsured employer an amount equal to all benefits paid or to be paid from the fund to an injured employee of the uninsured employer.

(c) In no event may an uninsured employer's combined liability under subsections (2)(a) and (2)(b) of this section exceed $30,000.

(d) The division may, at the beginning of each fiscal year, determine that the $1,000 assessments that are charged against an insurer in each case of an industrial death under 92-709.1(13)(a) shall be paid to the uninsured employers' fund rather than the subsequent injury fund.

(3) If, upon demand of the division, an uninsured employer refuses to make the payments to the fund that are provided for in subsections (2)(a) and (2)(b) above, the sums may be collected by the division through suit. The division may settle through compromise with an uninsured employer the amount due the fund under this section.

(4) Proper surpluses and reserves shall be kept for the fund. The board of investments shall invest the moneys of the fund. The cost of administration of the fund shall be paid out of the money in the fund.

(5) All appropriate provisions in the Workers' Compensation Act apply to the fund in the same manner as they apply to compensation plans No. 1, 2, and 3.

(6) When the division discovers an uninsured employer it shall order him to cease operations until he has elected to be bound by a compensation plan. An employer who does not comply with the division's order to cease operations is guilty of a misdemeanor.

Section 5. There is a new R.C.M. section numbered 92-213 that reads as follows:

92-213. Election of uninsured employee to take under the fund or bring action against employer — limitation on benefit entitlement under the fund. (1) An employee who suffers an injury arising out of and in the course of employment while working for an uninsured employer as defined in 92-212(1), or an employee's beneficiaries in injuries resulting in death, may elect to either receive benefits from the uninsured employers fund or pursue a damage action against the employer. However, once an election has been made to either take from the fund or pursue a damage action, the election is final and binding on the employee or the employee's beneficiaries, heirs, and personal representatives. An injured employee or the employee's beneficiaries may not receive both benefits from the fund and pursue a damage action. If an injured employee or the employee's beneficiaries elect to bring an action to recover damages for personal injuries sustained or for death resulting from personal injuries so sustained, it is not a defense for the employer that the:

(a) employee was negligent unless such negligence was willful;

(b) injury was caused by the negligence of a fellow employee; or

HeinOnline -- 1977 vol. II 1793 1977

(c) employee had assumed the risks inherent in, incident to, or arising out of his employment or arising from the failure of the employer to provide and maintain a reasonably safe place to work or reasonably safe tools or appliances.

(2) Notwithstanding the provisions of 92-212 and 92-614, injured employees or an employee's beneficiaries who elect to receive benefits from the uninsured employers fund are not granted an entitlement by this state for full workers' compensation benefits from the fund. Benefits from the fund shall be paid in accordance with the sums in the fund. If the division determines at any time that the sums in the fund are not adequate to fully pay all claims, the division may make appropriate proportionate reductions in benefits to all claimants. The reductions do not entitle claimants to retroactive reimbursements in the future.

Section 6. There is a new R.C.M. section numbered 92-214 that reads as follows:

92-214. Effective date of uninsured employers' fund. Except as provided in this section, 92-212 is effective on July 1, 1977. Payouts for benefits may not be made from the uninsured employers' fund until the fund attains a level of $150,000 or January 1, 1979, whichever occurs first. However, until payouts for benefits from the uninsured employers' fund begin, an uninsured employer, as defined in 92-212(1), is subject to suit by an employee who suffers an injury arising out of and in the course of employment. In any such action to recover damages for personal injuries sustained or for death resulting from personal injuries so sustained, it is not a defense that the:

(1) employee was negligent unless such negligence was willful;

(2) injury was caused by the negligence of a fellow employee; or

(3) employee had assumed the risks inherent in, incident to, or arising out of his employment or arising from the failure of the employer to provide and maintain a reasonably safe place to work or reasonable safe tools or appliances.

Section 7. Section 92-435, R.C.M. 1947, is amended to read as follows:

"92-435. Insurer defined. "Insurer" means *an employer bound by compensation plan No. 1, an insurance company transacting business under compensation plan No. 2, the industrial insurance account under compensation plan No. 3, or the uninsured employers' fund provided for in 92-212.*"

Section 8. Section 92-614, R.C.M. 1947, is amended to read as follows:

"92-614. Who liable for injuries under the act and in what amounts — extraterritorial application and reciprocity. (1) Every *insurer is* liable for the payment of compensation in the manner and to the extent hereinafter provided to an employee *of an employer it insures* who *receives* an injury arising out of and in the course of his employment or, in the case of his death from such injury, to his beneficiaries, if any.

(2) If a worker employed in this state who is subject to the provisions

HeinOnline -- 1977 vol. II 1794 1977

of this act temporarily leaves the state incidental to that employment and receives an injury arising out of and in the course of such employment, the provisions of this act shall apply to such worker as though he were injured within this state.

(3) If a worker from another state and his employer from another state are temporarily engaged in work within this state, this act shall not apply to them:

(a) if the employer and employee are bound by the provisions of the Workers' Compensation Law or similar law of such other state which applies to them while they are in the state of Montana, and

(b) if the Workers' Compensation Act of this state is recognized and given effect as the exclusive remedy for workers employed in this state who are injured while temporarily employed in such other state.

(4) A certificate from an authorized officer of the workers' compensation department or similar agency of another state certifying that an employer of such other state is bound by the Workers' Compensation Act of the state and that its act will be applied to employees of the employer while in the state of Montana shall be prima facie evidence of the application of the Workers' Compensation Law of the certifying state.

(5) The division may, with the approval of the governor, enter into agreements with workers' compensation agencies of other states for the purpose of promulgating regulations not inconsistent with the provisions of this act to carry out the extraterritorial application of the workers' compensation laws of the agreeing states."

Section 9. **Repealer.** Sections 92-201, 92-203, 92-205, 92-207.1, 92-209, 92-210, 92-211, and 92-1102, R.C.M. 1947, are repealed.

CHAPTER NO. 551

AN ACT REQUIRING LOCAL GOVERNING BODIES TO ADOPT NOISE, HEIGHT, AND LAND USE REGULATIONS FOR AIRPORT INFLUENCE AREAS AND TO IDENTIFY AIRPORT INFLUENCE AREAS AND ESTABLISH CRITERIA FOR THE REGULATION OF NOISE, HEIGHT, AND LAND USE WITHIN THESE AREAS.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 1-724 that reads as follows:

1-724. Legislative finding. It is hereby found that tall trees and structures and certain types of development located in the vicinity of airports endanger the lives and property of users of the airport and of occupants of land in its vicinity. It is also found that the location of tall trees and structures and certain types of development near airports reduce the

HeinOnline -- 1977 vol. II 1795 1977

area available for landing, taking off, and maneuvering aircraft, and increase the likelihood of legal action against a local government for noise nuisance, thus destroying the utility of the airports and the public investment in them. It is therefore the purpose of this act to promote the public health, safety, and general welfare by the development of compatible noise, height, and land use regulations.

Section 2. There is a new R.C.M. section numbered 1-725 that reads as follows:

1-725. Definitions. (1) The definitions in 1-102 apply to this act.

(2) In this act the following definitions also apply:

(a) "Airport influence area" means all land in the proximity of an airport, the use of which may be affected by the airport's existence.

(b) "Airport" means, for the purpose of this act, only those airports included on the National Airport System Plan.

(c) "Local government" means any county or incorporated city or town having an airport influence area partially or entirely within its jurisdictional limits.

Section 3. There is a new R.C.M. section numbered 1-726 that reads as follows:

1-726. Designation of airport influence areas. (1) A local government with an airport shall designate an airport influence area around the airport within 3 years from the effective date of this act. The designation shall be based on federal aviation administration rules and guidelines. However, no airport influence area may extend more than 10,000 feet out from the thresholds of the primary instrument approach runway or exceed 1 mile in width on each side of the primary instrument approach runway and its extended centerline. A public hearing shall be held by the local government following the procedure prescribed in 1-730.

(2) A map of the designation shall be filed with the county clerk and recorder of the affected counties and the city clerk of the affected cities and towns.

Section 4. There is a new R.C.M. section numbered 1-727 that reads as follows:

1-727. Temporary effect of designation. Upon the designation of an airport influence area, the use of land within the airport influence area shall be restricted as to height consistent with part 77, federal aeronautics regulations, until rules are adopted pursuant to this act. This restriction does not affect nonconforming uses and areas already zoned on July 1, 1977, and may not be imposed for a period of more than 1 year. After the designation of an airport influence area, no person may recover from a local government damages caused by noise and vibrations from normal and anticipated normal airport operations.

Section 5. There is a new R.C.M. section numbered 1-728 that reads as follows:

HeinOnline -- 1977 vol. II 1796 1977

1-728. Development of criteria by a local government. (1) The local government shall devise criteria and guidelines for regulation of the airport influence area.

(2) The criteria and guidelines for noise regulations shall be designed to promote the public health, safety, and general welfare and the criteria and guidelines for height and land use regulations shall be designed solely to promote the public safety. The criteria and guidelines shall, at the minimum, give reasonable consideration to, among other things:

(a) the safety of airport users and persons and property in the vicinity of the airport;

(b) the character of the flying operations conducted or expected to be conducted at the airport;

(c) the magnitude and duration of noise produced by aircraft and the number of aircraft flybys;

(d) the nature of the terrain;

(e) the future development of the airport;

(f) the views and mandates of the federal agency charged with the fostering of civil aeronautics as to the aerial surfaces necessary for safe flying operations.

Section 6. There is a new R.C.M. section numbered 1-729 that reads as follows:

1-729. Adoption of rules. Within 1 year of the designation of an airport influence area, each local government affected shall adopt and provide for the administration of rules restricting the height to which structures may be erected and trees allowed to grow within the airport influence area.

Section 7. There is a new R.C.M. section numbered 1-730 that reads as follows:

1-730. Public hearing on rules. Before a local government adopts or amends rules governing the airport influence area, it must hold a public hearing thereon. Unless otherwise specifically provided, when notice of a hearing or other official act is required by this title, the following shall apply:

(1) The notice shall be published two times with at least 7 days separating each publication. The first publication shall be no more than 21 days prior to the action and the last no less than 3 days prior to the action.

(2) The published notice shall contain:

(a) the date, time, and place at which the hearing or other action will occur;

(b) a brief statement of the action to be taken.

Section 8. There is a new R.C.M. section numbered 1-731 that reads as follows:

HeinOnline -- 1977 vol. II 1797 1977

1-731. State lands. When an airport influence area lies partially or entirely on state-owned lands, the department of state lands shall administer the affected lands in conformance with the criteria and guidelines prescribed by the local governing body.

Section 9. There is a new R.C.M. section numbered 1-732 that reads as follows:

1-732. Amendment of criteria — redesignation of influence areas. (1) When circumstance so requires, the local government may amend the criteria and guidelines.

(2) The local government may redefine the boundaries of the influence area of an airport whenever an amendment to the criteria and guidelines so requires or whenever the airport site boundaries are altered.

Section 10. There is a new R.C.M. section numbered 1-733 that reads as follows:

1-733. Variance. (1) Any person desiring to erect or increase the height of a structure, permit the growth of a tree, or use his property in violation of the rules adopted pursuant to this act may apply to board of airport hazard adjustment for a variance from the rules.

(2) A variance shall be granted where a literal application or enforcement of the rules would result in substantial practical difficulty or unnecessary hardship and where the variance would not be contrary to the public interest.

(3) A variance shall be granted for a nonconforming use where there is no immediate hazard to safe flying operations or persons and property in the vicinity of the airport and where the noise or vibrations from normal and anticipated normal operations of the airport would not be likely to cause structural damage.

(4) Within an airport influence area a person who obtains a variance for building a structure which is a nonconforming use under rules adopted pursuant to this act or a person who takes or buys property subject to such a variance is on notice that the airport existed before the variance was granted and that normal and anticipated normal operations of the airport will result in noise and vibrations being projected over the property. Furthermore, a person using a structure built under a variance may not collect damages from a local government for interference with the enjoyment of that structure caused by noise and vibrations from normal and anticipated normal airport operations.

Section 11. There is a new R.C.M. section numbered 1-734 that reads as follows:

1-734. Permit system. (1) The rules adopted pursuant to this act shall provide for a permit system for erecting new structures, changing uses of land or structures, and substantially altering, repairing, or replacing existing structures within the airport influence area.

(2) No material change may be made in the use of land and no structure or tree may be erected, altered, planted, or otherwise established in an airport influence area unless a permit for the use has been granted.

HeinOnline -- 1977 vol. II 1798 1977

(3) No permit may be granted which would allow the establishment of an airport hazard or that would allow a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of the designation of the airport influence area or any subsequent revisions to it or than it was prior to the application for a permit.

Section 12. There is a new R.C.M. section numbered 1-735 that reads as follows:

1-735. Conditions on permit or variance. Any permit or variance granted pursuant to this act may require the owner of the structure or tree in question to permit the local government, at its expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

Section 13. There is a new R.C.M. section numbered 1-736 that reads as follows:

1-736. Board of adjustment. (1) All rules adopted pursuant to this act shall provide for a board of airport hazard adjustment consisting of five members to be appointed for terms and in the manner provided in 11-2707.

(2) All of the provisions of 11-2707 relating to appeals and judicial review are applicable to grievances relating to rules, variances, or permits.

(3) Where a local government has appointed a board of adjustment under the provisions of 11-2707 or 16-4706, the local government may designate the members of that board as the board of airport hazard adjustment required by this act in which case the terms of such members for purposes of this act are concurrent with their terms as members of the board of adjustment.

Section 14. There is a new R.C.M. section numbered 1-737 that reads as follows:

1-737. Rules relative to zoning ordinances. (1) If a local government has adopted a zoning ordinance, any rules adopted under this act may be made a part of the zoning ordinance and may be administered and enforced in connection with it. However, the zoning ordinance may not limit the effectiveness or scope of the rules adopted pursuant to this act.

(2) Where a conflict exists between the rules adopted pursuant to this act and any zoning ordinances or resolutions applicable to the same area, the more stringent limitation or requirement shall prevail.

Section 15. There is a new R.C.M. section numbered 1-738 that reads as follows:

1-738. Rules to be reasonable — prior nonconforming uses. All rules adopted under this act shall be reasonable and may not require the removal or alteration of any structure or tree lawfully in existence when the rules become effective. Such uses are to be treated as prior nonconforming uses, which may continue but rules may prohibit their expan-

HeinOnline -- 1977 vol. II 1799 1977

sion or their reconstruction or replacement following destruction or substantial damage. Rules may further require that trees in place at the time the rules take effect be maintained by the local government, at its expense, at heights attained at that time. Land in existing residential subdivisions or platted for residential subdivision at the time rules are adopted may continue to be used for residential purposes.

Section 16. There is a new R.C.M. section numbered 1-739 that reads as follows:

1-739. Penalty — court action. (1) Any person who violates any provision of this act or any rules adopted pursuant to it is guilty of a misdemeanor and punishable by a fine not to exceed $500, imprisonment in a county jail for a period not to exceed 6 months, or both. Each day a violation continues to exist constitutes a separate offense.

(2) A local governing body may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of this act or the rules adopted under it.

Section 17. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved May 11, 1977.

CHAPTER NO. 552

AN ACT TO AMEND SECTIONS 11-3860 AND 11-3862, R.C.M. 1947, TO ALLOW A SIMPLIFIED PROCEDURE FOR SUBDIVISIONS WITHIN MASTER PLAN AREAS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 11-3860, R.C.M. 1947, is amended to read as follows:

"**11-3860. Statement of purpose.** It is the purpose of this act to promote the public health, safety, and general welfare by regulating the subdivision of land; to prevent overcrowding of land; to lessen congestion in the streets and highways; to provide for adequate light, air, water supply, sewage disposal, parks and recreation areas, ingress and egress, and other public requirements; to require development in harmony with the natural environment; to require that *whenever necessary, the appropriate* approval of *subdivisions* be contingent upon a written finding of public interest by the governing body; and to require uniform monumentation of land subdivisions and transferring interests in real property by reference to plat or certificate of survey."

Section 2. Section 11-3862, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1800 1977

"11-3862. **Surveys required — exceptions — standards for monumentation.** (1) All divisions of land for sale other than a subdivision after the effective date of this act into parcels which cannot be described as 1/32 or larger aliquot parts of a United States government section or a United States government lot must be surveyed by or under the supervision of a registered land surveyor.

(2) Every subdivision of land after June 30, 1973, shall be surveyed and platted in conformance with this act by or under the supervision of a registered land surveyor. Subdivision plats shall be prepared and filed in accordance with this act and regulations adopted pursuant thereto. All division of sections into aliquot parts and retracement of lines must conform to United States bureau of land management instructions, and all public land survey corners shall be filed in accordance with Corner Recordation Act of Montana (sections 67-2001 through 67-2019). Engineering plans, specifications, and reports required in connection with public improvements and other elements of the subdivision required by the governing body shall be prepared and filed by a registered engineer or a registered land surveyor as their respective licensing laws allow in accordance with this act and regulations adopted pursuant thereto.

(3) The county clerk and recorder of any county shall not record any instrument which purports to transfer title to or possession of a parcel or tract of land which is required to be surveyed by this act unless the required certificate of survey or subdivision plat has been filed with the clerk and recorder and the instrument of transfer describes the parcel or tract by reference to the filed certificate or plat.

(4) Instruments of transfer of land which is acquired for state highways may refer by parcel and project number to state highway plans which have been recorded in compliance with section 32-2413, and are exempted from the surveying and platting requirements of this act; provided, however, that if such parcels are not shown on highway plans of record, instruments of transfer of such parcels shall be accompanied by and refer to appropriate certificates of survey and plats when presented for recording.

(5) The provisions of this act shall not apply to the division of state-owned land unless the division creates a second or subsequent parcel from a single tract for sale, rent or lease for residential purposes after July 1, 1974.

(6) Unless the method of disposition is adopted for the purpose of evading this act, the following divisions of land are not subdivisions under this act but are subject to the surveying requirements of this section for divisions of land not amounting to subdivisions.

Within a platted subdivision filed with the county clerk and recorder any division of lots which results in an increase in the number of lots, or which redesigns or rearranges six or more lots, must be reviewed and approved by the governing body and an amended plat must be filed with the county clerk and recorder. For five or fewer lots within a platted subdivision, relocation of common boundaries and the aggregation of lots are exempted from review as subdivisions. Exempted from local review outside of platted subdivisions are:

HeinOnline -- 1977 vol. II 1801 1977

(a) Divisions made for the purpose of relocating common boundary lines between adjoining properties.

(b) Divisions made for the purpose of a gift or sale to any member of the landowner's immediate family.

(c) Divisions made by sale or agreement to buy and sell where the parties to the transaction enter a covenant running with the land and revocable only by mutual consent of the governing body and the property owner that the divided land will be used exclusively for agricultural purposes. Any change in use of the land for anything other than agricultural purposes subjects the division to the provisions of this chapter.

(d) A single division of a parcel when the transaction is an occasional sale.

(7) Subdivisions created by rent or lease are exempt from the surveying and filing requirements of this act but must be submitted for review and approved by the governing body before portions thereof may be rented or leased.

(8) Subdivisions totally within a master planning area adopted pursuant to 11-3801 through 11-3856 wherein zoning regulations pursuant to 11-2701 through 11-2709 or 16-4701 and a long-range development program of public works' projects pursuant to 11-3831 have been adopted are deemed to be in the public interest and exempt from the requirement of an environmental assessment.

(9) Unless the method of disposition is adopted for the purpose of evading this act, the requirements of this act shall not apply to any division of land:

(a) which is created by order of any court of record in this state or by operation of law, or which, in the absence of agreement between the parties to the sale, could be created by an order of any court in this state pursuant to the law of eminent domain (sections 93-9901 through 93-9926);

(b) which is created *to provide security for construction mortgages, liens,* or trust *indentures*;

(c) which creates an interest in oil, gas, minerals, or water which is now or hereafter severed from the surface ownership of real property;

(d) which creates cemetery lots;

(e) which is created by the reservation of a life estate;

(f) which is created by lease or rental for farming and agricultural purposes.

(10) The sale, rent, lease, or other conveyance of one or more parts of a building, structure, or other improvement situated on one or more parcels of land is not a division of land, as that term is defined in this act, and is not subject to the requirements of this act.

(11) The department of community affairs shall, in conformance with

HeinOnline -- 1977 vol. II 1802 1977

the Montana Administrative Procedure Act (sections 82-4201 through 82-4225), prescribe uniform standards for monumentation and for the form, accuracy, and descriptive content of records of survey.

(12) It shall be the responsibility of the governing body to require the replacement of all monuments removed in the course of construction."

Approved May 11, 1977.

CHAPTER NO. 553

AN ACT AMENDING SECTIONS 11-3867 AND 11-3876, R.C.M. 1947, TO ALLOW CONTRACTS FOR SALE BEFORE A FINAL SUBDIVISION PLAT IS FILED OF RECORD.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 11-3867, R.C.M. 1947, is amended to read as follows:

"11-3867. Filing of subdivision plat with county recorder — review of final subdivision plats and certificates of survey by examining land surveyor. (1) The governing body may require that final subdivision plats and certificates of survey be reviewed for errors and omissions in calculation or drafting by an examining land surveyor before recording with the county clerk and recorder. When the survey data shown on the plat or certificate of survey meet the conditions set forth by or pursuant to this act, the examining land surveyor shall so certify in a printed or stamped certificate on the plat or certificate of survey; such certificate shall be signed by him.

No land surveyor shall act as an examining land surveyor in regard to a plat or certificate of survey in which he has a financial or personal interest.

(2) The governing body shall examine every final subdivision plat and shall approve it when, and only when, it conforms to the conditions of approval set forth on the preliminary plat and to the terms of this act and regulations adopted pursuant thereto. The clerk and recorder of the county shall refuse to accept any plat for record that fails to have such approval in proper form.

(3) *Except as provided in subsection (4), every* final subdivision plat must be filed for record with the county clerk and recorder before title to the subdivided land can be sold or transferred in any manner. If illegal transfers of any manner are made, the county attorney shall commence action to enjoin further sales *or* transfers, and compel compliance with all provisions of this act. The cost of such action shall be imposed against the person transferring the property.

(4) After the preliminary plat of a subdivision has been approved or conditionally approved the subdivider may enter into contracts to sell lots in the proposed subdivision if all of the following conditions are met:

(a) that under the terms of the contracts the purchasers of lots in the proposed subdivision make any payments to an escrow agent which must be a bank or savings and loan association chartered to do business in the state of Montana.

(b) that under the terms of the contracts and the escrow agreement the payments made by purchasers of lots in the proposed subdivision may not be distributed by the escrow agent to the subdivider until the final plat of the subdivision is filed with the county clerk and recorder.

(c) that the contracts and the escrow agreement provide that if the final plat of the proposed subdivision is not filed with the county clerk and recorder within two years of the preliminary plat approval, the escrow agent shall immediately refund to each purchaser any payments he has made under the contract, and

(d) that the contracts contain the following language conspicuously set out therein: "The real property which is the subject hereof has not been finally platted, and until a final plat identifying the property has been filed with the county clerk and recorder, title to the property cannot be transferred in any manner.""

Section 2. Section 11-3876, R.C.M. 1947, is amended to read as follows:

"11-3876. Violation — misdemeanor. Any person who violates any provision of this act or any local regulations adopted pursuant thereto shall be guilty of a misdemeanor and punishable by a fine of not less than one hundred dollars ($100) or more than five hundred dollars ($500) or by imprisonment in a county jail for not more than three (3) months, or by both fine and imprisonment. Each sale, lease or transfer of each separate parcel of land in violation of any provision of this act or any local regulation adopted pursuant thereto shall be deemed a separate and distinct offense."

Approved May 11, 1977.

CHAPTER NO. 554

AN ACT TO AMEND SECTION 69-5003, R.C.M. 1947, TO SHORTEN THE TIME PERIOD FOR PROCESSING PETITIONS FOR REMOVAL OF SANITARY RESTRICTIONS AND TO EXEMPT SUBDIVISIONS WITHIN MASTER PLANNING AREAS WHICH WILL BE PROVIDED WITH MUNICIPAL FACILITIES FOR THE SUPPLY OF WATER OR DISPOSAL OF SEWAGE FOR THE SUBDIVISION.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-5003, R.C.M. 1947, is amended to read as follows:

"69-5003. Approval of plans for facilities in subdivisions. (1) *Out-*

side master planning areas adopted pursuant to 11-3801 through 11-3856, a person may not file a subdivision plat with a county clerk and recorder, make disposition of any lot within a subdivision, *erect any facility for the supply of water or disposal of sewage or solid waste,* erect any building or shelter in a subdivision which requires facilities for the supply of water or disposal of sewage or solid waste, or occupy any permanent building in a subdivision until the department has indicated that the subdivision is subject to no sanitary restriction.

(2) Within master planning areas adopted pursuant to 11-3801 through 11-3856, a subdivision is not subject to sanitary restrictions when the local governing body certifies that municipal facilities for the supply of water and disposal of sewage and solid waste will be provided for the subdivision as provided in subsection (5) of this section. In this case, department approval is not necessary.

(3) To the extent that municipal facilities for the supply of water or disposal of sewage or solid waste are not to be provided for a subdivision as certified to by the governing body, the person wishing to subdivide must obtain department approval as provided in subsection (6)(a).

(4) Until the local governing body has certified that a subdivision is to be provided with municipal facilities for a supply of water and disposal of sewage and solid waste or that the department has indicated that the subdivision is subject to no restrictions, a person may not file a subdivision plat with a county clerk and recorder, make disposition of any lot within a subdivision, erect any facility for the supply of water or disposal of sewage or solid waste, erect any building or shelter in a subdivision which requires facilities for the supply of water or disposal of sewage or solid waste, or occupy any permanent buildings in a subdivision.

(5) When a subdivision is reviewed under the master plan provisions of 69-5003, the local governing body shall, within 20 days after receiving an application under the subdivision and platting act distribute the lot fees as determined by subsection (11) and shall, send notice of certification to the department that a subdivision has been submitted for approval and that municipal facilities for the supply of water and disposal of sewage and solid waste will be provided for the subdivision. The notice of certification shall include the following:

(i) the name and address of the applicant;

(ii) a copy of the preliminary plat or a final plat where a preliminary plat is not necessary;

(iii) the number of proposed parcels in the subdivision;

(iv) a copy of any applicable zoning ordinances in effect;

(v) how construction of the sewage disposal and water supply systems or extensions will be financed;

(vi) a copy of the master plan, if one has not yet been submitted to the department;

(vii) the relative location of the subdivision to the city or town; and

HeinOnline -- 1977 vol. II 1805 1977

(viii) certification that adequate municipal facilities for the supply of water and disposal of sewage and solid waste are available or will be provided within 1 year after the notice of certification is issued.

(6) The exclusions provided for in this section shall not relieve any person of the duty to comply with the requirements of the public water supply act, Title 69, chapter 49.

(7) A county clerk and recorder may not accept a subdivision plat for filing until *one of the following conditions has been met:*

(a) *The* person wishing to file the plat has obtained approval of the local health officer having jurisdiction and has filed the approval with the department; and the department has indicated by stamp or certificate, that it has approved the plat and plans and specifications and that the subdivision is subject to no sanitary restriction *whenever department approval is necessary; or*

(b) Whenever department approval is not necessary, the person wishing to file the plat has obtained a certificate from the governing body that the subdivision is inside a master planning area and will be provided with municipal facilities for the supply of water and disposal of sewage and solid waste.

(8) When a subdivision as defined in this chapter is excluded from the provisions of Title 11, chapter 38, section 11-3862, R.C.M. 1947, except section 11-3862(8), R.C.M. 1947, and the subdivision is otherwise subject to the provisions of this chapter, plans and specifications of the *subdivision as defined in this chapter* shall be submitted to the department and the department shall indicate by certificate that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction. The plan review by the department shall be as follows:

(a) *At any time after the developer has submitted an application under the subdivision and platting act, the* developer shall present to the department a preliminary plan of the proposed development, whatever information the developer feels necessary for its subsequent review, *and information required by the department.*

(b) The department must give final action of the proposed plan within 60 days, unless an environmental impact statement is required, at which time this deadline may be increased to 120 days.

(8) A person may not construct or use any facilities which deviate from the plans and specifications filed with the department until the department has approved the deviation.

(9) A subdivision excluded from the provisions of Title 11, chapter 38, shall be submitted for review by the department according to the provisions of this chapter, except that the following divisions are not subject to review by the department:

(a) the exclusions cited in 11-3862(8) and 11-3862(9);

(b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that no dwelling or structure

HeinOnline -- 1977 vol. II 1806 1977

requiring water or sewage disposal is to be erected on the additional acquired parcel; and

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule.

(10) Within 90 days after (the effective date of this act), the department and the department of community affairs shall prepare and distribute a joint application form that can be used by an applicant to apply for approval of a subdivision under the provisions of this act and the provisions of Title 11, chapter 38. When an application is received by either the department or a local government, the department or local government is responsible for forwarding the appropriate parts of the application to the other entity. The review required by Title 69, chapter 50, and the provisions of Title 11, chapter 38, shall occur concurrently.

(11) The department shall adopt rules to determine the distribution of lot fees between the local governing body and the department as provided in 69-5005."

Approved May 11, 1977.

CHAPTER NO. 555

AN ACT TO AMEND SECTION 11-3866, R.C.M. 1947, RELATIVE TO THE IMPOSITION OF CONDITIONS AFTER APPROVAL OF A PRELIMINARY PLAT AND THE REVIEW OF MINOR SUBDIVISIONS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 11-3866, R.C.M. 1947, is amended to read as follows:

"**11-3866. Submission of subdivision plat to governing body — notice — hearing — approval — disapproval.** (1) Except where a plat is eligible for summary approval the subdivider shall present to the governing body, or the agent or agency designated thereby, the preliminary plat of the proposed subdivision for local review. When the proposed subdivision lies within the boundaries of an incorporated city or town, the preliminary plat shall be submitted to and approved by the city or town governing body. When the proposed subdivision is situated entirely in an unincorporated area the preliminary plat shall be submitted to and approved by the governing body of the county; however, if the proposed subdivision lies within one (1) mile of a third class city or town or within two (2) miles of a second class city or within three (3) miles of a first class city the county governing body shall submit the preliminary plat to the city or town governing body or its designated agent for review and comment. If the proposed subdivision lies partly within an incorporated city or town, the proposed plat thereof must be submitted to and approved by both the city or town and the county governing bodies. This section

HeinOnline -- 1977 vol. II 1807 1977

does not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to section 11-3305.

(2) The governing body shall approve, conditionally approve, or reject the preliminary plat within sixty (60) days of its presentation unless the subdivider consents to an extension of the review period. The preliminary plat shall show all pertinent features of the proposed subdivision and all proposed improvements. The governing body or its designated agent or agency shall review the preliminary plat to determine whether it conforms to the local master plan if one has been adopted pursuant to sections 11-3801 through 11-3856 to the provisions of this act, and to rules and regulations prescribed or adopted pursuant to this act.

(3) The governing body or its authorized agent or agency shall hold a public hearing on the preliminary plat and shall consider all relevant evidence relating to the public health, safety and welfare, including the environmental assessment, to determine whether the plat should be approved, conditionally approved, or disapproved by the governing body. Notice of such hearing shall be given by publication in a newspaper of general circulation in the county not less than fifteen (15) days prior to the date of the hearing. The subdivider and each property owner of record immediately adjoining the land included in the plat shall also be notified of the hearing by registered mail not less than fifteen (15) days prior to the date of the hearing. When a hearing is held by an agent or agency designated by the governing body, the agent or agency shall act in an advisory capacity and recommend to the governing body the approval, conditional approval, or disapproval of the plat. This recommendation must be submitted to the governing body in writing not later than ten (10) days after the public hearing. If the governing body rejects or conditionally approves the preliminary plat, it shall forward one (1) copy of the plat to the subdivider accompanied by a letter over the appropriate signature stating the reason for rejection or enumerating the conditions which must be met to assure approval of the final plat. *After the preliminary plat is approved, the governing body and its subdivisions may not impose any additional conditions as a prerequisite to final plat approval providing said approval is obtained within one year.*

(4) The basis for the governing body's decision to approve, conditionally approve, or disapprove a subdivision shall be whether the preliminary plat, environmental assessment, public hearing, planning board recommendations and additional information demonstrate that development of the subdivision would be in the public interest. The governing body shall disapprove any subdivision which it finds not to be in the public interest. To determine whether the proposed subdivision would be in the public interest the governing body shall issue written findings of fact which weigh the following criteria for public interest:

(a) the basis of the need for the subdivision;

(b) expressed public opinion;

(c) effects on agriculture;

(d) effects on local services;

HeinOnline -- 1977 vol. II 1808 1977

(e) effects on taxation;

(f) effects on the natural environment;

(g) effects on wildlife and wildlife habitat, and

(h) effects on the public health and safety.

(5) Upon approving or conditionally approving a preliminary plat, the governing body shall provide the subdivider with a dated and signed statement of approval. This approval shall be in force for not more than one (1) calendar year; at the end of this period the governing body may, at the request of the subdivider, extend its approval for no more than one (1) calendar year.

(6) Subdivisions containing 5 or fewer parcels where proper access to all lots is provided and in which no land is to be dedicated to the public for parks or playgrounds are to be reviewed as follows:

(a) The governing body must approve, conditionally approve, or disapprove the first such subdivision from a tract of record within 35 days of the submission of an application for approval thereof;

(b) The governing body shall state in writing the conditions which must be met if the subdivision is conditionally approved or, if it disapproves the subdivision, what local regulations would not be met by the subdivision;

(c) The requirements for holding a public hearing and preparing an environmental assessment shall not apply to the first such subdivision created from a tract of record;

(d) Subsequent subdivisions from a tract of record shall be reviewed under section 11-3863(5) and regulations adopted pursuant to that section."

Approved May 11, 1977.

HeinOnline -- 1977 vol. II 1815 1977

(j) a schedule of fees to be paid by the applicant for plat or subdivision review to the department for deposit in the agency fund provided for in section 79-410. The fees shall be used for review of plats and subdivisions based on the complexity of the subdivision, including but not limited to:

Declaratory judgments on validity or application of rules. *A* rule may be *declared invalid or inapplicable* in an action for declaratory judgment if it is found that the rule or its threatened application interferes with or impairs or threatens to interfere with or impair the legal rights or privileges of the plaintiff. *A rule may also be declared invalid in such an action on the grounds that the rule was adopted with an arbitrary or capricious disregard for the purpose of the authorizing statute, as evidenced by documented legislative intent. If the administrative code committee has objected to the adoption or amendment of a rule on the grounds set forth in the preceding sentence, the agency bears the burden, in any action brought under this section, of proving that its rule was not adopted with an arbitrary or capricious disregard for the purpose of the authorizing statute.* The action may be brought in the district court for the county in which the plaintiff resides or has his principal place of business or in which the agency maintains its principal office. (2) In the event termination is recommended by the legislative audit committee, the agency has the burden of demonstrating a public need for its continued existence and the extent to which a change in the composition, structure, and operation of the agency would increase the protection of the public health, safety, or welfare from harm or damage or decrease the adverse effect on the competitive market.

(3) In determining whether to reestablish an agency, the legislature shall consider the performance audit and review conducted by the legislative audit committee, the public testimony responsive to the questions set forth in subsection (2) of 82-4604, and other matters considered relevant by the committee.

Upon the expiration of the 1 year after termination, each agency not modified or reestablished shall be abolished and all unexpended balances of appropriations, allocations, or other funds shall revert to the fund from which they were appropriated or, if that fund is abolished, to the general fund.

Provided that if the employee's anniversary date falls between (inclusive) July 1 and the first day of the first pay period of 1977, he or she will advance one step on the first day of that pay period.

(2) The pay matrix provided in 59-918 indicates the annual compensation for the fiscal year ending June 30, 1979, for each step and grade for positions classified under provisions of law. Except as provided in 59-921 for collective bargaining units, the compensation of each employee shall, on the first day of the first pay period in July, 1978, as determined by the budget director, be that amount which corresponds to the grade and step occupied on June 30, 1978. The employee will advance one step on the employee's anniversary date as determined by the department of administration. Provided that if the employee's anniversary date falls between (inclusive) July 1 and the first day of the first pay period of 1978, he or she will advance one step on the first day of that pay period.

Section 3. There is a new R.C.M. section numbered 59-917 that reads as follows:

Section 5. There is a new R.C.M. section numbered 59-919 that reads as follows:

59-919. Allocation between wages and health insurance. (1) The dollar amounts shown in the respective matrices in 59-917 and 59-918 represent the maximum amount allocated by the state for wages and health insurance benefits, exclusive of longevity as defined in 59-920. Except as provided in subsection (2) of this section, that amount specifically allocated for health insurance benefits shall be determined by 11-1024. An employee who elects not be to covered by a state health insurance plan will receive as wages the amount shown in the appropriate matrix less the state contribution for health insurance as determined by 11-1024.

(2) Employees may, through collective bargaining, determine the allocation of the amounts shown in the matrices of 59-917 and 59-918 between wages and health insurance benefits, except that in no case may the health insurance allocation be less than the amounts provided in 11-1024.

Section 6. There is a new R.C.M. section numbered 59-920 that reads as follows:

59-920. Longevity allowance. In addition to the compensation determined above, each employee who has completed at least 5 years of uninterrupted state service shall receive the amount obtained by multiplying the larger of $10 a month or 10% of the difference between the base compensation for his grade and step and the base compensation for the corresponding step in the next highest grade by the number of completed, contiguous 5-year periods of uninterrupted service he has with the state. Service to the state may not be considered to have been interrupted by authorized leaves of absence.

Section 7. There is a new R.C.M. section numbered 59-921 that reads as follows:

59-921. Exceptions for collective bargaining. (1) The procedure established in this act for increasing compensation for state employees is in lieu of and supersedes any other such plans or systems except those plans negotiated with the blue collar crafts and teachers in accordance with provisions of Title 59, chapter 16. The total amount of compensation which may be used to implement any such plan may not exceed the total amount of funding that would be required to fund application of the matrices in 59-917 and 59-918 to the employees covered by the negotiated plan.

(2) A member of a bargaining unit may receive negotiated increases in compensation only after the bargaining unit has ratified the negotiated plan or system for the biennium. Should such negotiations and subsequent ratification process not be completed by the beginning of the biennium, retroactivity to the beginning of the biennium shall be negotiable.

Section 8. There is a new R.C.M. section numbered 59-922 that reads as follows:

HeinOnline -- 1977 vol. II 1838 1977

59-922. Rules. The department of administration, subject to approval by the budget director, may promulgate rules not inconsistent with the provisions of this act, collective bargaining statutes or negotiated contracts, to carry out the purposes of the act.

Section 9. **Appropriation.** There is appropriated to the budget director $2,208,225 for the fiscal year ending June 30, 1978, and $4,902,600 for the fiscal year ending June 30, 1979, from the state general fund to carry out the provisions of this act as it pertains to executive branch agencies, not including units of the university system. The budget director is authorized to increase the expenditure authority of executive branch agencies, not including units of the university system, by $3,581,692 for the fiscal year ending June 30, 1978, and by $8,097,724 for the fiscal year ending June 30, 1979, from funds other than the state general funds which accrue under provisions of law to the respective agencies to carry out the provisions of this act.

Section 10. **Reversion.** Appropriated funds not spent at the end of the fiscal year shall revert to the fund from which they were appropriated.

Section 11. Section 11-1024, R.C.M. 1947, is amended to read as follows:

"11-1024. Group insurance for all departments, bureaus, boards, commissions and agencies of the state of Montana, county, city, and town officers and employees — authority — approval of employees — limit on contributions. (1) All departments, bureaus, boards, commissions and agencies of the state of Montana, and all counties, cities and towns shall upon approval by two-thirds (⅔) vote of the officers and employees of each such department, bureau, board, commission, agency, county, city and town, enter into group hospitalization, medical, health including long-term disability, accident and/or group life insurance contracts or plans for the benefit of their officers, employees and their dependents, and the respective administrative and governing bodies shall pay for such insurance *the amount specified in this section. For* all employees as defined in subsection (2) of this section *other than members of collective bargaining units* and for members of the legislature, such payment for insurance *shall be $240 per year for the fiscal year ending June 30, 1978, and $360 per year for each fiscal year thereafter. The employer shall prorate this amount for employees who work less than 2,080 hours* per year. *For* employees of elementary and high school districts and of local government units, the employer's premium contributions may exceed but shall not be less than *$10 per month.*

For state employee members of a collective bargaining unit, the employer shall pay the amount negotiated with the collective bargaining unit.

(2) In this section, as it applies to a person employed in the executive or legislative branches of state government, "employee" means:

(a) a permanent full-time employee as defined in section 59-1007.1;

(b) a part-time employee as defined in section 59-1007.1 who is scheduled to work at least twenty (20) hours per week;

(c) a person employed in a seasonal position as defined in section

HeinOnline -- 1977 vol. II 1839 1977

59-1007.1 who is employed on a regular basis at least eight (8) months of the fiscal year."

Section 12. There is a new R.C.M. section numbered 43-310.2 that reads as follows:

43-310.2. Participation of legislators in state insurance group. Members of the senate and the house of representatives may enroll in the state employees insurance group during the terms to which they have been elected, without the approval of two-thirds of the appropriate house under 59-1505. The insurer shall enroll and collect employee contributions directly from such legislators. The employer contribution shall be paid from funds appropriated for that purpose.

Approved May 11, 1977.

Note: Section 12 was erroneously enrolled as 43-310.2. This section will appear in R.C.M. 1947 as 43-310.3.

The payment shall be in an amount sufficient to cause at least the above-mentioned 1-mill growth in the fund.

(3) If a city is not entitled to receive a sum equal to *1 ½ mills* of its total *taxable value* under subsections (1) and (2), the association of the city shall receive its money in the manner provided in subsections (4) and (5) for cities of the third class.

(4) At the end of the fiscal year, the state auditor shall issue and deliver the warrant described in this subsection to the treasurer of every city or town, except cities and towns of the first or second class, which has a fire department relief association entitled by law to receive payments. The warrant shall be for the use and benefit of the association. (5) If the payment provided for in subsection (4) is less than $100, the association shall receive an additional payment from the same tax moneys so that the total amount received is $100.

Section 28. Section 11-2201, R.C.M. 1947, is amended to read as follows:

"**11-2201. Special improvements — powers of city council.** *(1)* All streets, alleys, places, or courts in the municipalities of this state, now open or dedicated or which may hereafter be opened or dedicated to public use, *are* open public streets, alleys, places, or courts for the purposes of this chapter, and the city council of each municipality *may* establish and change the grades of *the* streets, alleys, places, or courts and fix the width thereof and *may* acquire private property for *right-of-way* and order to be done any of the work mentioned in this chapter under the proceedings hereinafter described.

(2) When the public interest or convenience requires, the governing body of a municipality may:

(a) establish pedestrian malls;

(b) prohibit, in whole or in part, vehicular traffic on a pedestrian mall;

(c) pay, from general funds of the municipality or other available moneys or from the proceeds of assessments levied on lands benefited by the establishment of a pedestrian mall, the damages, if any, allowed or awarded to any property owner by reason of the establishment of a pedestrian mall. *The* resolution of intention *must contain* a statement that an assessment will be levied to pay the whole or a stated portion of such damages, if any, allowed or awarded to any property owner by reason of the establishment of such pedestrian mall;

(d) construct improvements on public streets *that* have been or will be established as a pedestrian mall, including but not limited to paving, sidewalks, curbs, sewers, covered walkways or areas, air conditioning, drainage works, street lighting facilities, fire protection facilities, flood protection facilities, water distribution facilities, vehicular parking areas, retaining walls, landscaping, tree planting, statuary, fountains, decorative structures, benches, rest rooms, child care facilities, display facilities, information booths, public assembly facilities, and other structures, works, or improvements necessary or convenient to serve members of the public using such pedestrian mall, including the reconstruction or relocation of existing municipally owned works, improvements, or facilities on such streets. *The* improvements or structures may be attached to abutting private buildings or structures, provided that *the* improvements or structures *are* located on public property.

(3) An improvement district may *also* be formed for the sole purpose of *operating, maintaining, repairing, and improving* pedestrian malls, off-street parking facilities, and parkings and parkways.

(4) Subject to the powers granted and the limitations contained in this section, the powers and duties of the municipality and the procedure to be followed *are* as provided in this *chapter* for other types of special improvement districts.

HeinOnline -- 1977 vol. II 1854 1977

(5) If a petition for the formation of an improvement district under the provisions of this section is presented to the governing body purporting to be signed by all of the real property owners in the proposed district, exclusive of mortgagees and other lien holders, the governing body, after verifying such ownership and making a finding of *the* fact, shall adopt a resolution of intention to order the improvement *as provided in* 11-2204 and shall have immediate jurisdiction to adopt the resolution ordering the improvement pursuant to the following provisions, without the necessity of the publication and posting of the resolution of intention provided for in 11-2204.

(6) The governing body shall make annual statements and estimates of the expenses of the district, which shall be provided for by the levy and collection of ad valorem taxes upon the *taxable* value of all the real and personal property in the district, shall publish notice thereof, *and* shall have hearings *on the statements and estimates* and adopt them *as* provided for incorporated cities and towns by 11-2204 and 11-2206. The governing body, on or before the second Monday in August of each year, shall fix, levy, and assess the amount to be raised by ad valorem taxes upon all of the property of the district. All statutes providing for the levy and collection of state and county taxes, including the collection of delinquent taxes and sale of property for nonpayment of taxes, shall be applicable to the district taxes provided for under this section.

(7) An improvement district formed for the purposes of establishing a pedestrian mall or off-street parking may be financed in accordance with the provisions of 11-2214 and in accordance with the methods of financing set forth for the construction of water or sewer systems as set forth in 11-2218.

(8) The governing body may create special lighting districts on any street or streets or public highway for the purposes of lighting *them and* assess *the* costs for installation and maintenance to property abutting thereto and collect *the* costs by special assessment against *the* property.

(9) Further, the city or town council *may* make assessments in the manner provided in 11-2245 on property abutting *the* street or highway and lying outside the boundaries of *the* city or town, *as* long as that portion of the street or public highway to be lighted is adjacent to the boundary line of *the* city or town, lies partially within *the* city or town, or extends from one point within *the* city or town to another point within *the* city or town."

Section 29. Section 11-2205, R.C.M. 1947, is amended to read as follows:

"**11-2205. HeinOnline -- 1977 vol. II 1855 1977

work or improvement *to* an extended district *that* may include other lots not fronting on the improvement and which the city council in its resolution of intention *declares* to be the district benefited by *the* work or improvements."

Section 30. Section 11-2303, R.C.M. 1947, is amended to read as follows:

"**11-2303. Limitation on amount of indebtedness.** No city or town *may* issue bonds for any purpose in an amount which with all outstanding and unpaid indebtedness will exceed *18%* of the *taxable* value of the property therein *subject to taxation*, to be ascertained by the last assessment for state and county taxes. *For* the purpose of constructing a sewerage system, procuring a water supply, or constructing or acquiring a water system for a city or town which shall own and control *the* water supply and water system and devote the revenues therefrom to the payment of the debt, a city or town may incur an additional indebtedness by borrowing money or issuing bonds. The additional *total* indebtedness *that* may be incurred by borrowing money or issuing bonds for the construction of a sewerage system, for the procurement of a water supply, or for both such purposes, including all indebtedness theretofore contracted which is unpaid or outstanding, *may* not in the aggregate exceed 10% over and above the *18%* heretofore referred to of the total *taxable* value of the property therein *subject to taxation* as ascertained by the last assessment for state and county taxes. The issuing of bonds for the purpose of funding or refunding outstanding warrants or bonds *is* not the incurring of a new or additional indebtedness but *is* merely the changing of the evidence of outstanding indebtedness."

Section 31. Section 11-3921, R.C.M. 1947, is amended to read as follows:

"**11-3921. Allocation of taxes.** (1) Any urban renewal plan, as defined in 11-3901, may contain a provision or be amended to contain a provision providing that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, any city, county, or other political subdivisions for which taxes are levied shall be allocated after the effective date of such provision as provided in subsections (3) and (4) of this section.

(2) For the purposes of this section:

(a) "prior *taxable* value" means the *taxable* value of the property in the urban renewal area *subject to taxation* as shown on the assessment roll last equalized prior to the effective date of the urban renewal plan. *Notwithstanding* the provisions of this act, any increase resulting from a comprehensive revaluation of all property within the county may be applied to the property for the purpose of determining the "prior *taxable* value".

(b) the word "taxes" includes but is not limited to all levies on an ad valorem basis upon land or real property;.

(c) "taxing body" is any city, county, or other political subdivision for which taxes are levied.

HeinOnline -- 1977 vol. II 1856 1977

(3) The portion of taxes produced by levies upon the total sum of the prior *taxable* value of the property in the urban renewal area *subject to taxation* shall be allocated and paid into the funds of the taxing body like taxes paid by or for the taxing body on all other property. For the purpose of allocating taxes levied by a taxing body that did not include the urban renewal area on the effective date of the provision allocating the taxes but to which the urban renewal area has since been annexed or otherwise included, the assessment roll of the county last equalized prior to the effective date of the provision shall be used in determining the prior *taxable* value.

(4) The portion of taxes levied by *the* taxing body each year in excess of the amount levied under subsection (3) shall be paid by the county treasurer into a special fund held by the city treasurer to pay the principal and interest on bonds issued under authority of 11-3910, except that taxes for the payment of all bonds and interest of each taxing body must be levied against all taxable property within the taxing body without limitation by the provisions of this subsection. Until the actual *taxable value* of all property in the urban renewal area exceeds the prior *taxable* value of all taxable property within such area, the actual *taxable* value of all property shall be used for taxation purposes.

(5) The portion of taxes allocated in subsection (4) above and the special fund into which they are paid may be pledged by a municipality for the payment of the principal and interest on bonds issued under the authority of 11-3910 or bonded indebtedness incurred by a municipality to refinance in whole or in part the urban renewal project. Prior to the sale of any bonds, there shall be an election under 11-2308 and 11-2309 approving such sale or a petition for the sale signed by the owners of record of at least 51% of the land within the urban renewal district.

(6) After all bonds and interest have been paid, all *moneys* received from taxes upon property within the urban renewal area shall be allocated as taxes on all other property."

Section 32. Section 11-4111, R.C.M. 1947, is amended to read as follows:

"**11-4111. Levy authorized — uses — restrictions.** (1) Upon an affirmative vote of a majority of the qualified voters voting in a city, county, or town on the question of whether the governing body may levy a tax for economic development, the governing body of that city, county, or town is authorized to levy *in any one election* up to 1 mill upon the *taxable* value of all the property in the county, city, or town *subject to taxation* for the purpose of economic development, for a period not to exceed 5 years.

(2) Funds derived from this levy may be used for purchasing land for industrial parks, constructing buildings to house manufacturing and processing operations, conducting preliminary feasibility studies, promoting economic development opportunities in a particular area, and other activities generally associated with economic development. These funds may not be used to directly assist an industry's operations by loan or grant *or* to pay the salary or salary supplements of government employees.

HeinOnline -- 1977 vol. II 1857 1977

(3) The governing body of the county, city, or town may use the funds derived from this levy to contract with local development companies and other associations or organizations capable of implementing the economic development function."

Section 33. Section 14-307, R.C.M. 1947, is amended to read as follows:

"**14-307. Lien of corporate indebtedness upon membership lands.** *After* the date of the inclusion of any land or property as a member in any corporation or district organized under the provisions *of this section*, all mortgage or bonded indebtedness created by such corporation or district *is* a first lien upon *the* membership lands to *an* extent not to exceed *18%* of the *taxable value* thereof if the *land is* grazing or agricultural and not to exceed *36%* of the *taxable value* thereof if the *land is* horticultural or vegetable-producing. The recording of the copy of the articles of incorporation or petition to become a member of such corporation or district *is* notice to all subsequent lien claimants that *the* lands are subject to a first lien. *However,* nothing *in this section may* be construed as placing a limit upon the indebtedness that may be made a lien against any of the corporate or property assets of the corporation or district, as distinguished from membership lands individually owned."

Section 34. Section 16-502, R.C.M. 1947, is amended to read as follows:

"**16-502. Basis of taxation upon creation of new county — terms used in law defined.** For the purposes of this act, the assessed valuation of all property, whether included within the boundaries of a proposed new county or remaining within the boundaries of any existing county or counties from which territory is taken, shall be fixed and determined on the same basis as is used for the imposition of taxes in the state of Montana."

Section 35. Section 16-807, R.C.M. 1947, is amended to read as follows:

"**16-807. Limit of indebtedness.** No county may become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding *18%* of the *taxable* value of the property therein *subject to taxation, as* ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness. *All* bonds or obligations in excess of such amount given by or on behalf of *the* county are void. No county may incur indebtedness or liability for any single purpose to an amount exceeding $40,000 without the approval of a majority of the electors thereof voting at an election to be provided by law, except as provided in 16-1407.1 and 16-1407.2."

Section 36. Section 16-808, R.C.M. 1947, is amended to read as follows:

"**16-808. Counties indebted beyond constitutional limit may operate on cash basis.** *In* case the total indebtedness of a county, lawful when incurred, exceeds the limit of *18%, by reason of great diminution of taxable value, the* county *may* conduct its business affairs on a cash basis and pay the reasonable and necessary current expenses of *the* county

HeinOnline -- 1977 vol. II 1858 1977

out of the cash in the county treasury and derived from its current revenue and under such restrictions and regulations as may be imposed by the board of county commissioners of *the* county by a resolution duly adopted and *included in* the minutes of *the* board. *Nothing in this section restricts* the right of *the* board to make the necessary tax levies for interest and sinking fund purposes, and nothing *in this section affects* the right of any creditor of *the* county to pursue any remedy now given him by law to obtain payment of his claim."

Section 37. Section 16-1152, R.C.M. 1947, is amended to read as follows:

"**16-1152. Tax levy for payment of warrants.** The board of county commissioners shall annually determine the amount of *the* warrants drawn on the general fund for the purposes of controlling insect pests under a cropland spraying program approved by the department of agriculture. *In* the succeeding year, *the board* shall levy a tax for the purpose of insect pest extermination sufficient to reimburse *the* general fund for the money paid out on *the* warrants. *The* tax shall be levied upon all the property in the county and shall not exceed 3 mills on each dollar of *taxable value.* If there *is* no money in the general fund with which to pay such warrants, they shall be registered and bear interest in the same manner as other county warrants. *In this* case the interest shall be computed and added to the amount for which such tax is levied."

Section 38. Section 16-1412, R.C.M. 1947, is amended to read as follows:

"**16-1412. Budget for district fairs — consideration by county commissioners — tax levy — district fair fund — expenditures.** (1) *To raise the revenue necessary to hold district fairs, the* board of directors shall meet during the first week of May of each year and make a budget of the amounts required in the conduct of the affairs of the district for the following year. *The board* shall deduct *from the budget* the probable income from the annual district fair and other exhibitions to be held by *the* district during the following year and shall then apportion the remaining balance among the various counties forming *the* district in proportion to the assessed property of each county as determined by the assessment rolls of the preceding year. *By mutual agreement of the directors,* the *share apportioned to the* county in which the fair is being conducted *may* be made larger than in other counties comprising the district. *The* secretary shall certify to each board of county commissioners the amount of *the* budget and the amount of revenue to be raised by *the* county for *these* purposes and shall file a certified copy thereof with the clerk of the board of county commissioners of each of the counties in *the* district on or before June *1* of each year. The respective boards of county commissioners of the counties comprising *the* district shall meet in joint assembly with their county fair commissioners during the first week of June of each year and jointly consider the budget proposed by the board of directors of the district and give such approval or suggest such amendments or modifications as *they think* proper and desirable.

(2) If the county commissioners fail to hold *the* joint meeting or fail to take any action, then the budget certified by the secretary of the fair

HeinOnline -- 1977 vol. II 1859 1977

district shall be without further action approved and the sums of money apportioned to the county shall be the sums to be raised by special levy for *this* purpose. For the purpose of raising the revenues, the board of county commissioners of each county in the district shall annually make a levy to raise the required sum apportioned to the respective counties. *However,* the levy shall not exceed 1 mill on the dollar of the *taxable value* of all the taxable property in the county, except in the case of the county in which the fair is being conducted. *In this* county, the levy shall not exceed 1 ½ mills on the dollar of taxable property in the county. *In* addition *to this levy,* any and all moneys available *for* the holding of county fairs may be allotted and transferred to the use of the district fair as the respective county fair commissioners may elect. *The* funds available to a district fair shall, on the first Monday in August or as soon thereafter as may be possible, be deposited with the county treasurer of the county in which the district fair is to be held and credited to a fund to be known as the district fair fund, held and paid out in the same manner as the county fair fund, except that it shall be paid out on district fair board warrants signed by the chairman or the vice-chairman and the secretary of the district fair board. *The* treasurer of the county in which the district fair *will* be held shall carry the moneys received from the various counties in the district in the regular county fair fund in the same manner as regular county fair moneys, payable, however, only on district fair warrants."

Section 39. Section 16-2010.1, R.C.M. 1947, is amended to read as follows:

"**16-2010.1. Limit on city-county consolidated indebtedness.** No city-county consolidated local government may issue bonds for any purpose which, with all outstanding indebtedness, *may* exceed *27%* of the *taxable* value of the property therein *subject to taxation, as* ascertained by the last assessment for state and county taxes. *However,* for the purpose of constructing a sewerage system or procuring a water supply or constructing or acquiring a water system for a city-county consolidated government which shall own and control such water supply and water system and devote the revenues therefrom to the payment of the debt, a city-county consolidated government may incur an additional indebtedness by borrowing money or issuing bonds. The additional indebtedness, which may be incurred by borrowing money or issuing bonds for the construction of a sewerage system or for the procurement of a water supply or for both such purposes, may not in the aggregate exceed 10% over and above the *27%* heretofore referred to of the *taxable* value of the property therein *subject to taxation* as ascertained by the last assessment for state and county taxes. The issuing of bonds for the purpose of funding or refunding outstanding warrants or bonds is not the incurring of a new or additional indebtedness but is merely the changing of the evidence of outstanding indebtedness."

Section 40. Section 16-4020, R.C.M. 1947, is amended to read as follows:

"**16-4020. Disposal of property — leasing — sale.** (1) Each county to which any part of an abandoned and abolished county is attached *becomes* the owner under the provisions of this act of the real and tangible

HeinOnline -- 1977 vol. II 1860 1977

personal property of *the* abandoned and abolished county *and* may use all of *this* property for county purposes, may lease any of *this* real estate, or *may* sell any of *the* real estate or personal property.

(2) No personal property having a value in excess of $100 *may* be sold unless *it* has been appraised within *1* year immediately prior to the date of sale by three taxpayers *who reside* within the territory of the abandoned and abolished county *and who were* appointed by the judge of the district court to which the county succeeding to the ownership of *the* property is attached, on petition of the board of county commissioners thereof. *No* sale of any personal property *may* be made except at public sale after notice or for a price less than 90% of *the* appraised value.

(3) No real property *may* be leased unless the board of county commissioners *presents* to the judge of the district court to which the county is attached a petition describing the real estate, with any improvements thereon, and setting forth the terms of the proposed lease. *The petition* shall be approved by *the* judge and filed in the office of the clerk of *the* county.

(4) No real estate *may* be sold by *the* board of county commissioners unless the *property* has been appraised within *1* year immediately prior to the date of sale by three taxpayers *who reside* within the territory of the abandoned and abolished county *and who were* appointed by the judge of the district court to which the county is attached, on petition of the board of county commissioners of such county. *Every* sale of real estate shall be made at public sale, and notice shall be published once a week for at least two weeks immediately prior to the date for holding the same, in the official newspaper of the county, and no such real estate shall be sold for a price less than ninety per centum (90%) of the appraised value thereof.

(5) The full purchase price of any real estate so sold shall not be required to be made in one payment but the purchaser thereof may pay the same in four installments, the first of which shall be not less than twenty five per centum (25%) of the purchase price to be paid at the time of purchase, the remainder to be paid in three equal annual installments with interest thereon at not less than five per centum (5%) per annum. All real estate sold, with any improvements thereon, shall be subject to assessment and taxation annually to the purchaser or his successor in interest, at a value equal to the amount paid on the purchase price thereof until the purchase price is fully paid when such real estate shall be assessed at its full cash value, and any and all improvements placed on any such real estate, after its purchase, shall be subject to assessment and taxation at the full cash value thereof. Whenever the purchase price of any real estate is to be paid in installments the board of county commissioners shall enter into a contract with the purchaser thereof and such contract shall be recorded in the office of the county clerk. When payment in full has been made for any personal property or real estate the chairman of the board of county commissioners shall execute and deliver the proper bill of sale or deed to the purchaser or his successor in interest.

(6) The compensation of all appraisers appointed under the provisions of this section shall be fixed by the district judge appointing the same.

HeinOnline -- 1977 vol. II 1861 1977

Moneys received from leases or sales of real or personal property by any county other than the county designated in the petition for abandonment as the county to which the territory of the abandoned county is to be allocated shall be transmitted by the officers of such counties to the treasurer of the county designated in such petition for abandonment.

(7) All moneys received from the sales of personal property and from the leasing or sales of real estate, after deducting therefrom the amounts paid appraisers and for publishing notices of sale, shall be used and applied as follows:

If there are any warrants issued and outstanding against any of the funds of the abandoned and abolished county, such moneys shall be applied in payment of such warrants and interest;

(b) if there are no warrants outstanding but district bonds have been issued under the provisions of subdivision (b) of 16-4016, then *the* moneys shall be deposited in the sinking and interest fund for district *bonds*;

(c) if there *are* no district bonds outstanding, then *the* moneys shall be deposited to the credit of the sinking and interest funds for bonds issued and outstanding when the abandoned and abolished county ceased to exist; and

(d) if there *are* no bonds outstanding, then *the* moneys shall be apportioned to all of the counties to which parts of the abandoned county were attached in the proportion which the *taxable value* of the property in each part on January *1* immediately preceding the abandonment bears to the *taxable value* of all the property in *the* abandoned county. *The apportioned moneys shall be* deposited in *the* funds of *each* county as the boards of county commissioners of *the* counties may direct."

Section 41. Section 32-3107, R.C.M. 1947, is amended to read as follows:

"**32-3107. Report of county road superintendent — order creating district.** (1) At the next annual meeting of the board after the road superintendent has completed surveying the road and making estimates, he shall make a detailed report. The report shall state that the maps, descriptions, plans, specifications, and details and estimates of damages, costs, and expenses have been completed.

(2) The whole amount of damages, costs, and expenses shall not exceed *135%* of the total *taxable value* of the parcels of land in the district, as determined from the last annual assessment roll of the county. If it does not, the board shall make and enter upon the report an order that the road be made.

(3) That order shall create the local improvement district to be known and designated as local improvement district No ..... in .... county, Montana. Copies of the report shall be kept in the offices of the board and road superintendent."

The tax in any one year may not exceed 7.5 mills on the *taxable value* of the livestock. The money received shall be used only for the payment of claims for the destruction of wild animals and for the administration of this act, approved by the department. The money received for the taxes levied shall be sent annually with other taxes to the state treasurer by the county treasurer of each county. *When the money is* received by the state treasurer, *it* shall be placed in the earmarked revenue fund and may then be paid out on claims approved under the law governing the payment of claims."

Section 43. Section 53-114, R.C.M. 1947, is amended to read as follows:

(4) The amount of taxes on *the* motor vehicle, except a mobile home as defined in 84-101, *is* computed and determined by the county treasurer on the basis of the levy of the year preceding the current year of application for registration or reregistration. *The* determination *is* entered on the application form in a space provided therefor.

(5) Motor vehicles, except mobile homes as defined in 84-101, are *assessed* for *taxes* on January *1* in each year irrespective of the time fixed by law for the assessment of other classes of personal property and irrespective of whether the levy and tax may be a lien upon real property within the state of Montana. *In* no event *may* any motor vehicle be subject to assessment, levy, and taxation more than once in each year.

(6) The applicant for original registration of any wholly new and unused motor vehicle, except a mobile home as defined in 84-101, acquired by original contract after January *1* of any year shall be required, whenever such vehicle has not been otherwise assessed, to pay the motor vehicle sales tax provided by 32-3315, irrespective of whether *the* vehicle was in the state of Montana on January *1* of *the* year.

HeinOnline -- 1977 vol. II 1865 1977

or false statement contained in the application for certificate of registration will render the certificate of number null and void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the registrar of motor vehicles, stating the number awarded to the motorboat and the name and address of the owner. The number awarded must be painted on or attached to each outboard side of the forward half of the motorboat or, if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat. The number awarded shall read from left to right, in Arabic numerals, in block characters of good proportion *at least* 3 inches *tall*, excluding border or trim, and of a color *that contrasts* with the color of the background and so maintained as to be clearly visible and legible. The number *may* not be placed on the obscured underside of the flared bow where *it* cannot be easily seen from another vessel or ashore. No numerals, letters, or devices other than those used in connection with the identifying number issued *may* be placed in the proximity of the identifying number. *No* numerals, letters, or devices which might interfere with the ready identification of the motorboat by its identifying number *may* be carried as to interfere with the motorboat's identification. The certificate of number shall be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, whenever the motorboat is on waters of this state. *Boat* liveries are not required to have the certificate of number on board each motorboat. *A* rental agreement must be carried on board livery motorboats in place of the certificate of number.

(2) Before filing *the* application with the county treasurer, the applicant shall submit *it* to the county assessor of *the* county and *the* county assessor shall enter on *the* application in a space to be provided for that purpose the *market value and taxable value* of *the* vehicle for the year for which *the* application for registration is made.

(3) The applicant shall upon the filing of the application pay to the county treasurer the registration fee and the personal property taxes assessed against the motorboat or vessel for the current year of registration before the application for registration or reregistration may be accepted by the county treasurer.

(4) A dealer or manufacturer may apply directly to the registrar of motor vehicles for one identifying number and one or more certificates of number. A dealer's or manufacturer's identifying number shall be displayed on *his* boat while the boat is operating for a purpose related to the buying, selling, or exchanging of the boat by the dealer *or manufacturer.* The application for a dealer's or manufacturer's identifying number shall include *his* name and business address. Each dealer or manufacturer *will* have one identifying number assigned to his business. An application for dealer's or manufacturer's identifying number and certificate of number *must* be accompanied by the following fees:

(a) for the identifying number, first certificate of number, and set of license decals, $5;

(b) for each additional certificate of number and set of license decals applied for in any application, $2.

HeinOnline -- 1977 vol. II 1866 1977

(5) The registrar of motor vehicles shall issue certificates of number for *the* identifying number awarded to a dealer or manufacturer in the same manner as provided in 69-3504(a), except that no boat shall be described in the certificate and each certificate shall state that the identifying number has been awarded to a dealer or manufacturer. A dealer's or manufacturer's certificate of number expires on April 30 of the year for which it is issued. A dealer's or manufacturer's identifying number shall be displayed in the same manner as provided in 69-3504(a) of this act, except that the number may be temporarily attached and that the last three letters shall be "DLR" for dealer and "MFR" for manufacturer. *These* letters shall be included, respectively, in dealer or manufacturer identification numbers only. No person other than a dealer or manufacturer or an employee of a dealer or manufacturer shall display or use a dealer's or manufacturer's identifying number. A dealer's or manufacturer's identifying number may be displayed only on motorboats owned by the dealer or manufacturer. No dealer or manufacturer or employee of a dealer or manufacturer *may* use a dealer's or manufacturer's identifying number for any purpose other than the purpose described in subsection *(4)* of this section.

(6) The owner of any motorboat already covered by a number in full force and effect *that* has been awarded to it *under* operative federal law or a federally approved numbering system of another state shall record the number prior to operating the motorboat on the waters of this state in excess of the 60-day reciprocity period provided for in 69-3506(1) of this act. *The record* shall be *made according to the* procedure required for the award of number under subsection *(1)* of this section.

(7) Should the ownership of a motorboat change, a new application form with fee shall be filed *within a reasonable time* with the county treasurer and a new certificate of number awarded in the same manner as provided for in an original award of number.

(8) If an agency of the United States government has in force *a comprehensive* system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this act by the registrar of motor vehicles shall be in conformity.

(9) Every certificate of number and the license decals awarded under this act shall continue in effect for a period not to exceed 1 year unless sooner terminated or discontinued in accordance with the provisions of this act. Certificates of number and license decals shall show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(10) Certificates of number shall expire on April 30 of each year and *may not* be *in* effect unless renewed under this act.

(11) In event of transfer of ownership, the purchaser shall furnish the county treasurer notice *within reasonable time* of the acquisition of all or any part of his interest, other than the creation of a security interest, in a motorboat numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat. *The* transfer, loss, theft, destruction, or abandonment *terminates* the certificate of number for the motorboat.

HeinOnline -- 1977 vol. II 1867 1977

Recovery from theft or transfer of a part interest *that* does not affect the owner's right to operate the motorboat does not terminate the certificate of number.

(12) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and furnish the county treasurer with his new address. The registrar of motor vehicles may provide in *bureau* rules for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(13) No number other than the number and license decal awarded to a motorboat or granted reciprocity under this act shall be painted, attached, or otherwise displayed on either side of the forward half of the motorboat.

(14) Fees collected under this section shall be transmitted to the state treasurer who shall deposit the fees in the motorboat certificate identification account of an earmarked revenue fund. These fees shall be used only for the administration and enforcement of 69-3501 through 69-3518.

(15) An owner of a motorboat must *within reasonable time* notify the registrar of motor vehicles, giving the motorboat's identifying number and the owner's name when that motorboat becomes documented as a vessel of the United States *or* is transferred, lost, destroyed, abandoned, frauded, or within 60 days after change of state of principal use."

Section 46. Section 75-7104, R.C.M. 1947, is amended to read as follows:

"**75-7104. Limitations on amount of bond issue.** (1) The maximum amount for which each school district *may* become indebted by the issuance of bonds, including all indebtedness represented by outstanding bonds of previous issues and registered warrants, is *29%* of the *taxable* value of the property *subject to taxation* as ascertained by the last completed assessment for state, county, and school taxes previous to the incurring of such indebtedness. The *29%* maximum, however, *may* not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district. All bonds issued in excess of such amount shall be null and void, except as provided in *this section.*

(2) When the total indebtedness of a school district has reached the *29%* limitation prescribed in this section, *the* school district *may* pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this *chapter.* Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded *are* applied towards the payment of such bonds and the refunding bond issue *is* decreased accordingly.

(3) In a school district within which a new major industrial facility which seeks to qualify for taxation as class *eighteen* property under *84-301.19* is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility

HeinOnline -- 1977 vol. II 1868 1977

qualifying as class *eighteen* property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the *29%* limitation prescribed in *this section.* Under such an agreement, the school district may with the approval of the voters issue bonds which exceed the limitation prescribed in *this section* by a maximum of *29%* of the estimated *taxable* value of the property of the new major industrial facility *subject to taxation* when completed. The estimated *taxable* value of the property of the new major industrial facility *subject to taxation* shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district. *A* copy of the department's statement of estimated *taxable* value shall be printed on each ballot used to vote on a bond issue proposed under this *section.*

(4) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class *eighteen* property, the new major industrial facility and its owners shall *pay,* in addition to *the* taxes imposed by the school district on property owners generally, so much of the principal and *interest* on the bonds provided for under this *section* as *represents* payment on an indebtedness in excess of the limitation prescribed in *this section.* After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in *this section,* the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than 20 years. *The* credit shall as a total amount be equal to the amount which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(5) A major industrial facility is a facility subject to the taxing power of the school district whose construction or operation will increase the population of the district, *imposing* a significant burden upon the resources of the district and *requiring* construction of new school facilities. A significant burden is an increase in ANB of at least 20% in a single year."

Section 47. Section 75-8104, R.C.M. 1947, is amended to read as follows:

(2) The *taxable value* of the proposed area is at least *$10 million.*

(3) There are at least 700 pupils regularly enrolled in public and private high schools located in the proposed area."

(1) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things real, personal, and mixed capable of private ownership. *This definition* must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by *the* stocks is within the state and has been taxed.

(2) The term "real estate" includes:

If the mobile home or house trailer is an improvement located on land not owned by the owner of such improvement, the improvement *is* assessed as a leasehold improvement to real property and delinquent taxes can be a lien only on the leasehold improvement.

(4) The term "personal property" includes everything *that* is the subject of ownership *but that is* not included within the meaning of the term "real estate" and "improvements".

(5) The term "credit" means solvent debts, secured or unsecured, owing to a person.

(3) The *salary* of the county assessor shall be the same amount as provided by law for the salary of the county clerk and recorder; deputy assessors' salaries shall be the same as paid the deputy clerk and recorder.

(4) The county commissioners of the various counties shall provide existing office space in the county courthouse for use by the county assessor, his deputies and staff, and the state appraiser and staff, if such space is reasonably available. *If* such space is not reasonably available in the courthouse and the same must be contracted for, the department shall pay the cost thereof. Additional personal property required by the department for the assessor to perform his duties as agent of the department shall be provided by the department."

Section 50. Section 84-404, R.C.M. 1947, is amended to read as follows:

"**84-404. Department of revenue to assign percentage basis — when.** The percentage basis of *assessed* value as provided for in *84-301.2 through 84-301.19 is* determined and assigned by the department of revenue when it makes its annual assessment of the property which it is required to assess *centrally* under the laws of this state. *The department* shall transmit such determination and assignment to the various county clerks with the assessments so made, and its determination *is* final except as to the right of review in the proper court."

"**84-406. General assessment day.** (1) The department of revenue or its agent must, between January *1* and the second Monday of July in each year, ascertain the names of all taxable inhabitants and assess all property in each county subject to taxation. *The* department *or its agent* must assess property to the *person* by whom it was owned or claimed or in whose possession or control it was at 12 midnight of January *1* next preceding. (2) The procedure provided by this section *may* not apply to:

(a) *motor* vehicles *that* are required by *subsection (4)* to be assessed *on* January *1* or upon their anniversary registration date. *No* mistake in the name of the owner or supposed owner of real property, *however,* renders the assessment invalid.

HeinOnline -- 1977 vol. II 1871 1977

Goods, wares, and merchandise of motor vehicle dealers, other than new motor vehicles and new mobile homes, shall be assessed at *market* value as of January *1.*

(5) The applicant for registration or reregistration of *a* motor vehicle, *other than a mobile home, is not relieved* of the duty of paying taxes *if the* taxes have not been paid by *a* prior applicant or owner in all cases where *taxes were* required to be paid.

(6) The assessed value of livestock in each county on the assessment date *is* computed by adding the assessed value of all livestock more than 9 months of age owned by the taxpayer in each county on the last day of each month since the last assessment date and dividing the sum by 12. For purposes of this *subsection,* "livestock" means cattle, sheep, horses, and mules.

(7) The department of revenue or its agent must assess all campers in each county subject to taxation as of January 1 in each year. *The campers* shall be assessed to the persons *including dealers* by whom owned or claimed or in whose possession or control *they were* at 12 midnight of January *1* in each year.

HeinOnline -- 1977 vol. II 1872 1977

"**84-602. Equalization of assessments.** *After* giving notice in writing to *a* taxpayer by registered or certified mail addressed to him at his last known place of residence of its intention, *the department of revenue may* increase or lower *the taxpayer's* assessment contained in the assessment book to equalize the assessment of the property and make the assessment conform to the *assessed* value of such property *as defined in 84-401. The* notice shall specify when *the taxpayer* may appear and be heard thereon, *at a date and hour* not less than 5 days from date of mailing *the* notice. *Immediately* after reaching a decision, the department shall notify the taxpayer in writing of *the* decision, specifying the change, if any, made in the assessment. *The* notice *must* be given by registered or certified mail *and* addressed to the taxpayer at his last known place of residence. Section 53. Section 84-708.1, R.C.M. 1947, is amended to read as follows:

(3) The department shall transmit to the county clerk of each county its apportionment of all assessments made by the department.

(4) The department shall adjust and equalize the valuation of taxable property among the several counties and the different classes of taxable property in any county and in the several counties and between individual taxpayers; supervise and review the acts of agents of the department; change, increase, or decrease valuations made by its agents; and exercise such authority and do all things necessary to secure a fair, just, and equitable valuation of all taxable property among counties between the different classes of property and between individual taxpayers.

(5) The department shall exercise general supervision over the administration of the assessment and tax laws of the state and over its agents and any officers of municipal corporations having any duties to perform under any of the laws of this state relating to taxation to the end that all assessments of property be made relatively just and equal at *a* value in substantial compliance with law and supervise the administration of all revenue laws of the state and assist in their enforcement. *The* department of revenue shall schedule and hold area schools within the state for appraisers and assessors as often as *it considers* necessary. *The* costs of such appraisers and assessors attending shall be borne by the state. (7) The department may direct proceedings, actions, and prosecutions to be instituted to enforce the laws relating to the penalties, liabilities, and punishment of public officials and persons or their agents for failure or neglect to comply with the provisions of the statutes governing the revenue of the state or municipal corporations. *The department shall* cause complaints to be made against assessors and other public officers to the proper district court for their removal from office for official misconduct or neglect of duty.

(9) The department shall collect annually from the proper officers of the municipal corporations information *about* the assessment of property, collection of taxes, receipts from licenses and other sources, the expenditure of public funds for all purposes, and such other information as may be needful and helpful in the work of the department in such form and upon such blanks as the department shall prescribe. *It* shall be the duty of all public officers so called upon to fill out properly and return promptly to the department all blanks so transmitted and in every way aid the department in its work. *The department shall* examine the records of all municipal corporations for such purposes as are deemed needful or helpful.

(10) The department may, in its discretion, inspect and examine or cause an inspection and examination of the records of the officers of any municipality whenever *an* officer *has* failed, neglected, or refused to return properly the information required by this section within the time set by the department. Upon completion of such inspection and examination, the department shall transmit to the clerk or other proper official of the municipality a statement of the expenses incurred by the department to secure the necessary information. 84-310. Temporary authority to exceed mill levy limitations in certain cases. Taxing jurisdictions may adopt and levy for a budget equal to 105% of the preceding year's budget, statutory mill levy limitations notwithstanding, unless the taxable valuation therein has increased to a level which would allow statutory mill levies to produce a budget equal to 105% of the preceding year's budget.

Section 74. **Repealer.** Sections 69-3923, 84-301, and 84-302, R.C.M. 1947, are repealed. However, amendments to 84-301 or 84-302, R.C.M. 1947, enacted by this legislative session shall be incorporated into the equivalent sections enacted in this act as directed by such other amendatory acts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-3402, R.C.M. 1947, is amended to read as follows:

"**82-3402. Meetings of public agencies to be open to public — exceptions.** All meetings of public or governmental bodies, boards, bureaus, commissions, or agencies of the state or any political subdivision of the state or *organizations* or agencies supported in whole or in part by public funds or expending public funds shall be open to the public. Provided, however, the presiding officer of any meeting may close the meeting during the time *the discussion relates to a matter of individual privacy, and then* if, and only if, the presiding officer determines that the demands of individual privacy clearly exceed the merits of public disclosure. *The right of individual privacy may be waived by the individual about whom the discussion pertains and, in that event, the meeting shall be open. However, a meeting may be closed to discuss a strategy to be followed with respect to collective bargaining or litigation when an open meeting would have a detrimental effect on the bargaining or litigating position of the public agency.*"

Section 2. There is a new R.C.M. section numbered 82-3404 that reads as follows:

HeinOnline -- 1977 vol. II 1886 1977

82-3404. Meeting defined. As used in this chapter, "meeting" means the convening of a quorum of the constituent membership of a public agency, whether corporal or by means of electronic equipment, to hear, discuss or act upon a matter over which the agency has supervision, control, jurisdiction, or advisory power.

Section 3. Section 82-3403, R.C.M. 1947, is amended to read as follows:

"**82-3403. Minutes of meetings — public inspection.** *(1)* Appropriate minutes of all meetings *required by 82-3402* to be open shall be kept and shall be available for inspection by the public.

(2) Such minutes shall include without limitation:

(a) date, time, and place of meeting;

(b) a list of the individual members of the public body, agency, or organization in attendance; and

(c) the substance of all matters proposed, discussed, or decided and, at the request of any member, a record, by individual members, of any votes taken."

Section 4. There is a new R.C.M. section numbered 82-3405 that reads as follows:

82-3405. Recording. Accredited press representatives may not be excluded from any open meeting under this act and may not be prohibited from taking photographs, televising, or recording such meetings. The presiding officer may assure that such activities do not interfere with the conduct of the meeting.

Section 5. There is a new R.C.M. section numbered 82-3406 that reads as follows:

82-3406. Voidability. Any decision made in violation of 82-3402 may be declared void by a district court having jurisdiction. A suit to void any such decision must be commenced within 30 days of the decision.

Section 6. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 568

AN ACT TO PERMIT THE COURT TO PROVIDE FOR TREATMENT OF PERSONS WHO LACK FITNESS TO BE TRIED FOR A CRIMINAL OFFENSE IN AN INSTITUTION TO BE SELECTED BY THE DEPARTMENT OF INSTITUTIONS; AMENDING SECTIONS 38-1202, 38-1208, 38-1209, 38-1215, 38-1216, AND 95-506, R.C.M. 1947.

HeinOnline -- 1977 vol. II 1887 1977

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 38-1202, R.C.M. 1947, is amended to read as follows:

"**38-1202. Definitions.** As used in this *chapter*:

(1) "Board" means the mental disabilities board of visitors created by this act.

(2) "Community-based facilities" or "community-based services" include those services and facilities which are available for the evaluation, treatment and habilitation of the developmentally disabled in a community setting, including but not limited to, outpatient facilities, special education services, group homes, foster homes, day care facilities, sheltered workshops, and other community-based services and facilities.

(3) "Court" means the district court of the state of Montana.

(4) "Developmentally disabled" means suffering from disabilities attributable to mental retardation, cerebral palsy, epilepsy, autism or any other neurologically handicapping condition closely related to mental retardation and requiring treatment similar to that required by mentally retarded individuals; which condition has continued or can be expected to continue indefinitely and constitutes a substantial handicap of such individuals.

(5) "Habilitation" means the process by which a person who is developmentally disabled is assisted to acquire and maintain those life skills which enable him to cope more effectively with the demands of his own person and environment and to raise the level of his physical, mental and social efficiency. Habilitation includes but is not limited to formal, structured education and treatment.

(6) "Next of kin" includes but need not be limited to the spouse, parents, adult children, and adult brothers and sisters of a person.

(7) "Professional person" means:

(a) a medical doctor, or

(b) a person trained in the field of developmental disabilities and certified by the department of institutions or the department of social and rehabilitation services in accordance with standards of professional licensing boards, federal regulations, and the joint commissions on accreditation of hospitals.

(8) "Resident" means a person admitted to a residential facility for a course of evaluation, treatment or habilitation.

(9) "Residential facility" or "facility" means any residential hospital or hospital and school which exists for the purpose of evaluating, treating and habilitating the developmentally disabled on an inpatient basis, including the Boulder River School and Hospital and the Eastmont Training Center. The term does not include a group home or foster home or a halfway house. A correctional facility or a facility for the treatment of the mentally ill shall not be a "residential facility" within the meaning of this act.

HeinOnline -- 1977 vol. II 1888 1977

(10) "Respondent" means a person alleged in a petition filed pursuant to this act to be developmentally disabled and in need of developmental disabilities services.

(11) "Responsible person" means any person willing and able to assume responsibility for a person who is developmentally disabled or alleged to be developmentally disabled. Whenever, in any proceeding under this act, the court believes that a conflict of interest may exist between a person who is developmentally disabled or alleged to be developmentally disabled and his parents or guardian, or that the parents or guardian are unable to protect the interests of such person, or whenever there is no parent or guardian, the court shall appoint a responsible person to protect the interests of the person who is developmentally disabled or alleged to be developmentally disabled. Only one person shall at any one time be the responsible person within the meaning of this act. In appointing a responsible person, the court shall consider the preference of the respondent or patient. The court may at any time, for good cause shown, change its designation of who is the responsible person.

(12) "Seriously developmentally disabled" means developmentally disabled due to developmental or physical disability or a combination of both rendering a person unable to function in a community-based setting *and which has resulted in self-inflicted injury or injury to others, or the imminent threat thereof; or which has deprived the person afflicted of the ability to protect his life or health.*"

Section 2. Section 38-1208, R.C.M. 1947, is amended to read as follows:

"**38-1208. Recommendation to residential facility.** (1) If as a result of the evaluation and treatment either agreed to by the parents, guardian, or the person himself pursuant to section 38-1204 or ordered by the court, the professional person in charge of the case concludes that the person evaluated is seriously developmentally disabled and recommends that treatment and habilitation be had in a residential facility on an extended basis, the professional person shall file his written recommendation and report with the court and request that the court order the admission. The report shall include the factual basis for the recommendation, and shall describe any tests or evaluation devices which have been employed in evaluating the patient. If no responsible person has yet been appointed, the court may appoint one at this time. If there is no parent or guardian the court shall appoint a responsible person. At the request of the respondent, his parents or guardian or the responsible person, the court shall appoint counsel for the respondent. If the parents or guardian are indigent and if they request it, the court shall appoint counsel for the parents or guardian. Notice of the recommendation shall be mailed or delivered to the respondent, his parents or guardian, the responsible person, next of kin, if known, and the attorney for the respondent, if any, and for the parents or guardian, if any.

(2) The respondent, his parents or guardian, the responsible person, or the attorney for any party may request that a hearing be had on the recommendation. If a hearing is requested, the court shall mail or deliver

HeinOnline -- 1977 vol. II 1889 1977

notice of the date, time and place of the hearing to each of the parties listed at the beginning of this subsection. The hearing shall be to the court without jury. The rules of civil procedure shall apply.

(3) If the court finds that the respondent is seriously developmentally disabled and that available community-based services are not adequate *to protect the life and physical safety of the person and others or to provide appropriate treatment and habilitation*, it shall order the respondent admitted to a residential facility for an extended course of treatment and habilitation. If the court finds that the respondent is developmentally disabled, and in need of developmental disabilities services but that available community-based services are adequate *to protect the life and physical safety of the person and others and to provide appropriate treatment and habilitation*, it shall order the respondent to undertake a community-based course of treatment and habilitation. If the court finds that the respondent is not developmentally disabled or is not in need of developmental disability services, it shall dismiss the request.

(4) If none of the parties notified of the recommendation request a hearing, the court may issue an order authorizing the person to be admitted to the residential facility for an extended period of treatment and habilitation, or the court may initiate its own inquiry as to whether the order should be granted. The court may refuse to authorize admission of a person to a residential facility for an extended period of treatment and habilitation if such admission is not in the best interests of the person.

(5) If any person is admitted to a residential facility for an extended course of habilitation without a hearing, and if subsequent to such admission one of the parties who could have requested a hearing learns that an alternative course of treatment is available which is more suitable to the needs of the resident, the party may request the professional person in charge of the resident to release the resident to the alternative, if it is a community-based alternative, or transfer the resident to the alternative, if it is a residential alternative. Any such transfer or release shall comply with the requirements of section 38-1209. If the professional person in charge of the resident refuses to authorize the release or transfer, then the party may petition the court for a hearing to determine whether the present residential alternative should be continued. The hearing shall comply with the procedures set forth in subsection (2) of this section."

Section 3. Section 38-1209, R.C.M. 1947, is amended to read as follows:

"**38-1209. Admission to residential facility.** (1) No person shall be admitted to a residential facility for longer than thirty (30) days except on approval of the court. Whenever a person is admitted to a residential facility for longer than thirty (30) days, the court may appoint a person other than the parents or guardian to act as responsible person for the resident. If there is no parent or guardian, the court shall appoint a responsible person.

(2) The court order approving the admission shall specify the maximum period of time for which the person is admitted to the residential facility. In no case shall this maximum period exceed one (1) year.

HeinOnline -- 1977 vol. II 1890 1977

(3) If at any time during the period for which a person is admitted to a residential facility for an extended period of habilitation and treatment, the professional person in charge of the resident decides that there exist sufficient community-based alternatives to provide adequate treatment and habilitation for the resident *and adequate protection of the life and physical safety of the resident and others*, or that it is in the best interests of the resident that he be transferred to another residential facility, then he may release the resident to such community-based alternative or transfer the resident to the other residential facility no less than fifteen (15) days after sending notice of the proposed release or transfer to the resident, his parents or guardian, the attorney who most recently represented the resident, if any, the responsible person appointed by the court, if any, and the court which ordered the admission. *If the resident has been found unfit to proceed to trial notice shall be sent to the court which found the resident unfit to proceed to trial and to the county attorney and the attorney who represented the resident at the time the resident was found unfit to proceed to trial.* If any of the parties so notified objects to the release or transfer, they may petition the court for a hearing to determine whether the release or transfer should be allowed. The hearing shall comply with the procedures set forth in section 38-1208. The court may on its own initiative inquire concerning the propriety of the release or transfer. Nothing in this subsection shall prevent the transfer of a resident to a hospital or other medical facility for necessary medical treatment, or emergency transfer of a resident to a mental health facility, provided such emergency transfer complies with the statutory requirements for emergency detention of the mentally ill. Within twenty-four (24) hours of an emergency medical or psychiatric transfer, notice shall be given to the parents or guardian of the resident, the responsible person appointed by the court, if any, and the court.

(4) If the professional person in charge of the resident determines that the admission to the residential facility should continue beyond the period specified in the court order, he shall, at least fifteen (15) days before the end of the period set out in the court order, send written notice of his recommendation and request for renewal of the order to the court which issued the order, the resident, his parents or guardian, the next of kin, if known, the attorney who most recently represented the resident, if any, and the responsible person appointed by the court, if any. The recommendation and request shall be accompanied by a written report which shall describe the habilitation plan which has been undertaken for the resident and the future habilitation plan which is anticipated by the professional person.

(5) If any person so notified requests a hearing, the court shall set a time and place for the hearing and shall mail or deliver notice to all of the persons informed of the recommendation. The hearing shall be conducted in the manner set out in section 38-1208. If the court finds that the residential admission is still justified, it may order continuation of the admission to that residential facility or transfer of the resident to a different residential facility. If the court finds that the resident is still in need of developmental disabilities services but does not require residential treatment, it shall order an appropriate course of community-based

HeinOnline -- 1977 vol. II 1891 1977

habilitation, or, if all parties are willing for the resident to participate in a community-based program of habilitation, it shall dismiss the petition. If the need for developmental disabilities services no longer exists, the court shall dismiss the petition. The court shall not order continuation of admission to a residential facility which does not have an individualized habilitation plan for the resident. In its order, the court shall make findings of fact on which its order is based. The court may on its own initiative inquire concerning the suitability of continuing an admission to a residential facility."

Section 4. Section 38-1215, R.C.M. 1947, is amended to read as follows:

"**38-1215. Limitation on who takes treatment.** No person who has reached the age of majority shall be compelled against his will to undertake a course of treatment and habilitation solely because he is developmentally disabled, but only if such disability causes him to be unable to protect his life and health *or to protect the life or safety of others.*"

Section 5. Section 38-1216, R.C.M. 1947, is amended to read as follows:

"**38-1216. Emergency admission.** The parents, guardian, the person himself, or a professional person may admit a person believed to be developmentally disabled to a residential facility on an emergency basis when necessary to protect the person *or others* from death or serious bodily harm. However, if requested by the parents, guardian or the person admitted on an emergency basis, a petition as set out in section 38-1205 shall be filed on the next judicial day by the county attorney of the county where the person resides. If a petition is filed, the professional person assigned by the court to conduct the examination and inquiry shall report back to the court on the next judicial day following the filing of the petition. Once a petition is filed, continued detention in the residential facility shall be allowed only on order of the court when necessary to protect the respondent *or others* from death or serious bodily harm. In no case shall an emergency admission to a residential facility continue for longer than thirty (30) days without subsequent proceedings before the court."

Section 6. Section 95-506, R.C.M. 1947, is amended to read as follows:

"**95-506. Determination of fitness to proceed — effect of finding of unfitness — proceedings if fitness is regained.** (1) When the defendant's fitness to proceed is drawn in question, the issue shall be determined by the court. If neither the county attorney nor counsel for the defendant contests the finding of the report filed under section 95-505, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to summon and cross-examine the psychiatrists who joined in the report and to offer evidence upon the issue.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsection (3) of this section, and the court shall commit him to the custody of the *director of the department of institutions*, to be placed in an appro-

HeinOnline -- 1977 vol. II 1892 1977

priate institution of the department of institutions for so long as the unfitness endures. When the court, on its own motion or upon the application of the *director of the department of institutions*, or the county attorney, or the defendant or his legal representative, determines, after a hearing if a hearing is requested, that the defendant has regained fitness to proceed, the proceeding shall be resumed. If, however, the court is of the view that so much time has elapsed since the commitment of the defendant that it would be unjust to resume the criminal proceedings, the court may dismiss the charge and may order the defendant to be discharged, or, subject to the law governing the civil commitment of persons suffering from mental disease or defect, order the defendant committed to an appropriate institution of the department of institutions.

(3) If the court determines that the defendant lacks fitness to proceed due to the fact that the person is developmentally disabled as defined by 38-1202, the proceeding against him shall be suspended, except as provided in subsection (4) of this section, and the court shall proceed to secure treatment as provided in Title 38, chapter 12, or Title 38, chapter 13.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution which is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the *director of the department of institutions*, to be placed in an appropriate institution of the state department of institutions, of keeping him there, and of bringing him back, are in the first instance chargeable to the county in which the indictment was found, or the information filed; but the county may recover them from the estate of the defendant, if he has any, or from a town, city or county bound to provide for and maintain him elsewhere."

CHAPTER NO. 569

AN ACT IMPLEMENTING ARTICLE XIII, SECTION 4, OF THE 1972 MONTANA CONSTITUTION TO PROVIDE A CODE OF ETHICS PROHIBITING CONFLICT BETWEEN PUBLIC DUTY AND PRIVATE INTEREST FOR LEGISLATORS AND ALL STATE AND LOCAL OFFICERS AND EMPLOYEES EXCEPT MEMBERS OF THE JUDICIARY.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 59-1701 that reads as follows:

59-1701. Statement of purpose. The purpose of this act is to set forth a code of ethics prohibiting conflict between public duty and private interest as required by the constitution of Montana. This code recognizes distinctions between legislators, other officers and employees of state

government, and officers and employees of local government, and prescribes some standards of conduct common to all categories and some standards of conduct adapted to each category. The provisions of this act recognize that some actions are conflicts per se between public duty and private interest while other actions may or may not pose such conflicts depending upon the surrounding circumstances.

Section 2. There is a new R.C.M. section numbered 59-1702 that reads as follows:

59-1702. Definitions. As used in this act the following definitions apply:

(1) "Business" includes a corporation, partnership, sole proprietorship, trust or foundation, or any other individual or organization carrying on a business, whether or not operated for profit.

(2) "Compensation" means any money, thing of value, or economic benefit conferred on or received by any person in return for services rendered or to be rendered by himself or another.

(3) "Employee" means any temporary or permanent employee of the state or any subdivision thereof, or member of the judiciary, including a member of a board, commission, or committee except a legislator and an employee under contract to the state.

(4) "Financial interest" means an interest held by an individual, his spouse, or minor children which is:

(a) an ownership interest in a business;

(b) a creditor interest in an insolvent business;

(c) an employment or prospective employment for which negotiations have begun;

(d) an ownership interest in real or personal property;

(e) a loan or other debtor interest; or

(f) a directorship or officership in a business.

(5) "Official act" or "official action" means a vote, decision, recommendation, approval, disapproval, or other action, including inaction, which involves the use of discretionary authority.

(6) "Public officer" includes any state officer except a legislator or member of the judiciary or any elected officer of any subdivision of the state.

(7) "State agency" includes the state; the legislature and its committees; all executive departments, boards, commissions, committees, bureaus, and offices; the university system; and all independent commissions and other establishments of the state government; except the courts.

(8) "State officer" includes all elected officers and directors of the executive branch of state government as defined in 82A-103.

Section 3. There is a new R.C.M. section numbered 59-1703 that reads as follows:

HeinOnline -- 1977 vol. II 1894 1977

59-1703. Public trust. (1) The holding of public office or employment is a public trust, created by the confidence which the electorate reposes in the integrity of public officers, legislators, and employees. A public officer, legislator, or employee shall carry out his duties for the benefit of the people of the state.

(2) A public officer, legislator, or employee whose conduct departs from his fiduciary duty is liable to the people of the state as a trustee of property is liable to a beneficiary under 86-310 and shall suffer such other liabilities as a private fiduciary would suffer for abuse of his trust. The county attorney of the county where the trust is violated may bring appropriate judicial proceedings on behalf of the people. Any moneys collected in such actions shall be paid to the general fund of the aggrieved agency.

(3) The following sections set forth various rules of conduct, the transgression of any of which is, as such, a violation of fiduciary duty, and various ethical principles, the transgression of any of which is not, as such, a violation of fiduciary duty.

Section 4. There is a new R.C.M. section numbered 59-1704 that reads as follows:

59-1704. Rules of conduct for all public officers, legislators, and employees. (1) Proof of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty. A public officer, legislator, or employee may not:

(a) disclose or use confidential information acquired in the course of his official duties in order to further substantially his personal economic interests; or

(b) accept a gift of substantial value or a substantial economic benefit tantamount to a gift;

(i) which would tend improperly to influence a reasonable person in his position to depart from the faithful and impartial discharge of his public duties; or

(ii) which he knows or which a reasonable person in his position should know under the circumstances is primarily for the purpose of rewarding him for official action he has taken.

(2) An economic benefit tantamount to a gift includes, without limitation, a loan at a rate of interest substantially lower than the commercial rate then currently prevalent for similar loans and compensation received for private services rendered at a rate substantially exceeding the fair market value of such services. Campaign contributions reported as required by statute are not gifts or economic benefits tantamount to gifts.

Section 5. There is a new R.C.M. section numbered 59-1705 that reads as follows:

59-1705. Rules of conduct for legislators. Proof of commission of any act enumerated in this section is proof that the legislator committing the act has breached his fiduciary duty. A legislator may not:

HeinOnline -- 1977 vol. II 1895 1977

(1) accept a fee, contingent fee, or any other compensation, except his official compensation provided by statute, for promoting or opposing the passage of legislation;

(2) seek other employment for himself or solicit a contract for his services by the use of his office.

Section 6. There is a new R.C.M. section numbered 59-1706 that reads as follows:

59-1706. Rules of conduct for state officers and state employees. (1) Proof of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty.

(2) A state officer or a state employee may not:

(a) use state time, facilities, or equipment for his private business purposes;

(b) engage in a substantial financial transaction for his private business purposes with a person whom he inspects or supervises in the course of his official duties;

(c) assist any person for a fee or other compensation in obtaining a contract, claim, license, or other economic benefit from his agency;

(d) assist any person for a contingent fee in obtaining a contract, claim, license, or other economic benefit from any state agency; or

(e) perform an official act directly and substantially affecting to its economic benefit a business or other undertaking in which he either has a substantial financial interest or is engaged as counsel, consultant, representative, or agent.

(3) A department head or a member of a quasi-judicial or rule-making board may perform an official act notwithstanding subsection (2)(e) if his participation is necessary to the administration of a statute and if he complies with the voluntary disclosure procedures under 59-1710.

(4) Subsection (2)(d) does not apply to a member of a board, commission, council, or committee unless he is also a full-time state employee.

Section 7. There is a new R.C.M. section numbered 59-1707 that reads as follows:

59-1707. Rules of conduct for local government officers and employees. (1) Proof of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty.

(2) An officer or employee of local government may not:

(a) engage in a substantial financial transaction for his private business purposes with a person whom he inspects or supervises in the course of his official duties; or

(b) perform an official act directly and substantially affecting to its economic benefit a business or other undertaking in which he either has a substantial financial interest or is engaged as counsel, consultant, representative, or agent.

HeinOnline -- 1977 vol. II 1896 1977

(3) A member of the governing body of a local government may perform an official act notwithstanding this section when his participation is necessary to obtain a quorum or otherwise enable the body to act, if he complies with the voluntary disclosure procedures under 59-1710.

Section 8. There is a new R.C.M. section numbered 59-1708 that reads as follows:

59-1708. Ethical principles for legislators. (1) The principles in this section are intended only as guides to legislator conduct and do not constitute violations as such of the public trust of legislative office.

(2) When a legislator must take official action on a legislative matter as to which he has a conflict created by a personal or financial interest which would be directly and substantially affected by the legislative matter, he should consider disclosing or eliminating the interest creating the conflict or abstaining from the official action. In making his decision, he should further consider:

(a) whether the conflict impedes his independence of judgment;

(b) the effect of his participation on public confidence in the integrity of the legislature; and

(c) whether his participation is likely to have any significant effect on the disposition of the matter.

(3) A conflict situation does not arise from legislation affecting the entire membership of a class.

(4) If a legislator elects to disclose the interest creating the conflict, he shall do so as provided in the joint rules of the legislature.

Section 9. There is a new R.C.M. section numbered 59-1709 that reads as follows:

59-1709. Ethical principles for public officers and employees. (1) The principles in this section are intended as guides to conduct and do not constitute violations as such of the public trust of office or employment in state or local government.

(2) A public officer or employee should not acquire an interest in any business or undertaking which he has reason to believe may be directly and substantially affected to its economic benefit by official action to be taken by his agency.

(3) A public officer or employee should not, within the months following the voluntary termination of his office or employment, obtain employment in which he will take direct advantage, unavailable to others, of matters with which he was directly involved during his term or employment. These matters are rules, other than rules of general application which he actively helped to formulate and applications, claims, or contested cases in the consideration of which he was an active participant.

(4) A public officer or employee should not perform an official act directly and substantially affecting a business or other undertaking to its economic detriment when he has a substantial financial interest in a competing firm or undertaking.

HeinOnline -- 1977 vol. II 1897 1977

Section 10. There is a new R.C.M. section numbered 59-1710 that reads as follows:

59-1710. Voluntary disclosure. A public officer or employee may, prior to acting in a manner which may impinge on his fiduciary duty, disclose the nature of his private interest which creates the conflict. He shall make the disclosure in writing to the secretary of state, listing the amount of his financial interest, if any, the purpose and duration of his services rendered, if any, and the compensation received for the services or such other information as is necessary to describe his interest. If he then performs the official act involved, he shall state for the record the fact and summary nature of the interest disclosed at the time of performing the act.

Section 11. There is a new R.C.M. section numbered 59-1711 that reads as follows:

59-1711. Powers of the secretary of state. The secretary of state may:

(1) issue advisory opinions with such deletions as are necessary to protect the identity of the requesting party or the party about whom the opinion is written;

(2) keep and permit reasonable public access to voluntary disclosure statements;

(3) make rules for the conduct of his affairs under this chapter.

CHAPTER NO. 570

AN ACT PROHIBITING THE USE OF ASBESTOS-CONTAINING SPRAY MATERIALS IN CONSTRUCTION; PROVIDING PROCEDURES FOR THE DEMOLITION OF BUILDINGS OR STRUCTURES CONTAINING ASBESTOS INSULATION OR FIREPROOFING; PROVIDING PROCEDURE FOR USE OF OTHER FIBRATED PRODUCT OR COMPOUND; AND PROVIDING PENALTIES.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 69-7401 that reads as follows:

69-7401. Purpose. The purpose of this act is to protect the citizens of Montana from the dangers precipitated by the use of spray materials containing mineral fibers. The legislature finds that if adequate safety precautions are not taken during the spray application of these materials, spraying operations may release a significant quantity of particulate matter into the ambient air. Likewise, the legislature finds the continued unregulated use of sprayed asbestos insulation and the destruction of structures containing asbestos insulation represent a significant threat to

HeinOnline -- 1977 vol. II 1898 1977

the health of workers placed in contact with these fibers and to the health of the community as a whole.

Section 2. There is a new R.C.M. section numbered 69-7402 that reads as follows:

69-7402. Definitions. As used in this act, the following definitions apply:

(1) "Department" means the department of administration.

(2) "Fibrated product" means a substance used in construction, for whatever purpose, which contains asbestos fibers, which tend to disperse into ambient air during application or upon destruction or removal.

(3) "Person" means an individual, firm, corporation, partnership, association, or other legal entity.

Section 3. There is a new R.C.M. section numbered 69-7403 that reads as follows:

69-7403. Standards to follow while demolition is underway. The building or structure to be demolished which contains asbestos insulation or fireproofing must follow the following safeguards:

(a) Whenever possible, the local fire department shall be notified of the demolition.

(b) Signs must be posted in conspicuous locations around the building or structure being demolished warning persons to take proper precautions against exposure to asbestos fibers before entering the area.

(c) Boilers, pipes, and steel members insulated or fireproofed with asbestos must be wetted before toppling of the wall begins. This mandatory procedure applies, where practicable, to all asbestos-lined surfaces.

(d) When demolition by toppling is performed, a reasonable enclosure for dust emission control must be constructed.

(e) Adequate wetting to suppress dust must be performed before and during the demolition or toppling.

(f) Asbestos-containing debris may not be dropped or thrown from any floor and must be transported by dust-tight chutes or buckets with the chutes or buckets sufficiently wetted to prevent dust.

(g) During transportation of the debris, it must be thoroughly wetted before loading and must be enclosed or covered during its transport to prevent dust dispersion.

(h) The asbestos-containing debris must be deposited at a sanitary landfill at which it is unlikely to be disturbed, and signs must be posted around the landfill warning that asbestos-containing debris is buried there.

Section 4. There is a new R.C.M. section numbered 69-7404 that reads as follows:

69-7404. Use of asbestos-containing spray products prohibited.

HeinOnline -- 1977 vol. II 1899 1977

The use of asbestos-containing spray products, for whatever purpose, in the construction of a building or structure is prohibited.

Section 5. There is a new R.C.M. section numbered 69-7405 that reads as follows:

69-7405. Use of fibrated product or compound — supervisory personnel required. Whenever a fibrated product or compound is applied to a surface utilizing a spray or pneumatic means of application, one person must be assigned supervisory authority for all aspects of the operation.

Section 6. There is a new R.C.M. section numbered 69-7406 that reads as follows:

69-7406. Rulemaking authority. The department is granted authority to promulgate rules necessary to accomplish the purposes of this act.

Section 7. There is a new R.C.M. section numbered 69-7407 that reads as follows:

69-7407. Violations — penalties. (1) A person who violates any provision of this act commits a misdemeanor.

(2) A person convicted of violating this act shall be fined no more than $1,000 or be imprisoned in the county jail for a term not to exceed 60 days, or both.

(3) Each separate occurrence in violation of this act is a separate offense.

Approved May 13, 1977.

(f) release the youth immediately upon the determination that the filing of a petition is not authorized.

(5) The probation officer upon determining that further action is required may:

(7) If no petition is filed under this section, the complainant and victim, if any, shall be informed by the probation officer of the action and the reasons therefor and shall be advised of the right to submit the matter to the county attorney for review. The county attorney upon receiving a request for review, shall consider the facts, consult with the probation officer, and make the final decision as to whether a petition shall or shall not be filed."

Section 3. Section 10-1210, R.C.M. 1947, is amended to read as follows:

"**10-1210. Consent adjustment without petition.** (1) Before a petition is filed, the probation officer may enter into an informal adjustment, give counsel and advice to the youth and other interested parties, if it appears:

(a) the admitted facts bring the case within the jurisdiction of the court;

(b) counsel and advice without filing a petition would be in the best interests of the child and the public.

(2) Any probation or other disposition imposed under this section against any youth must conform to the following procedures:

HeinOnline -- 1977 vol. II 1903 1977

(a) Every consent adjustment shall be reduced to writing, signed by the youth and his parents or the person having legal custody of the youth.

Release or delivery from custody.** (1) Whenever a peace officer believes, on reasonable grounds, that a youth can be released to a person who has custody of the youth, then the peace officer may release the youth to that person upon receiving a written promise from the person to bring the youth before the probation officer at a time and place specified in the written promise; or a peace officer may release the youth under any other reasonable circumstances.

(2) Whenever the peace officer believes, on reasonable grounds, that the youth must be *detained*, the peace officer must notify the probation officer *immediately* and shall, as soon as practicable, provide the probation officer with a written report of his reasons for holding that youth in custody. If it is necessary to hold the youth pending appearance before the youth court, then the youth must be held in some place that has been approved by the youth court and *is* completely separated from adult offenders. *If the peace officer believes that the youth must be sheltered, the peace officer shall notify the probation officer immediately and shall provide a written report of his reasons for placing the youth in shelter care. If the youth is then held, the youth must be sheltered in a place approved by the youth court.*"

(3) The official in charge of a jail or other facility for the detention of adult offenders or persons charged with crime shall inform the court immediately if a person who is or appears to be under the age of eighteen (18) years is received at the facility. Such official shall bring the person before the court upon request or deliver him to a detention facility designated by the court.

(4) A youth alleged to be in need of care shall be placed only in the facilities stated in subsection (1) of this section and shall not be detained in a jail or other facility intended or used for the detention of adults charged with criminal offenses."

(3) The court may endorse upon the summons an order directing the person or persons having the physical custody or control of the youth to bring the youth to the hearing.

(4) If it appears from any sworn statement presented to the court that the youth needs to be placed in detention or *shelter* care, the judge may endorse on the summons an order directing the officer serving the summons to at once take the youth into custody and to take him to the place of detention or *shelter* care designated by the court, subject to the rights of the youth and parent or person having custody of the youth as set forth in the provisions of the Montana Youth Court Act relating to detention *and shelter care* criteria and post-detention proceedings.

(5) If any youth is in *shelter care* or detained under any provision of this act pending an adjudication, the court, upon petition of the youth, his parents or guardian or his counsel shall, as soon as practicable, conduct a hearing in order to determine whether the circumstances of the case require such *detention or shelter care* and the form the *detention or shelter care* should take. *All mentioned parties shall be notified of such petition process at the time of initial detention or shelter care.*"

Section 9. Section 10-1218, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1907 1977

parents do not agree, the youth may make an effective waiver only with advice of counsel.

(c) In a proceeding alleging a youth to be a delinquent youth:

(i) An extra-judicial statement that would be constitutionally inadmissible in a criminal matter shall not be received in evidence;

(ii) Evidence illegally seized or obtained shall not be received in evidence to establish the allegations of a petition against a youth; and

(iii) An extra-judicial admission or confession made by the youth out of court is insufficient to support a finding that the youth committed the acts alleged in the petition unless it is corroborated by other evidence.

(2) Title 95, R.C.M. 1947, shall apply to all law enforcement investigations relating to a complaint alleging a delinquent youth or youth in need of supervision, except that:

(a) No youth shall be fingerprinted or photographed for criminal identification purposes except by order of the youth court judge.

(b) No fingerprint records or photographs shall be filed with the federal bureau of investigation, state of Montana identification bureau, or any other than the originating agency, except for sending the fingerprints or photographs to any law enforcement agency for comparison purposes in the original investigation.

(c) At such time as the proceedings in the matter including appeals, are complete, the fingerprint records and photographs shall be destroyed; except that such fingerprint records and photographs may be retained by the originating agency for a specific period when ordered by the court for good cause shown.

(3) In all proceedings on a petition alleging a delinquent youth or youth in need of supervision as set forth in subsection (1) of this section, the youth, parents and guardian of the youth shall be advised by the court or, in the absence of the court, by its representative that the youth may be represented by counsel at all stages of the proceedings. If counsel is not retained, or if it appears that counsel will not be retained, counsel shall be appointed for the youth, unless the right to appointed counsel is waived by the youth and the parents or guardian. Neither the youth nor his parent or guardian may waive counsel if commitment to a *state correctional* facility or to the department of institutions for a period of more than six (6) months may result from adjudication.

(4) The court, at any stage of a proceeding on a petition under this act, may appoint a guardian ad litem for a youth if the youth has no parent or guardian appearing in his behalf, or if their interests conflict with those of the youth. A party to the proceeding or an employee or representative of a party shall not be appointed as guardian ad litem.

(5) In a proceeding on a petition, a party is entitled to: the opportunity to introduce evidence and otherwise be heard on the party's own behalf; confront and cross-examine witnesses testifying against the party; and admit or deny the allegations against the party in the petition.

HeinOnline -- 1977 vol. II 1908 1977

(6) Persons afforded rights under this act shall be advised of those rights and any other rights existing under law at the time of their first appearance in a proceeding on a petition under the Montana Youth Court Act and at any other time specified in the Youth Court Act or other law.

(7) All post trial motions and other remedies available to an adult in a criminal proceeding under the Montana Code of Criminal Procedure shall be available to a youth proceeded against under this act."

Section 10. Section 10-1222, R.C.M. 1947, is amended to read as follows:

"**10-1222. Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be delinquent or in need of supervision the court may enter its judgment making the following disposition:

(a) place the youth on probation;

(b) place in a licensed foster home or a home approved by the court;

(c) place the youth in a private agency responsible for the care and rehabilitation of such a youth, including, but not limited to, a district youth guidance home;

(d) transfer legal custody to the department of institutions; provided, however, that in the case of a youth in need of supervision, such transfer of custody shall not authorize the department of institutions to place the youth in a *state youth correctional* facility and such custody shall not continue for a period of more than six (6) months without a subsequent court order after notice and hearing;

(e) such further care and treatment or evaluation that the court deems beneficial to the youth, consistent with subsection (d) of this section.

(2) At any time after the youth has been taken into custody the court may, with the consent of the youth in the manner provided in section 10-1218(1), R.C.M. 1947, for consent by a youth to waiver of his constitutional rights, or after the youth has been adjudicated delinquent or in need of supervision:

(a) order the youth to be evaluated for a period not to exceed forty-five (45) days of evaluation at a reception and evaluation center for youths; or

(b) in the case of a delinquent youth sixteen (16) years or older who the court deems a suitable person for placement at a youth forest camp, notify the director of the department of institutions of the finding. The director of the department of institutions shall then designate to the court the facility to which the youth shall be delivered for evaluation. The court may then commit the youth to the department of institutions for a period not to exceed 45 days for the purpose of evaluation as to the youth's suitability for placement, and order the youth delivered for evaluation to the youth facility designated by the director. If after the evaluation, the department of institutions reports to the court that such child is suitable for placement in a youth forest camp, and if there is space available at a camp, the court may then commit such child directly to the youth forest

HeinOnline -- 1977 vol. II 1909 1977

camp under the terms of commitment of this act. If the department of institutions reports and states the reasons to the court why the youth is not suitable for placement, the youth shall be returned to the court for such further disposition as the court may deem advisable under the provisions of this act. The costs of transporting the youth to the designated youth facility for evaluation and cost of returning the youth to the court shall be borne by the county of residence of the youth.

(3) No youth shall be committed or transferred to a penal institution or other facility used for the execution of sentence of adult persons convicted of crimes except as provided by subsection (2)(b) above.

(4) Any order of the court may be modified at any time.

(5) Whenever the court vests legal custody in an agency, institution or department, it must transmit with the dispositional judgment copies of a medical report, and such other clinical, predisposition or other reports and information pertinent to the care and treatment of the youth.

"**10-1235. Order of adjudication — non-criminal.** No commitment of any youth to any *state youth correctional facility* under this act shall be deemed commitment to a penal institution. No adjudication upon the status of any youth in the jurisdiction of the court shall operate to impose any of the civil disability imposed on a person by reason of conviction of a criminal offense, nor shall such adjudication be deemed a criminal

HeinOnline -- 1977 vol. II 1910 1977

conviction, nor shall any youth be charged with or convicted of any crime in any court except as provided in this act. Neither the disposition of a youth under this act, nor evidence given in youth court proceedings under this act, shall be admissible in evidence except as otherwise provided in this act."

Section 12. Section 10-1236, R.C.M. 1947, is amended to read as follows:

"**10-1236. Shelter care and foster homes.** (1) The youth court may establish procedures for finding, maintaining and administering licensed *shelter care and* foster homes or other homes approved by the court for youth within the provisions of this act.

(2) The licensed *shelter care and* foster homes established under this section shall be funded at a rate consistent with other *shelter care and* foster homes established for other purposes under law. *Shelter care as defined by this act may be funded through state appropriation to the youth courts and the departments of institutions and social and rehabilitation services.*

(3) All foster homes licensed by the social and rehabilitation services, established shall be financed by the department of social and rehabilitation services as set forth in 71-210(b)."

Section 13. Section 10-1237, R.C.M. 1947, is amended to read as follows:

"**10-1237. Shelter care and detention facilities.** *(1)* In all counties the county commissioners may provide by purchase, lease, or otherwise, a place to be known as the youth detention *facility*, which shall not be used for the confinement of adult persons charged with criminal offenses, where delinquent youths, and youth in need of supervision may be detained until final disposition, which place shall be maintained by the county as in other like cases. The judge having jurisdiction may appoint such personnel as required, who shall have charge of said *facility* and of the youths detained therein.

The compensation of such personnel shall be fixed by the court, and such compensation and the maintaining of such *facility* shall be paid out of the county treasury *which may be supplemented by state appropriation and federal funds.*

(2) Youth courts and nonprofit corporations may provide by purchase, lease, or otherwise, a place to be known as a shelter care facility. Such facility shall be physically unrestricting and may be used to provide shelter care for youth alleged or adjudicated delinquent, in need of supervision, or in need of care. Such facility shall be separate and apart from any facility housing adults charged with criminal offenses. State appropriations and federal funds may be received by the youth court or private nonprofit corporations for establishment, maintenance, or operation of such facility. Such facility shall be furnished in a comfortable manner and be as nearly as possible like a family home."

Any revenues from the sale of energy or recycled materials recovered from the solid waste management system and any money received under federal grants for local solid waste management may be used to make such payments. State loan funds for local solid waste management systems may be used only for front-end organizational activities.

(g) an agreement by the local government to establish and maintain adequate financial records for the project, including an annual audit of the financial records and transactions covering each fiscal year by a certified public accountant. A copy of each audit shall be submitted to the department of administration and the department within 30 days after its completion. Failure of a local government to file a copy of the audit as required by this section shall be grounds for rescinding the loan agreement.

(2) In allocating loan funds to local governments, the department shall establish priority based on a consideration of the plan that:

(a) most fully utilizes private enterprise for planning, design, management, construction, and operation of the facilities required to implement a solid waste management system;

(b) includes the largest population;

(c) is the most financially viable; and

HeinOnline -- 1977 vol. II 1925 1977

(d) addresses the most pressing environmental and public health concerns.

(3) The department may enter into further agreements with a local government and acquire further guarantees or securities as are necessary to implement the provisions of this act.

(4) A loan agreement entered into pursuant to this act is subject to approval by the department and shall be accounted for on forms prepared by the department.

(5) The department shall establish a schedule of payments to be made by a local government under a loan agreement. Payment shall be made in an amount sufficient to pay the principal and interest cost of the loan obtained from the department. In the event the revenues of a project are insufficient to pay the costs, a local government may levy a pro rata fee against the users of the solid waste management district. Such pro rata fee shall be based on a per ton, per pound assessment or volume assessment.

(7) If a local government fails to comply with the payment schedule established by the department, the state may, after giving 30 days written notice, withhold an equal share of any state taxes which are otherwise apportioned to the local government.

Section 9. There is a new R.C.M. section numbered 69-4019 that reads as follows:

69-4019. Act supplemental. This act is in addition and supplemental to any other law providing for the financing of a solid waste management system and does not amend or repeal any other law.

Section 10. There is a new R.C.M. section numbered 69-4020 that reads as follows:

69-4020. Availability of state loans. Loan money as provided for under this act is only available if the local government is unable to secure adequate financing from other lending institutions or is unable to provide the adequate and necessary bonding for the implementation of a proposed solid waste management system.

Section 11. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 2. Section 84-202, R.C.M. 1947, is amended to read as follows:

"**84-202. Exemptions from taxation.** (1) (a) The property of the United States, the state, counties, cities, towns, school districts, municipal corporations, public libraries, buildings with land they occupy and furnishings therein owned by a church and used for actual religious worship and for residences of the clergy, together with adjacent land reasonably necessary for convenient use of such buildings owned by a church, such other property as is used exclusively for agricultural and horticultural societies, for educational purposes, hospitals and places of burial not used or held for private or corporate profit, and institutions of purely public charity, evidence of debt secured by mortgages of record upon real or personal property in the state of Montana, and public art galleries and public observatories not used or held for private or corporate profit, are exempt from taxation, but no more land than is necessary for such purpose is exempt.

(b) As used in this subsection, the term "institutions of purely public charity" shall include organizations owning and operating facilities for the care of the retired or aged or chronically ill which are not operated for gain or profit; and the terms "public art galleries and public observatories" shall mean only such art galleries and observatories whether of public or private ownership, as are open to the public, without charge or fee at all reasonable hours, and are used for the purpose of education only.

HeinOnline -- 1977 vol. II 1927 1977

(2) When a clubhouse or building erected by or belonging to any society or organization of honorably discharged United States soldiers, sailors or marines who served in army or navy of United States, is used exclusively for educational, fraternal, benevolent or purely public charitable purposes, rather than for gain or profit, together with the library and furniture necessarily used in any such building, such property is exempt from taxation, and all property, real or personal, in the possession of legal guardians of incompetent veterans of the World War or minor dependents of such veterans, where such property is funds or derived from funds received from the United States as pension, compensation, insurance, adjusted compensation, or gratuity, shall be exempt from all taxation as property of the United States while held by the guardian, but not after title passes to the veteran or minor in his or her own right on account of removal of legal disability.

Stocks of merchandise do not lose their status as freeport merchandise because while in the storage facility they are assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged.

Any person, corporation, firm, partnership, association, or other group seeking to qualify its property for inclusion in this class shall make application to the state department of revenue in such manner or form as may be required by the department.

(5) [The following agricultural products are exempt from taxation:]

(a) All unprocessed, perishable fruits and vegetables in farm storage and owned by the producer are exempt from taxation.

Section 3. Section 84-301, R.C.M. 1947, is amended to read as follows:

"84-301. Classification of property for taxation. For the purpose of taxation the taxable property in the state shall be classified as follows:

HeinOnline -- 1977 vol. II 1928 1977

Class One. The annual net proceeds of all mines and mining claims, except coal mines, after deducting only the expenses specified and allowed by section 84-5403; also where the right to enter upon land, to explore or prospect, or dig for oil, gas, coal or mineral is reserved in land or received by mesne conveyance (exclusive of leasehold interests), devise or succession by any person or corporation, the surface title to which has passed to or remains in another, the state department of revenue shall determine the value of the right to enter upon said tract of land for the purpose of digging, exploring, or prospecting for gas, oil, coal or minerals, and the same shall be placed in this classification for the purpose of taxation.

Class Two. All agricultural and other tools, implements and machinery, gas and other engines and boilers, threshing machines and outfits used therewith, automobiles, motor trucks and other power-driven cars, vehicles of all kinds except mobile homes, boats and all watercraft, harness, saddlery and robes and except as provided in Class Five (a) of this section, all poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by all persons, firms, corporations, and other organizations which are engaged in the business of furnishing telephone communications, exclusively to rural areas, or to rural areas and cities and towns provided that any such city or town has a population of eight hundred (800) persons or less; and provided further, that the average circuit miles for each station on the system is more than one and one-quarter (1 ¼) miles.

Class Three. Livestock, poultry, and unprocessed products of both; furniture and fixtures used in commercial activities; the annual gross proceeds of underground coal mines; and all office or hotel furniture and fixtures, except improvements included in Class Nine.

Class Four. (a) All land, town and city lots, with improvements, except improvements included in Class Nine, and all trailers affixed to land owned, leased, or under contract or purchase by the trailer owner, manufacturing and mining machinery, fixtures and supplies, except as otherwise provided by the constitution of Montana, and except as such property may be included in Class Five, Class Seven or Class Eight.

(b) Mobile homes without regard to the ownership of the land upon which they are situated, except those held by a distributor or dealer of mobile homes as part of his stock in trade, and except as such property may be included in Class Eight.

Class Five. (a) All poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by co-operative rural electrical and co-operative rural telephone associations organized under the laws of Montana except those within the incorporated limits of a city or town in which less than ninety-five per cent (95%) of the electric consumers and/or telephone users are served by a co-operative organization, and as to the property enumerated in this sub-section (a) within incorporated limits of a city or town in which less than ninety-five per cent (95%) of the electric consumers or users will be served by a co-operative organization, such property shall be put in Class Two.

HeinOnline -- 1977 vol. II 1929 1977

(b) All unprocessed agricultural products either on the farm or in storage, irrespective of whether said products are owned by the elevator, warehouse or flour mill owner or company storing the same, or any other person whomsoever, except all perishable fruits and vegetables in farm storage and owned by the producer, and excepting livestock and poultry and the unprocessed products of both.

(c) The dwelling house, and the lot on which it is erected, owned and occupied by any resident of the state, who has been honorably discharged from active service in any branch of the armed forces, who is rated one hundred per cent (100%) disabled due to a service-connected disability by the United States veterans administration or its successors.

In the event of the veteran's death, the dwelling house, and the lot on which it is erected, so long as the surviving spouse remains unmarried and the owner and occupant of the property, shall remain within this classification.

Class Six. Property formerly included in this class is now classified by section 84-308, R.C.M. 1947.

Class Seven. (a) All new industrial property. New industrial property shall mean any new industrial plant, including land, buildings, machinery and fixtures which, in the determination of the state department of revenue, is used by a new industry during the first three (3) years of operation not having been assessed prior to July 1, 1961, within the state of Montana. New industry shall mean any person, corporation, firm, partnership, association, or other group which establishes a new plant or plants in this state for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry or industries. Provided, however, that new industrial property shall be limited to industries that manufacture, mill, mine, produce, process or fabricate materials, or do similar work in which capital and labor are employed and in which materials unserviceable in their natural state are extracted, processed or made fit for use or are substantially altered or treated so as to create commercial products or materials; industries that engage in the mechanical or chemical transformation of materials or substances into new products in the manner defined as manufacturing in the 1972 Standard Industrial Classification Manual, prepared by the United States office of management and budget; and in no event shall the term new industrial property be included to mean property used by retail or wholesale merchants, commercial services of any type, agriculture, trades or professions. New industrial property does not include a plant which will create an adverse impact on existing state, county, or municipal services. The department shall promulgate regulations for the determination of what constitutes an adverse impact taking into consideration the number of people to be employed and the size of the community in which the location is contemplated. Once the department has made an initial determination that the industrial facility qualifies as new industrial property, the department shall then upon proper notice hold a hearing to determine if the new industrial classification should be retained by the property. The local taxing authority may appear at the hearing, and it also may waive its objection to retention of this classification if

HeinOnline -- 1977 vol. II 1930 1977

the industry agrees to the prepayment of taxes sufficient to satisfy tax requirements created by the location and construction of the facility during construction period.

In the event of a prepayment of taxes, the maximum amount or prepayment shall be the amount without the application of the Class 7 (a) to such property.

If a major new industrial facility qualifies under Class 7 (a) the reduction of its yearly payment of property taxes for reimbursement of its prepaid taxes as provided for in section 84-41-105, R.C.M. 1947, shall not begin until the Class 7 qualification expires. And provided further, that new industrial property shall not be included to mean property which is used or employed in any industrial plant which has been in operation in this state for three (3) years or longer. Any person, corporation, firm, partnership, association or other group seeking to qualify its property for inclusion in this class shall make application to the state department of revenue in such manner and form as may be required by said department.

(b) Business inventories. Business inventories shall include goods intended for sale or lease in the ordinary course of business, and shall include raw materials and work in progress with respect to such goods, but shall not include goods actually leased or rented on the lien date, or mobile homes held by a dealer or distributor as a part of his stock in trade.

(c) Air pollution control equipment as defined in section 69-3923.

Class Eight. Any improvement on real property, trailers affixed to land or mobile home belonging to any person who qualifies under any one or more of the hereinafter set forth categories, with appurtenant land not exceeding five (5) acres, which together have a market value of not more than twenty-seven thousand five hundred dollars ($27,500), which dwelling is owned or under a contract for deed, and which is actually occupied for at least ten (10) months per year as the primary residential dwelling of:

(1) a widow sixty-two (62) years of age or older, whether with or without minor dependent children, who qualifies under the income limitations of (4), or

(2) a widower sixty-two (62) years of age or older, whether with or without minor dependent children, who qualifies under the income limitations of (4), or

(3) a widow or widower with minor or dependent children regardless of age, who qualifies under the income limitations of (4), or

(4) a recipient or recipients of retirement or disability benefits whose income from all sources is not more than six thousand dollars ($6,000) for a single person and six thousand eight hundred dollars ($6,800) for a married couple total per annum whether said dwelling is occupied by a single person or a married couple. Provided, further, that one who applies for classification of property under this class must make an affidavit to the state department of revenue on a form as may be provided by the state department of revenue supplied without cost to the applicant,

HeinOnline -- 1977 vol. II 1931 1977

as to his income, if applicable, as to his retirement benefits, if applicable, or, as to his marital status, if applicable, and to the fact that he or she actually occupies or maintains as his or her primary residential dwelling, such land and improvements with right of the county welfare board to investigate the applicant, on the completion of the form, as to answers given on the form. Provided, further, the assessed value of said property shall not be increased during the life of the recipient of retirement benefits or widow or widower covered under this class, unless the owner-resident makes a substantial improvement in the dwelling. For the purposes of the affidavit required for classification of property under this class, it shall be sufficient if the applicant signs a statement swearing to or affirming the correctness of the information supplied, whether or not the statement is signed before a person authorized to administer oaths, and mails the application and statement to the department of revenue. This signed statement shall be treated as a statement under oath or equivalent affirmation for purposes of section 94-7-203, R.C.M. 1947, relating to the criminal offense of false swearing.

Class Nine. The incremental increase in the value of real estate attributable to repairing, maintaining or improving existing improvements.

Class Ten. The annual gross proceeds of coal mines using the strip mining method.

Class Eleven. Centrally assessed utility allocations after deductions of locally assessed properties and except as provided in Class Two for rural telephones and Class Five (a) for cooperatives, and all other property not included in the ten (10) preceding classes."

Section 4. Section 84-1502, R.C.M. 1947, is amended to read as follows:

"**84-1502. Deductions allowed in computing income.** In computing the net income the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

1. All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title, or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

2. (A) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the internal revenue code in effect with respect

HeinOnline -- 1977 vol. II 1932 1977

to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements or betterments made to increase the value of any property or estate and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(B) (a) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 84-1502, over the gross income, with the modifications specified in paragraph (b) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three (3) taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five (5) taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in paragraph (b) (ii) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(b) The modifications referred to in paragraph (a) of this subsection shall be as follows:

(i) No net operating loss deduction shall be allowed.

(ii) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(c) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(d) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger.

In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(e) Notwithstanding the provisions of section 84-1508.1(c), R.C.M. 1947, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(f) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall

HeinOnline -- 1977 vol. II 1933 1977

be allowed only with respect to taxable periods beginning on or after January 1, 1971.

3. In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements, such reasonable allowance to be determined according to the provisions of the internal revenue code in effect for the taxable year. All elections made under the internal revenue code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

4. The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this act.

5. Interest income from obligations of the state of Montana, or any political subdivision or municipality of the state of Montana.

6. Taxes paid within the year except the following:

(a) Taxes imposed by this act.

(b) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(c) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(d) Taxes imposed by any other state or country upon or measured by net income or profits.

(7) That portion of an energy-related investment allowed as a deduction under 84-7403.

Taxes deductible under this act shall be construed to include taxes imposed by any county, school district or municipality of this state."

Section 5. Section 84-4906, R.C.M. 1947, is amended to read as follows:

"**84-4906. Deductions allowed in computing net income.** In computing net income, there shall be allowed as deductions:

(a) The items referred to in sections 161 and 211 of the Internal Revenue Code of 1954, or as sections 161 and 211 shall be labeled or amended, except that state income tax paid shall not be deductible and also subject to the exceptions provided in section 84-4909, relating to items not deductible.

(b) Federal income tax paid within the taxable year.

(c) That portion of an energy-related investment allowed as a deduction under 84-7403."

HeinOnline -- 1977 vol. II 1934 1977

Section 6. **Legislative intent.** It is the intent of the legislature that no deduction under this act be allowed for capital investment for an energy conservation practice in the new construction of a building if that capital investment would have been made under established standards of new construction. The department of revenue shall adopt rules to implement this legislative intent. Such rules shall be based on the best currently available methods of analysis, including those of the national bureau of standards, the department of housing and urban development, and other federal agencies and professional societies and materials developed by the department of revenue. Provisions shall be made for an annual updating of rules and standards as required.

Section 7. Section 84-7401, R.C.M. 1947, is amended to read as follows:

"**84-7401. Statement of purpose.** The purpose of this act is to encourage the use of alternative energy sources and the conservation of energy through incentive programs. Such incentives are to be made available to the energy user on a basis which requires him to take the initiative in obtaining a particular incentive. This act allows but does not require a public utility to extend credit for energy conservation investments."

Section 8. **Coordination with other legislation.** If House Bill 70 is enacted, then in lieu of the amendments to 84-301 enacted by this act, classes fifteen and eighteen in House Bill 70 shall be further amended by deleting references to capital investments in recognized nonfossil forms of energy generation and in building for an energy conservation purpose.

Section 9. **Extension of existing classifications.** Any classification of property under the provisions of 84-7403, R.C.M. 1947, that existed prior to the effective date of this act, approved by the department of revenue before April 19, 1977, shall continue in effect until December 31, 1982. On January 1, 1983, the taxable percentage of such property shall be determined under chapter 3, Title 84, R.C.M. 1947, or that chapter as it may be recodified or amended.

Section 10. **Effective date.** This act applies to all taxable years beginning after December 31, 1976.

Approved May 13, 1977.

CHAPTER NO. 577

AN ACT TO ESTABLISH NECESSARY ENERGY SUPPLY ALERT AND ENERGY EMERGENCY POWERS FOR THE GOVERNOR; ESTABLISHING AN ENERGY POLICY COMMITTEE; DEFINING CONDITIONS UNDER WHICH SUCH POWERS ARE TO BE EXERCISED; PROVIDING PENALTIES; PROVIDING A PERIOD OF EFFECTIVENESS; AND AMENDING SECTION 79-2501, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings and intent.** (1) The legislature finds

HeinOnline -- 1977 vol. II 1935 1977

that energy in various forms is increasingly subject to possible shortages and supply disruptions, to the point that there may be foreseen an emergency situation, and that without the ability to gather information, formulate plans, and institute appropriate emergency measures to reduce or allocate the usage of energy through a program of mandatory usage curtailment or allocation, a severe impact on the health, safety, and general welfare of our state's citizens may occur. The prevention or mitigation of the effects of such energy shortages or disruptions is necessary for preservation of the public health and welfare of the citizens of this state.

(2) It is the intent of this act to:

(a) establish necessary planning, information gathering, energy emergency powers for the governor and define the conditions under which such powers are to be exercised;

(b) provide penalties for violations of this act.

Section 2. **Definitions.** As used in this act, the following definitions apply:

(1) "Energy facility" means a facility which produces, extracts, converts, transports, or stores energy.

(2) "Energy" means petroleum or other liquid fuels, natural or synthetic fuel gas, or electricity.

(3) "Person" means an individual, partnership, joint venture, private or public corporation, cooperative, association, firm, public utility, political subdivision, municipal corporation, government agency, joint operating agency, or any other entity, public or private, however organized.

(4) "Committee" means the energy policy committee established in section 3.

(5) "Distributor" means any person, private corporation, partnership, producer, individual proprietorship, public utility, joint operating agency or cooperative which engages in or is authorized to engage in the activity of generating, producing, transmitting, or distributing energy in this state.

(6) "Energy emergency" means an existing or imminent domestic, regional or national shortage of energy which will result in curtailment of essential services or production of essential goods, or the disruption of significant sectors of the economy unless action is taken to conserve or limit the use of the energy form involved, and the allocation of available energy supplies among users.

(7) "Energy supply alert" means a condition of energy supply on a national, regional, state or local basis which foreseeably will affect significantly the availability of essential energy supplies within the ensuing 90-day period unless action is taken under section 9 to reduce energy usage by state agencies and political subdivisions.

Section 3. **Energy policy committee.** (1) There is established a legislative energy policy committee which consists of four members. The members shall consist of the president of the senate and the floor leader

HeinOnline -- 1977 vol. II 1936 1977

of the opposite party in the senate and the speaker and minority leader of the house of representatives. Each leadership member shall designate, within 15 days following the close of the 1977 session, an alternate to serve for him when he is unable to attend meetings of the committee.

Section 4. **Supply of vital public services during an energy supply alert and energy emergency.** The governor shall, with the advice of the committee, in developing provisions for the allocation, conservation, and consumption of energy, give due consideration to supplying vital public services such as essential governmental operations, health and safety functions, emergency services, public mass transportation systems, food production and processing facilities, and energy supply facilities during conditions of an energy supply alert or energy emergency. In developing any energy allocation programs, provisions shall be made for the equitable distribution of energy among the geographic areas of the state which are experiencing an energy shortage.

Section 5. **Information obtainable by governor.** (1) The governor may obtain information from energy resource producers, suppliers, public agencies, and consumers and from political subdivisions in this state necessary for him, with advice of the committee, to determine the need for energy supply alert and emergency declarations. Such information may include but is not limited to:

(a) sales volumes by customer classifications;

(b) forecasts of energy resource requirements for the particular type of energy involved for a period not to exceed 2 years; and

(c) inventory of energy resources and reserves available for use in meeting a shortage in a particular energy source.

(2) In obtaining information under subsection (1) of this section during a state of energy emergency the governor may subpoena witnesses, material, and relevant books, papers, accounts, records, and memoranda; administer oaths; and cause the depositions of persons residing within or without Montana to be taken in the manner prescribed for depositions in civil actions in district courts, to obtain information relevant to energy resources that are the subject of the proclaimed emergency of associated disaster.

(3) In obtaining information under this section, the governor shall:

(a) seek to avoid eliciting information already furnished by a person or political subdivision in this state to a federal, state, or local regulatory authority that is available for his study; and

(b) cause reporting procedures, including forms, to conform to existing requirements of federal, state, and local regulatory authorities.

(4) Nothing in this act shall require the disclosure by a distributor of confidential information, trade secrets, or other facts of a proprietary nature.

(5) The governor shall forward to the committee such information collected under this section as the committee may request and shall advise the committee of the progress of the information gathering process.

HeinOnline -- 1977 vol. II 1937 1977

Section 6. **Advice of distributors and consumers.** The governor shall actively solicit the advice of consumers, through the legislative consumer committee established in 70-703, and of distributors throughout the information gathering, planning, and implementation process described in this act.

Section 7. **Submission and approval of curtailment plans.** (1) The governor may at any time require a distributor of an energy resource to prepare for his approval a plan for the curtailment of the distribution of that resource in the event of a state of energy emergency. Plans shall be submitted in such form and within such limits as the governor shall specify, and shall recognize the obligations and duties which may be placed upon distributors subject to this act by other jurisdictions, both state and federal.

(2) Approval of plans for curtailment shall be based on the following factors:

(a) the consistency of the plan with the public health, safety, and welfare;

(b) the technical feasibility of implementation of the plan;

(c) the effectiveness with which the plan minimizes the impact of any curtailment;

(d) the needs of commercial, agricultural, retail, professional, and service establishments whose normal function is to supply goods or services, or both, of an essential nature, including but not limited to food, lodging, fuel, and medical care facilities;

(e) the regional agreements or contracts of the distributors; and

(f) the advice of the committee.

Section 8. **Governor's considerations.** In determining whether to declare an energy supply alert or energy emergency, the governor shall consider:

(1) availability of regional and national energy resources;

(2) local, state, regional, and national energy needs and shortages;

(3) availability of short-term alternative supplies on a local, state, regional, and national basis;

(4) the economic effect of such declaration and the implementation of any curtailment or conservation plans;

(5) the advice of the committee; and

(6) any other relevant factors.

Section 9. **Energy supply alert.** (1) The governor may upon finding that an energy alert condition exists, declare the same for a period of not longer than 90 days, setting forth the reasons therefor. Such declaration may be renewed for 90-day periods thereafter upon a finding that the energy alert condition will continue for such further period.

HeinOnline -- 1977 vol. II 1938 1977

(2) Whenever the governor has declared an energy supply alert, he may by executive order direct actions:

(a) reducing energy resource usage by state agencies and political subdivisions;

(b) promoting conservation, prevention of waste and salvage of energy resources and the materials, services, and facilities derived therefrom or dependent thereon, by state agencies and political subdivisions.

Section 10. **Emergency energy — powers of governor.** In addition to his existing powers and duties, the governor shall have the following duties and special energy emergency powers subject to the definitions and limitations in this act:

(1) The governor with the advice of the committee may, upon finding that a situation exists which threatens to seriously disrupt or diminish energy supplies to the extent that life, health, or property may be jeopardized, declare a condition or state of energy emergency, at which time all of the general and specific emergency powers further enumerated in this section shall become effective.

(2) The condition of energy emergency terminates after 14 consecutive days unless extended by a declaration of the legislature by joint resolution of a continuing condition of energy emergency of a duration to be established by the legislature.

(3) The conditions of an energy emergency alternatively cease to exist upon a declaration to that effect by either of the following:

(a) the governor; or

(b) the legislature, by joint resolution if in regular or special session.

(4) In a declared state of energy emergency, the governor may, with the advice of the committee:

(a) implement such programs, controls, standards, priorities, and quotas for the production, allocation, conservation, and consumption of energy, including plans for the curtailment of energy; provided that in so doing, the governor shall impose controls, quotas, or curtailments according to the nature of the end use to be made of the energy consistent with existing transmission and distribution systems serving the geographic area affected by the energy emergency;

(b) suspend and modify existing pollution control standards and requirements or any other standards or requirements affecting or affected by the use of energy, including those relating to air or water quality control; and

(c) establish and implement regional programs and agreements for the purposes of coordinating the energy programs and actions of the state with those of the federal government and of other states, localities, and other persons.

(5) Nothing in this act means that any program, control, standard, priority quota, or other policy created under the authority of the emer-

HeinOnline -- 1977 vol. II 1939 1977

gency powers authorized by this act has any continuing legal effect after the cessation of a declared state of energy emergency.

(6) Because of the emergency nature of this act, all actions authorized or required hereunder or taken pursuant to any order issued by the governor are exempted from all requirements and provisions of the Montana Environmental Policy Act of 1971, including but not limited to the requirement for environmental impact statements.

(7) Except as provided in this section, nothing in this act exempts a person from compliance with the provisions of any other law, rule, or directive unless specifically ordered by the governor, or unless impossibility of compliance is a direct result of an order of the governor.

Section 11. **Obligations of state and local executives.** To protect the public welfare during conditions of energy alerts or emergencies, the chief executive of each political subdivision of the state, including local governments with self-government power, and each state agency shall carry out in his jurisdiction such energy supply alert or energy emergency measures as may be ordered by the governor.

Section 12. **Coordination with federal provisions.** In order to attain uniformity, as far as is practicable throughout the country in measures taken to aid in energy crisis management, all action taken under this act and all orders and rules made pursuant to it shall be taken or made with due consideration for and consistent when practicable with the orders, rules, actions, recommendations, and requests of federal authorities.

Section 13. **Compliance.** Notwithstanding any provision of law or contract to the contrary, all persons who are specifically ordered by the governor with the advice of committee to comply with an order issued or action taken pursuant to this act shall comply.

Section 14. **Orders to distributors.** The governor may order any distributor to take such action on his behalf as may be required to implement orders issued pursuant to section 10 and no distributor or person is liable for actions taken in accordance with such order.

Section 15. **Liability.** No distributor or person is liable for damages to persons or property resulting from action taken in accordance with orders or regulations issued pursuant to this act or actions taken pursuant to orders, rules, actions, recommendations, and requests of federal authorities.

Section 16. **Rules and executive orders.** Notwithstanding the exemption from the provisions of the Montana Administrative Procedure Act granted to the governor in Title 82, chapter 42, R.C.M. 1947, the governor may adopt rules necessary to implement this act and cause their adoption and publication to be completed in the same manner as the adoption and publication of agency rules. In addition, executive orders of the governor implementing provisions of this act shall be published in the Montana Administrative Register upon request of the governor.

Section 17. **Civil defense laws supplemented.** The powers vested in the governor under this act are in addition to and not in lieu of emergency

HeinOnline -- 1977 vol. II 1940 1977

powers vested in him under Title 77, chapter 23, or any other law of Montana.

Section 18. **Penalties.** A person convicted of violating this act is guilty of a misdemeanor. Each day of violation, after notice of violation, shall constitute a separate offense.

Section 19. Section 79-2501, R.C.M. 1947, is amended to read as follows:

"79-2501. Governor may authorize expenditure in case of emergency or disaster. The governor may authorize the incurring of liabilities and expenses to be paid as other claims against the state from the general fund, in the amount necessary, when an emergency or disaster justifies the expenditure and is declared by the governor, to meet contingencies and emergencies arising from hostile attacks, riots or insurrections, epidemics of disease, plagues of insects, fires, floods, *energy emergencies* or other acts of God resulting in damage or disaster to the works, building or property of the state or any political subdivision thereof, or which menace the health, welfare, safety, lives or property of any considerable number of persons in any county or community of the state, upon demonstration by the political jurisdiction that such political jurisdiction has exhausted all available emergency levies, that the emergency is beyond the financial capability of the political jurisdiction to respond, and for which no appropriation is available in sufficient amount to meet the emergency or disaster, or that federal funds available for such emergency or disaster require either matching state funds or specific expenditures prior to eligibility for assistance under federal laws."

Section 20. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 21. **Period of effectiveness.** This act is effective on passage and approval and shall remain in effect until March 1, 1979.

Approved May 13, 1977.

(2) The level of expanded day-care assistance provided under this act shall decrease as family income increases according to the following criteria:

CHAPTER NO. 582

AN ACT TO REVISE AND CLARIFY THE MONTANA ECONOMIC LAND DEVELOPMENT ACT, REPEALING SECTIONS 84-7502 THROUGH 84-7526, R.C.M. 1947; ENACTING NEW SECTIONS IN LIEU THEREOF; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 84-7502.1 that reads as follows:

84-7502.1. Policy. The legislature finds that as a state we currently face problems in development that not only cause concern for our future but also could cause cutbacks in our state's growth and proper development. Since many of these concerns are based on land use decisions, the state should develop a land use policy which will direct Montana's land use expansion through the enactment of a program establishing:

(1) local decision-making authority and control as primary factors in the determination of land use patterns;

(2) tax incentive programs for land and structures based on proper land use; providing tax benefits for proper land use and tax penalties for improper land use;

(3) a land use policy that does not impede economic progress, but which aids in the development of a program which will meet the social and economic challenges brought about through economic development;

(4) land use procedures, supplementary to zoning through a local control structure providing for continuous action, which do not conflict with Title 11, chapter 27, or Title 16, chapters 41 and 47, (or those chapters as they may be amended or recodified);

HeinOnline -- 1977 vol. II 1947 1977

(5) in general, a system of proper land use developed by a determination of the impact on an area, beneficial or otherwise, and providing tax incentives and penalties based thereon to curb improper development patterns.

Section 2. There is a new R.C.M. section numbered 84-7503.1 that reads as follows:

84-7503.1. Purpose. Montanans are faced by a nation actively searching for timber, coal, minerals, and recreational opportunities. This act is designed to establish Montana's developmental goals in a unique way: by placing our future land development within a system controlled by taxation as well as land regulation. Specific goals are:

(1) to encourage an inward pattern of urban growth which will promote greater population density on developed land within the urban areas and correspondingly provide a greater percentage of open space through control of sprawl development;

(2) to guide industrial and commercial development in Montana;

(3) to develop a program which is controlled and directed on a local level, with the actual land use direction and classification left wherever possible to the local land owner, working within existing standards, classifications, and land use practices; and

(4) in general, to provide a directional land use policy for Montana that is based on the principles of desirable growth through the development of local control rather than regulation by preemption.

Section 3. There is a new R.C.M. section numbered 84-7504.1 that reads as follows:

84-7504.1. Definitions. As used in this act, the following definitions apply:

(1) "Density" means the number of dwelling units per gross acre.

(2) "Dwelling unit" means any building or portion thereof providing complete, independent, and permanent living facilities for one family.

(3) "Single family dwelling" means a detached or semiattached dwelling unit.

(4) "Multifamily dwelling" means a structure consisting of more than one dwelling unit.

(5) "Neighborhood commercial area" means a cluster of convenience retail and personal service establishments that secure their principal trade by supplying the daily needs of the population residing within a geographical district defined by local government. The location and quantity of land within the neighborhood commercial area shall be a business island not more than 4 acres in size and with no business frontage extending more than 600 feet along any street.

(6) "Planned unit development" (PUD) means a land development project consisting of residential clusters, industrial parks, shopping centers, or office building parks, or any combination thereof which comprises

HeinOnline -- 1977 vol. II 1948 1977

a planned mixture of land uses built in a prearranged relationship to each other and having open space and community facilities in a common ownership or use.

(7) "Regional commercial area" means land adjacent to a neighborhood commercial area that accommodates business and trade facilities that are major in nature and generally require sites in excess of 4 acres and that serve the needs of a community or region. The quantity of land within a regional commercial area may not exceed 40 acres and may not contain more than one-half mile of frontage on any given street or highway.

(8) "Corporate limits", in the case of a consolidated city-county government, means the boundaries of a class 1 or class 2 city as they existed prior to consolidation.

(9) "Governing body" means the governing authority of any city or town, or any joint city-county governing authority organized pursuant to law.

(10) "State administering agency" means the department of community affairs.

(11) "Remodeling" means expansion or reconstruction of a structure, building, or other man-made object which increases its taxable value by at least 2 ½%, as determined by the department of revenue or its agents.

(12) "Construction period" means a period of time beginning with the issuance of a building permit and concluding when the construction is ready for its designed use or when the county assessor determines the structure to be substantially completed. In those cases where building permits are not issued, the beginning of the period is that time determined by the governing body as the start of construction. In no case may the construction period exceed 18 months.

(13) "Zoning" means the regulation by a governing body of the use of land or structures thereon, or both, within a designated portion of the jurisdictional area of the governing body, as authorized under Title 11, chapter 27, or that chapter as it may be amended or recodified.

(14) "Central business district" means that portion of land, within the corporate limits of a city, defined and delineated by the local governing body as forming the center of the city's financial, commercial, and professional activities.

(15) "Core area" means that portion of land, within the corporate limits of a class 1 or class 2 city, that includes the central business district and extends a minimum of one-half block beyond in all directions and a maximum of three blocks, including all streets and alleys adjacent to or within the area. The core area shall be as designated by the governing body.

(16) "Civic band" means that portion of land which extends from the core area to the corporate limits.

(17) "Value" means taxable value.

(18) "Land". For the purposes of this act, there are two main categories of land: vacant and unimproved and developed. Each of these two cate-

HeinOnline -- 1977 vol. II 1949 1977

gories can be defined in terms of the principal use (or nonuse) made of the land:

(a) developed land—land used principally for residential, industrial, or commercial purposes. The types of land use under this category are:

(i) residential land—land used for varying concentrations of dwellings designed to meet contemporary building and living standards;

(ii) industrial land—land used for manufacturing, converting, processing, assembling, dismantling, refining, or producing, a material or product; and

(iii) commercial land—land used for business purposes principally in the provision of services or the wholesale or retail selling of goods.

(19) "Vacant unimproved land" means privately owned land in areas zoned residential or commercial that have not been developed for any use defined in the preceding subsection.

Section 4. There is a new R.C.M. section numbered 84-7505.1 that reads as follows:

84-7505.1. Operation. (1) Cities shall implement the following procedure in adopting or developing provisions of this act:

(a) class 1 or 2 cities already planned and zoned shall adopt the provisions of this act which will become effective on January 1, 1978, or thereafter, if an initiative for adoption is signed by at least 15% of the registered voters of that city and a majority of those voting on the question, in a special election or in the next general election, vote for its implementation.

Section 5. There is a new R.C.M. section numbered 84-7508.1 that reads as follows:

84-7508.1. Land classified as residential — assessment provisions. The governing body shall identify those lands within its jurisdiction whose highest and best purpose is determined to be residential. Plans for residential land shall further be incorporated according to the most desirable types of residential buildings for the land categories. These categories can be but are not limited to single family (low density), single family (high density), duplex, multifamily (low density), and multifamily (high density). All new construction of residential buildings shall receive tax benefits or penalties based on their compliance with the land use categories established by the governing body. Benefits and penalties for new construction shall apply to the land and the improvements thereon and will be in accordance with the following:

(1) If vacant unimproved land is not marketable because of local conditions, the governing body shall grant zoning variances to conform with established neighborhood patterns that will increase the marketability of such land. The governing body in accordance with 84-7517.1 may extend the 5-year period as to existing residential subdivisions in which the vacant lots are being developed by new residential construction within a reasonable time under existing economic conditions.

HeinOnline -- 1977 vol. II 1950 1977

(2) Residential construction on land, served by municipal water, sewer, and street systems, that is within the civic band designated for that use shall be taxed at 90% of taxable value for 10 years. In the 11th and all subsequent years, the property shall be taxed at its full taxable value.

(3) New residential construction on land designated for other than residential use within the civic band shall be taxed at 125% of taxable value for 10 years. Beginning with the 11th year, the percentage shall be reduced annually by equal increments over a 10-year period until the taxable value is reached in the 20th year. In subsequent years, the property shall be taxed at 100% of taxable value.

Section 6. There is a new R.C.M. section numbered 84-7509.1 that reads as follows:

Improvements classified as "new industrial property" under Class Seven in 84-301 or under 84-301.19 may not qualify for benefits under this section. Industrial land and buildings shall be classified as Class A, B, C, or D for purposes of new construction or expansion of existing facilities. Industrial	- 50%	- 30%	- 10%	+25%

The percentages above reflect the amount in addition (+) to the taxable value or less than (-) the taxable value. These percentages of taxable value shall be continuously applied to the land and the buildings for 10 consecutive years following their construction. The construction period may not be taxed for new industrial construction or expansion of an existing industry, except as provided in 84-7509.1(3) and (5). Beginning with the 11th year following construction, the percentage of taxable value shall be adjusted in equal increments until taxable value is attained in the 20th year. After construction is completed, the property shall be taxed at 50% of its taxable value for a period of 10 years. Beginning with the 11th year following construction, the percentage of taxable value shall be adjusted in equal increments until taxable value is attained in the 20th year. Thereafter, the property shall be taxed at 100% of its taxable value.

After a home, building, or structure has been remodeled, the provisions of this section shall be considered to be started again with the beginning of a new 10-year period.

(3) The governing body shall waive the provisions of this section unless it can be demonstrated that lack of regular maintenance over a period of time has failed to maintain the value of the property and that depreciation has taken place to lower the value of the property more than 2 ½%.

Section 11. There is a new R.C.M. section numbered 84-7514.1 that reads as follows:

84-7514.1. Special conditions. (1) Any land subclassified under this act may be, at the owner's option, reclassified at any time to a new subclassification within the same classification if allowed under the specifications of that subclassification as set forth in this act.

(2) Any increase in taxes necessary to pay for any loss of revenue caused by this act shall be raised by an increased mill levy rather than by an increase in the valuation of specific property.

(3) Any property owned by one or more persons or companies may be so classified as to meet one or more of the standards of this act.

(4) Hospitals, churches, rest homes, nursing homes, governmental buildings, schools, colleges, or any charitable institution exempt from taxation under 84-202 may be constructed in any of the classified land areas without penalty.

(5) Any aggrieved taxpayer may appeal any decision involving tax benefits or penalties rendered by the governing body under this act to the state tax appeals board.

84-7517.1. Changes in boundaries. (1) After final adoption of plan, any property owner may petition for a change in the boundary of any land use classification. Within 10 days of receipt of the petition, the governing body shall forward a copy of the petition to the affected planning organization and the appropriate state agencies. After 60 days but within 120 days or receipt of a petition, the governing body shall advertise a public hearing to be held and serve notice on the persons and agencies that have an interest in the subject of the petition, at least 10 days prior to the hearing date.

(2) No petition shall be approved unless the petitioner submits to the governing body proof that the area is needed for a use other than that for which the land is classified and unless at least two of the following criteria apply:

(a) the land is not usable or adaptable for the use for which it is classified, or the new use of the land would be more beneficial to the area;

(b) conditions and trends of development have so changed since the adoption of the existing classification that the proposed classification is reasonable and desirable and the land is capable of sustaining the use proposed; and

(c) the proposed change shall offer the community or individual affected relief from impact caused by an outside or uncontrollable influence facing the community because of new and substantial development.

(3) Should the governing body approve the change in classification, it shall modify the existing land use plan to reflect such changes and shall change any taxable valuations as may be necessary.

WHEREAS, all matching funds for Montana's weatherization projects have come from local government appropriations; and

WHEREAS, evaluations of weatherized homes demonstrate energy savings ranging from 15% to over 30% of previous energy consumption levels; and

WHEREAS, the significance of conservation potentials and the predicament of low-income people trying to meet rapidly rising heating costs warrant the state assuming a major funding role to increase the level of federal matching funds for weatherization in Montana.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Appropriation.** There is appropriated $300,000 from the interest earnings generated by the coal tax trust fund established under section 84-1319(1) to the department of community affairs for the biennium ending June 30, 1979, for the purpose of expanding the state's weatherization program.

(a) 50% of the remaining money shall be disbursed for the purpose of weatherization as follows: each of the governor's substate planning districts shall receive that fraction of money disbursed under this subsection as the number of eligible households of the local area bears to the total number of eligible households in the state;

(b) 50% of the remaining money shall be disbursed as follows: each of the Governor's substate planning districts shall receive that fraction of money disbursed under this subsection as the local effort as measured by financial assistance and in-kind services per eligible household bears to the cumulative state total of local government effort per eligible household.

Section 4. There is a new R.C.M. section numbered 35-603 that reads as follows:

(b) a person who has previously been convicted of an offense in this or another state, committed on a different occasion than the present offense, during the commission of which he knowingly displayed, brandished, or otherwise used a firearm, destructive device, as defined in 69-1931(1), or other dangerous weapon.

(4) the defendant was an accomplice, the conduct constituting the offense was principally the conduct of another, and the defendant's participation was relatively minor; or

(5) where applicable, no serious bodily injury was inflicted on the victim.

Section 15. There is a new R.C.M. section numbered 95-2206.19 that reads as follows:

95-2206.19. Hearing to determine application of exceptions. (1) When the application of an exception provided for in 95-2206.18 is an issue, the court shall grant the defendant a hearing prior to the imposition of sentence to determine the applicability of the exception.

(2) The hearing shall be held before the court sitting without a jury. The defendant and the prosecution are entitled to assistance of counsel, compulsory process, and cross-examination of witnesses who appear at the hearing.

(3) If it appears by a preponderance of the information, including information submitted during the trial, during the sentencing hearing, and in so much of the presentence report as the court relies on, that none of the exceptions at issue apply, the court shall impose the appropriate mandatory sentence. The court shall state the reasons for its decision in writing and shall include an identification of the facts relied upon in making its determination. The statement shall be included in the judgment.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Title.** This act may be cited as the "General Appropriations Act of 1977".

Section 2. **Definitions.** For the purposes of this act, unless otherwise stated:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the governor, or his designated representative, for executive branch agencies; the chief justice of the supreme court for judicial branch agencies; appropriate legislative committees for legislative branch agencies, or the board of regents for the university system.

(3) "University system unit" means the board of regents, office of the commissioner of higher education, the university of Montana at Missoula, Montana state university at Bozeman, Montana college of mineral science and technology at Butte, eastern Montana college at Billings, northern Montana college at Havre, western Montana college at Dillon, the agricultural station with central offices at Bozeman, the cooperative extension service with central offices at Bozeman, or the bureau of mines and geology with central offices at Butte.

Section 3. **Budget amendments.** An agency may request and the approving authority may approve a budget amendment to obtain financing for a new or expanded program from funds which were not available for consideration by the legislature but which have become available from a source other than the state's general fund and other than receipts to the state from the United States government made available under the provision of P.L. 94-488, the federal Revenue Sharing Extension Act or any extension or modification of that act. Each budget amendment shall be submitted to the budget director and the office of legislative fiscal analyst.

Section 4. **Amendment procedures.** In approving a budget amendment, the approving authority shall:

HeinOnline -- 1977 vol. II 1981 1977

(1) certify specific additional services to be provided as a result of a higher expenditure level;

(2) certify that no other alternative is available to provide the additional services;

(3) certify that the additional proposed services have not been considered and rejected by the legislature;

(4) certify that no commitment, implied or otherwise, is made for increased future general fund support;

(5) specify criteria for evaluating the effectiveness of the additional services provided;

(6) include in the next executive budget request a section listing each budget amendment approved since the adjournment of the previous regular session relating these amendments to any expanded or new programs requested in the executive budget and evaluating each amendment according to the criteria specified in the amendment.

Section 5. **Budget requests.** Sufficient funds are appropriated in this act to enable each agency to submit its budget request to the budget director and the legislative fiscal analyst pursuant to the time schedule established in 79-1013. If any agency fails to submit its final, complete budget request by the deadlines established in 79-1013, the expenditure authority herein granted shall be reduced or rescinded by the budget director unless the agency director certifies that an emergency situation has precluded a timely budget presentation and the budget director approves an extension not to exceed 30 days.

Section 6. **Expenditure limit.** Expenditures shall not exceed appropriations except as otherwise provided in this act.

Section 7. **Other appropriated funds.** Unless otherwise indicated herein, the appropriations made under the column heading, "Other Appropriated Funds", are from funds within the earmarked revenue fund, the federal and private revenue fund, and the revolving fund that accrue under provisions of law to the expending agency.

Section 8. **Operating budgets.** Expenditures shall be made only in accordance with operating budgets approved by the approving authority. The respective appropriations are contingent upon approval of the operating budget by July 1 of each fiscal year. Each operating budget shall include expenditures for each agency program detailed at least by personal services, operating expenses, equipment, benefits and claims, transfers, and local assistance.

Section 9. **Access to records.** No funds appropriated by this act may be expended for any contract, written or oral, for services with a non-state entity, for services to be provided by the non-state entity to members of the public on behalf of the state, unless such contract contains a provision allowing access to those records of the non-state entity as may be necessary for legislative post-audit and analysis purposes in determining compliance with the terms of the contract. Each such contract shall auto-

matically terminate, and each contract shall so provide, upon refusal of the non-state entity to allow access to records necessary to carry out the legislative post-audit and analysis functions set forth in Title 43, chapter 11, and Title 79, chapter 23, R.C.M. 1947.

Section 10. **Reduction of appropriation.** In the event of a shortfall in revenue the Governor may reduce any appropriation by not more than 15 percent except appropriations for:

1. payment of interest and retirement of state debt;
2. the legislative branch;
3. the judicial branch;
4. public schools; or
5. salaries of elected officials during their term of office.

Section 11. **Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

Section 12. **Reversion.** Notwithstanding other provisions of law, the unexpended balance of each appropriation shall revert to the fund from which it was appropriated at the end of each fiscal year unless the approving authority certifies that an emergency requires the expenditure of the otherwise reverted funds and explains the nature of the emergency. Goods or services received but not paid for during a fiscal year shall be accrued from that year's appropriation authority and paid from that year's appropriated funds.

Section 13. **Other funds to offset general fund.** In the event a state agency receives additional funds which were not available for consideration by the legislature, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the 45th legislature, unless a budget amendment has been approved by the approving authority.

Section 14. **Statutory provisions.** Except as otherwise provided in this act, the expenditures of appropriations are hereby subject to the following general and specific provisions:

HeinOnline -- 1977 vol. II 1983 1977

any source whatsoever, including federal grants for research and operations, shall be deposited in the state treasury pursuant to provisions of Title 79, R.C.M. 1947, except that the department of administration may pursuant to 79-603 permit any agency to retain in its possession moneys that would otherwise be deposited in the state treasury.

(5) All expenditures of funds appropriated by this act shall be reported and accounted for in accordance with procedures and systems established by the department of administration pursuant to 82-110.

Section 15. **Membership dues and travel.** It is the intent of the legislature that funds appropriated under the act shall not be expended for the purpose of membership costs to private organizations, nor for the purpose of obtaining memberships to professional organizations for individuals within the various departments and agencies of state government. Further, travel associated with memberships to private or professional organizations shall be reported on a timely basis to the legislative finance committee indicating the number of persons traveling, purpose of trip and cost. The payments for aid to families with dependent children shall not exceed, when the food stamp bonus value is included, 77.5 percent of the 1976 poverty threshold as computed by the U.S. department of commerce in fiscal 1978 or 80 percent of the 1977 threshold in fiscal 1979.

The appropriation contains $100,000 per year from the general fund for medical, nursing, pharmaceutical, and technical services in the treatment of chronic renal diseases. Any unspent funds shall revert at the end of the biennium.

the biennium the department finds that the amounts appropriated are insufficient because a larger number of individuals have transferred from state institutions or because recurring program costs for services provided in June 1977 exceeded $538,000, it shall notify the legislative finance committee. This notice shall be made prior to any major reduction of services to individuals than enrolled in programs. In this notice the department shall explain the reasons for anticipated cost overruns, the projected amount of the overrun and what action the department would take to keep expenditures within the appropriated amounts.

The appropriation contains funds to hire an additional veterans' service officer. This officer shall be located at Havre, Montana.

The appropriation to the department contains funds for referral technicians throughout the state and for continuing the foster grandparent program.

The appropriation to the department is based on an estimate of $9,048,000 in fiscal 1978 and $8,700,000 in fiscal 1979 received under authorization of Title XX of the social security act excluding special training funds which are exempt from federal ceiling on these Title XX funds. In the amount additional Title XX funds are made available in excess of $17,748,000 to the state in the next biennium, general fund shall revert, unless a nonsupplanting clause prevents acceptance of such funds under these conditions, in which case the budget amendment process in section 13 of this act applies to all funds.

3-15. Contracts for purchase or lease of equipment and supplies made by the business manager during the legislative session shall be made on the approval of the committee on legislative administration of each house, subject to the review of the presiding officer of the respective house.

CHAPTER 4

Order of Business

4-1. After prayer, roll call, and report on the journal, the order of business of the Senate and House of Representatives is as follows:

(1) Communications and petitions

(2) Reports of standing committees

(3) Reports of select committees

(4) Messages from the governor

(5) Messages from the other house

(6) Motions

(7) First reading and commitment of bills

(8) Second reading of bills (committee of the whole)

(9) Third reading of bills

(10) Unfinished business

(11) Special orders of the day

(12) Announcement of committee meetings

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the house involved shall revert to order of business No. 1 when reconvening after a recess.

CHAPTER 5

Motions

5-1. When a motion is made it shall be restated by the presiding officer, and, if requested by the presiding officer or a member, shall be reduced to writing and read aloud. A motion may be withdrawn by the member making it at any time before it is amended or voted upon.

5-2. When a question is under debate no motion may be made except the following privileged and subsidiary motions which have precedence in the order listed:

(1) To adjourn

(2) For a call of the house

(3) To recess

(4) Question of privilege

HeinOnline -- 1977 vol. II 2023 1977

(5) To lay on the table

(6) For the previous question

(7) To postpone to a certain day

(8) To refer or commit

(9) To amend

(10) To postpone indefinitely.

A question may be indefinitely postponed by a majority roll call vote of all members present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration made pursuant to Rule 5-4.

5-3. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

5-4. Any member may, on the day the vote was taken or on the next day the house in which the action was taken is in session, move to reconsider the question. A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the house concerned, and thereafter any member may call it up for consideration; however, a motion to reconsider made after the fifty-fourth day of the session shall be disposed of when made. A motion to recall a bill from the other house constitutes notice to reconsider, and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the other house may be made only under order of business No. 6, and under that order of business takes precedence over all motions except motions to recess or adjourn.

5-5. When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

5-6. (1) Except as provided in subsection (2) of this rule, the effect of moving the previous question, if adopted, is to close debate immediately, to prevent the moving of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

5-7. A call of the house is not in order after the previous question is ordered, unless it appears upon an actual count by the presiding officer that a quorum is not present.

5-8. The following motions are not debatable:

(1) To adjourn

(2) For a call of the house

HeinOnline -- 1977 vol. II 2024 1977

(3) To recess

(4) For parliamentary inquiry

(5) For suspension of the rules

(6) To lay on the table

(7) For the previous question

(8) To limit, extend the limits of, or to close debate

(9) To amend an undebatable motion

(10) To divide a question

(11) To pass business in committee of the whole

(12) To take from the table

(13) A decision of the presiding officer, unless appealed or unless he submits the question to the house for advice or decision

(14) All incidental motions, such as motions relating to voting or other questions of a general procedural nature.

5-9. A member may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

5-10. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

CHAPTER 6

Bills and Resolutions

A.—Form of Bills—Definition of Resolutions—General Provisions

6-1. The only types of instruments other than bills which may be introduced in either house of the legislature are:

(1) A simple resolution is a formalized motion passed by one house only and bears the heading "House Resolution" or "Senate Resolution". It may be used to amend the rules of one house or to provide for the internal affairs of the house adopting it. It does not require three readings or a roll call vote. A member offering a simple resolution may read it in his place before introduction. When a simple resolution has been introduced, it shall be referred to a committee. Final action shall be taken on the Committee of the Whole report. The transmittal of copies of simple resolutions is the responsibility of the chief clerk or secretary of the house of origin.

A copy of every simple resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

(2) A joint resolution must be adopted by both houses and is not

HeinOnline -- 1977 vol. II 2025 1977

approved by the governor. It may be used to express desire, opinion, sympathy, or request of the legislature; to amend the joint rules; to ratify or propose amendments to the United States Constitution; and to direct changes to, repeal, or direct adoption of, a rule in the Montana Administrative Code. Except as otherwise provided in these rules or the Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

A copy of every joint resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

6-2. Bills shall be typewritten on paper eight and one-half by eleven inches with twenty-five numbered lines, and shall be introduced in quadruplicate. Pica type and a good black ribbon must be used. Bills shall be numbered at the foot of each page (except page one) and shall have white covers of a substantial material. In sections amending existing statutes, matter to be stricken out shall be indicated with a line through the words or part to be deleted, and new matter shall be underlined. Sections of the most recent Revised Codes of Montana repealed or amended in a bill shall be stated in the title except for general appropriation bills and bills for the codification and general revision of the laws. Introduced bills will be reproduced on white paper and distributed to legislators.

6-3. No bill, except general appropriation bills, and bills for the codification and general revision of the laws, shall contain more than one subject, which shall be clearly expressed in the title. The enacting clause of every law shall be as follows: "Be it enacted by the legislature of the state of Montana".

A bill shall be used to propose amendments to the Constitution of the State of Montana and shall not be subject to the veto of the governor (Montana Constitution, Art. VI, Sec. 10(1)).

6-4. All appropriation bills shall originate in the House of Representatives.

The general appropriation bills shall embrace nothing but appropriations for the ordinary expenses of the legislative, executive and judicial departments of the state, interest on public debt and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject (Montana Constitution, Art. V, Sec. 11 (4)). Appropriation bills for the operation of the legislature shall be introduced by the chairman of the House Committee on Appropriations.

6-5. Every statute, unless a different time is prescribed therein, takes effect on the first day of July of the year of its passage and approval. Every joint resolution, unless a different time is prescribed therein, takes effect from its passage (Sections 43-507 and 43-509, R.C.M. 1947).

B.—Introduction

6-6. Bills will be checked by the staff of the Legal Services Division of the Legislative Council prior to consideration by a committee of the legislature, for proper format, style, and legal form. A stamp shall be affixed to the bill cover and initialed indicating this review. If such stamp

HeinOnline -- 1977 vol. II 2026 1977

is not affixed at the time the bill is delivered to the appropriate committee chairman, the chairman shall cause the bill to be transmitted to the Legal Services Division for such review. Members should make every effort to present proposed bills to the Division in advance of introduction of the bill. Bills will be entered on the automated bill drafting equipment and typed to facilitate a more rapid reproduction. If a bill is not so entered prior to introduction, it will not be considered by any committee until it has been reviewed and entered. This review will be made after the eighteenth day. If the sponsor is notified of a problem with a bill and does not respond to the director of the Legal Services Division, Legislative Council, within two legislative days, the bill will be referred to the committee on rules in the house where the bill was introduced.

A bill may be introduced by endorsing it with the name of a member or committee and presenting it to the chief clerk or secretary in quadruplicate. Bills, joint resolutions, and simple resolutions shall be numbered consecutively in each session of the legislature in separate series in the order of their receipt.

Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department shall be so indicated following the names of the sponsors, "By Request of _____ (Name of Agency or Committee)".

A bill which results from a interim study committee may be introduced in the name of the interim committee. The chairman of the interim committee, or a member designated by him, shall manage the bill.

Bills may be prefiled, numbered and preprinted prior to a legislative session. This will be the responsibility of the staff of the Legislative Council. Actual signatures may appear on the face of the prefiled bill or signatures may be obtained on a consent form from the Legislative Council. Additional sponsors may be added at the time of introduction on the first legislative day, on motion of the chief sponsor. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

All prefiled bills will be made available to the public.

6-7. Bills may be introduced until 5 p.m. on the eighteenth legislative day, except revenue bills, Committee Bills approved by the rules committee of the house in which the committee bill originated and appropriation bills.

All bill drafting requests must be submitted to the Legislative Council staff by 5 p.m. of the fourteenth legislative day. A sponsor of a bill drafted pursuant to a timely request, but which is not delivered by the eighteenth day by the Legislative Council, shall have two legislative days after delivery to introduce the bill. No other bills except revenue and appropriation bills may be introduced after 5 p.m. on the eighteenth legislative day.

Revenue bills must be introduced by 5 p.m. on the twenty-fifth legislative day. Committee bills approved by the rules committee of the house in which the committee bill originated may be introduced by the fortieth legislative day. There is no time limit for introduction of appropriation bills.

HeinOnline -- 1977 vol. II 2027 1977

Joint Resolutions affecting rules adopted in the Montana Administrative Code may be introduced and transmitted at any time during a session.

Requests for interim studies may be made by joint resolution only and may be introduced and transmitted at any time during a session.

6-8. No bill may be introduced or received in a house after that house has finally rejected a bill during that session designed to accomplish the same purpose save upon approval by the rules committee of the house in which the bill is offered for introduction or reception.

Failure to override a veto does not constitute final rejection.

6-9. At least three-fourths of a standing committee must consent to the introduction of a committee bill.

C.—First Reading and Commitment

6-10. No motion affecting a bill is in order on its first reading except as provided in Joint Rule 6-6.

Upon introduction or reception of a bill, the chief clerk of the House or the secretary of the Senate shall publicly post upon a listing that bill by a summary of its title in the house of origin and by a summary of its title and by its history in the second house, together with a notation of the committee to which it has been assigned, and such posting shall constitute the first reading of the bill.

6-11. No bill shall be considered or become a law unless referred to a committee and returned therefrom.

6-12. Upon introduction or reception of a bill, it shall be referred to a committee by the presiding officer.

6-13. A bill may be recommitted at any time before its passage.

D.—Amendments and Substitute Bills

6-14. No law shall be revised or amended, or the provisions thereof extended by reference to its title only, but so much thereof as is revised, amended or extended shall be reenacted and published at length.

6-15. No law shall be passed except by bill, and no bill shall be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

6-16. A committee may recommend that every clause in a bill be changed and that entirely new matter be substituted so long as the new matter is relevant to the title and subject of the original bill. A substitute bill shall be considered as an amendment and not as a new bill.

6-17. The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the bill following the enacting clause and to substitute the new bill, recommending also any necessary changes in the title. If a committee report recommending a substitute for a bill originating in the other house is adopted, the substitute bill shall be printed.

HeinOnline -- 1977 vol. II 2028 1977

6-18. Amendments to a bill by the second house shall not be further amended by the house in which the bill originated, but must either be accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated.

6-19. If a majority of a house adopts a recommendation for the passage of a bill originating in that house after it has been returned from a committee with amendments, not less than six hundred copies of the bill shall be printed on canary paper with all amendments incorporated into the printed copies. If the bill has been returned from a committee without amendments, only the first sheet shall be printed on canary paper, and the remainder of the text incorporated by reference to the preceding printed version of the entire bill. Bills referred to the bills committee of the house of origin for printing must be reported within three days unless further time is granted by that house.

E.—Engrossing and Enrolling

6-20. When a bill has been reported favorably by committee of the whole of the house of origin and the report has been adopted, the bill shall be engrossed under the direction of the bills committee, and when reported correctly engrossed by the committee shall be placed on the calendar for third reading on the succeeding legislative day. Committee of the whole amendments shall be included in the engrossed bill. Copies of the engrossed bill to be distributed to legislators will be reproduced on blue paper. If a bill is unamended by the committee of the whole, contains no clerical errors, and is neatly written, it may be engrossed without retyping, and only the first sheet shall be printed on blue paper with the remainder of the text incorporated by reference to the preceding printed version of the entire bill.

If a bill is amended by the standing committee or committee of the whole in the second house, the amendments will be included in a reference bill and distributed in the second house for third reading consideration. The amendments will also be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments will be distributed in the original house.

6-21. When a bill has passed both houses it shall be enrolled by the Legislative Services Division of the Legislative Council as an act of the legislature under the direction of the bills committee of the house of origin. An original and three duplicate typewritten copies of the bill shall be enrolled, free from all corrections and errors, with a margin of two inches at the top and one inch on each side, with twenty-five unnumbered lines to the page. In sections amending existing statutes new matter shall be underlined, and matter stricken with a line through it shall be omitted. The typewriting shall be done with a black record ribbon, pica type, on paper eight and one-half inches wide and eleven inches long. The original and two copies only of the bill shall be red lined. The history of the bill shall also be enrolled and placed in back of the bill in a white manuscript cover, upon which is written the number of the bill and the title.

When the enrolling has been completed, the bill shall be examined by the author and the bills committee and reported correctly enrolled.

HeinOnline -- 1977 vol. II 2029 1977

The correctly enrolled bill shall be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall announce from the rostrum, the announcement to be entered in the journal, the specific bills to be signed by him and shall designate a time when such bill shall be signed, and he shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day in which event it shall be signed that day. The fact of signing shall be entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he shall be permitted to do so. The bill shall then be transmitted to the other house where the same procedure shall be followed.

The original and two copies signed by the presiding officer of each house shall be presented by the bills committee to the governor. The bills committee shall take a receipt from the governor and shall report to the house the day and hour of such presentation, which shall be entered in the journal. The original and the unsigned copy shall be filed with the secretary of state. Signed copies with chapter numbers assigned pursuant to Section 82-2209, shall be filed with the clerk of the supreme court and the Legislative Services Division of the Legislative Council.

F.—Second Reading—Committee of the Whole

6-22. All bills which have been reported by a committee, accepted by the house concerned and printed, shall be posted on the calendar for consideration by committee of the whole. The sergeants-at-arms of the respective houses shall record the time each bill is received and the time the bill is placed on members' desks. Until the fiftieth legislative day, one day must elapse between the time a committee approved bill is placed on the members' desks and consideration by committee of the whole. Bills shall be arranged on the calendar in numerical order unless they are companion bills or are otherwise ordered by the house or committee of the whole of the house concerned.

6-23. Every bill considered in committee of the whole shall be read by a summary of its title and by its history and considered section by section.

6-24. Prior to adoption of a committee of the whole report, a member may move to segregate a bill. If the motion prevails, the bill remains on second reading.

6-25. When a committee of the whole report on a bill is rejected the bill shall remain on second reading.

6-26. Either house may resolve itself into a committee of the whole by approval of a motion for that purpose. So far as may be applicable, the rules governing each house shall be observed when that house resolves itself into a committee of the whole, except as follows:

(1) The only motions in order are: to amend; to recommend passage or nonpassage; to recommend concurrence or nonconcurrence; to indefinitely postpone; to pass consideration; to rise; to rise and report; and to rise and report progress and ask leave to sit again.

HeinOnline -- 1977 vol. II 2030 1977

(2) The committee may not appoint subcommittees.

(3) The committee may not punish its members for misconduct, but may report disorder to the house concerned.

(4) Unless otherwise prescribed by either house before going into committee of the whole, a member may speak as often as he is recognized and for as long each time as is allowed in debate in the particular house.

6-27. After a committee of the whole has been formed, the presiding officer shall appoint a chairman to preside. Upon resuming the chair, the presiding officer shall receive the report of the chairman of the committee and the house shall take action on the report.

G.—Third Reading—Governor's Veto

6-28. No bill shall become a law except by vote of a majority of all the members present in each house, nor unless on its final passage the vote be taken by ayes and noes, and the names of those voting be entered on the journal (Montana Constitution, Art. V, Sec. 11(1) and (2)).

Any vote in one house on a bill proposing an amendment to the Montana State Constitution where the mathematical possibility exists of obtaining the necessary two-thirds vote of the legislature will cause the bill to progress as though it had received the majority vote.

6-29. Every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules. The first reading shall be as prescribed in Joint Rule 6-10; the second prior to debate in committee of the whole; and the third, which shall be by complete title, prior to final passage. No bill shall receive more than one reading on the same day except on the last legislative day. No amendment may be offered on the third reading.

6-30. (1) Each bill passed by the legislature, except bills proposing amendments to the Montana Constitution, bills ratifying proposed amendments to the United States Constitution, resolutions, and referendum measures of the legislature, shall be submitted to the governor for his signature. If he does not sign or veto the bill within five days after its delivery to him if the legislature is in session or within twenty-five days if the legislature is adjourned, it shall become a law. The governor shall return a vetoed bill to the legislature with a statement of his reasons therefor.

(2) The governor may return any bill to the legislature with his recommendation for amendment. If the legislature passes the bill in accordance with the governor's recommendation, it shall again return the bill to the governor for his reconsideration. The governor shall not return a bill for amendment a second time.

(3) If after receipt of a veto message, two-thirds of the members present approve the bill, it shall become law.

(4) If the legislature is not in session when the governor vetoes a bill, he shall return the bill with his reasons therefor to the legislature as provided by law. The legislature may reconvene to reconsider any bill so vetoed.

HeinOnline -- 1977 vol. II 2031 1977

(5) The governor may veto items in appropriation bills, and in such instances the procedure shall be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

6-31. Upon receipt of a veto message the presiding officer shall read the message. After the reading a member may move that the governor's veto shall be overridden. A vote on the motion shall be determined by roll call. If two-thirds of the members present vote "aye" the veto is overridden. If two-thirds of the members present do not vote "aye" the veto is sustained.

6-32. If the governor returns a bill to the originating house with his recommendations for amendment, such house shall reconsider the bill under its rules relating to amendment offered in committee of the whole. The bill is then subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in committee of the whole, the bill and the originating house's approval or disapproval of the governor's recommendations.

(b) If both houses approve the governor's recommendations the bill shall be returned to the governor for his reconsideration.

(c) If both houses disapprove the governor's recommendations the bill shall be returned to the governor for his reconsideration.

(d) If one house disapproves the governor's recommendations and the other house approves, then either house may request a conference committee which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report shall be returned to the governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses the governor's recommendations shall be considered not approved and the bill shall be returned to the governor for further consideration.

H.—Transmittal of Bills

6-33. Each house shall transmit to the other with any bill all relevant papers. When a house bill is transmitted from the House of Representatives to the Senate, the secretary of the Senate shall give a dated receipt for the bill to the chief clerk of the House. When a Senate bill is transmitted to the House of Representatives, the chief clerk of the House shall give a dated receipt to the secretary of the Senate.

6-34. No bills, except for appropriation bills, revenue bills and amendments considered by joint committee need to be acted upon (save for reference to a committee by the presiding officer) if transmitted from one house to the other after the forty-fifth legislative day, but shall be held pending in the house to which it is transmitted unless two-thirds of the members present and voting shall determine that the bill shall be acted upon. Amendments, except to appropriation bills and revenue bills, shall like-

HeinOnline -- 1977 vol. II 2032 1977

wise be deferred for consideration if transmitted after the fifty-fifth legislative day thereof.

A revenue bill is one which would either increase or decrease tax collections.

Appropriation and revenue bills shall be transmitted from the original house on or before the fiftieth day unless two-thirds of the members present and voting in the receiving house shall determine that the bill may be transmitted after the fiftieth day.

6-35. When a bill has received its third reading or has been rejected, the house that considered the bill shall immediately transmit it to the other house with notice of its action.

6-36. All bills reported out of a committee of the legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, shall include a fiscal note incorporating an estimate of such effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes shall be requested by the presiding officer of either house, who shall determine the need for the note at the time of introduction, based on the Legislative Council staff recommendation.

The state budget director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note and shall return the same within six days, unless further time is granted by the presiding officer or committee making the request based upon a written statement from the budget director that additional time is necessary to properly prepare the note.

A completed fiscal note shall be submitted by the budget director to the presiding officer who requested it, who shall refer it to the committee considering the bill. All fiscal notes shall be printed and placed on the members' desks.

Fiscal notes shall, where possible, show in dollar amounts the estimated increase or decrease in revenues or expenditures, costs which may be absorbed without additional funds, and long-range financial implications. No comment or opinion relative to merits of the bill shall be included; however, technical or mechanical defects may be noted.

A fiscal note also may be requested on a bill and on an amendment by:

(1) a committee considering the bill, or

(2) a majority of the members of the house in which the bill is to be considered, at the time of second reading, or

(3) the chief sponsor through the presiding officer.

The budget director shall make available on request to any member of the legislature all background information used in developing a fiscal note (Sections 43-1001 through 43-1006, R.C.M. 1947).

HeinOnline -- 1977 vol. II 2033 1977

CHAPTER 7

Committees

7-1. The committee on legislative administration of each house shall consider all matters concerned with seating, mileage and per diem, legislative employees, the control of the legislative property, and the budgeting for and expenditure of appropriations for the operation of the legislature, in cooperation with the business manager.

7-2. A standing committee shall submit a written report in triplicate on all bills or matters referred to it within seven days after reference, unless at the request of the committee and for good cause shown, further time is granted by the house concerned.

7-3. If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the house concerned.

7-4. All committees and subcommittees shall keep minutes of their meetings and, at the close of the session, shall make five complete copies and shall turn the original of the minutes over to the chief clerk of the House or secretary of the Senate for delivery to the historical society. The majority and minority leader of each house and the Legislative Council shall each be given one copy of the minutes.

7-5. The committee on bills and journal, the rules committee, and conference committees may report at any time, except during a call of the house or when a vote is being taken. Reports from the bills and journal committee shall stand approved without formal action.

7-6. All bills providing for an appropriation of public moneys may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately. Meetings of the joint committee shall be held upon call of the chairman of the House Committee on Appropriations who shall be chairman of the joint committee.

7-7. The chairman of each committee has general control and direction of the hall and committee room of the committee over which he presides, subject to the control of the presiding officer under Rule 1-3. Except as provided in Joint Rule 7-6, the chairman of the Senate committee shall be chairman of all joint committees.

7-8. If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the Senate and the House of Representatives cannot agree, the other house shall appoint a committee consisting of the same number of members. The time and place of all conference committee meetings shall be agreed upon by their chairman and be announced from the rostrum. This announcement is in order at any time. Failure to make this announcement shall not affect the validity of the legislation. The conference committees, having conferred, shall report to their respective houses the result of their conference. A conference committee shall confine itself to the disputed amendment.

HeinOnline -- 1977 vol. II 2034 1977

If either house requests a free conference committee and the other house concurs, appointments will be made the same as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

7-9. In joint committees other than conference committees, members vote individually and not by houses. Because conference committees are joint meetings of separate committees, in conference committees the committees from each house vote separately, and a majority of each committee must agree before any action may be taken.

7-10. When a conference committee report is filed with the secretary or clerk the same shall be read under order of business No. 3, select committees, and placed on the calendar for consideration on second reading. If recommended favorably by the committee of the whole, it may be considered on third reading the same legislative day. On the final legislative day a conference committee report shall be placed on the calendar for immediate consideration on second reading and shall be further considered on third reading the same legislative day.

7-11. WHEREAS, the Board of Investments is responsible for hundreds of millions of dollars; and

WHEREAS, the directives under which many of the funds involved are managed require the highest practical earnings commensurate with safety; and

WHEREAS, in order to earn the highest practical earnings, most of our investments are made out of state; and

WHEREAS, although high earnings cannot generally be obtained from investments in Montana, capital investment is needed in Montana; and

WHEREAS, the newly established Coal Trust Fund will receive continuous infusions of additional funds and has neither a directive nor a necessity to maximize its earnings; and

WHEREAS, private lending institutions cannot supply the capital needed to finance homes for middle income and low income people because such people cannot make sufficiently high payments.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Committee on Priorities is requested to appoint

HeinOnline -- 1977 vol. II 2038 1977

the appropriate standing committee to conduct an interim study and present recommendations and proposed legislation to the 46th Legislature concerning the best means to promote good quality middle and lower income housing through the investment of the various trust funds under the supervision of the state in a manner which will prevent loss or diversion of the corpus but will give priority to promoting such housing and other investments in the state of Montana rather than to achieving a high rate of return. The study should also determine the roles to be played, if any, by the Board of Investments, the Board of Housing, other state officers and agencies, and private financial institutions.

WHEREAS, much of this activity has historically been pursued on and through private lands at the pleasure and permission of those individual landowners; and

WHEREAS, recognizing that the landowner provides food and habitat for game, together with the access to and use of his land by hunters and fishermen at some expense, inconvenience, and exposure to damage and liability; and

WHEREAS, we believe there is a drastic need for a use program covering this entire situation for the benefit of both the landowner and the sportsman.

WHEREAS, in 1971 the Legislature transferred supervision of the community college districts to the Board of Regents; and

WHEREAS, various environmental laws in Montana, including the "Montana Environmental Policy Act", the "Montana Major Facility Siting Act", and the "Montana Subdivision and Platting Act", require state agencies to prepare environmental impact statements and assessments to inform the public of possible adverse environmental effects of various projects; and

WHEREAS, over the years these impact statements have grown too cumbersome, lengthy, and costly in relation to their social value; and

WHEREAS, it is unnecessary to duplicate studies of similar aspects of resource factors with each study; and

WHEREAS, many Montana citizens, who should be the primary beneficiaries of these impact statements, are unable to pierce the veil of bureaucratic jargon that enshrouds the reports.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That those state agencies charged with participating in the environmental impact statement process, particularly the Departments of Natural Resources and Conservation, Health and Environmental Sciences, Highways, Fish and Game, Community Affairs, and State Lands and the Environmental Quality Council take immediate measures to simplify and minimize the cost of these reports.

SENATE JOINT RESOLUTION NO. 35

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS AND THE PRESIDENT TO ENACT LEGISLATION GRANTING STATES JURISDICTION OVER NON-INDIANS ON INDIAN RESERVATIONS WITHIN THEIR BOUNDARIES AND PROVIDING INCREASED LAW ENFORCEMENT ON INDIAN RESERVATIONS.

WHEREAS, Montana exists as a sovereign state within the United States; and

WHEREAS, seven Indian reservations exist within its boundaries; and

WHEREAS, the tribal governments of several of these Indian reservations are attempting to declare themselves sovereign nations and assert executive, legislative, and judicial control over non-Indians and over their lands, water, and resources without representation or participation of the non-Indians in tribal government; and

WHEREAS, state government has a legal and moral obligation to protect all of its citizens, Indian and non-Indian alike; and

WHEREAS, nonrepresentative sovereign tribal government would create serious problems for land ownership, management of property, public finance, taxation, law enforcement, management of fish, wildlife, and other natural resources, environmental protection and pollution control, water management and rights, commercial intercourse, and professional licensing throughout the State of Montana and its political subdivisions; and

WHEREAS, federal jurisdiction over criminal offenses committed within the boundaries of the Indian reservations located within the state of Montana is ineffective and limited because of the lack of adequate staff and attention from the United States Attorney's Office and the great distance between the reservation areas and the nearest Federal District Judge; and

WHEREAS, there is a need for more appropriate action to insure the peace among all people residing on and within the reservation boundaries of Montana's Indian reservations.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States and the President of the United States and his subordinates are requested to support and pass legislation to establish that the states have exclusive jurisdiction and authority in all executive, legislative, and judicial matters over all non-Indians and non-Indian lands and interest in lands existing wholly or in part within the geographic boundaries of any Indian reservation.

BE IT FURTHER RESOLVED, that the proper representatives of Indians and non-Indians on or adjacent to each reservation shall meet together and work out the mutual problems of jurisdiction on each reservation. Then efforts should be made to implement solutions for the handling of jurisdiction on each reservation upon the full consent of Indians and non-Indians alike.

BE IT FURTHER RESOLVED, that the Secretary of State is instructed to send a copy of this resolution to the President of the United States, to the Secretary of the Interior, and to Senator John Melcher and Senator Lee Metcalf, and to Representative Max Baucus and Representative Ron Marlenee.

WHEREAS, it would be in the public interest to construct a bridge across the Missouri on the Winifred-Big Sandy Road; and

WHEREAS, the Unemployment Compensation Fraud Detection Program has undergone recent internal changes in claims review and investigation processes; and

WHEREAS, this level represents a sharp contrast with previous levels of referrals for prosecution which contrast has caused some concern among legislators and others as to the need for monitoring the fraud detection program; and

WHEREAS, the Legislature feels the fraud detection program is sufficiently important as to require continued monitoring.

WHEREAS, Congress has enacted legislation transferring the Charles M. Russell Game Range from the joint administration of the United States Fish and Wildlife Service and the Bureau of Land Management to administration by the Fish and Wildlife Service only; and

SENATE JOINT RESOLUTION NO. 42

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING RESEARCH OF THE ECONOMIC FEASIBILITY OF THE CONVERSION OF WHEAT AND BARLEY INTO ALCOHOL, CREATING BOTH A NEW USE FOR MONTANA WHEAT AND BARLEY AND A VIABLE ALTERNATIVE ENERGY SOURCE.

WHEREAS, there exists a surplus of wheat in the United States and in the world; and

WHEREAS, Montana is a major wheat producing state, suffering economic stress through depressed wheat prices because of such surplus; and

WHEREAS, there is and will continue to be a widespread energy shortage both in Montana and in the United States; and

WHEREAS, other states, primarily Nebraska, have conducted research concerning the conversion of wheat and other grains into alcohol as an alternative energy source, both for heating and transportation purposes, and are proceeding to construct conversion plants and encouraging the private construction of such plants; and

WHEREAS, by-products of the conversion process are suitable for use as livestock feed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That, the Montana Agricultural Experiment Station is directed to conduct studies to determine the economic feasibility in Montana of the conversion of wheat and barley into alcohol. A report concerning the conclusions reached, the proposed action, if any, to be taken by the State of Montana, and the alternative methods of funding such action, if any, shall be made to the 46th Legislature. The report shall specifically address the desirability of a producer check-off tax as a method of funding any proposed conversion facility.

HeinOnline -- 1977 vol. II 2061 1977

BE IT FURTHER RESOLVED, that the governor of the state of Montana, through the Old West Regional Commission and similar cooperative efforts between wheat producing states, work with such other states in research and development of facilities, if feasible, for the conversion of wheat and other grains into alcohol.

BE IT FURTHER RESOLVED, that the Secretary of State shall send a copy of this resolution to the United States Secretary of Agriculture, the Montana congressional delegation, the Governor, the Administrator of the Wheat Research and Marketing Committee, the Director of the Agricultural Experiment Station, the President of Montana State University, and the Director of the Department of Agriculture of the State of Montana.

WHEREAS, the social, economic, and environmental conditions presently existing in Montana make it imperative that Montana's citizens be provided with adequate housing in an economic, efficient, and environmentally sound manner; and

WHEREAS, Montana's laws presently relating to subdivisions are not fully successful in achieving this goal; and

WHEREAS, certain areas of Montana are presently experiencing rapid urbanization and population growth with subsequent reduction of agricultural land; and

WHEREAS, Montana is faced with the possibility of a large population influx in the future; and

WHEREAS, Montana's laws presently relating to subdivisions need to be studied in order to insure that they are adequate to meet the challenge of present and future rapid urbanization and population growth in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to assign an appropriate committee, consisting of equal representation of both houses and both parties, to study all of Montana's laws relating to subdivisions for the purpose of generally clarifying, updating, supplementing, and revising

WHEREAS, the high initial capital requirement bars many younger persons from entering into farming or ranching; and

WHEREAS, after 1979, one-half of the coal severance tax must be invested in a trust fund established in the Montana Constitution; and

WHEREAS, land is a commodity constantly increasing in value and is the sort of asset in which a prudent trustee would invest.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to further assign the subcommittee appointed under Senate Joint Resolution 2 to study certain possibilities for coal tax trust fund investments to also study the feasibility of making funds available, through bank loans or otherwise or through other programs, that will enable young farmers to get a start in agriculture on a basis which safeguards the property tax base of local governments and that will enable other young people to get a start in business.

Approved April 18, 1977.

WHEREAS, several state departments and agencies, including the Department of Social and Rehabilitation Services, the Adaptive Services Division of the Department of Institutions, and the Health Services Division of the Department of Health and Environmental Sciences, deliver human services to the citizens of Montana; and

WHEREAS, there is a great deal of competition between and overlapping of jurisdiction among those departments and agencies delivering human services; and

WHEREAS, a number of advocacy and appeal agencies, including the Merit System Council, State Tax Appeal Board, Indian Affairs Unit and Volunteer Bureau of the Department of Community Affairs, Office of Citizen's Advocate, Mental Health Advisory Council, Human Rights Division and Women's Bureau of Department of Labor and Industry, Board of Personnel Appeals, Mental Disabilities Board of Visitors, Developmental Disabilities Advisory Council, Consumer Affairs Division of Department of Business Regulation, Board of Institutions, Status of Women Advisory Council, State Coordinator of Indian Affairs, and Patient Advocate, do not properly fit under any existing department, and harm may result by an attempt of existing departments to interfere with their functions.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is required to designate the appropriate standing committee to study the makeup of the agencies, including all of the agencies named above, delivering services to and protecting, through advocacy and appeal processes, the rights of persons; to determine suitable groupings of those functions that best avoid the conflicts and overlapping inherent in the present systems; and to report their findings, recommendations, and proposed legislation to the 46th Legislature.

SENATE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO DO EVERYTHING POSSIBLE ADMINISTRATIVELY TO SPEED UP THE INITIAL COMPILATION OF EXISTING WATER RIGHTS AND TO EXPEDITE THE ADJUDICATION OF WATER RIGHTS, PARTICULARLY AGRICULTURAL RIGHTS.

WHEREAS, there are currently great demands being placed on the use and flow of water occurring in the State of Montana, and these demands will intensify in future years; and

WHEREAS, it is imperative for the purpose of effectively planning and providing for the use of surface- and groundwater occurring in the State of Montana to make an up-to-date inventory of existing rights of use and to make reservations of such water; and

WHEREAS, the present process of adjudicating water rights in the State of Montana under the 1973 Water Use Act is proceeding at an extremely slow pace, and it has been projected that completion of the adjudication at the present rate will take more than 100 years; and

WHEREAS, the Legislature feels that additional direction from the Legislature to the Department of Natural Resources and Conservation would expedite the preliminary compilation of existing water rights in the state, while also recognizing and accepting the fact that such a preliminary compilation will necessarily contain a degree of inaccuracy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Natural Resources and Conservation is directed to use every administrative means possible to speed up the initial compilation of existing water rights in the State of Montana, particularly agricultural water rights, and to ensure that water is reserved for future use in Montana. Such action shall include but not be limited to:

HeinOnline -- 1977 vol. II 2075 1977

WHEREAS, the Montana Aging Services Bureau and the Montana Congressional Delegation were able to prevail upon the Social Security Administration to move an Administrative Judge to Billings, Montana, so that cases could be heard on a current basis; and

WHEREAS, the Billings office has done an outstanding job in the past 2 years; and

WHEREAS, there now exists a system of election law not sufficient or totally lacking in the provision of uniform control over elections; and

WHEREAS, there is a need for a state law creating a uniform system for all elections in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, that history provides the citizen of Montana both a sense of time and a sense of place; and

WHEREAS, it is this historical continuum, this historical heritage, which most accurately defines the modern Montanan; and

WHEREAS, the history and culture of Montana will be lost to the current and future citizens of the state if it is not properly collected, preserved, and disseminated; and

WHEREAS, the Montana Historical Society, the oldest legislatively-created department in Montana and a major repository of the state's historical experience, is severely restricted in its efforts to collect, preserve, and disseminate Montana's historical heritage; and

WHEREAS, many of Montana's priceless heirlooms have been removed from the state to be prized and exhibited in other regions of the country; and

WHEREAS, the problem of the preservation of Montana's historic and archaeological sites has never been seriously addressed; and

WHEREAS, Montana's State Antiquities Act is an inadequate guideline for the identification and preservation of Montana's historical and cultural past; and

WHEREAS, all of Montana's citizens have a vital interest in the preservation of their past.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1977 vol. II 2078 1977

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES DEPARTMENT OF INTERIOR TO ALLOCATE ANY NEW POWER GENERATED ON DAMS IN MONTANA TO MONTANANS FIRST.

WHEREAS, several existing dams on Montana's rivers are capable of generating additional electrical power through the installation of new generators; and

WHEREAS, if Montanans are to bear the environmental and social costs of installing these new generators, they should also be first to receive the benefits of additional electrical power.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Department of Interior is urged to allocate any new electrical power generated from dams on Montana's rivers to fill Montana's needs first and foremost and only secondarily to meet the energy demands of other states.

(2) That copies of this resolution be sent to the Montana Congressional Delegation and to the United States Secretary of the Interior.

Approved March 11, 1977.

HOUSE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE BUREAU OF RECLAMATION AND THE ENERGY RESEARCH

HeinOnline -- 1977 vol. II 2079 1977

AND DEVELOPMENT ADMINISTRATION TO STUDY THE SUN-TETON UNIT OF THE MISSOURI RIVER BASIN PROJECT IN LIGHT OF PRESENT ECONOMIC, SOCIAL, AND TECHNOLOGICAL CONDITIONS.

WHEREAS, the need for flood control and irrigation development is critical for the continued growth of urban community and agriculture in Montana and has been revealed by severe spring floods and summer droughts; and

WHEREAS, the climatic and soil conditions of Cascade and Teton counties are such that irrigated land produces a high proportion of the total value of the crops; and

WHEREAS, the previous plans for the Sun-Teton unit would provide water to bring several thousand acres of new land into irrigated production and provide a more dependable water supply to lands with adjudicated water rights, land claiming an existing right since adjudication of the Sun River, and land receiving water under permits issued under "Montana Water Use Act", of land presently irrigated but with inadequate water supplies; and

WHEREAS, the economy of Montana is enhanced by a more stable farm income, and the stable farm income resulting from this Sun-Teton unit would provide more predictable investment conditions in the towns of Simms, Fort Shaw, Sun River, Vaughn, Manchester, and Lower Sun River as well as flood control for urban development; and

WHEREAS, the need exists for increased control of riverflows during periods of heavy spring runoff which flood the Sun River and its tributaries and have continuously caused damage to farm land, irrigation, communication and transportation facilities, urban communities, and other improvements along the streams; recorded costs are over 24 million dollars to date and damages caused by the floods would be much greater now than at the time of occurrence because of increased development and higher property values; and

WHEREAS, the Sun River is considered by many people to be among the finest fishing streams in Montana, and in many years very low flows during late summer months and high turbid flows during spring months have limited fishing; and

WHEREAS, the construction of a dam and reservoir on the Sun River as an element of the Sun-Teton unit will result in excellent lake and stream fishing, and the proposed development would enhance the overall fishery value of the area by greatly improving the streamflow patterns in the Sun River; and

WHEREAS, the water stored as a result of the Sun-Teton unit could be made available for industrial development, and such development would be beneficial to the growth and economy of Montana; and

WHEREAS, the hydroelectric potential of a dam on the main stem of the Sun River could be utilized to help alleviate the energy crisis faced by the United States and to help defray the costs of the Sun-Teton unit; and

HeinOnline -- 1977 vol. II 2080 1977

WHEREAS, a dependable supply of stored water would be beneficial to the research and development associated with the magnetohydrodynamic project being conducted in Montana; and

WHEREAS, it is becoming apparent that if Montanans do not plan to use Montana water for their own benefit, they will lose the water rights to the demands of downstream users in other states where water is appropriated to a beneficial use, prior in time; and

WHEREAS, the Sun-Teton unit would benefit the people of Montana and was considered by the Bureau of Reclamation and Department of the Interior prior to the development of the energy crisis and the present depressed economy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Senate and House of Representatives of the State of Montana request the Bureau of Reclamation and the Energy Research and Development Administration to make an immediate update study on the Sun-Teton unit of the Missouri River Basin Project in light of present economic, social, and technological conditions.

BE IT FURTHER RESOLVED, that the Secretary of State is instructed to send a copy of this resolution to each member of the Montana Congressional Delegation, the Secretary of the Interior, the Assistant Secretary of the Interior for Land and Water Resources, the Director of the Bureau of Reclamation, the Regional Director of the Upper Missouri Regional Field Office of the Bureau of Reclamation, the Administrator of the Energy Research and Development Administration, and the County Commissioners of Cascade and Teton counties.

Approved April 15, 1977.

HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO DISCUSS WITH THE STATE OF WYOMING AND THE CROW AND NORTHERN CHEYENNE INDIANS THE POSSIBILITY OF JOINT STUDIES OF WATER SUPPLY PROJECTS IN THE TONGUE AND POWDER RIVER BASINS, TO INVESTIGATE WATER MARKETING POSSIBILITIES IN THOSE BASINS AND TO CONDUCT A SPECIAL STUDY ON WATER QUALITY AND SALINE SEEP POTENTIAL AS A RESULT OF INCREASED STORAGE AND IRRIGATION IN THE TWO RIVER BASINS, AND, SHOULD IT BE DETERMINED THAT THE PROJECTS BE BENEFICIAL TO MONTANA, TO PURSUE A FEASIBILITY (LEVEL C) STUDY ON THE RECOMMENDED PROJECT(S).

WHEREAS, water availability is a problem in the Tongue and Powder River basins with periodic shortages existing under the current development pattern; and

HeinOnline -- 1977 vol. II 2081 1977

WHEREAS, the potential demands from both the industrial and agricultural sectors for firm water supplies exceed the available supply in those basins; and

WHEREAS, the waters of the Tongue and Powder Rivers have been allocated between Montana and Wyoming according to a formula set forth in the Yellowstone River Compact and between the Crow and Northern Cheyenne Indians.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the department of Natural Resources and Conservation is directed to:

(1) enter into discussions with the State of Wyoming and the Crow and Northern Cheyenne Indians on the possibility of initiating joint studies on proposals for augmenting water supplies in the Powder and Tongue River basins;

(2) investigate with potential users water marketing possibilities in those basins;

(3) conduct special studies on water quality and saline seep potential in those basins, on the effects of increased storage and irrigation on those factors, and on aqueduct system alternatives to storage, and should the foregoing indicate compatibility, desirability, and need for water storage or delivery systems, to pursue feasibility (level C) studies on storage or aqueduct projects that would most benefit the citizens of the State of Montana.

Approved March 22, 1977.

HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA COMMENDING THE GREAT FALLS GAS COMPANY FOR HELPING HOMEOWNERS TO INSULATE THEIR HOMES TO CONSERVE ENERGY; ENCOURAGING OTHER UTILITIES TO EMULATE THIS EXAMPLE.

WHEREAS, the 1975 Legislature enacted Section 84-7405, R.C.M. 1947, which allows but does not require a gas or electric utility to make low interest loans for home insulation improvements and other energy conservation measures, and to recover the subsidized portion of the interest through tax incentives; and

WHEREAS, the maximum feasible conservation of energy is an important policy of the state of Montana, and the voluntary implementation of Section 84-7405, R.C.M. 1947, by the gas and electric utilities operating in Montana would make a material contribution toward achievement of energy conservation goals; and

HeinOnline -- 1977 vol. II 2082 1977

WHEREAS, the Great Falls Gas Company, a smaller gas utility, has begun to implement Section 84-7405, R.C.M. 1947, in the city of Great Falls and deserves the highest commendation of the people and legislature of Montana for taking the initiative in an area where larger utilities with stronger capital positions have thus far declined to venture.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Great Falls Gas Company is given a vote of thanks for doing more than just talking about energy conservation in the household.

BE IT FURTHER RESOLVED: that the other gas and electric utilities of Montana are emphatically encouraged to emulate The Great Falls Gas Company, and the Public Service Commission is emphatically encouraged to expedite such efforts as these utilities may make to implement Section 84-7405 prior to the next legislative session.

HOUSE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO REVIEW OSHA.

WHEREAS, the procedures outlined by OSHA for its administrators are without authorization by the Congress; and

WHEREAS, better, less harmful methods of administering the purposes of the act are readily available; and

WHEREAS, Title 29, USC Chapter 15, Section 651, is an unconstitutional delegation by the Congress to the Secretary of Labor, without setting out guidelines or delineating limits upon the administrator and therefore is void; and

WHEREAS, Section 659 of the act gives an unfair advantage to the Federal Government in severely limiting the time for an appeal and foreclosing the grounds for additional remedies; and

WHEREAS, OSHA threatens the existence of business enterprises because if a firm lacks the resources to institute the changes required by OSHA, there is no alternative but to close down; and

WHEREAS, undue delegation of authority is granted to the OSHA inspectors; and

WHEREAS, regulations under OSHA contained in more than 800 pages

HeinOnline -- 1977 vol. II 2083 1977

with more than 4,400 sections are complex, the language is convoluted beyond recognition except by a scientist or lawyer, and businessmen who have no legal or scientific training are unable to understand OSHA regulations; and

WHEREAS, a Cornell Law School Professor has said perhaps the statute should be declared void for rampant complexity because citizens must understand what they are not permitted to do; and

WHEREAS, in the first 33 businesses obtaining small business loans for the purpose of OSHA compliance averaged loans of $200,000 apiece, so it is obvious that OSHA regulations are remaking the daily practices of the business world in a major way; and

WHEREAS, according to Robert Stewart Smith, formerly in charge of safety and health evaluation for the Department of Labor, OSHA has done nothing to improve the industrial accident record and injury rates were higher, not lower, in industries with good compliance ratings; and

WHEREAS, the OSHA normal practice of fining an employer, even if a worker willfully violates a rule, is grossly unfair to businessmen.
NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress is urged to review the Occupational Safety and Health Act of 1970 to eliminate those practices and procedures which violate the Constitution of the United States.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Assistant Secretary for Occupational Safety and Health, Morton Corn; the Montana Congressional Delegation; and to each of the other State Legislatures; and to the Montana Attorney General.

Approved April 18, 1977.

WHEREAS, the Reclamation Act of 1902 generally provides that no water may be sold for lands in excess of 160 acres in single ownership; and

WHEREAS, the Omnibus Adjustment Act of 1926 provides in effect that the owners of irrigable lands in excess of 160 acres must dispose of this excess before they can receive water from a federal project; and

HeinOnline -- 1977 vol. II 2084 1977

WHEREAS, due to the climatic and soil conditions of a great portion of Montana and of the other Northwestern States a 160-acre parcel is not an economic agricultural production unit; and

WHEREAS, the climatic and soil conditions of a great portion of Montana and of the other Northwestern States require a farm or ranch unit containing in excess of 160 irrigable acres in order to achieve a viable agricultural production unit which can support a family; and

WHEREAS, the State of Montana owns substantial acreages of potentially irrigable land within irrigation districts; and

WHEREAS, Congress has seen fit to grant exemptions from the 160-acre limitation to the Northern Colorado Water Conservancy District; and

WHEREAS, the Small Reclamation Projects Act of 1956 has been construed to grant an exemption from the 160-acre limitation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That, the Congress of the United States is requested to take into consideration climatic and soil conditions and raise the general 160-acre limitation on lands under single ownership, and provide special provisions allowing additional acreage to lessees of state land, which may be irrigated from Federal Reclamation Projects to reflect varying climatic and soil conditions and state ownership.

BE IT FURTHER RESOLVED:

That, the Secretary of state shall send a copy of this resolution to the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, the Montana Congressional delegation, the Secretary of the Interior, the Commissioner of the Bureau of Reclamation, and the Legislatures of the several states.

WHEREAS, the private ownership of firearms, including handguns, is the last line of defense against the criminal element; and

HeinOnline -- 1977 vol. II 2085 1977

WHEREAS, the report of the National Advisory Commission on Criminal Justice Standards and Goals, issued in August, 1973, advocates, among other things, the confiscation of all privately owned handguns; and

WHEREAS, the Commander of Malmstrom Air Force Base has forbidden the conduct of political campaigns by candidates and their supporters on the base grounds; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, Montana has previously enforced its laws on state, private, and federal lands within the state; and

(2) provides for federal funds to be made available to the state for administration and enforcement of a reclamation program on federal lands within the state.

HOUSE JOINT RESOLUTION NO. 43

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF

HeinOnline -- 1977 vol. II 2090 1977

REPRESENTATIVES OF THE STATE OF MONTANA URGING REPEAL OF SECTION 404 OF THE FEDERAL WATER POLLUTION CONTROL ACT.

WHEREAS, Section 404 of the Federal Water Pollution Control Act (Public Law 92-500) is an unconstitutional delegation of legislative authority to the military; and

WHEREAS, Section 404 violates the traditional separation of military and civilian departments, unreasonably conferring civilian authority on the United States Army; and

WHEREAS, the United States Army is not a suitable or practicable body for conferral of executive regulatory agency powers; regulatory powers are traditionally conferred on nonmilitary executive agencies, except for specific military functions; and

WHEREAS, Section 404 unconstitutionally confers jurisdiction upon the Army for all waters of the United States, not merely navigable waters, thus violating the traditional constitutional doctrine of state's rights because nonnavigable waters are outside the area of interstate commerce and within the area of state jurisdiction; and

WHEREAS, Section 404 would cover residential property, and through exceptions, even cover titularly exempted farmlands, which is a gross violation of the police and public health and safety jurisdiction of the states.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the U.S. Congress is urged to repeal Section 404 of the Federal Water Pollution Control Amendments of 1972 as an unconstitutional delegation of authority.

The Attorney General is also directed to contact the Attorneys General of each of the states and to use his best efforts to enlist their support for a joint suit by the several states against the United States Army Corps of Engineers and the United States Government for Section 404's violation of "state's rights".

WHEREAS, the cultural resources of Montana vitally contribute to the physical and mental health and welfare of the people of the state; and

HeinOnline -- 1977 vol. II 2091 1977

WHEREAS, a lack of data-based information has hampered efforts of the Montana Arts Council, community arts organizations, and the Legislature in making decisions that adequately serve the artistic and intellectual needs of the people; and

WHEREAS, initial and continuing responsibility for studying the capabilities of cultural institutions, the public needs and desire for their services, and the role of the public and private sector in supporting and assisting such institutions and services rests with the state.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

BE IT FURTHER RESOLVED, that, pursuant to Article IX, section 4, of The Constitution of the State of Montana, the Legislature directs the Montana Arts Council, a state agency, to undertake a cultural resources development study. This study will include research and investigation into the following concerns and issues:

(7) the need for acquisition and maintenance of facilities and capital assets which conserve, stimulate, or diffuse cultural resources; and

(8) development of a state policy with regard to cultural resources.

BE IT FURTHER RESOLVED, that the Legislature directs the Montana Arts Council to periodically report its findings and recommendations to the Legislative Interim Committee on Education as required by that committee. These findings and recommendations shall include but not necessarily be limited to articulation of the following:

HeinOnline -- 1977 vol. II 2092 1977

(2) roles of federal, state, and local governments of the private sector in the conservation, stimulation, and diffusion of cultural resources; and

(3) state cultural resources policy.

BE IT FURTHER RESOLVED, that the Legislative Interim Committee on Education shall assume the following responsibilities with respect to the study and its findings and recommendations:

(1) monitoring of the ongoing processes of the study;

(2) approval of the final report emanating from the study; and

HOUSE JOINT RESOLUTION NO. 47

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE GOVERNOR'S OFFICE AND THE DEPARTMENT OF LABOR AND INDUSTRY TO INVESTIGATE METHODS OF PUTTING MORE UNEMPLOYED MONTANANS TO WORK IMPROVING THE CONDITION OF OUR AGRICULTURAL AND FORESTLAND RESOURCES.

WHEREAS, population and economic growth will cause increasing demands for outputs from Montana's agricultural and forestland resources; and

WHEREAS, renewable outputs from these lands contribute over one-half of the state's economic activity; and

WHEREAS, these land resources, if properly managed, are capable of producing outputs indefinitely; and

WHEREAS, about 32 million acres of agricultural land are in need of conservation treatment; almost 6 million acres of commercial forestland need either thinning or stocking; about 1.5 million acres of irrigated croplands need improved systems or proper water management; and

WHEREAS, a significant correlation exists between the condition of these land resources and the quantity and quality of our surface water resources; and

WHEREAS, the Congress of the United States is currently considering additional appropriations for public works projects, and Montana annually receives federal money for subsidized employment; and

HeinOnline -- 1977 vol. II 2093 1977

WHEREAS, legislative intent has been expressed through passage of House Bill 700 in the 1975 legislative session which appropriated general fund moneys to match federal funds to provide employment for Montanans in forestland conservation projects.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature wishes to explore all possible means of using federal or state funds to reduce this existing backlog of land treatment needs and therefore urges the Governor's Office and the Department of Labor and Industry to investigate the feasibility of implementing state actions that would put more unemployed Montanans to work on projects for the maintenance, conservation, and improvement of Montana's land resources.

BE IT FURTHER RESOLVED, that the investigation consider both using any appropriate federal funds and supplementing these funds with state funds to provide needed labor.

BE IT FURTHER RESOLVED, that existing statutory and administrative constraints to these types of projects be determined.

BE IT FURTHER RESOLVED, that the study emphasize the potential for utilizing unemployed young Montanans for these projects.

BE IT FURTHER RESOLVED, that the parties responsible for the investigation shall receive the cooperation of other relevant state executive and legislative agencies and that the federal agencies responsible for related federal programs should cooperate to the fullest extent feasible.

BE IT FURTHER RESOLVED, that the findings of the study and recommendations be made public by June 1, 1978.

Approved March 26, 1977.

HOUSE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING A POSITION ON THE PROVINCE OF SASKATCHEWAN'S COAL-FIRED POWER PLANT COMPLEX NOW UNDER CONSTRUCTION 4 MILES NORTH OF THE MONTANA BORDER.

WHEREAS, the Canadian Province of Saskatchewan is presently constructing a coal-fired power plant complex 4 miles north of the Montana border and has already dammed the East Fork of the Poplar River; and

WHEREAS, the Province of Saskatchewan's long-range, post-1985 plans for energy development in the Poplar River Basin could include an energy complex seven times the size of the combined Colstrip Generating Units 1-4; and

WHEREAS, considerable adverse environmental and economic effects are imminent as a result of the operation of the power plant and the adja-

HeinOnline -- 1977 vol. II 2094 1977

cent strip mine, including air pollution, water depletion and degradation, and potential damage to rangeland and crop production; and

WHEREAS, the prevailing northwesterly winds will blow the air pollution from the plants into northeastern Montana and thus may preclude future development options now available for northeastern Montana by filling the Federal Class II air pollution quota; and

WHEREAS, it is crucial that the State of Montana and the United States adhere to a clear and coherent position on the Poplar River Power Project that will adequately safeguard the people, land, air and water of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That it is the position of the State of Montana that:

(1) the Poplar River power plants and associated facilities should not violate Montana or United States pollution standards;

(2) the Saskatchewan Government should equip the power plants with the best pollution control technology available so as to mitigate adverse impacts to Montana; and

(3) all transboundary impacts of the Poplar River development, including surface and subsurface water quality and quantity and air quality, should be formally referred in a term of reference to the International Joint Commission.

BE IT FURTHER RESOLVED, that the State of Montana fully recognizes the right of the Province of Saskatchewan to develop its resources but believes that this can be accomplished with minimal transboundary impacts to Montana and that a concurrence by the Saskatchewan Government to this position will enhance our continuing friendly relationship with our Canadian neighbor.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the secretary of state of the United States and Montana's congressional delegation.

Approved March 18, 1977.

HOUSE JOINT RESOLUTION NO. 49

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA PROTESTING THE FEDERAL GRAIN INSPECTION SUPERVISORY FEE.

WHEREAS, the United States Grain Standards Act, as amended, requires any agency providing official inspections to pay a fee of 80 cents per 1,000 bushels to the Federal Grain Inspection Service for supervisory costs; and

WHEREAS, the Montana Department of Agriculture presently provides

HeinOnline -- 1977 vol. II 2095 1977

official inspection services and must continue to provide inspection services for the State of Montana; and

WHEREAS, based on 1976 fiscal year inspection activities, the supervision fee of 80 cents per 1,000 bushels will amount to approximately $35,000 annually; and

WHEREAS, the projected fee expense of $35,000 is equivalent to 22% of the Department of Agriculture Grain Laboratory's present personal services expenditures; and

WHEREAS, the projected fee expense of $35,000 is equivalent to funding necessary to maintain 2.8 state laboratory employees; and

WHEREAS, the supervision fee of 80 cents per 1,000 bushels necessitates increasing the laboratory fee schedule, placing a greater burden on the producer.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That a protest be lodged with the appropriate federal officials against the Federal Grain Inspection Services supervisory fee.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the United States Secretary of Agriculture and to each member of Montana's Congressional Delegation.

Approved March 29, 1977.

HOUSE JOINT RESOLUTION NO. 51

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING MONTANA'S CONGRESSIONAL DELEGATION TO VOTE FUNDING FOR WELL STOCKED AND MAINTAINED CIVIL DEFENSE SHELTERS AND TRAINED INDIVIDUALS TO HANDLE NATIONAL EMERGENCIES, WHETHER NUCLEAR OR NATURAL DISASTER.

WHEREAS, the Soviet Union has quietly and at extra expense taken measures to assure that the essential civilian military leadership, the fighting capability, and production capacity can continue to function under conditions of war; and

WHEREAS, the Soviet Union has constructed enough mass shelters located with principal manufacturing plants to protect more than 60 million workers from nuclear attack; and

WHEREAS, Soviet factory workers are in training programs preparing them for civil defense leadership roles; and

WHEREAS, the Soviet Union has designed and engineered several large food storage depots; and

WHEREAS, the United States' civil defense shelters, stockpiles, and programs have been allowed to deteriorate and stagnate; and

HeinOnline -- 1977 vol. II 2096 1977

WHEREAS, because of the civil defense measures in the Soviet Union, the buildup of Soviet military capability, and the lag in similar civil defense measures being taken by the United States, the United States' capability of carrying out its assigned wartime retaliatory tasks of crippling the Soviet Union while surviving itself, would appear to be in grave question.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Defense Civil Preparedness Agency be funded so as to enable them to develop massive relocation plans for residents of heavily populated areas and areas near strategic military installations.

(2) That the Defense Civil Preparedness Agency be funded so as to train 25% of the population in civil defense procedures.

(3) That the Defense Civil Preparedness Agency be funded so as to permit continuation of mass shelter living experiments.

(4) That the Defense Civil Preparedness Agency be funded so as to ensure well maintained shelters, with stock rotation systems such as will ensure potable provisions.

HOUSE JOINT RESOLUTION NO. 52

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE APPRENTICESHIP BUREAU, JOINT APPRENTICESHIP TRAINING COMMITTEES, AND INDIVIDUAL EMPLOYERS TO TRAIN MORE APPRENTICES.

WHEREAS, apprenticeship programs are very valuable in training young persons for skilled trades much in demand in the business world; and

WHEREAS, apprenticeship programs have been more effective in preparing young persons for employment than many other types of vocational programs; and

WHEREAS, apprenticeship programs can be of particular benefit in teaching persons with no marketable skills a trade that will greatly increase their employment opportunities; and

WHEREAS, employers gain loyal and well-trained employees through apprenticeship programs; and

HeinOnline -- 1977 vol. II 2097 1977

WHEREAS, all citizens of Montana are benefitted when young persons learn trades and crafts necessary to society; and

WHEREAS, despite the advantages of apprenticeship programs, there are only 1699 apprentices currently being trained in Montana in a state labor force of nearly 300,000; and

WHEREAS, there are very few openings in apprenticeship programs each year and many young persons who apply for apprenticeship programs are turned away.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the federal Bureau of Apprenticeship and Training and the state Apprenticeship Bureau are urged to reexamine their programs and find new ways to encourage all employers to train apprentices.

That the state Apprenticeship Bureau is particularly urged to expend more time and effort in encouraging small businesses and businesses in Montana's less populated areas to train apprentices, where there is a proven need for skilled craftsmen.

That joint apprenticeship training committees and employers are urged to initiate new and expand existing apprenticeship programs to those trades and crafts which have a shortage of skilled craftsmen and encourage registration of apprentices with the state Apprenticeship Bureau and the federal Bureau of Apprenticeship and Training.

That copies of this resolution be forwarded to the federal Bureau of Apprenticeship and Training and the state Bureau of Apprenticeship.

Approved March 10, 1977.

HOUSE JOINT RESOLUTION NO. 53

WHEREAS, Montana now has no passenger rail service connecting directly with Salt Lake City or other Rocky Mountain points; and

WHEREAS, passenger rail service will be extremely important in the future and ought to be promoted in connection with the national effort to reduce fuel consumption; and

HeinOnline -- 1977 vol. II 2098 1977

WHEREAS, rail passenger service can hardly be promoted unless ample convenient routes are available to the traveling public; and

WHEREAS, a connection from the heartland of Montana to important regional business and government areas such as Salt Lake City, Denver, and Portland would provide an important service for those who desire rail transportation service.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That AMTRAK is encouraged to establish an experimental train connecting from Helena through Garrison, Butte, and Dillon to Pocatello and all points on the Portland Rose as soon as the Portland Rose is reestablished.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the members of the Montana Congressional Delegation, the Secretary of the Department of Transportation, Senator Frank Church and the other members of the Idaho Congressional Delegation, and to the Governor of the great State of Idaho.

HOUSE JOINT RESOLUTION NO. 61

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE BUTTE TECHNICAL ADVISORY COUNCIL AND THE MONTANA HIGHWAY COMMISSION TO TAKE IMMEDIATE STEPS TO COOPERATE TO CORRECT HAZARDOUS CONDITIONS AT THE HARRISON AVENUE INTERCHANGE ON INTERSTATE HIGHWAY 15-90 IN BUTTE, SILVER BOW COUNTY, MONTANA.

WHEREAS, there were constructed entry and exit ways at the intersection of Harrison Avenue with Interstate Highway 15-90 in Butte, Silver Bow County, Montana; and

WHEREAS, some of these entry and exit ways were from the moment of their design and construction dangerous and hazardous to safety and life and obstructed and impeded the full and easy flow of traffic; and

WHEREAS, the dangers and obstructions consist of requiring traffic moving south on Harrison Avenue to make a left turn in the face of heavy oncoming traffic in order to enter the interstate highway to go north or east; requiring traffic leaving the interstate from the north or east and desiring to go south on Harrison Avenue to drive directly across two lanes of traffic coming from the left and then to make a left turn in the southbound lanes by breaking into the traffic pattern as best it may; requiring traffic moving south on Harrison Avenue and wishing to go west or south on the interstate to make an abrupt, poorly defined right turn; and of requiring traffic leaving the interstate from west and south to go south on Harrison Avenue to be jammed and blocked because the exit route is too short and too abrupt; and

WHEREAS, the dangers noted in this resolution are severe for local residents in and around Butte but are even greater for people unfamiliar with the area who visit Butte from all over the state; and

WHEREAS, the local Technical Advisory Council and the Highway Commission must take notice that this is more than a local problem and cooperate to solve it; and

WHEREAS, these conditions will not get any better but will steadily deteriorate and get worse as time passes, and these conditions can be corrected today at the least cost and with the least disruption in traffic flow.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Highway Commission and the Butte Technical Advisory Council are requested to take immediate steps and cooperate to rebuild and revamp the entry and exit ways at the Harrison Avenue-Interstate 15-90 interchange in Butte, Silver Bow County, Montana, so that traffic may enter and leave this interchange with safe and easy right turns by eliminating the two left turn crossovers and the abrupt entry or exit on or from Harrison Avenue.

WHEREAS, the state administers the Medicaid program within guidelines established by federal law and rules to provide needed health care assistance to older Montanans; and

HOUSE JOINT RESOLUTION NO. 75

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF

HeinOnline -- 1977 vol. II 2112 1977

REPRESENTATIVES OF THE STATE OF MONTANA URGING LOCAL SCHOOL DISTRICTS TO IMPLEMENT ENERGY CONSERVATION PROGRAMS TO BETTER EDUCATE STUDENTS IN THE CLASSROOM TO THE RELATIONSHIP OF DIMINISHING NONRENEWABLE ENERGY SUPPLIES TO MAN'S PRESENT LIFESTYLE, TO ENFORCE ENERGY-SAVING MEASURES IN PUBLIC SCHOOL TRANSPORTATION, AND TO CONSTRUCT AND MAINTAIN BUILDINGS IN SUCH A MANNER THAT A MINIMUM AMOUNT OF ENERGY IS CONSUMED DURING THE LIFETIME OF THE BUILDINGS.

WHEREAS, our state's and our nation's natural resources are finite and in danger of serious depletion; and

WHEREAS, the future availability of natural resources for the production of goods, materials, and energy and the preservation of the natural beauty of our state and nation depend upon citizen awareness of the need for and the methods which may be employed in natural resource conservation; and

WHEREAS, the tremendous expense of government regulation in the areas of natural resource conservation and environmental protection is due in great part to the private individual's lack of understanding and appreciation of natural resource and environmental problems and solutions; and

WHEREAS, conservation education programs within the public school system would, if thoughtfully and diligently established and administered, instill in our youth an awareness and appreciation of the need for natural resource conservation, methods of achieving effective conservation, and man's relationship to his natural environment and his need to be integrated and reconciled with it; and

WHEREAS, such awareness and appreciation would have the long-term effect of reducing the depletion of natural resources and the need for ever more expansive and expensive government regulation and would augment individual well-being through integration and reconciliation with the natural environment; and

WHEREAS, local school districts could have a primary role, not only in instituting energy conservation programs in the classrooms, but in setting an example to their communities by instituting energy conservation programs in student transportation and in efficient use of energy in their school district's buildings; and

WHEREAS, such programs would not only conserve vital energy but would save the local taxpayers' dollars over the long term.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That local school districts are emphatically urged to implement energy conservation programs to:

(1) utilize multidisciplinary approaches in classroom curricula to instill in the youth of the state an awareness and appreciation of the need

for energy conservation, methods of achieving energy conservation, and the relationship of man's present lifestyle to diminishing nonrenewable energy supplies and his need to integrate and reconcile energy conservation into that lifestyle;

(2) enforce energy-saving measures in public school transportation; and

(3) construct and maintain their public buildings in such a manner that a minimum amount of energy is consumed during the lifetime of the buildings.

BE IT FURTHER RESOLVED, that the Superintendent of Public Instruction shall monitor the progress of the conservation education program and report to the 1979 Legislature.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to all the public school districts in the state.

WHEREAS, House Bill No. 336 was introduced to direct the State Highway Commission to reclassify State Secondary Route 323 as a primary route; and

WHEREAS, the bill received an adverse committee report from the House Committee on Highways and Transportation; and

WHEREAS, the committee and the Legislature do not want this adverse report to be taken to mean a lack of concern regarding the condition of the road between Ekalaka and Alzada; and

WHEREAS, within the complexities of the established highway funding mechanism there may be means that can be found to slightly reorient long-range plans to recognize such problem areas without severely disrupting the total program.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Highways is requested to recognize the concern the Legislature has with the fact that the condition of the road between Ekalaka and Alzada badly needs to be improved and that other projects

HeinOnline -- 1977 vol. II 2114 1977

in Carter County and the financial district should not be unduly interrupted.

BE IT FURTHER RESOLVED, that the Legislature urges the Department of Highways to consider means by which the Ekalaka-Alzada route might be paved at a more rapid rate than is now scheduled without unduly disrupting the other programs in the financial district.

WHEREAS, the number of United States housing starts is projected to increase from 1.6 million in 1976 to a level of 1.8 to 1.9 million in 1977; and

WHEREAS, there are 5,800,000 acres of sawtimber in Montana which is over-mature and is not being managed properly; and

WHEREAS, in order to meet the future demands for fiber, the harvest of over-mature, decadent stands must be accelerated so that they may be returned to a vigorous condition where growth exceeds mortality; and

WHEREAS, proposed federal wilderness legislation can have a serious and detrimental effect on the state's economy; and

WHEREAS, the commercial forest land base is being reduced because of proposed federal land withdrawal legislation; and

WHEREAS, the stability of the forest products industry and the economy of many communities which are dependent upon the forest products industry are directly related to the volume of timber harvest and the future well-being and prosperity of Montana depends on sound and proper management of its renewable resources.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature requests all federal timber sales agencies and Congress to explore all means to increase the harvest of over-mature timber to reduce the difference between the volume sold and the annual allowable cut, thereby preserving the stability of the forest products industry and the economy of several communities in Western Montana.

HeinOnline -- 1977 vol. II 2115 1977

BE IT FURTHER RESOLVED, that field hearings be held in Montana on all pending land withdrawal legislation.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Montana Congressional Delegation and to the United States Secretaries of Agriculture and Interior.

Approved March 29, 1977.

HOUSE JOINT RESOLUTION NO. 79

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE COMMISSIONER OF CAMPAIGN FINANCES AND PRACTICES TO PROVIDE A SIMPLIFIED REPORTING FORM TO CANDIDATES FOR PUBLIC OFFICE.

WHEREAS, the 1975 Campaign Finance and Practices Act generated a host of complicated forms upon which candidates are required to report contributions and expenditures; and

BE IT FURTHER RESOLVED, that a suggested simplified campaign reporting form is attached.

Approved April 14, 1977.

HOUSE JOINT RESOLUTION NO. 80

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO STUDY THE FEASIBILITY OF OFF-STREAM STORAGE ON THE UPPER BIG HOLE RIVER.

WHEREAS, the need for watershed and irrigation development is critical for the continued growth of agriculture in Montana and has been revealed by severe summer droughts; and

WHEREAS, the climatic and soil conditions of Broadwater, Jefferson, and Madison Counties are such that irrigated land produces a high proportion of the total value of the crops; and

WHEREAS, the economy of Montana is enhanced by a more stable farm income, and a stable farm income is in part related to a reliable water supply; and

WHEREAS, the Big Hole and Jefferson Rivers are considered by many people to be among the finest fishing streams in Montana, and in many years very low flows during late summer months and high turbid flows during spring months have limited fishing on both streams; and

WHEREAS, the need exists for increased control of river flows during periods of heavy spring runoff which flood the Jefferson River and its tributaries and have frequently caused damage to farmland, irrigation, communication and transportation facilities, and other improvements along the streams; and

WHEREAS, the potential for control of the destructive spring flows and for enhancing late summer flows exists in off-stream storage of the upper Big Hole; and

WHEREAS, it is becoming apparent that if Montanans do not plan to use Montana water for their own benefit, they will lose the water rights to the demands of downstream users in other states where water is appropriated to a beneficial use, prior in time.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Senate and the House of Representatives of the State of Montana request the Department of Natural Resources and Conservation to study the feasibility of off-stream storage on the upper Big Hole River and report to the 46th Legislature on the results of that study including therein:

(1) a description of each unit considered;

(2) the benefits and costs associated with each unit; and

(3) a recommendation as to the best practical unit to construct and the potential sources of funding for the construction of that unit.

HeinOnline -- 1977 vol. II 2119 1977

BE IT FURTHER RESOLVED, that this project be funded through the water works project feasibility study program.

Approved March 22, 1977.

HOUSE JOINT RESOLUTION NO. 81

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE COMMITTEE ON PRIORITIES TO ASSIGN TO THE APPROPRIATE COMMITTEE A STUDY OF THE METHODS AND PROGRESS IN THE DETERMINATION OF EXISTING WATER RIGHTS IN MONTANA.

WHEREAS, establishing a centralized record of all water rights is essential for the documentation, protection, and future beneficial use and development of Montana's water for the state and its citizens and for the continued development and completion of the comprehensive state water plan; and

WHEREAS, according to the report submitted by the Department of Natural Resources and Conservation, "The Future of the Yellowstone River.....?", the actual amount of water available in the Yellowstone Basin for industrial or agricultural development or the provisions of instream flows cannot be positively quantified. The determination of existing water rights in the Yellowstone as well as other areas of the state is a necessary prerequisite to the quantification of available water for new uses and the effects of the new uses on water rights; and

WHEREAS, at the present budget allocation of $180,000 per year, the determination of existing water rights has been projected to take over 100 years to complete the entire state.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Committee on Priorities assign to the appropriate interim committee a study of methods for and progress in the determination of existing water rights in Montana.

(2) That the Committee consult with the Department of Natural Resources and Conservation and other appropriate agencies and persons during the course of the study.

(3) That the Committee study the methods for determination of existing water rights of other Western States.

(4) That the Committee report its findings and recommendations to the 46th Legislature.

Approved April 2, 1977.

HeinOnline -- 1977 vol. II 2120 1977

HOUSE JOINT RESOLUTION NO. 82

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENDORSING THE REDUCTION OF COYOTES BY AERIAL HUNTING ON FORT PECK RESERVOIR.

WHEREAS, the increase in the coyote population on and near the Charles M. Russell National Wildlife Range near Fort Peck Reservoir threatens big game and livestock, and in fact has resulted in losses to ranchers grazing livestock on and near the range; and

WHEREAS, due to the rugged terrain in the Missouri River Breaks Area near Fort Peck Reservoir, aerial hunting of coyotes is most efficient during the winter while the coyotes are on the ice; and

WHEREAS, the U.S. Fish and Wildlife Service has responded to objections by environmental groups concerning the reduction of coyotes on Fort Peck Reservoir by aerial hunting, in a manner the Legislature feels is adverse to this state and its livestock and game population.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the U.S. Fish and Wildlife Service record the Montana Legislature as favoring the reduction of the coyote population by means of aerial hunting of coyotes on Fort Peck Reservoir to protect the game and livestock in the area.

BE IT FURTHER RESOLVED, that the Montana Legislature opposes the position of the Defenders of Wildlife, the Environmental Defense Fund, the Wilderness Society, and the Sierra Club which position amounts to protection of coyotes to the detriment of livestock and game.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to Larry Calvert, the Manager of the Charles M. Russell National Wildlife Range, Cecil Andrus, Secretary of the Interior, James Pulliam, Deputy Associate Director for Wildlife of the U.S. Fish and Wildlife Service, the Montana Congressional Delegation, and the Governor.

Approved March 22, 1977.

HOUSE JOINT RESOLUTION NO. 83

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE CONGRESS OF THE UNITED STATES TO APPROPRIATE MONEYS FOR THE COMPLETE RECONSTRUCTION OF FORT UNION TRADING POST.

WHEREAS, there are very few national parks in Eastern Montana; and

WHEREAS, the National Park Service has designated Fort Union Trading Post as a national historic site with plans to completely reconstruct the fort; and

HeinOnline -- 1977 vol. II 2121 1977

WHEREAS, the reconstruction of Fort Union Trading Post will increase the tourism attractiveness of Eastern Montana and improve the economy of the area; and

WHEREAS, United States Senators Quentin Burdick of North Dakota and Lee Metcalf and John Melcher of Montana have introduced S. 491 in the United States Senate, calling for an appropriation of $8.5 million to completely reconstruct Fort Union Trading Post National Historic Site.

WHEREAS, United States Representatives Ron Marlenee of Montana and Mark Andrews of North Dakota have introduced a similar bill, H.R. 3471, in the United States House of Representatives, calling for an appropriation of $8.5 million to completely reconstruct the Fort Union Trading Post National Historic Site.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is requested to appropriate $8.5 million to the National Park Service to completely reconstruct Fort Union Trading Post;

BE IT FURTHER RESOLVED, that the Secretary of State is directed to send a copy of this resolution to the members of the North Dakota and Montana Congressional Delegations, the Chairman of the United States Senate Energy and Natural Resources Committee, the Chairman of the United States House of Representatives Interior and Insular Affairs Committee, and to the Leadership of the United States Senate and the United States House of Representatives.

Approved April 12, 1977.

HOUSE JOINT RESOLUTION NO. 84

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE COMMITTEE ON PRIORITIES TO ASSIGN THE APPROPRIATE STANDING COMMITTEE TO STUDY THE FEASIBILITY OF ESTABLISHING AN INTERMEDIATE SCHOOL DISTRICT STRUCTURE FOR THE STATE OF MONTANA.

WHEREAS, there are 579 operating school districts in the State of Montana most of which operate with a minimal administrative and support staff; and

WHEREAS, this diversity results in duplication of administrative and supportive services; and

WHEREAS, in the smaller districts supplementary services cannot be efficiently and effectively provided; and

WHEREAS, all students in Montana are guaranteed by the Montana Constitution both equality of educational opportunity and a system of education which will develop the full educational potential of each person; and

HeinOnline -- 1977 vol. II 2122 1977

WHEREAS, other rural states have successfully implemented intermediate school district structures while maintaining local elected control of both the local districts and the intermediate units; and

WHEREAS, intermediate school districts can efficiently and effectively provide services such as guidance and counseling, remedial instruction, health services, adult education, and special education services as well as enable districts to expand their instructional programs in basic programs and the arts and humanities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to assign the appropriate standing committee to study the feasibility of establishing an intermediate school district structure for the State of Montana and to report its findings and recommendations to the regular session of the 46th Legislature.

Approved April 12, 1977.

HOUSE JOINT RESOLUTION NO. 85

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A STUDY OF ECONOMY AND REFORM MEASURES RELATING TO LEGISLATIVE BUDGETING AND SPENDING.

WHEREAS, state government actions have produced a substantial increase in numbers of agencies, growth of programs, and proliferation of rules, thus raising questions of duplication of services and responsibilities in state government; and

WHEREAS, it would benefit Montana government if a thorough review process were instituted in both the legislative and executive branches which would require agencies to state publicly what the impact would be if entire or partial agencies, programs, or rules were eliminated; and

WHEREAS, such a review process should be thoroughly studied for adaptation to Montana's government; and

WHEREAS, state and local spending has been the fastest growing element of the increase of the gross national product rising from 8.2% to 14.7% over the period from 1955 to 1975; and

WHEREAS, Montanans are disturbed generally by the rapid growth of the state bureaucracy and by the apparent lack of control over elements of this growth and question whether they are getting their money's worth out of the tax dollars they pay; and

WHEREAS, the Legislature seeks constructive, responsible measures for responding to this complaint, for ensuring control over the state budget and the services the budget is intended to buy, and for ensuring that taxation and appropriation committees have a means to develop consistent expenditure and tax policies.

HeinOnline -- 1977 vol. II 2123 1977

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Committee on Priorities is requested to appoint the appropriate standing committee to study alternative budget and management techniques by which the Legislature might improve the manner in which it establishes fiscal policy, coordinates expenditure and taxation policies, monitors program effectiveness, incorporates the information gathered into the budgeting process, and generally retains control over expenditures and to evaluate the alternatives and compare them with the budget and management techniques currently being used.

BE IT FURTHER RESOLVED, that the committee conducting the study prepare and present to the 46th Legislature a report which analyzes the possible alternatives, compares them with the present system, and makes recommendations together with a draft of proposed legislation, if necessary, to carry out such recommendations.

Approved April 7, 1977.

HOUSE JOINT RESOLUTION NO. 88

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE COMMITTEE ON PRIORITIES TO APPOINT A SELECT COMMITTEE TO STUDY THE CURRENT HUMAN SERVICES DELIVERY SYSTEM AND THE POSSIBILITY OF IMPLEMENTING AN INTEGRATED SYSTEM FOR THE DELIVERY OF HUMAN SERVICES.

WHEREAS, several state departments and agencies deliver human services to the citizens of Montana; and

WHEREAS, the delivery of human services now contains much duplication of effort in some areas and a deficiency of effort in other areas; and

WHEREAS, there is a great deal of competition and overlapping of jurisdictions in the delivery of human services; and

WHEREAS, the question of integrating the delivery of human services has not been adequately addressed in Montana; and

WHEREAS, the integration of the delivery of human services or certain functions thereof would make the executive agencies more responsive to policy direction from the Governor and the Legislature; and

WHEREAS, the present duplication of effort and overlapping of jurisdictions in the delivery of human services call into question the efficiency and effectiveness of services provided to citizens of Montana; and

WHEREAS, the state has a responsibility to deliver effective and responsive human services.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1977 vol. II 2124 1977

That the Legislative Committee on Priorities is requested to appoint a select legislative committee to study the delivery of human services in Montana state government and to design where possible an integrated system of the delivery of human services at the state and regional level; and

BE IT FURTHER RESOLVED, that the Legislative Council provide staff to assist the select legislative committee subject to the passage of an appropriations bill for this study; and

BE IT FURTHER RESOLVED, that the select legislative committee report its findings, recommendations, and any proposed legislation to the 46th Legislature.

Approved April 14, 1977.

HOUSE JOINT RESOLUTION NO. 90

A JOINT RESOLUTION OF THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE LEGISLATURE AND EXECUTIVE DEPARTMENT OF THE STATE OF WASHINGTON TO ENCOURAGE AND PERMIT THE CONSTRUCTION OF APPROPRIATE PORT FACILITIES FOR UNLOADING CRUDE OIL FOR SHIPMENT BY PIPELINE TO THE NORTHERN STATES, INCLUDING THE STATE OF MONTANA.

WHEREAS, the State of Montana has for many years provided petroleum products to the State of Washington through its Billings and Laurel refineries, which products are transported through pipelines to Washington; and

WHEREAS, the majority of the crude oil used by petroleum refineries in Billings and Laurel, Montana, has originated in the Dominion of Canada, but the government of Canada has recently announced sharp curtailment in the supply of crude oil to the United States and in particular the Northern states, including the State of Montana; and

WHEREAS, the government of Canada has recently announced eventual, complete denial of international transportation of Canadian natural gas from Canada to the United States, including the State of Montana, and then has allowed importation of such fuel only at greatly increased cost to distributors and consumers in the United States; and

WHEREAS, agriculture, labor, industry, and the entire economy of the Northern states are thereby imperiled, and this peril is demonstrated by the following facts:

(1) that the United States has become dependent for almost 50% of its petroleum requirements upon imports of foreign crude oil;

(2) that the lack of energy supplies during the winter of 1976-1977 has caused the closing of schools and industries with resulting unemployment in the northern portions of the United States;

HeinOnline -- 1977 vol. II 2125 1977

(3) that the Northwestern states are faced with a serious drought condition which will result in a shortage of hydroelectric power and a further worsening of the general energy shortage;

(4) that the Governor of Montana has taken steps within his administration to develop contingency plans for this expected calamity; and

WHEREAS, port and pipeline facilities from the West Coast will provide a crude oil supply system for the Northern states that is completely within the boundaries of the United States and therefore not subject to interruption, burdens, or regulation by foreign governments; and

WHEREAS, crude oil from Alaska will become available to the Northern states beginning in the fall of 1977, and this crude oil or products produced therefrom could be utilized in the States of Washington, Idaho, Montana, North Dakota, South Dakota, Minnesota, Wisconsin, Michigan, Indiana, Ohio, and Illinois if port and transportation facilities are available; and

WHEREAS, it is feasible at this time to build port facilities to deliver crude oil to the Northern states, which construction would be compatible with environmental safety and could help avoid the severe shortage condition; and

WHEREAS, the State of Montana has recently authorized the construction, through its Board of Natural Resources, of Colstrip Electric Generating Units 3 and 4 which will provide power to electric utilities operating in the Pacific Northwest, including the State of Washington.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature and Executive Department of the State of Washington use their good offices to encourage, facilitate, and permit the construction of appropriate port facilities for unloading crude oil for shipment by pipeline to the Northern states, including the State of Montana.

(2) That the Governor of the State of Montana consult with the Governor of the State of Washington as to the manner and methods whereby this encouragement and construction may be accomplished.

(3) That the Secretary of State be authorized and directed to transmit copies of this resolution to Honorable John Cherberg, President of the Senate of the State of Washington; to the members of the Senate of the State of Washington; to Honorable John Bagnariol, Speaker of the House of Representatives of the State of Washington; to the members of the House of Representatives of the State of Washington; to the Honorable Dixie Lee Ray, Governor of the State of Washington; and to each member of the Montana Congressional Delegation.

Approved April 12, 1977.

HOUSE JOINT RESOLUTION NO. 91

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF

HeinOnline -- 1977 vol. II 2126 1977

REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE APPOINTMENT OF A COMMITTEE OF LIVESTOCK INDUSTRY PEOPLE TO MAKE AN INTERIM STUDY OF LAWS AFFECTING THE MOVEMENT AND MARKETING OF LIVESTOCK AND TO MAKE RECOMMENDATIONS FOR CHANGE TO THE 46TH SESSION OF THE LEGISLATURE.

WHEREAS, the production and marketing of livestock is a major Montana industry; and

WHEREAS, the laws governing the livestock industry have been, in the main, formulated many years ago; and

WHEREAS, there have been significant changes in the manner in which livestock is moved and marketed since the inception of these laws.
NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Governor be requested to appoint a 10-person committee consisting of the Chairman of the Board of Livestock, a licensed Montana livestock dealer, an owner or operator of a Montana Livestock Market, an experienced employee of the Department of Livestock, and six other individuals who are livestock producers or directly connected with livestock-oriented state organizations or associations, including at least one legislator, to serve as a committee to review all of the laws of Montana affecting the movement or marketing of livestock and to make recommendations to the 46th session of the Legislature for the changes in the laws. The committee shall review the laws for the purpose of proposing amendments which promote efficiency, economy, and protection to the livestock industry. The Chairman of the Board of Livestock shall chair the committee which shall serve without pay or remuneration for travel expenses. The committee may appoint subcommittees to assist in this review, which shall also serve without pay or remuneration for travel expenses.

BE IT FURTHER RESOLVED, that the Department of Livestock be requested to provide all necessary staff assistance to the committee.

Approved April 18, 1977.

HOUSE JOINT RESOLUTION NO. 92

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA PROTESTING THE FOOD AND DRUG ADMINISTRATION'S ANNOUNCED BAN ON THE SALE OF SACCHARIN AND PRODUCTS CONTAINING SACCHARIN.

WHEREAS, the United States Food and Drug Administration has recently announced that it intends to ban the sale of saccharin or products containing saccharin as a potential cause of cancer; and

HeinOnline -- 1977 vol. II 2127 1977

WHEREAS, the tests used in making this determination consisted of force-feeding animals a diet of 5% saccharin, a concentration which is unrealistic and which makes the results highly suspect; and

WHEREAS, there is absolutely no proof that any person has died of cancer contracted as a result of consuming saccharin; and

WHEREAS, the use of saccharin by diabetics is of inestimable benefit, in that it allows them to consume sweetened food and thus make palatable the strict diet requirements necessary; and

WHEREAS, there are 5 million diagnosed cases of diabetes in this country and 11,000 such cases in Montana and an estimated 5 million undiagnosed cases of diabetes in this country; and

WHEREAS, diabetes is the leading cause of blindness in the United States and the third leading cause of death; and

WHEREAS, there are many weight-conscious persons who have depended on the use of artificial sweeteners; and

WHEREAS, similar test results with tobacco resulted not in a ban on the sale of tobacco but rather in a warning printed on the containers.
NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature protests the announced ban by the Food and Drug Administration on the sale of saccharin and saccharin products and urges the Food and Drug Administration to reconsider the ban.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to President Jimmy Carter, Montana's Congressional Delegation, Congressman James Martin of North Carolina, the Secretary of the Department of Health, Education, and Welfare, and the Commissioner of the Food and Drug Administration.

Approved April 14, 1977.

HOUSE JOINT RESOLUTION NO. 93

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOGNIZING LAW DAY.

WHEREAS, Montanans are dedicated to the principles of the democratic form of government; and

WHEREAS, our government is one of law, not of men; and

WHEREAS, it is the wish of the Legislature to further the philosophy that the welfare of the people shall be the Supreme law; and

WHEREAS, May 1 has been proclaimed as Law Day U.S.A.
NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1977 vol. II 2128 1977

That the Legislature pays tribute to Law Day U.S.A.

BE IT FURTHER RESOLVED, that Law Day U.S.A. be a day for rededication by the citizens of Montana to the principles of democracy, a respect for the law and lawmakers who are so vital to our democratic way of life, and to the support of our state and federal courts of law which uphold and safeguard our individual rights and liberties.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the American Bar Association, to the Montana Supreme Court, and to the State Bar of Montana.

Approved April 11, 1977.

HOUSE JOINT RESOLUTION NO. 94

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING FEDERAL FUNDING IN THE AMOUNT OF $86 MILLION FOR THE NATIONAL MAGNETOHYDRODYNAMIC ENERGY EXTRACTION PROGRAM.

WHEREAS, the magnetohydrodynamic method of extracting energy from coal is more efficient than methods currently in use; and

WHEREAS, it is less harmful to the environment than current methods, creating less air pollution and entailing the use of significantly lesser amounts of water; and

WHEREAS, Montana is currently participating in the national MHD program.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That federal funding in the amount of $86 million is requested for the development of the national magnetohydrodynamic energy extraction program.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to Walter Mondale, Vice-President of the United States, and to Montana's Congressional Delegation.

Approved April 14, 1977.

HOUSE JOINT RESOLUTION NO. 95

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM LEGISLATIVE STUDY OF REQUIRING A CERTIFICATE OF NEED FOR NEW OR EXPANDED MENTAL HEALTH FACILITIES.

HeinOnline -- 1977 vol. II 2129 1977

WHEREAS, several mental health regions have been organized as nonprofit Montana corporations under the provisions of section 80-2804, R.C.M. 1947; and

WHEREAS, these regions are embarking upon physical plant construction programs; and

WHEREAS, the construction of new facilities in the public health sector often poses the risks of duplication of services and inefficient allocation of available funds; and

WHEREAS, the certificate of need requirement has been enacted by the Legislature to control the expansion of facilities for the delivery of physical health services, but no such requirement applies in the mental health area; and

WHEREAS, the feasibility of expanding certificate of need requirements warrants an interim legislative study.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to assign the appropriate standing committees to study the feasibility of extending certificate of need requirements to new or expanded mental health facilities; the subcommittee so appointed shall report its findings and recommendations by October 1, 1978, for the consideration of the 46th Legislature.

Approved April 18, 1977.

HOUSE JOINT RESOLUTION NO. 96

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION REQUIRING THE LABELING OF ALL BEEF AS EITHER "DOMESTIC BEEF" OR "IMPORTED BEEF".

WHEREAS, it has come to the attention of the American public that billions of pounds of beef are imported into this country annually for domestic consumption; and

WHEREAS, such beef imports are compounding the problems that are facing the beef producers of this country; and

WHEREAS, such competition has forced many cattle producers out of the beef business; and

WHEREAS, we believe that the American consumer has the right to know whether or not the beef that he or she is purchasing is domestic beef or imported beef; and

WHEREAS, presently the American consumer has no way of knowing whether the beef that he or she buys is domestic beef or imported beef; and

HeinOnline -- 1977 vol. II 2130 1977

WHEREAS, we believe that the passage of legislation which would require the labeling of beef as either "domestic beef" or "imported beef" would speak directly to this pressing situation and would alleviate somewhat the overall financial problems now facing the beef producers of this country.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That we do urge the Congress of the United States to take immediate action toward the passage of S. 297 and H.R. 3130 which would require the labeling of all beef as either "domestic beef" or "imported beef" and insure that imported beef is subject to the same inspection requirements as domestic beef and meat products.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the President of the United States Senate, the Speaker of the United States House of Representatives, the Chairman of the United States Senate Agriculture and Forestry Committee, and to each member of Montana's Congressional Delegation.

Approved April 15, 1977.

HOUSE JOINT RESOLUTION NO. 97

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE FEDERAL POWER COMMISSION TO WITHDRAW ITS LIMITATION ON THE NUMBER OF NEW NATURAL GAS CONNECTIONS WHICH CAN BE MADE IN 1977 BY MONTANA-DAKOTA UTILITIES.

WHEREAS, the Federal Power Commission, in approving a curtailment of natural gas delivery to industrial users by Montana-Dakota Utilities, has limited to 1220 the total number of new natural gas customers the Montana-Dakota Utilities can connect in Montana in 1977, as compared with an average of 1655 new connections made each year in 1973 to 1975 when there were no restrictions; and

WHEREAS, the cost of heating with natural gas is and will remain for several years much lower than the cost of heating with electricity, the primary alternative; and

WHEREAS, all available natural gas connection permits for 1977 in the Billings area have already been issued; and

WHEREAS, the restriction on new connections will primarily serve to restrict residential and small business construction, thereby restricting growth and adversely affecting the entire economy within the four-state area served by Montana-Dakota Utilities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1977 vol. II 2131 1977

That the Federal Power Commission is requested to reconsider and withdraw or modify its limitation on the number of new natural gas connections which can be made in 1977 by Montana-Dakota Utilities.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the Chairman of the Federal Power Commission, to each member of Montana's Congressional Delegation, to the Governor, and to the Montana Energy Advisory Council.

Approved April 19, 1977.

HOUSE JOINT RESOLUTION NO. 98

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE LEGISLATIVE COMMITTEE ON PRIORITIES TO APPOINT A JOINT COMMITTEE TO CONDUCT AN INTERIM STUDY OF THE PROPERTY TAX CLASSIFICATION SYSTEM AND TO PRESENT RECOMMENDATIONS AND PROPOSED LEGISLATION TO THE 46TH LEGISLATURE.

WHEREAS, Montana's property tax classification system, although often studied, has not been reorganized since 1918; and

WHEREAS, changes in the classification system made in each successive Legislature since 1918 and changes in the types and uses of property have diluted the internal logic of each class, making several classes a collection of unrelated types of property; and

WHEREAS, past assessment practices have varied so markedly that the effective tax rate for similar types of property is different; and

WHEREAS, many bills introduced in the 45th Legislature questioned the equity of the existing classifications and tax rates for various types of property; and

WHEREAS, the equity of lowering taxes for one type of property cannot be considered in isolation because the tax burden is simply shifted to another type of property; and

WHEREAS, the new assessments produced by the cyclical reappraisal program can substantially raise taxes on real property, causing concern among many Montana citizens; and

WHEREAS, the study of property tax assessment laws and rules completed during the last legislative interim has provided the details necessary for a study of the classes and their tax rates.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the following rules are adopted:

SENATE RULES

CHAPTER 1

Presiding Officer — Decorum, Order and Debate

S1-4. The president may name a senator to perform the duties of the chair, when the president pro tempore is not present in the senate chamber. The senator who is so named is vested during such time with all the powers of the president; but he does not lose the right to vote on any question while presiding.

S1-5. No senator shall speak more than twice on any one motion or question without unanimous consent of the senate, unless he has introduced or proposed the motion or question under debate, in which case he may speak twice and also close the debate. However, a senator who has spoken shall not speak again on the same motion or question to the exclusion of a senator who has not spoken.

S1-6. On order of business No. 8—In addition to other methods a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question

HeinOnline -- 1977 vol. II 2137 1977

and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

The rules committee shall be allowed to make exceptions for visiting dignitaries.

CHAPTER 4

Order of Business

S4-1. On order of business No. 2 (reports of standing committees), no debate shall be had on any report unless a minority report or a report without recommendation has been submitted. Any member seeking a reconsideration of the senate's action on the adoption of a committee report shall do so on order of business No. 6 by motion to reconsider. Any member may make such motion and need not have voted on the prevailing side. This rule shall apply notwithstanding any joint rule to the contrary.

A bill reported from committee without recommendation shall be considered with the committee reports against passage of a bill.

CHAPTER 5

Motions

S5-1. All proper motions on second reading are debatable. If a motion to reconsider third reading action on a bill or resolution is carried, there shall be no further action on that bill or resolution until the succeeding legislative day.

CHAPTER 6

Bills and Resolutions

S6-1. Any bill or resolution may be introduced during a special session, provided however, that the Rules Committee shall determine which bills or resolutions shall be considered during a special session, including bills or resolutions carried over from previous sessions. This rule shall apply to both house and senate bills or resolutions.

CHAPTER 7

Committees

S7-1. S7-3. If any final vote on a bill in a standing committee results in a tie vote, the bill shall be reported out of committee without recommendation and considered as if the vote had been for against recommending passage of the bill.

S7-4. When a conference committee report is filed with the secretary, the same shall be read under order of business No. 3, Select Committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the committee of the whole, it may be considered on third reading the same legislative day.

SENATE RESOLUTION NO. 4

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA REQUESTING THE LEGISLATURE AND EXECUTIVE DEPARTMENT OF THE STATE OF WASHINGTON TO ENCOURAGE AND PERMIT THE CONSTRUCTION OF APPROPRIATE PORT FACILITIES FOR UNLOADING CRUDE OIL FOR SHIPMENT BY PIPELINE TO THE NORTHERN STATES, INCLUDING THE STATE OF MONTANA.

WHEREAS, the State of Montana has for many years provided petro-

HeinOnline -- 1977 vol. II 2141 1977

leum products to the State of Washington through its Billings and Laurel refineries, which products are transported through pipelines to Washington; and

WHEREAS, the majority of the crude oil used by petroleum refineries in Billings and Laurel, Montana, has originated in the Dominion of Canada, but the government of Canada has recently announced sharp curtailment in the supply of crude oil to the United States and in particular the northern states, including the State of Montana; and

WHEREAS, the government of Canada has recently announced eventual, complete denial of international transportation of Canadian natural gas from Canada to the United States, including the State of Montana, and then has allowed importation of such fuel only at greatly increased cost to distributors and consumers in the United States; and

WHEREAS, agriculture, labor, industry, and the entire economy of the northern states are thereby imperiled and this peril is demonstrated by the following facts:

(1) that the United States has become dependent for almost 50% of its petroleum requirements upon imports of foreign crude oil;

(2) that the lack of energy supplies during the winter of 1976-1977 has caused the closing of schools and industries, with resulting unemployment in the northern portions of the United States;

(3) that the northwestern states are faced with a serious drought condition which will result in a shortage of hydroelectric power and a further worsening of the general energy shortage;

(4) that the Governor of Montana has taken steps within his administration to develop contingency plans for this expected calamity; and

WHEREAS, port and pipeline facilities from the west coast will provide a crude oil supply system for the northern states that is completely within the boundaries of the United States and, therefore, not subject to interruption, burdens or regulation by foreign governments; and

WHEREAS, crude oil from Alaska will become available to the northern states beginning in the fall of 1977, and this crude oil or products produced therefrom could be utilized in the States of Washington, Idaho, Montana, North Dakota, South Dakota, Minnesota, Wisconsin, Michigan, Indiana, Ohio, and Illinois, if port and transportation facilities are available; and

WHEREAS, it is feasible at this time to build port facilities to deliver crude oil to the northern states which construction would be compatible with environmental safety and which could help avoid the severe shortage condition; and

WHEREAS, the State of Montana has recently authorized the construction, through its Board of Natural Resources, of Colstrip Electric Generating Units 3 and 4 which will provide power to electric utilities operating in the Pacific Northwest, including the State of Washington.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

HeinOnline -- 1977 vol. II 2142 1977

(1) That the Legislature and Executive Department of the State of Washington use their good offices to encourage, facilitate, and permit the construction of appropriate port facilities for unloading crude oil for shipment by pipeline to the northern states, including the State of Montana.

(2) That the Governor of the State of Montana consult with the Governor of the State of Washington as to the manner and methods whereby this encouragement and construction may be accomplished.

(3) That the President of the Senate be authorized and directed to transmit copies of this resolution to Honorable John Cherberg, President of the Senate of the State of Washington; to the members of the Senate of the State of Washington; to Honorable John Bagnariol, Speaker of the House of Representatives of the State of Washington; to the members of the House of Representatives of the State of Washington; and to the Honorable Dixie Lee Ray, Governor of the State of Washington.

WHEREAS, "Perpetuity" is defined as meaning, "perpetual existence, duration, validity; something perpetual or perpetually held or maintained; endless time"; and

WHEREAS, the Treaty states, "If the Republic of Panama shall hereafter enter as a constituent into any other government or into any union

HeinOnline -- 1977 vol. II 2143 1977

or confederation of states, so as to merge her sovereignty or independence in such government, union or confederation, the rights of the United States under this convention shall not be in any respect lessened or impaired,"; and

WHEREAS, in 1903 Panama was offered ten million dollars "in gold coin" plus "an annual payment" of a quarter of a million dollars "IN LIKE GOLD COIN" for 50 square miles; and

WHEREAS, the Panama Canal Convention was ratified on February 26, 1904; and

WHEREAS, the Panama Canal Treaty was updated and reaffirmed by all parties in 1936 and in 1955, and no further negotiations are either desired or necessary; and

WHEREAS, when acquired by the United States, the land that later became the Canal Zone was jungle covered, insect ridden, and disease infested. There was no canal on it. The United States of America cleared the jungle, eradicated the malaria problem, and built the Canal — at a huge cost in American lives, time, and money; and

WHEREAS, the Panama Canal is undeniably the most important waterway in the western hemisphere.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the United States of America should retain all of the right, title and interest of and to the Panama Canal.

Be it enacted by the Legislature of the State of Montana:

Section 1. Article IX of the Montana constitution is amended by adding a new section 5 that reads as follows:

"Section 5. Severance tax on coal — trust fund. The legislature shall dedicate not less than one-fourth (¼) of the coal severance tax to a trust fund, the interest and income from which may be appropriated. The principal of the trust shall forever remain inviolate unless appropriated by vote of three-fourths (¾) of the members of each house of the legislature. After December 31, 1979, at least fifty percent (50%) of the severance tax shall be dedicated to the trust fund."

INITIATIVE NO. 72

By Initiative, the people proposed laws to provide property tax relief for owner-occupied homesteads.

HeinOnline -- 1977 vol. II 2163 1977

The Initiative was approved by the following vote at the General Election held November 2, 1976:

For:	204,532
Against:	83,611

The text of the Initiative law follows.

An Initiative Measure for an Act Entitled: "An Act to Provide Property Tax Relief for Owner-Occupied Homesteads".

Be it enacted by the people of Montana:

Section 1. Short Title. This act shall be known as and may be referred to as the "state funded homestead tax relief act".

Section 2. Definitions. As used in this act unless the context requires otherwise (1) "Homestead" means a dwelling, or mobile home as defined in section 84-6601, R.C.M. 1947, together with adjacent land, sufficient and necessary for the maintenance of the property used as the principal place of abode of the owner when the property is owned by the occupant or under valid contract establishing equity or ownership by the occupant.

(2) "Total taxable value" means the taxable value of a homestead.

(3) "State share taxable value" means a taxable value equivalent to five thousand dollars ($5,000) of the appraised value of a homestead or the total taxable value of a homestead, whichever amount is lesser.

(4) "State supported mill levies" means all property tax levies which apply to habitable property except voted elementary and secondary school levies, the university 6 mill levy, voted levies for the retirement of bonded indebtedness and levies for special improvement districts or improvement district reserve funds which are not county wide or which are supported by a fee or charge rather than an ad valorem tax levy.

(5) "State share tax liability" means the state share taxable value for each homestead in each taxing jurisdiction times the state supported mill levies in that taxing jurisdiction.

(6) "Homestead owner's taxable value" means the total taxable value of the homestead less the state share taxable value.

Section 3. Homestead owner's tax liability. The tax liability of a homestead owner shall be computed by deducting the state share tax liability from the tax liability on the total taxable value. Each tax statement sent to the person in whose name the property is assessed shall set forth separately the total tax due, the state share tax liability and the homestead owner's tax liability and shall label the amounts as such.

Section 4. Duties of the department of revenue. (1) The department of revenue shall compute the state share tax liability according to this act and shall certify this amount by county.

(2) The department of revenue may adopt rules necessary for the administration of this act.

HeinOnline -- 1977 vol. II 2164 1977

Section 5. Remission of state share to counties. (1) The governor shall include in the budget submitted to the legislature, a provision for funds to be made available to the department of revenue sufficient to remit the state share tax liability to each county.

(2) To the extent funds are provided by the legislature, the department of revenue shall remit the state share tax liability to the county treasurer of each county in two equal payments; the first no later than November 30 of each year and the second no later than the following May 31.

Section 6. Duties of the county treasurer. The county treasurer shall credit each expenditure account with the amount received from the department of revenue in accordance with the mill levy for that account no later than December 31 for the first payment and June 30 for the second payment.

Section 7. Effective date. This act shall become effective July 1, 1977.

INITIATIVE NO. 73

By Initiative, the people proposed law known as the Montana Recall and Advisory Recall Act.

The Initiative was approved by the following vote at the General Election held November 2, 1976:

For:	155,899
Against:	115,702

The text of the Initiative law follows.

The Montana Recall and Advisory Recall Act.

Be it enacted by the People of the State of Montana:

Section 1. Short Title. This act shall be known and cited as the Montana Recall And Advisory Recall Act.

Section 2. Officers Subject To Recall. Every person holding a public office of the state or any of its political subdivisions either by election or appointment, is subject to recall from such office by the qualified electors of the state or political subdivision. Any reason causing the electorate dissatisfaction with a public official shall be sufficient grounds for recall, notwithstanding good faith attempts to perform the duties of his office.

Section 3. Method of Removal Cumulative. The recall is cumulative and additional to, rather than a substitute for, other methods for removal of public officers.

Section 4. Number of Electors Required For Recall Petition. A recall petition shall not name more than one officer to be recalled. Recall petitions for elected or appointed state officers shall contain the signatures of qualified electors equalling at least ten percent (10%) of the number of persons voting at the preceding state general election. Recall petitions

HeinOnline -- 1977 vol. II 2165 1977

for elected or appointed county officers shall contain the signatures of qualified electors equalling at least fifteen percent (15%) of the number of persons voting at the preceding county general election. Recall petitions for elected or appointed officers of cities, towns, or other political subdivisions of the state shall contain the signatures of qualified electors equalling at least twenty percent (20%) of the number of persons voting at the preceding general election for the city, town or other political subdivision.

Section 5. Circulation Of Recall Petitions — Limitations. No recall petition shall be filed against an officer until he has held office for two months.

No recall petition may be filed against an officer for whom a recall election has been held for a period of two years during his term of office, unless the state or political subdivision or subdivisions financing such recall election is first re-imbursed for all expenses of the preceding recall election.

Section 6. Filing of Recall Petitions. Recall petitions for elected officers shall be filed with the official who is provided by law to accept the declaration of nomination or petition for nomination for such office. Recall petitions for appointed state, county or city or town officers shall be filed with the secretary of state, county clerk or city or town clerk respectively. Recall petitions for appointed officers from other political subdivisions shall be filed with the county clerk if the boundaries of the political subdivisions lie wholely within one (1) county or otherwise with the secretary of state.

Section 7. Form of Recall Petition. The form of the recall petition shall be substantially as follows:

RECALL PETITION

To the Honorable ....., Secretary of State for the State of Montana (or name and office of other filing officer). We, the undersigned citizens and electors of the State of Montana (or name of appropriate political subdivision) respectfully demand that ....., holding the office of ....., be recalled for the following reasons, to-wit: (Setting out the reasons in not more than 200 words). That a special election therefore be called; that we, each for himself, say, I have personally signed this petition; I am a qualified elector of the State of Montana (or name of appropriate political subdivision); my residence and post office address are correctly written after my name.

A recall petition shall contain a general statement of not more than two hundred (200) words stating the reason for recall. Such a statement is solely for information of the electors and set forth any reason causing the dissatisfaction with the public official and may be political rather than legal in nature.

Section 8. Form Of Circulation Sheets. The signatures on each petition shall be placed on sheets of paper known as "circulation sheets", substantially fourteen inches long and eight and one-half inches wide. Such circulation sheets shall be ruled with a horizontal line one and one-half

HeinOnline -- 1977 vol. II 2166 1977

inches from the top thereof. The space above such line shall remain blank and shall be for the purpose of binding. The circulation sheet shall be vertically divided into two columns. The first column shall be three and one-half inches in width, measured from the left edge of the sheet, and shall be for the purpose of containing the signatures. The second column shall encompass the remainder of the width of the sheet and shall be the space on which shall be placed the post office address of the signers, together with the street number, if the residence of a signer can be so designated, and the address of such signer shall be opposite his name on the same line.

At the top of each sheet, under the one and one-half inch margin, shall be printed the word "Warning", under which shall be printed in eight-point type, single leaded, the following:

Warning.

Any person signing any name other than his own to this petition or signing the same more than once for the same measure at one election or who is not, at the time of signing the same, a qualified elector of the state, is punishable by a fine not exceeding five hundred dollars ($500) or imprisonment in the penitentiary not exceeding two (2) years, or both such fine and imprisonment.

The petition, for purposes of circulation, may be divided into sections, each section to contain not more than twenty five circulation sheets. No section, however, shall be circulated for signatures unless it has attached to the front sheet thereof a certified petition copy. The sponsors shall set out in their application for petition copies the number of sections into which each petition is to be divided for circulation, and the number of circulation sheets which it is desired that each section shall contain, but there need be no uniformity as to the number of circulation sheets contained in each section.

Section 9. Forms Not Mandatory. The forms prescribed in this act are not mandatory, and if substantially followed, the petition shall be sufficient, notwithstanding clerical and merely technical errors.

Section 10. Who May Petition — False Signatures — Penalties. Every person who is a qualified elector of this state may sign a petition for recall of a state officer. Every person who is a qualified elector of a political subdivision of this state may sign a petition for recall of an officer of that political subdivision. Any person signing any name other than his own to any petition, or knowingly signing his name more than once for the recall, or who is not at the time of the signing the same a qualified elector or any officer or person knowingly and wilfully violating any provision of this section, shall be punished by a fine not to exceed Five Hundred Dollars ($500), or by imprisonment in the state penitentiary not to exceed Two (2) years, or by both.

Section 11. County Clerk To Verify Signatures. The county clerk in each county in which such a petition is signed shall compare the signatures of the electors in such county with registration signatures on file in such clerk's office, and, if satisfied the signatures are genuine, certify that fact to the official with whom the recall petition was filed, as follows:

HeinOnline -- 1977 vol. II 2167 1977

State of Montana }
County of } ss

To the Honorable ....., Secretary of State of the State of Montana (or name and title of other officer):

I, ..., Clerk in and for ..... County, do hereby certify that I have compared the signatures on ..... sheets (specifying number of sheets) of the petition for recall attached hereto, with the signatures of the registered voters as they appear upon the registration forms, books and records of my office, and from such information as I have been able to obtain I believe the signatures, numbering ....., are genuine. As to the remainder of the signatures thereon, I believe they are not genuine, except that the following names (.....) do not appear on the registration forms, books and records in my office.

..... County Clerk

(Seal of Office)

By .....
Deputy Clerk

Every such certificate shall be prima facie evidence of the facts stated therein and of the qualifications of the registered voters whose signatures are certified, and the secretary of state, or other official receiving the recall petition shall consider and count only such signatures as are certified; provided, that the secretary of state, or city clerk or town clerk shall consider and county any remaining signatures of the registered voters which prove to be genuine shall be considered and counted if they are attested to in the manner and form as provided for initiative and referendum petitions.

The county clerk shall not retain any petition or any part of it for more than fifteen (15) days. At the expiration of such period the county clerk shall deliver the same to the person from whom it was received with such clerk's certification.

Section 12. Mandamus For Refusal To File — Injunction. If the secretary of state, county clerk, city or town clerk or other filing official refuses to accept and file any petition for recall with the proper number of signatures of qualified electors, any elector may within ten (10) days after such refusal apply to the district court for a writ of mandamus. If it is determined that the petition is sufficient, the district court shall order the petition to be filed with a certified copy of the Writ attached thereto, as of the date when it was originally offered for filing. On a showing that any filed petition is not sufficient, the court may enjoin certification, printing or recall election.

All such suits or appeals therefrom shall be advanced on the court docket and heard and decided by the court as expeditiously as possible. Any aggrieved party may file an appeal within ten (10) days after any adverse order or decision as provided by law.

Section 13. Resignation Of Official Proclamation Of Election. If the officer named in the petition for recall submits in writing such officer's

HeinOnline -- 1977 vol. II 2168 1977

resignation, it shall be accepted and become effective the day it is offered. The vacancy created by such resignation shall be filled as provided by law provided that the official named in the petition for recall shall not be appointed to fill such vacancy. If the officer named in the petition for recall refuses to resign or does not resign within five (5) days after the petition is filed, a special election shall be proclaimed unless the filing is within ninety (90) days of a general election, in which case the question shall be placed on the general election ballot. The proclamation of special election shall be made by the governor in the case of a state officer and by the board or official empowered by law to proclaim special elections for the political subdivision in the case of any officer of a political subdivision of the state.

Section 14. Notification To Officer — Statement of Justification. Upon filing the petition, the official with whom it is filed shall immediately give written notice to the officer named in the petition. The notice shall state that a recall petition has been filed, shall set forth the reasons contained therein and shall notify the officer named in the recall petition that he has the right to prepare and have printed on the ballot a statement containing not more than two hundred (200) words giving reasons why he should not be recalled. No such statement of justification shall be printed on the ballot unless it is delivered to the filing official within ten (10) days of the date notice is given.

Section 15. Notice Of A Recall Election Shall Be In The Following Form:

NOTICE OF RECALL ELECTION

Notice is hereby given pursuant to law that a recall election will be held on the ..... day of ....., 197.... for the purpose of voting upon the recall of .....

DATED at ....., the ..... day of ....., 197...

Section 16. Form Of Ballot. The ballot at such recall election shall be entitled "Recall Ballot", and shall set forth the statement contained in the recall petition stating the reasons for demanding the recall of such officer and the officer's statement of reasons why he should not be recalled. Following the statements shall be printed the following instructions to the voter. "To vote on the recall, mark a cross (X) in the square at the right of yes or no," and immediately thereunder the question "Shall ..... (naming the officer) be recalled", and immediately to the right of such question shall be printed the words "yes" and "no" not less than three-sixteenths (3/16) of an inch in height, and at the right of each word a square shall be printed on the ballot in which the voter may indicate such voter's preference.

Section 17. Officer To Remain In Office Until Results Declared — Filling Of Vacancy. The officer named in the recall petition for recall shall continue in office until the results of the special election are officially declared. If a majority of those voting on the question vote to remove the officer then the office shall become vacant and the vacancy filled as provided by law, provided that the officer recalled shall in no event be appointed to fill the vacancy.

HeinOnline -- 1977 vol. II 2169 1977

Section 18. Conduct Of Special Elections. Special elections for recall shall be conducted and the results canvassed and certified in all respects as general elections, except as herein otherwise provided. The powers and duties conferred or imposed by law upon boards of election, registration officers, canvassing boards and other public officials who conduct general elections, are conferred and imposed upon similar officers conducting recall elections under the provisions of this article together with the penalties prescribed for the breach thereof.
